

Who will care?
When we lie beneath the hoar-frost,
Underneath the churchyard mold,
And the long grass o'er our faces
Lays its fingers damp and cold,
When we sleep from care and sorrow,
And the hills of earthy life—
Sleep to know no end to-morrow,
With its bitterness of strife—
Who will care?

Who will care?
Who will come to weep above us,
Dying oh! so white and still,
Unthrough the skin of summer,
When nature's pulses thrill,
To a new life, gay and tender,
Full of beauty, rich and sweet,
And the world is clad in splendor,
That the years shall o'er repeat—
Who will care?

Who will care?
When Queen Autumn's flowers blossom,
And she stoops in pity down,
With a white flower for our bosom
Taken from her royal crown?
Who will come to kneel in pity,
By our long and narrow bed,
When the wild winds sing their ditty
In the grasses o'er our head—
Who will care?

Who will care?
When the spring-time's glad smile lingers,
On the meadows, far and wide,
And the drops from rosy fingers,
Bloom and leaf on every side;
Who will come with tender yearning,
To the graves of those they miss?
Who will sigh for our returning,
To their presence and their kiss.
Who will care?

Who will care?
Who will think of white hands dying
On a still and silent breast,
Never more to know of sighing,
Ever more to know of rest?
Who will care? None can tell us;
But it rest and peace befall,
Will it matter if they miss us,
Or they miss us not at all?
Not at all.

The Crow.—Aside from the special question of profit and loss, we have a warm side toward the crow, he is so much like one of ourselves. He is lazy and that is human; he is cunning, and that is human. He takes advantage of those weaker than himself, and that is man-like. He is sly, and hides for to-morrow what he can't eat to-day, showing a real human providence. He learns tricks much faster than he does useful things, showing a true boy-nature. He thinks his own color best, and loves to hear his voice, which are eminent traits of humanity. He will never work, when he can get another to work for him—a genuine human trait. He eats whatever he can lay his claws upon, and is less mischievous with a belly full than when hungry, and that is like man. He is at war with things except his own kind, and with them when he has nothing else to do. No wonder men despise crows. They are too much like men. Give men wings, and reduce their smartness a little, and many of them would almost be good enough to be crows.—Beecher.

The following article was sent us last week, but did not reach us in time to be inserted in our last issue:
The Monmouth Silver Cornet Band take this method of acknowledging their indebtedness—
1st. To our highly respected teacher, Prof. Francis, for this very valuable services, in rendering the entertainment a success so far music could make it.
2d. To L. W. Miller, who kindly volunteered to assist us with comic songs that make men dance with mirth in spite of themselves. "Laugh and grow fat" is an adage that needs not to be proven, after listening to Mr. Miller. The Band knowing this, let Mr. Miller depart in peace, for the reason that, if they should listen to his mirth provoking strains, they being already large, nearly all standing six feet, would expand to such dimensions that they would be unable to perform more, on account of the smallness of common rooms. May success attend him.
3d. To Mrs. Denlinger, in singing songs that claimed the attention of all, and caused every heart to throb with purer, holier love.
4th. To the ladies who assisted us—Miss Mary Stump, Miss Nancy Springer, Miss Sarah Churchill and Miss Dilla Butler—we express our sincere thanks.
To one and all who favored us with their presence, we say come again.
By order of the Band,
J. S. Churchill Sec'y.

Fresh air by day and by night, strong and nourishing food, dry soil on which we live, sunlight and warm clothing, are the means of saving many lives which would have been hopelessly lost in the preceding generations. If our conjectures are correct, this improving may be expected to continue, and every body can help to make it greater. Ventilate the schoolrooms, and the workshops, and the stores, and the homes. In cold weather let the air, comfortable and equally warmed, be generally supplied from without in a constantly flowing current. Let those who can provide in their homes remember that an open fire, which sends two-thirds of the heat up the chimney, furnishes the best ventilation for a room of moderate size, which the ingenuity of man has yet devised, and that the heat escaping by the flue is the price to be paid for it; Let in the sunlight, and never mind the carpets; better they should fade than the health of the family. When a man proposes to build a dwelling in the swamp, warn him of his danger.

The \$12 Lever Watch, No. 13,580, purchased from Chas. P. Norton & Co. 85 Nassau-Street, New York, January 5th, has been carried by me over six months, with a total variation in time of only 26 seconds, without the slightest regulating, and presents the same brilliancy of color as when purchased.

I have for the past eight months, constantly used one of the \$15 Norton, Oride Gold Lever Watches, manufactured by Chas. P. Norton & Co. 85 Nassau-Street, New York, and found the total variation in its time but one-half minute, (30 seconds), and it retains the same appearance of gold as when purchased. Several of our men use them with the same results. I cheerfully recommend them for correctness and wear.

A Railroad Man Ahead of Railroads.

It is generally understood through Polk County that I am selling goods from 25 to 50 per cent. cheaper than any other Store this side of Portland. Now I do not offer this as an advertisement, but simply as an explanation. When we have a Railroad from Portland South on the West Side of the River, it will open up a new era for the citizens of the counties through which it will pass. Every man can take his wife, leave the children with their uncle, go to Portland and gather up a full list of supplies, at a very trifling expense, and at a figure far below country prices, providing there were not merchants through the country up with the times. But there will be plenty of live men in the arena. All the old fogies will have to give way, buy themselves a little farm, and retire to quiet life. This is not sarcastic, but downright truth, as history of the past prove. And I expect those that are now little children will relate to their children in time hereafter how that, in the olden time, over there, on the hill just across Salt Creek, at Ed. Cluff's old Store House, M. M. Ellis inaugurated the new practice of selling goods at Portland prices, and paid the freights himself. Come and see me. You shall be entertained in a first class manner, with first class goods.

M. M. ELLIS.

ADDRESS

—TO THE—
Nervous and Debilitated
WHOSE SUFFERINGS
HAVE BEEN
Protracted from Hidden Causes,
AND WHOSE CASES REQUIRE
PROMPT TREATMENT
to render Existence Desirable.

If you are suffering or have suffered, from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys frequently get out of order? Is your urine sometimes thick, milky or frothy, or is itropy on settling? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspnea? Do your bowels constipate? Do you have spells of fainting, or rushes of blood to the face, or to the head, or to the chest? Do you feel as if you were constantly dwelling on this subject? Do you feel dull, listless, mooping, tired of company, of life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eyes as brilliant? Do the bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Are your spirits dull and flagging, given to fits of melancholy? Do you feel as much confidence in yourself? If so do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia, or liver complaint?

NOW, READER,
self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health,

MAKE THE MAN.
Did You Ever Think

that those bold, defiant, energetic, persevering successful business men, are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, or palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or other meanness about them. I do not mean those who keep the organs intact by running to excess. These will not only

RUIN THEIR CONSTITUTIONS,
but also those they do business with or for.

How many men, from badly cured diseases, from the effects of self-abuse and excesses, have brought about this state of weakness in those organs that has reduced the general system so much as to induce almost every other disease—

IDIOCY,
LUNACY,
PARALYSIS,

spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic.

Helmbold's
Fluid Extract
BUCHU

is the great Diuretic, and is a certain cure for disease of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption of Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

DR. PIERCE'S
ALT. EXT.
GOLDEN MEDICAL
DISCOVERY

This is the most thorough blood purifier yet
discovered, and cures all humors from the worst
Scrofula to a common Eruption. Pimples and
Blotches on the face, and scaly or rough skin,
which are such annoying blemishes to many
young persons, yield to the use of a few bottles
of this wonderful medicine. From one to eight
bottles cure Salt Rheum, Erysipelas, Scald Head,
Ring Worms, Boils, Scaly Eruptions of the Skin,
Scrofula Sores, Ulcers and "Canker" in the
Mouth and Stomach. It is a pure medicinal
extract of native roots and plants, combining
in harmony Nature's most sovereign curative
properties, which God has instilled into the
vegetable kingdom for healing the sick. It is a
great restorer for the strength and vigor of
the system. Those who are indolent, sleepless,
have nervous apprehensions or fears, or any of
the affectionate symptoms of weakness, will find
convincing evidence of its restorative power
upon trial. If you feel dull, droopy, debilitated
and dependent, have frequent Headach,
mouth tastes badly in the morning, irregular
appetite and tongue coated, you are suffering
from Torpid Liver or "Biliousness." In many
cases of "Liver Complaint" only a part of
these symptoms are experienced. As a remedy
for all such cases, Dr. Pierce's Golden Medical
Discovery has no equal as it effects perfect
cures, leaving the liver strengthened and
healthily. For the cure of Habitual Constipation
of the Bowels it is a never-failing remedy,
and those who have used it for this purpose are
loud in its praise. In Rheumatism, Lung Disease,
it has produced many truly remarkable cures,
where other medicine had failed. Sold by
druggists at 1.00 per bottle. Prepared at the
Chemical Laboratory of

FRENCH MEDICAL OFFICE.
Dr. Julien Perrault,
Dr. of Medicine of the Faculty of Pa-
ris, Graduate of the University of
Queen's College, and Physician
of the St. John Baptiste So-
ciety of San Francisco.

DR. PERRAULT HAS THE PLEAS-
ure to inform patients and others
seeking confidential medical advice that he can
be consulted daily at his office, Army Hall
Building, North East corner of Montgomery
and Sacramento streets, San Francisco, Rooms
Nos. 9, 10, 11, first floor, up stairs, entrance
on either Montgomery or Sacramento streets.
Dr. PERRAULT'S studies have been almost
exclusively devoted to the cure of the various
forms of Nervous and Physical Debility, the
result of injurious habits acquired in youth,
which usually terminate in impotence and
sterility, and permanently induce all the com-
plaints of old age. Where a secret infirmity
exists, involving the happiness of life, and
that of others, reason and morality dictate the
necessity of its removal, for it is a fact that
a premature decline of the vigor of manhood,
matrimonial unhappiness, compulsory single
life, etc., have their source in disease, the
germ of which is planted in early life, and the
bitter fruits tasted long afterward; patients,
laboring under this complaint, will complain
of one or more of the following symptoms:
Nocturnal Emissions, Pains in the Back and
Head, Weakness of Memory, and Sight, Dis-
charge from the Urethra on going to stool or
make water, Intellectual Faculties are Weak-
ened, Loss of Memory ensues, Ideas are clouded,
and there is a disinclination to attend to
business, or even to reading, writing, or the so-
ciety of friends, etc. The Patient will proba-
bly complain of Distress, Vertigo, and that
Sight and Hearing are Weakened, and sleep
disturbed by dreams; melancholy, sighing,
palpitation, fainting, coughs and slow fevers;
while some have external rheumatic pain, and
numbness of the body. Some of the most
common symptoms are pimples in the face,
and itching in different parts of the body.
Patients suffering from this disease should ap-
ply immediately to Dr. PERRAULT, either in
person or by letter, as he will guarantee a cure
of Seminal Emissions and Impotence in six or
eight weeks.

Patients suffering from venereal disease in
any stage, Gonorrhoea, Gleet, Stricture, Bubo,
Ulcers, Otitis, etc., will be treated
successfully. All Syphilitic and Mercurial
Taints entirely removed from the system.

Dr. PERRAULT'S diploma are in his office,
where patients can see for themselves that they
are under the care of a regularly educated
and practitioner. The best references given if re-
quired.

Patients suffering under chronic diseases can
call and examine for themselves. We invite
investigation; claim not to know everything,
nor to cure everybody, but we do claim that, in
all cases taken under treatment we fulfil our
promises. We particularly request those who
have tried this boasted doctor and that adver-
tised physician will turn out and discouraged,
to call upon us.

Low charges and quick cures.
Ladies suffering from any complaint incident-
al to their sex, can consult the doctor with the
assurance of relief.

Female Monthly Pills.
Dr. PERRAULT is the only agent in California
for Dr. BIOTT'S Female Monthly Pills. Their
immense sale has established their reputation
as a female remedy unapproached, and far in
advance of every other remedy for suppression
and irregularities, and other obstructions in fe-
males. On the receipt five dollars, these
Pills will be sent by mail or express to any part
of the world, secure from curiosity or damage.

Persons at a distance can be cured at home,
by addressing a letter to Dr. PERRAULT, corner
of Sacramento and Montgomery streets, Rooms
10 and 11, or Box 973, P. O. San Francisco,
stating the case as minutely as possible, general
habits of living, occupation, etc., etc.

All communications confidential. 14-ly
