

TOWN & COUNTY NEWS.

PORTLAND legal tender rates, strong at 88 1/2

STRAWBERRIES.—This summer fruit is in its prime this week, and those who can are picking them by the pail-full.

The attention of our readers is directed to the very interesting letter of Joseph Gaston, published on the outside of this issue.

RELIGIOUS.—President Marsh, of the Pacific University, will occupy the pulpit, morning and evening, in the M. E. Church of this place, on Sunday the 31st of June.

CAMP MEETING.—The M. E. Church will hold a camp meeting on their camp grounds, near Ellendale in this county, commencing Thursday, June 9th, and continuing over Sunday.

HOTEL.—Mr. L. A. Robb has leased the Dallas Hotel and is now prepared to cater to the tastes of the traveling public. We are pleased to know that we are to have a public house in our town, and hope that a liberal local patronage will be extended.

ASSAULT.—Yesterday, at noon, Wm. Hagood, aged about 14 years, made an assault upon the person of James Williams, aged about 13. Hagood struck Williams on the head with a slung-shot, making a bad wound. Dr. Bond dressed the wound. Both of the boys were attending school here.

OPEN FOR TRAVEL.—The Yamhill and Ocean Beach Wagon Road is now open for the accommodation of the traveling public. By this route the ocean beach can be reached by wagons and is the only point that can be so driven to on the coast of Oregon. The resort is a very fine one for summer excursions.

WORKING THE ROADS.—The Road Supervisors throughout the county have been repairing the public highways during the past week. In this district a large force of men and wagons and teams have been employed in hauling gravel from the creek, and spreading it on the roads where mud does abound in the wet season.

LIGHTNING.—On Thursday night last we were treated to an exhibition of nature's own pyrotechnics. In the region of country bordering on the Cascade Mountains, to the east of us, the lurid lightnings flashed wildly, and to an observer at that point were, no doubt, frightful; but to us, at this safe distance, nothing but a sense of beautiful grandeur was experienced.

DEMOCRATIC COUNTY TICKET.—For Representatives, Benj. Hayden, R. J. Grant, Wm. Comegys; County Judge, J. H. Myer; County Clerk, D. J. Holmes; Sheriff, S. T. Burch; Assessor, Wm. Ridgeway; Treasurer, R. M. May; Commissioners, Wm. Jones, J. K. DeLashmuth; School Superintendent, L. Vineyard; Surveyor, A. P. Butler; Coroner, Dr. J. E. Davidson.

A NEW MEDICINE.—Dr. W. Waterhouse advertises this week, a medicine which he is just now, for the first time, introducing to the public. The Doctor has used it in his own family for several years, and knows whereof he speaks. For further particulars of its special qualities read the advertisement. The medicine can be obtained at Nichols' Drug Store in this place.

INDIAN NAME.—Mr. J. W. Crawford, Clerk at the Grand Ronde Indian Agency, has been paying considerable attention to the old Indian names of the streams in this section of the country, and writes us that he has learned from an old Indian, who formerly lived where Dixie now is, that the Indian name of the beautiful stream running past Dallas and that village, now known as the La Creole, was called To-Chelk.

BUENA VISTA POTTERY.—Mr. Smith, of the Buena Vista Pottery, was in town with a load of the wares made at that factory. The enterprise in which these gentlemen are engaged is one that is growing every day into importance, and the company are now working five hands, and could probably employ a greater number if skilled workmen could be obtained. The clay used is of an excellent quality, and the wares produced are surpassed by imported articles. Persons wanting any of the wares can obtain it at the store of Messrs. N. & J. D. Lee.

CATERPILLARS.—Since the settlement of this country none have seen the caterpillars so numerous and destructive. In 1857 a similar worm attacked the ash timber and stripped it of every green leaf and twig, but no other vegetable growth was molested; but this year it seems that no bush or tree is exempt. The most damage, however, is done to the apple tree, which seems to be a favorite with them. All sorts of devices for their destruction have been employed, but the number of worms don't seem to diminish. Our orchardists have burned them with straw torches, turpentine-balls, and with powder fired from shot-guns. The best way seems to be to remove the affected limb early in the morning, when the worms are all congregated in their web, and burn it on a straw pile. In this way both the worms and their eggs are destroyed. In consequence of these plagues it is thought that the apple crop will be short in this neighborhood.

A FAMILY MEDICINE.—We call the special attention of our readers to the advertisement of that favorite home remedy, Perry Davis' Pain-Killer. It has been before the public over thirty years, and probably has a wider and better reputation than any other proprietary medicine of the present day. At this period there are but few unacquainted with the merits of the Pain-Killer; but while some extol it as a liniment, they know but little of its power

in easing pain when taken internally, while others use it internally with great success, but are equally ignorant of its healing virtues when applied externally. We therefore, wish to say to all that it is equally successful whether used internally or externally, and it stands to-day, unrivalled by all the great catalogue of Family Medicines. It is sufficient evidence of its virtues as a standard medicine, to know that it is now used in all parts of the world and that its sale is rapidly increasing. No curative agent has had such wide-spread sale or given such universal satisfaction. It is a purely vegetable compound, and perfectly safe, even in unskillful hands.

IN MEMORIAM.

At a special communication of Amity Lodge, No. 20, A. F. & A. M., held May 11, 1870, A. D. 1870, the following preamble and resolutions were adopted:

WHEREAS, It has pleased the Supreme Architect of the Universe to summon from his labors upon earth, our beloved brother, Jesse D. Walling, calling him, by his Omnipotent will, to that judgment which awaits all who are tolling in this earthly temple, and

WHEREAS, The Masonic ties which have so long bound us in friendship and enjoyment to our departed brother are severed, no more to be reunited until the day when the grave shall yield up its dead; therefore

Resolved, That we sincerely mourn this disruption of covenantal friendship, bearing in tender remembrance his fidelity to Masonry and his devotion to the principles it inculcates.

Resolved, That we earnestly sympathize with the relatives and friends of our deceased brother, and tender them that consolation which the world can neither give nor take; and that we will wear the usual badge of mourning for the space of thirty days.

Resolved, That a copy of this preamble and resolutions be forwarded to the family of our deceased brother and inserted in the OREGON REPUBLICAN, and other papers be requested to copy; and they be spread upon the Journals of this Lodge.

W. W. BOONE, Secretary.

BOUNDARIES OF ELECTION PRECINCTS.—As there are always questions arising concerning the boundaries of election precincts, we have examined the official records in the Clerk's office, and herewith present the boundaries of all the precincts in Polk county:

RETHEL. Beginning at the point where the north line of Polk county strikes the Willamette river, thence west to the line between sections 4 and 5, T. 6, S. Political Notes.

The Oregonian has the following: Mr. O. S. Savage is, we believe, a candidate on the Democratic ticket in Wasco county for the Legislature. He boldly says that there is no danger whatever of the defeat of his party in Wasco county, for the reason that they have the matter entirely in their own hands, and propose to use their power to make success certain. In other words, they have every judge of election in the county, and no matter how many Republicans may offer to vote, they propose to rule out enough to leave a sure Democratic majority. This is the way they "cleared" Vio Trevitt two years ago, and the plan worked so well that they now intend to put it in practice on a larger scale. As the first step in the proceeding they have given the Republicans not a single judge of election in the county; and Mr. Savage says it is all fixed with the Democratic boards who will conduct the election.

The Gazette gives this analysis of Slater's speech at Corvallis:

When Mr. Slater had finished his elaborate and unsatisfactory apology for the disgraceful attitude of his party in regard to the bonded debt, he proceeded to launch a theory, partly his own and partly Pendleton's. The Pendleton portion of his financial anodyne is to issue a sufficient amount of greenbacks to cover the entire debt and thus sweep it out of existence—or to issue new (taxable) bonds, of two-thirds the value of those now extant. His argument in support of this hybrid scheme was vague, desultory and uncertain. The concluding portion of his speech was consecrated to the Negro and Chinaman. Oh! the decrepit rhetoric—the old and weary denunciation—the faded picture of national disaster, when will it cease? We have heard the Democracy so long upon these threadbare topics that there is no longer any music in their laughter, force in their logic, or sting in their sarcasm.

Mr. Slater is evidently a self-made man, to use a cant phrase. We noticed that he was an indiscriminate blunderer, so far as pronunciation and grammar are concerned; but he has considerable command of language and occasionally expressed with force. His logic, however, is defective. It suggests the idea of being frayed at the edges—shadowy and incomplete. You listen with a vague conception of his meaning which is finally dissipated by an impotent close. Terminates after he has taken his seat, his speech is blurred and indistinct in the memory of his auditors.

Words of Weight for Wives and Mothers.

The superiority of HOSTETTER'S STOMACH BITTERS over all other tonics and correctives, as a remedy for dyspepsia, biliousness, nervous affections, and all complaints of the visceral organs, and as a preventive of malarious disorders, is proverbial; but perhaps it is not so generally known that the ingredients of this famous invigorant and alterative exercise a powerful and most beneficial influence in that numerous and distressing class of ailments, of which so many thousands of delicate women are the patient, uncomplaining victims. The special troubles of the sex, commencing with the dawn of womanhood, and extending over a period of thirty-five years, are as readily and certainly relieved by the operation of this admirable vegetable preparation, as any of the complaints common to both sexes, for which it is recommended as a specific. The attention of mothers is invited to its balsamic effect in those peculiar cases of functional irregularity and irritation, which, when neglected or maltreated, destroy the health and shorten the lives of so many invalids. There is no need for the powerful and dangerous drugs too often resorted to in such cases. The mild tonic and restorative action of the BITTERS is all the assistance that nature requires in its struggle to overcome the difficulty, and a vast amount of suffering would be spared to the sex, if they placed implicit faith in this wholesome vegetable preparation, correctives, and nerve, and discarded the pernicious nostrums advertised by ignorant and mercenary charlatans.

themselves and friends, a tract of land of 4,200 acres, a few miles from Eugene City, in this county. The price received was \$7 per acre, amounting to nearly \$30,000. The purchasers started back to Chicago immediately, and will return during the summer and settle on the lands with two or three hundred industrious Germans.

The McMinnville Blade says that wheat and oats never looked better than at present. The late rains brought out late sown grain and the prospect for an abundant harvest was never better.

Wm. B. Carter, formerly of the Corvallis Gazette, has been appointed U. S. Assistant Marshall for the purpose of taking the census in Benton county, instead of R. A. Bensell, resigned.

The Democratic papers are publishing, with great gusto, an item to the effect that Grover, in the Indian war of '55-6, was wading through the snow in the winter campaign. Wonder if they think they talk of an event where the memory of man runneth not? The facts are that Grover went to the Dalles in the fall of 1855, and set himself up as a candidate for Major of the regiment. He rolled out barrels of whisky and invited the soldiers to partake. The result was that he was defeated for that office; after which he came to the valley and stopped until the next spring, when he went into the Indian country in command of some new recruits. The war was over when he got there.
