

A Woman's Question.
Before I trust my fate to thee,
Or place my hand in thine,
Before I let thy future give
Color and form to mine,
Before I part all for thee,
Question thy soul to-night for me.
I break all lighter bonds, nor feel
A shadow of regret;
Is there one link within the past
That holds thy spirit yet?
Or is thy faith so clear and free,
As that which I can pledge to thee?
Does there within thy inmost dreams
A possible future shine,
Wherein thy life could henceforth breathe
Untroubled, unshaken by mine?
If, at my pain or cost,
O, tell me before all is lost.
Look deeper still. If thou canst feel
Within thy inmost soul
That thou canst keep a portion back,
While I have staked the whole?
Let no false pity spare the blow,
But in true mercy tell me so.
Is there within thy heart a need
That mine cannot fulfill?
One shadow that any other hand
Could better wake or still?
Speak now, lest at some future day
My whole life, wether and decay.
Lives there within thy nature hid
The demon spirit change,
Shedding a passing glory still
On all things new and strange?
It may not be thy fault alone
But shield my heart against thy own.
Couldst thou withdraw thy hand one day,
And answer to my claim,
That Fate, and that to-day's mistake—
Not thou—had been to blame?
Some soothe their conscience thus; but thou
Wilt surely warn and save me now.
Nay, answer not—I dare not hear,
The words would come too late;
Yet I would spare thee all remorse,
To comfort thee, thy fate—
Whatever on my heart may fall,
Remember, I could forfeit all.

Lady Avonmore's Adventures Among
the Yosemite Snows—British Chivalry
Explains.
We have received a communication
from Lord Hervey, Hon. H. Strutt,
and Cyril Flower, M. P., with refer-
ence to their connection with the cir-
cumstances under which Lady Avon-
more became involved in a snow storm
and was lost several hours in the Yose-
mite Valley as detailed in the *Chronicle*
of Nov. 16th. They say that it was
arranged that Lady Avonmore should
have a seat in their carriage as far as
Stockton, and so was to have left the
valley with them; but that they un-
derstood that they were to start at a
certain hour and that she should follow
at her own convenience, having told
them that she "knew the trail better
than any guide." They say that she
accordingly did not leave the hotel until
more than an hour after they did; that
they waited when about half way on
the trail, but went on again when as-
sured by their guide that Lady Avon-
more must have turned back on ac-
count of the storm. They state that
upon reaching Clark's they waited 24
hours for her, thinking that she might
have resumed her journey next day.
They conclude by expressing their sor-
row that what certainly appears to have
been no more than a misapprehension
of arrangements between the parties should
have caused the lady so much incon-
venience and suffering.—*Chronicle*.

St. Louis Bridge.—The following
is a brief statement of the condition of
the work upon the bridge at St. Louis,
according to the latest advice from its
constructor, James B. Eads, C. E.:
"The masonry of the west abutment is
about fourteen feet above the present
stage of the river. The western pier is
about sixteen feet, and the eastern pier
about four feet above water. The laying
of the masonry is progressing on the
west abutment and on the east pier.
The granite, from Portland (Me.), for
the west pier is on its way up the river.
Some fifty or sixty vessels, laden with
granite for the work, are now upon the
ocean, and two cargoes on their way up
the Mississippi from New Orleans. No
further delay is therefore anticipated
on account of material for masonry.
The caisson for the eastern abutment is
nearly finished, at Carondelet, six miles
below the city, and will be launched
and placed in position in about two
weeks. This abutment will be sunk to
the bed rock, 136 feet below extreme
high water mark, and will consequently
penetrate eight feet deeper than the
pier which was put down last winter.
These four masses of masonry consti-
tute the foundations for the bridge
proper, those for three of the smaller
piers in the western approach have
already been put in, the deepest one
extending twenty-one feet below the
city directrix. This one has been
recently put down, and is nearly com-
pleted to the wharf level.—*Technologist*.

I have for the past eight months,
constantly used one of the \$15 Norton,
Oride Gold Lever Watches, manufac-
tured by Chas. P. Norton & Co. 86
Nassau-Street, New York, and found
the total variation in its time but one-
half minute, (30 seconds), and it re-
tains the same appearance of gold as
when purchased. Several of our men
use them with the same results. I
cheerfully recommend them for correct-
ness and wear.

the Englishman, determined not to be
outdone, began to tell a long story of a
man having swam from Liverpool to
Boston "Did you see him?" asked the
Yankee suddenly, "did you see him
yourself?" "Why, yes, of course I did,
I was coming across, and our vessel
passed him a mile out of Boston har-

A Railroad Man Ahead
of Railroads.

It is generally understood throughout Polk
County that I am selling goods from 25 to 50
per cent. cheaper than any other Store this side
of Portland. Now I do not offer this as an
advertisement, but simply as an explanation.
When we have a Railroad from Portland
South on the West Side of the River, it will
open up a new era for the citizens of the coun-
ties through which it will pass. Every man
can take his wife, leave the children with their
uncle, go to Portland and gather up a full list
of supplies, at a very trifling expense, and at a
figure far below country prices, providing there
were not merchants through the country up
with the times. But there will be plenty of live
men in the arena. All the old fogies will have
to give way, buy themselves a little farm, and
retire to quiet life. This is not sarcastic, but
downright truth, as history of the past proves.
And I expect those that are now little children
will relate to their children in time hereafter
how that, in the olden time, over there, on the
hill just across Salt Creek, at Ed. Clark's old
Store House, M. M. Ellis inaugurated the new
practice of selling goods at Portland prices,
and paid the freights himself. Come and see
me. You shall be entertained in a first class
manner, with first class goods.

Nervous and Debilitated
WHOSE SUFFERINGS
HAVE BEEN
Protracted from Hidden Causes,
AND WHOSE CASES REQUIRE
PROMPT TREATMENT
to render Existence Desirable.
If you are suffering or have suffered, from
involuntary discharges, what effect does it
produce upon your general health? Do you
feel weak, debilitated, easily tired? Does a
little extra exertion produce palpitation of the
heart? Does your liver, or urinary organs, or
your kidneys frequently get out of order? Is
your urine sometimes thick, milky or floccy,
or is itropy on settling? Or does a thick
scum rise to the top? Or is a sediment at the
bottom after it has stood awhile? Do you
have spells of short breathing or dyspepsia?
Are your bowels constipated? Do you have
spells of fainting, or rushes of blood to the
head? Is your memory impaired? Is your
mind constantly dwelling on this subject? Do
you feel dull, listless, mooping, tired of com-
pany, or life? Do you wish to be left alone,
to get away from everybody? Does any little
thing make you start or jump? Is your sleep
broken or restless? Is the lustre of your eyes
as brilliant? The bloom on your cheek as
bright? Do you enjoy yourself in society as
usual? Do you pursue your business with the
same energy? Are your spirits dull and flag-
ging, given to fits of melancholy? Do you
feel as much confidence in yourself? If so do
not lay it to your liver or dyspepsia. Have
you restless nights? Your back weak, your
knees weak, and have but little appetite, and
you attribute this to dyspepsia, or liver com-
plaint?
self-abuse, general diseases badly cured, and
sexual excesses, are all capable of producing
a weakness of the generative organs. The or-
gans of generation, when in perfect health,
MAKE THE MAN.

Did You Ever Think
that those bold, defiant, energetic, persevering
successful business men, are always those
whose generative organs are in perfect health?
You never hear such men complain of being
melancholy, or nervous, or palpitation of
the heart. They are never afraid they cannot
succeed in business; they don't become sad
and discouraged; they are always polite and
pleasant in the company of ladies, and look
cyan red them right in the face—none of your
downcast looks or other meanness about them.
I do not mean those who keep the organs in-
flamed by running to excess. Those will not
ruin their constitutions,
but also those they do business with or for.
How many men, from badly cured diseases,
from the effects of self-abuse and excesses,
have brought about this state of weakness in
those organs that has reduced the general sys-
tem so much as to induce almost every other
disease—
IDIOCY,
LUNACY,
PARALYSIS,
spinal affections, suicide, and almost every
other form of disease which humanity is he-
rit, and the real cause of the trouble scarcely
ever suspected, and have doctored for all but
the right one.
Disease of these organs require the use of a
Diuretic.

GOLDEN MEDICAL
DISCOVERY
This is the most thorough blood purifier yet
discovered, and cures all humors from the worst
Scrofula to a common Eruption. Pimples and
Blisters on the face, and scaly or rough skin,
which are such annoying blemishes to many
young persons, yield to the use of a few bottles
of this wonderful medicine. From one to eight
bottles cure Salt Rheum, Erysipelas, Scald head,
Ring Worms, Boils, Scaly Eruptions of the Skin,
Scrofula Sores, Ulcers and "Cankers" in the
Mouth and Stomach. It is a pure medicinal
extract of native roots and plants, combining in
harmony Nature's most sovereign curative
properties, which God has instilled into the
vegetable kingdom for healing the sick. It is
a great restorer for the strength and vigor of
the system. Those who are languid, sleepless,
have nervous apprehensions or fears, or any
convincing evidence of its restorative power
upon trial. If you feel dull, droopy, debilitated
and dependent, have frequent Headach,
mouth tastes badly in the morning, irregular
appetite and tongue coated, you are suffering
from Torpid Liver or "Biliousness." In many
cases of "Liver Complaint" only a part of
these symptoms are experienced. As a remedy
for all such cases, Dr. Pierce's Golden Medical
Discovery has no equal as it effects perfect
cures, leaving the liver strengthened and
healthy. For the cure of Habitual Constipation
of the Bowels it is a never-failing remedy,
and those who have used it for this purpose are
loud in its praise. In Bronchial, Lung diseases
it has produced many truly remarkable cures,
where other medicines had failed. Sold by

of the St. John Baptist So-
ciety of San Francisco.
PERRAULT HAS THE PLEAS-
ure to inform patients and others
seeking confidential medical advice that he can
be consulted daily at his office, Armory Hall
Building, North East corner of Montgomery
and Sacramento streets, San Francisco, Rooms
Nos. 9, 10, 11, first floor, up stairs, entrance
on either Montgomery or Sacramento to streets,
Dr. Perrault's studies have been almost
exclusively devoted to the cure of the various
forms of Nervous and Physical Debility, the
result of injurious habits acquired in youth,
which usually terminate in impotence and
sterility, and permanently induce all the com-
plaints of old age. Where a secret infir-
mity exists, involving the happiness of life and
that of others, reason and morality dictate the
necessity of its removal, for it is a fact that a
premature decline of the vigor of manhood,
matrimonial unhappiness, compulsory singl-
life, etc., have their source in cause, the
germ of which is planted in early life, and the
bitter fruits tasted long afterward; patients,
laboring under this complaint, will complain
of one or more of the following symptoms:
Neurasthenia, Pains in the Back and
Head, Weakness of Memory and Sight, Dis-
charge from the Urethra on going to stool or
make water, Intellectual Faculties are Weak-
ened, Loss of Memory comes, Ideas are clouded,
and there is a disinclination to attend to
business, or even to reading, writing or the so-
ciety of friends, etc. The patient will proba-
bly complain of Dizziness, Vertigo, and that
Sight and Hearing are Weakened, and sleep
disturbed by dreams, melancholy, sighing,
palpitation, faintings, coughs and slow fevers;
while some have external rheumatic pain, and
numbness of the body. Some of the most
common symptoms are: pimples in the face,
and itching in different parts of the body.
Patients suffering from this disease should ap-
ply immediately to Dr. PERRAULT, either in
person or by letter, as he will guarantee a cure
of Seminal Emissions and Impotence in six or
eight weeks.
Patients suffering from venereal disease in
any stage, Gonorrhoea, Gleet, Stricture, Bubo,
Ulcers, Cutaneous Eruptions, etc., will be treat-
ed successfully. All Syphilitic and Mercurial
Taints entirely removed from the system.
Dr. Perrault's diploma are in his office,
where patients can see for themselves that they
are under the care of a regularly educated
practitioner. The best references given if re-
quired.
Patients suffering under chronic diseases can
call and examine for themselves. We invite
investigation; claim not to know everything,
nor to cure everybody, but we do claim that in
all cases taken under treatment we fulfill our
promises. We particularly request those who
have tried this boasted doctor and that adver-
tised physician till worn out and discouraged,
to call upon us.
Low charges and quick cures.
Ladies suffering from any complaint incident-
al to their sex, can consult the doctor with the
assurance of relief.
