

WHAT AILS THE NATION?

The Average Length of Life Decreasing—Not Pestilence—Not Famine—All our own Fault.

MODERN COOKING AND MODERN LIVING have brought it on. It comes upon us unawares. The patients have pains about the chest and sides, and sometimes in the back. They feel dull and sleepy; the mouth has a bad taste, especially in the morning. A sort of sticky slime collects about the teeth. The appetite is poor. There is a feeling like a heavy load on the stomach; sometimes a faint, all-gone sensation at the pit of the stomach which food does not satisfy. The eyes are sunken, the hands and feet become cold and feel clammy. After a while a cough sets in, at first dry, but after a few months it is attended with a greenish colored expectoration. The patient feels tired all the while, and sleep does not seem to afford any rest. After a time he becomes nervous, irritable and gloomy, and has evil forebodings. There is a giddiness, a sort of whirling sensation in the head when rising up suddenly. The bowels become constive; the skin is dry and hot at times; the blood becomes thick and stagnant; the whites of the eyes become tinged with yellow; the kidney secretions become scanty and high colored, depositing a sediment after standing. There is frequently a spitting up of the food, sometimes with a sour taste and sometimes with a sweetish taste; this is frequently attended with palpitation of the heart and Asthmatic symptoms; the vision becomes impaired, with spots before the eyes; there is a feeling of great prostration and weakness. All of these symptoms are in turn present. It is thought that nearly one-half of our population has this disease in some of its varied forms. Shaker Extract of Roots (Seigel's Syrup) changes the ferments of the Digestive organs so as to convert the food we eat into a form that will give nourishment to the feeble body, and good health is the consequence. The effect of this remedy is simply marvelous. Millions upon millions of bottles have been sold in this country, and the testimonials in favor of its curative powers are overwhelming. Hundreds of so-called diseases under various names are the result of indigestion, and when this one trouble is removed the other diseases vanish, for they are but symptoms of the real malady. Testimonials from thousands of people speaking highly of its curative properties prove this beyond a doubt. Sold by druggists.

Robbing the Loggers.

The Washington Standard explains how the Puget Sound loggers are fleeced: Loggers now nominally receive \$7 per thousand feet for logs, but it is a fact that, after a boom of logs has been towed from 100 to 500 miles to a market, these foreign mills give the logger only about \$4 per thousand feet, treating the logger as if he were unable to distinguish between a merchantable and a worthless log. One of our local loggers recently shipped a boom of logs to one of these mills containing about 130,000 feet, from which 58,000 feet were rejected. Thus it may be seen that, instead of the logger obtaining \$7 per thousand feet for his logs, he in reality receives only about \$4 or \$4.50. Do these mills give away or otherwise dispose of these rejected logs at small figures? Not by any means. The logger knows perfectly well, when he ships a log, that it is and must be a merchantable piece of timber, and it is only because of this wholesale robbery that he is dissatisfied. Several of this class of men have expressed themselves upon this subject, and in every instance they have said that they would be content with a much lower price for their logs with honest measurement.

As Max O'Rell Sees Us.

London dispatch to New York Times: Max O'Rell is back and has been interviewed concerning America. He begins by saying the Americans are a grand people for refinement, courtesy and true gentility. There is no one to compare with a well-educated American. He says that a few hours after his arrival he was overwhelmed with invitations of the elite of New York society. He thinks the freedom of social life delightful. President Cleveland impressed him as a very simple, genial citizen, and he had less difficulty in seeing him than he would have in seeing the editor of an English newspaper. He thinks that Matthew Arnold gave a most unjust estimate of American life. He says that the Americans talk well, dress well and entertain well; that, though they may live in flats and hotels, they have all the English home feeling.

CONVINCING GUARANTEES.

Which are Justified by a World-wide Experience. TO THE PUBLIC: Having branch houses and laboratories in seven different quarters, and therefore having a world wide experience, we, H. H. Warner & Co., justify ourselves in making the following statements: First.—For the past decade we have held that 90 per cent. of diseases originate in the kidneys, which involve a serious attack to the system, a poison that is injurious to every organ, attacking and destroying first the organs which are the weakest. We have also held that the kidneys are kept in perfect health most of the ordinary ailments will be prevented, or if contracted, cured. Other practitioners have held that extreme kidney disease is incurable. We have proof to the contrary, in hundreds of thousands of cases in every section of the globe. Second.—The kidneys being the sewers of the human system, it is impossible to keep the entire system in good working order unless these organs are doing their full duty. Most people do not believe their kidneys are out of order because they never give them any pain. It is a peculiarity of kidney disease that it may long exist without the knowledge of the sufferer, and the practitioner is often suspected if there is any gradual departure from ordinary health, which departs in increases as age comes on, and is not cured by any other known disease from one bottle. This is a true possibility. Third.—Warner's Safe Remedies have been recognized by the doctors and the people all over the globe as standards of the highest excellence. We make the following unequalled guarantees: GUARANTEE 1.—That Warner's Safe Remedies are pure and harmless. GUARANTEE 2.—That the testimonials used by us are genuine, and no far as we know, absolutely true. We will forfeit \$5,000 for proof to the contrary. GUARANTEE 3.—Warner's Safe Remedies have permanently cured many millions of people whose doctors have pronounced incurable. Permanent cures are always convincing proofs of merit. We could give your friends and neighbors what they think of Warner's Safe Cure. REV. J. P. ARNOLD, Camden, Tenn., had fearful disease caused by kidney disease. In 1878 and 1881, other running abuses appeared. He fully cured himself by Warner's Safe Cure and in 1888 reported himself sound and well and he is over 70 years old. MRS. ANNIE JENNINGS MILLER, editor of Davis, 255 Fifth Avenue, New York, eight years ago was cured by Warner's Safe Cure. She writes: "I have never had the slightest symptoms of my old and painful disease since I used Warner's Safe Cure, and writes in 1887: 'Today I am a perfectly well woman. It is the only medicine I ever take.' L. B. PRICE, M. D., a gentleman and physician of the highest standing of Hanover Co., Va., four years ago, after trying every other remedy for bright's disease, including famous mineral waters, cured himself by Warner's Safe Cure. He writes: 'I have never had the slightest symptoms of my old and painful disease since I used Warner's Safe Cure, and writes in 1887: 'Today I am a perfectly well woman. It is the only medicine I ever take.' DR. DIO LEWIS writes: 'I found myself afflicted with a serious kidney disease. I would use Warner's Safe Cure. MRS. E. J. WOLF, Gettysburg, Pa., S. C. Ferguson, M. D., Fla., J. M. Lane, Jr., East 2nd street, Cincinnati, O., and the sister of J. W. Westlake, Mt. Vernon, O., were cured of kidney disease, caused by kidney acid in the blood, as over half the cases are, by Warner's Safe Cure. We could give many thousands of similar testimonials. Warner's Safe Cure does exactly as represented. Seventh.—Warner's Safe Remedies were put on the market in obedience to a vow made by H. H. Warner that, if the remedy grew known, as Warner's Safe Cure, and if it restored him to health he would spread its merits before the entire world. In ten years the demand has grown so that laboratories have been established in seven quarters of the globe. Warner's Safe Cure is a scientific specific in every case, and the doctors' full testimonials of the best physicians prescribe it regularly, its power over disease is permanent, and its reputation is of the most exalted character. Can you afford to ignore its extraordinary power? Now, in the spring of the year, a few bottles will cure you up and cure all those ailments which, unknown to you, are caused by the fatal kidney poison in the blood, which will surely end fatally, if not once removed. For this is a scientific fact.

A Rascal Turns Himself Out.

LIVINGSTON, Mont., June 8.—J. J. McBride, postmaster at this place, left Sunday without stating his destination. It now transpires that he is a defaulter to the government to the amount of several hundred dollars, besides owing private indebtedness to a large amount. Other acts of financial crookedness are also being discovered. He was in Helena on Tuesday morning, from which place a number of checks with Helena endorsees have been received at the National Park bank of this city. Efforts are being made by his bondsmen for his apprehension and arrest. He was seen to-day at Great Falls. His wife who is here at the Catholic academy, educating herself in music and art, alleges that he cruelly mistreated her, and she will sue for divorce. McBride has victimized citizens of Helena to the extent of \$500 or \$600, as far as heard. He was appointed by the present administration a little over a year ago.

The supreme court of Iowa, now in session at Des Moines, has before it a case which involves the citizenship of Methodist ministers.

The case is brought from Emmetsburg, where a clergyman of that denomination has been actively engaged in closing saloons. When he attempted to vote, his vote was challenged by a saloon-keeper on the ground that he was subject to change and removal by the bishop of his church, he has not acquired a residence in the town, however long he might live there. The case has been carried up through all the intervening courts, and now the supreme court will have an opportunity to put itself on record as to the itinerary in a case that has attracted considerable attention.

Fred Hambleton, Planter, Van Tromp and Glen Dudley

Will Stand for service the Season of 1888 at the Fair Grounds, Hillsboro, Washington County, Oregon.

FRED HAMBLETON GIGS. 5-year-old record, 2:26. Sire of Fritz Hambleton, winner of the 2-year-old stakes at Salem and Spokane Falls in 1887. He is a chestnut horse, 7 years old. Sire HAMBLETONIAN MAMBRINO, sire of June 18, 1879.

1 dam Springfield Maid (dam of Van Tromp, 3-year-old stallion record 2:04 1/2), by Lakeland Abolish, full brother to Harold, sire of Maud S. (2:05 1/2). 2 dam Saluda by Alexander's Abolish, sire of Goldsmith Maid (2:15). 3 dam Friday (sire of dam of Geo. Cooley, 2:27), by Impy, Truster, 4 dam by Impy, fullbrother, sire of the dam of Key's Hambletonian.

Fred Hambleton has substance, endurance and speed. His record of 2:26 was made as a 5-year-old after a season in the stud, and is not the measure of his speed. He has shown a 2:15 net in a brief racing career has distinguished himself as a sire of standard-bred colts. In three years of stud service one mare bred to him has failed to produce a living colt.

PLANTER is the immediate descendant of animals, on both sides, that inherit speed, possess speed themselves, and transmit it to their descendants. His breeding needs no comment. Planter has never been trained, but during the stud season of last year, in which he covered \$5 mares, he trotted miles in 2:51. His colts, though not old enough to be trained, are large, well formed, and show excellent gait.

TERMS OF SERVICE: Single service, \$50. Season, with privilege of return, \$100. Insurance, 10. Limited to 20 mares.
