New goods at J. C. Bell's—a lot of beautiful
waterproof goods for ladies.

The Statesman has an excellent article in
last Wednesday's paper on "Italy United."

We noticed a very nice lot of wall paper
and bordering at Nichols & Code's drug store.
Call and see it.

We notice the return of Mr. N. Lee, one of
our merchants in town, this morning, who has
been absent seeing to matters on his farm about
2 1/2 miles from the village.

PREACHING.—Rev. A. W. Sweeney will again
favor us with one of his good sermons on next
Monday evening at 6 1/2 o'clock, at the M. E.
Church South and hear him.

There will be a Sociable at the Odd Fellow's
Hall, Dallas, on the 10th inst., for the benefit
of the Christian Sabbath School. No efforts
will be spared to render everything pleasant
and agreeable. All are invited to attend.

Our stirring townsman, Asa Shrieve, is re-
building his blacksmith's shop, on the spot of
the late conflagration. This is an exhibition of
the right kind of pluck. We want more such
men in Dallas.

We were glad to meet the Rev. D. L. Span-
ding this morning on the side walk, and to
know that he is fast recovering from his late
illness, and able to be out. He still appears
quite feeble.

We call attention to the Produce and Pro-
vision Market prices current, prepared by G.
B. Stiles, and also to the fact that he has re-
cently received a large and splendid assort-
ment of sugar, coffee, tea and family groceries
generally, all of which he offers cheap to the
public.

William Burd-n, of Grande Ronde, called at
our Sanctum last evening, and informed us
that the general health is good in that quarter,
and that all is peace and quiet, save a report
which was going the rounds as he left, that
small pox had made its appearance among the
Indians.

Judge S. H. Myer, of this county, has re-
cently migrated into the state of matrimony,
where we hope, like all pioneers to new coun-
tries, he will be "delighted with the scenery,
and his pathway strewn with flowers." The
Judge has our best wishes for a long and happy
life.

If you desire to purchase good carpet very
cheap, go to John C. Bell's, at Brown's old
stand. And if it is the new style of window
curtains you want, the most convenient, cheap-
est and durable you ever saw, go to N. & J. D.
Lee's, Emmon's old stand. But if you want
family groceries, then go to Laughery & Col-
lins; and if you do not find what you desire
there, then go a few doors south, and call on
G. B. Stiles, who always has everything you
want, and then if you have any money left,
step in at the next door north, and you can
purchase the best and cheapest saddles, har-
nesses and bridles or halters you have ever met
with, of S. C. Stiles; and after you have pur-
chased all you desire, if you have no way of
getting them home, and are in a great hurry
about it, so that your wife and children can
have cake to smile, just get across the street
and call on our very pleasant friend Tom
Richmond, and he will furnish you with a
splendid rig, and the nicest little fellow to
drive it in the country.

"SPALDING'S GLUE" will mend your ways,
or anything else that needs mending.

What is Quillaja Saponaria?
It is a tree, the bark of a Chilian Tree,
which yields, when macerated, a fragrant veg-
etable soap with cleansing and antiputrescent
properties not possessed by any other veg-
etable production. This bark is a prominent
constituent of the celebrated Saponin, the most
popular dental preparation ever introduced in
America.

"SPALDING'S GLUE," stickiest thing out
From Alex. N. Dougherty, M. D., late one of
the Medical Directors U. S. A., Newark, N. J.
"Having been made acquainted with the
composition of the preparation known as Saponin,
I have for some time past permitted it
to be used in my family, where it has given entire
satisfaction. It is an elegant toilet article,
well worth the commendation it has received."

A profuse and many times excessively
offensive discharge from the nose, with "stap-
ping up" of the nose at times, impairment of
the sense of smell and taste, watering or weak
eyes, impaired hearing, irregular appetite, oc-
casional nausea, pressure and pain over the
eyes, and at times in the back of the head, oc-
casional chilly sensations, cold feet, and a
feeling of lassitude and debility, are symptoms
which are common to Catarrh, yet all of them
are not present in every case. Dr. Sage's Ce-
tarrh Remedy cures Catarrh in its worst form
and stages. It is pleasant to use and contains
no poisonous or caustic drugs. Sent by mail
on receipt of sixty cents. Address R. V. Pierce,
M. D., Buffalo, N. Y. A pamphlet sent free.

Telegraphic Summary.

LONDON, Nov. 2.—Paris journals say
that Bavarian prisoners who have been
taken, have been found to have explosive
bullets in their possession. They
also say they expect the bombardment
of Paris to commence any moment.

The report of the capitulation of Ba-
zaine reached Paris on the 27th, and
caused intense excitement. One paper
the Combat, charged the government
with suppressing the information. The
citizens were enraged so that they de-
stroyed all the copies of that paper, and
sought to arrest the editor Garibaldi
captured 1,000 prisoners from the
Prussians in a late engagement. The
Prussians are reported to be moving
northward from Jura, followed closely
by French forces. All the French of-
ficers taken at Metz are ordered to re-
port at Cassel by King William.

LONDON, Nov. 2.—The Tribune's
correspondent in Paris, says it is im-
possible to make out whether the Prussians
mean to bombard the city or not.

LONDON, Nov. 3.—Thiers was ad-
mitted to audience with the King of
Prussia. The conference lasted three
hours.

Bismarck, replying to Earl Granville
offers of mediation through the Rus-
sian Minister, says there will be no ob-
struction offered by him to the French
elections.

The Prussians have commenced
movements northward to Soissons.

[From the Statesman]
RECORDER'S COURT.—Before his
Honor the Recorder, yesterday, 5 cases
of drunkenness were arraigned and
properly attended to. For a wonder
they all paid up, and went on their way
rejoicing. All things considered times
are improving. In spite of the small
pox epidemic business in the Record-
er's Court shows life and activity.

KEEPING IT UP.—Tuesday, rather
late in the evening, the wood-shed of
Rev. Mr. Doane's house, was discovered
on fire. Mr. Doane accidentally made
the discovery and gave the alarm in
time for the blaze to be extinguished
without much difficulty. Whoever is
doing this incendiary work seems to
have a passion for setting wood-sheds
and empty stables on fire.

STATE OF HEALTH.—We feel grate-
ful at being able to state that the health
of our city appears to be as good as
usual. Mr. J. Dennis, whose case was
probably the worst, is improving, and
Messrs. Hunter and Thompson, of the
Legislature, are both convalescing rap-
idly. There have been other cases, in-
cluding Secretary Chadwick, Hon. Mr.
Porter, Hon. T. W. Davenport and
others, who seem to have had the
chicken pox, but they were not much
afflicted with it. No excitement exists
in town about small pox, and we write
this item for the benefit of readers and
friends elsewhere.

ANOTHER VETO.—We learn that the
bill which was passed to complete the
drainage of State lands in Union coun-
ty has been vetoed by the Governor.
Yesterday being the last day for his
consideration of the bill it must have
been filed with the Secretary of State,
at a late hour, so that we cannot
give points save that the Executive is
said to consider that the lands alluded
to are swamp lands and were improper-
ly located as State lands of other des-
cription.

FLORAL INCENSE.
The fragrance of fresh flowers is a reasonable
and pleasant to even the most fastidious; and
in the genuine MURRAY & LAMAR'S FLORIDA
WATER we have this floral fragrance in all its
refreshment purity and strength. Delicate per-
sons and invalids are greatly soothed and ben-
efited by its use.

As there are worthless counterfeits buy-
ers should always ask for the Florida Water
prepared by Lanman & Kemp, New York.

Many Voices from California.
"My experience satisfies me that Bristol's Sas-
saparilla and Pills are the best and only reme-
dies for Scrofula."—S. R. HARRIS, Santa Clara.
"Bristol's Sarsaparilla has cured me of Rheu-
matism after every thing else had failed."

"For the first time in years I am free of sores
and eruptions. I used 9 bottles of Bristol's
Sarsaparilla and 5 of Pills."
J. S. JONES, Petaluma 508.

The Five Dollar Sewing Machine purchased
by me, January, 1866, from the Family Sewing
Machine Company, Nassau-Street, N. Y., has
been in almost constant use ever since. It has
not been out of order once. Has cost nothing
for repairs, and I find it simple and reliable in
operation, and always ready to sew. Those
friends of mine who use them with the new
improvements are very much pleased. The one
I have I would not part with.

I have for the past eight months,
constantly used one of the \$15 Norton,
Oride Gold Lever Watches, manufac-
tured by Chas. P. Norton & Co. 86
Nassau-Street, New York, and found
the total variation in its time but one-
half minute, (30 seconds), and it re-
tains the same appearance of gold as
when purchased. Several of our men
use them with the same results. I
cheerfully recommend them for correct-
ness and wear.

ROBERT OF A STAGE.—SALT LAKE,

Oct. 25.—The stage from Pioche was
stopped last night at 11 o'clock by
three highwaymen, eight miles from
Nephi, Utah. While two of the rob-
bers held shotguns leveled on the
driver and passengers, the third emptied
Wells, Fargo & Co.'s treasure box, took
the registered letter sack, robbed the
passengers of about \$1,500 in coin, and
then decamped. The coach contained
five passengers, two of them children.
Sheriff and a posse are now in pursuit
of the thieves.—Chronicle.

The \$12 Lever Watch, No. 13,580,
purchased from Chas. P. Norton & Co.
8 Nassau-Street, New York, January
5th, has been carried by me over six
months, with a total variation in time
of only 26 seconds, without the slight-
est regulating, and presents the same
brilliantly of color as when purchased.

Sec. American S. M. Co. N. Y.

FOR THIRTY YEARS
Has that well-known, standard and popular
remedy
PAIN KILLER,
manufactured by Perry, Davis & Son, Provi-
dence, R. I., been before the public, and in that
time has become known in all parts of the
world, and been used by people of all nations.
It remains to-day that same good and efficient
remedy. Its wonderful power in relieving
the most severe pain has never been equalled,
and it has earned its world-wide popularity by
its intrinsic merit. No curative agent has had
so wide-spread a sale, or given such universal
satisfaction. The various ill-effects which the
Pain Killer is an unfailing cure are too well
known to require recapitulation in this adver-
tisement. As an external and internal medi-
cine, the Pain Killer stands unrivalled. Direc-
tions accompany each bottle.
Sold by all Druggists.
Price 25 cts, 50 cts, and \$1 per bottle. 33-4w

Home Questions for the Sickly and
Debilitated.
Is it worth while to endure penal torture
after every meal, when indigestion can be
immediately relieved and permanently cured
by so agreeable a remedy as HOSTETTER'S
STOMACH-BITTERS?
Does it pay to be compelled by debility and
languor to abandon active business, when
brain, nerve and muscle can be braced up, and
the whole system restored to a healthy condi-
tion by a course of HOSTETTER'S BIT-
TERS?
Why approach the dinner-table daily with a
positive disgust for all that is savory and
delicious, when a vigorous appetite for even
the plainest fare is created by the use of
HOSTETTER'S BITTERS?
Is it wise to live in this bright world as if it
were a dungeon, gloomy, discontented and
miserable, when the worst case of hypochon-
dria can be cured in a week by such a pleasant
and wholesome excitant as HOSTETTER'S
BITTERS?
Can it be possible that any person of bilious
habit will run the risk of remittent fever or
bilious colic, when he can tone and regulate
the great secretory organ with HOSTETTER'S
BITTERS?
Is it not a species of moral insanity for any
miner or planter in the interior, or any traveler
or sojourner on the placers, to be without the
best known antidote to the effects of poisoned
air and impure water, HOSTETTER'S BIT-
TERS?
Considering the harassing and depressing
nature of the functional derangements to which
woman is subject, is it not astonishing that any
invalid of the feebler sex should hesitate to
seek the relief afforded in such cases, by the
genial operation of HOSTETTER'S BIT-
TERS?
These are questions of deeper interest than
any of the political dogmas of the day, and
those whom they concern are invited to
give them something more than a passing
thought. 33-4w
