PORTLAND legal tender rates, strong at 87 1/2

FOOT CUT.—Burnett cut his foot severely with a chopping ax, on Thursday last.

RIPENING.—Wild strawberries are beginning to ripen, but it will be ten days before they will be in their prime.

APPROACHING COMPLETION.—The new steam saw-mill, at Lincoln, being built by Messrs. Walling & Witten, is nearly completed.

Owing to the absence of the editor this week the original matter in our paper is not so full as we could wish. Friends will please forbear their criticism.

SPEAKING.—The opposing candidates for Governor will speak in Dallas on Tuesday next, the 17th, at 1 o'clock p. m. Gov. Woods accompanies the party.

MORE IRON.—A gentleman, recently from the Atlantic States, is considering the propriety of purchasing the Oswego Iron works, and commencing again the manufacture of pig iron.

MEETING FOR WORK.—All who are interested are requested to meet on the Camp Ground of the Christian Brotherhood, located on the Rierac, near Dixie, on Wednesday, the 1st of June for the purpose of making some needed repairs to insure the comfort of the congregation at the coming annual meeting.

SAVE THE TREES.—Yesterday the two noble oaks, standing near the M. E. Church, were cut down, and according to our way of thinking an act of folly was committed. Every tree within the limits of the town should remain. Suppose they do stand on the sidewalk, who is there but is willing to step around them. It will not be long before other trees will be planted almost on the same spot to replace those cut down.

CAKE RECEIVED.—We received, last Saturday, a magnificent jolly cake, the munificence of Rev. Mrs. Spaulding. We appreciated the donation, not so much for its intrinsic value as for the spirit that prompted its giving. It is the small mementoes that do to make up a pleasant existence, and none better know how to regard acts of kindness than he of a newspaper office—where all is opposition and war. It is the wish of all connected with the office that they may always be worthy of the friendship indicated by the kindness above mentioned.

CATERPILLARS.—It has been only a few days since we noticed great nests or webs of caterpillars fastened to the limbs of the wild rose bush. These shrubs seemed at that time to be the only vegetable growth attacked by these pests, but within the past few days they have extended their operations to apple trees. The green boughs of the orchards, in very many places, are literally covered by these small brown worms. At first orchardists cut off the attacked limb, but now the number is so increased that this method of destruction is impracticable. In one orchard, the owner resorted to burning the worms by firing blank cartridges out of his shot-gun. At the present rate it will not be long until the apple crop is entirely destroyed.

SUDDEN DEATH.—This community was shocked to hear that, on last Monday, Jesse D. Walling, an old and estimable citizen of Polk county, was suddenly killed. The accident occurred by an attempt on the part of Mr. W. to stop the progress of a loose horse, which was running directly towards a team, when the horse ran against him, throwing him with violence against a log, which was struck with the back of his head, fracturing the skull to such an extent that the unfortunate man lived but a few moments. Mr. Walling leaves a large family to mourn his untimely loss, and a large circle of friends who deeply sympathize with the bereaved in their afflictions. The deceased has lived a long time in this county, and few

men had the good fortune to have as many and as warm friends as he. We but speak the sentiment of a whole community when we tender to the bereaved relatives of the deceased our warmest condolence and sympathy. To our noble friend we can but say, farewell.

RELIGIOUS NOTICE.—The annual meeting of the Christian Brotherhood, of the State of Oregon, will begin at their place of meeting, on the Rierac, Polk county, on Thursday, June 16, 1870, and continue over two Lord's Days. The brethren will remember their heavenly privileges and the value of these meetings to the cause of Christ, and will act accordingly.

The Baptist brethren will bear in mind that they are invited to send messengers to share in the deliberations of said meeting, and also to send their Ministers to labor with ours in the great work of redemption. The rates for messengers—one for each twenty-five members of the congregation sending them; but each congregation, however small, should send one messenger. By order of the Committee of Arrangements. Wm. Rubel, Chairman.

Jacksonville and Roseburg papers please copy. Dallas, May 7, 1870.

DALLAS PRECINCT.—The Republican voters of Dallas precinct met in primary convention to select ten delegates to the County Convention that will meet to-day, at ten o'clock. The convention was organized by the election of J. L. Collins, Chairman, and B. E. Nichols, Sec. The convention proceeded, by ballot, to elect ten delegates to the county convention. The persons selected are J. M. Scott, M. M. Dodson, A. S. Shreve, S. W. Smith, P. C. Sullivan, M. Thompson, E. A. Graham, D. Casper, T. B. Newman and Wm. Howe.

STATE ITEMS.

The Republican County Convention of Josephine county met on Saturday last, and made the following nominations: For Representative, Delamater; County Judge, Davidson; Sheriff, Tom Floyd; Clerk, J. G. Adams; Treasurer, J. Henderson; Commissioners, Woodcock and Elder; Assessor, E. Watts; School Superintendent, Middleworth. No resolutions.

The Jacksonville News says that the crops throughout Rogue River valley have never looked better than at present. Fruit, grain and grass promises a full harvest. The late rains have given everything a start that will not be checked by any amount of drought.

Thos. Cross, the celebrated meat packer, says the Statesman, started for Chicago on Wednesday, intending to go into business there.

The same learns from Jo. Teal that he and B. Goldsmith have completed the purchase of eight tracts of land, with improvements, lying about twenty miles east of Harrisburg, in Linn Co., containing in all about 6,000 acres. The prices ranged from \$4 to \$20 per acre, according to the situation, and the whole purchase combines the best of prairie and hill land, watered extensively. The intention is to raise fine stock upon it, and with the means at their command, we may expect that this tract will be known as one of the great stock farms of the United States.

The Willamette Freighting Co.'s new steamer, Calliope, made her trial trip on Monday last. The craft looks very well, excepting that her machinery is too small by far.

The contract for building the Pavilion, on the grounds of the State Agricultural Society, has been let to T. B. Ladd & Co., for the sum of \$375. The largest bid put in was for \$1,250.

Mr. C. P. Church, of Oregon City, is at present in Salem, says the Statesman, making preliminary inquiries concerning a project to furnish the city water. Mr. Church represents capitalists who are willing to invest \$50,000 or \$75,000 in this undertaking, if they can see a prospect of it paying bare expenses at first.

The Democracy of Jackson county met in convention on Saturday last, and nominated the following ticket: For State Senator, James D. Fay; Representatives, John E. Ross, Jackson Rader, J. G. Wells, Sheriff, Henry Klipfel; County Judge, T. H. B. Shipley; County Clerk, Silas J. Day; Commissioners, John Harrison, Thos. Wright; Assessor, David Redpath; School Superintendent, Dr. L. T. Davis; Coroner, Dr. E. H. Greenman.

The Albany Register announces a prize fight to come off this week, between two young "bloods," for \$25 a side. The justice's and constable's fees will probably swell the amount to over \$50 each "blood."

The Situation.

The Press charges that the Republicans have hired Democrats to leave the county in order to secure an advantage at the ensuing election. We think, if this be true, it is saying very little for the members of its party. When that paper insinuates that such men as E. C. Dice, I. I. Dempsey, and a host of other as good and honorable men, have been or are, influenced to leave the county through the use of money, it only rebounds on the head of that "association of gentlemen—so-called."

The fact about the matter is, that the action of the recent Democratic County Convention was so at variance with and against the masses of the party, that men who had any intention of leaving, have put into execution their previous arrangements, without reference to the day of election, which would only require that they stultify every principle of fair dealing in their party, and vote for a set of men who are not the choice of their party, and only obtained nominations by fraud and trickery.

It seems singular that a woman and two men could be riding in a wagon, and while crossing a stream one of the men could fall out into the water and drown, and the other man and woman know nothing about it. Such an incident occurred at Morrison, Ill. The woman must have been uncommon engaging in her manner.

The Davenport's gave an exhibition in Denver, and let an old miner shake hands with the spirit that put its hand out of the hole in the cabinet. He snatched one of the Davenport Brothers out of the cabinet and mashed the door down, and the performance broke up in a regular frontier circus.

American hay from Nebraska has been selling in Liverpool for \$25 a ton.

Heard From.

ED. REPUBLICAN.—Sir—you will confer a favor on the writer of this letter, and numerous others, by giving it a place in your columns. It has often been reported that the Rev. S. H. Mayfield was dead, and believing such reports intended more to slander that gentleman than anything else, I can inform your readers that I received a letter from him, dated Lockford, California, April 19, 1870, stating that he closed out business in December last and had been preaching ever since, and had received about three hundred persons into the church of the United Brethren; also, that he would be here between this and next harvest, and settle all accounts against him. Now, all I have to say is, "let him that is without sin cast the first stone."

G. W. BRANSON.

ANECDOTE OF PRENTICE.—During the days preceding the war, Prentice became a great favorite with the hardy backwoodsmen of Kentucky, who usually came to see him when they came to Louisville on business; not that they were acquainted with him, just to see what he looked like. Such visits were peculiarly painful to a sensitive nature, though Prentice had no recourse but to endure them. Reception rooms are not in use among "provincial" newspapers, and a knock at the door is the only intimation of a visitor, before he enters the room. One of these enthusiastic individuals shook Prentice warmly by the hand one day, when he had come, as he said, on a visit of "curiosity," and after scanning the editor's features in various lights, drew himself up and said: "So you're old George D. Prentice, are you? Well, I'm mighty glad to see you. Jim Dodd bet me you was good looking and I bet you wasn't; and I think I've won it."

An outward and visible sign of the commencement of court economy in Paris is that the Empress has positively appointed twice in public the same dress.

What is a Tonic?

Bear this in mind—that although a tonic is, to a certain extent, a stimulant—a stimulant unmodified by any medical substance, is not a tonic, but a DEBILIANT. In HOSTETTER'S STOMACH BITTERS there is a stimulating element of the purest grade manufactured in this or any other country. Every fiery and corrosive oil or acid which contaminates the ordinary liquors of commerce, is expelled from the eye spirit which forms the alcoholic basis of the BITTERS, by careful and repeated rectification. The juices of the valuable roots, barks and herbs, infused into this wholesome product of the finest grain, still further modify its nature; so that it becomes, in fact, a simple diffusing agent, moves all the heady and brain exciting properties which belong, more or less, to all liquors in a raw state. It is merely the safe and harmless vehicle which renders the medicinal virtues of the preparation more effective—increasing their active power, and diffusing them through the system. Hence the gentle and pleasant glow which is experienced after taking a dose of the BITTERS. Instead of creating headache, as unmedicated stimulants are apt to do, this salubrious tonic is the best known remedy for flat complaint. It calms and soothes cerebral excitement, strengthens the nerves, promotes the secretion of the gastric juice, invigorates the bowels, determines the fluids to the surface, improves the appetite, increases the animal vigor, regulates organic action, and, from its mild yet effective alterative qualities, is the very best preparation that can be administered to the weaker sex in the peculiar difficulties to which their organization subjects them.
