Wood Wanted.

Those indebted to the Oregon REPUBLICAN
will confer a favor by furnishing us some
wood, which will be as good as cash to us.

"Mine Host" of the Dallas Hotel is now
prepared to accommodate the public in a credit-
able manner. See advertisement in another
column.

Mr. J. D. Lee, of the firm of N. & J. D. Lee,
has gone below for a fresh supply of goods.
This firm design purchasing a stock that will
meet the demands of the people.

The Ellendale Mill Co. are constantly re-
ceiving additions to their stock, and are pre-
paring to sell goods as cheap or cheaper than
any other store in Polk County; at the Brick
Store, Main Street.

According to report of N. Garwood, Clerk of
Dallas School District, there are in the Dis-
trict 233 scholars drawing school funds, 112
female, and 121 males, an increase over last
year of 33.

Mr. J. D. Lee has just returned from Port-
land, and corroborates the statement made
in another column concerning the high water
along the railroad line below Oregon City. He
states that the trains are unable to run through,
the depth of the water being several feet.

Mr. T. G. Richmond informs us that the
Hunting Club had rare sport on Wednesday,
running a wolf. The dogs started him early in
the morning, and ran him—some estimate the
distance as high as forty miles, before they
caught him. The animal proved to be a gray
wolf of the largest size.

Again we chronicle the fact of dull times and
lack of business, owing to rainfall and high
water. We have received no mail from below
this week, and the mails from the South have
been irregular. The waters heretofore have
been higher this week than at any other time
during the winter.

Last Thursday afternoon, Linn Nichols, a
lad about ten years of age, son of Frank
Nichols, of this place, went into a pasture, in
company with two other boys, to catch a horse.
They drove the animal into a corner, and as
Linn approached the animal, it kicked him on
the side of the head, breaking the lower jaw,
and otherwise injuring him severely. He now
lies in a critical condition.

Business. As we intend to make our paper
one of interest to the people, we wish to give
all an opportunity to get it, and as an induc-
ement to parties to get up clubs, we propose to
anyone sending us a club of five to one address,
we will send a copy of the Star Spangled Ban-
ner for one year gratis. For a club of ten to
one address, we will send Demorest's Magazine
for one year gratis to the one sending us the
club.—It will be observed, by reference to our
Subscription Rates at the head of the paper,
that we have reduced the price to \$2 per year,
and \$1 25 for six months. We make this offer
as a starter to show the people that we mean
"Business."

Under-takers grow rich and gave yards
seek with the moldering bones of thousands
who prematurely fall as victims to those relent-
less destroyers, Catarrh, Bronchitis and Con-
sumption. The two latter diseases are but the
children of the former, which is easily and
surely cured by using Dr. Sage's Catarrh Rem-
edy, while for the cure of the two latter diseases
nothing equals Dr. Pierce's Alt. Ext. or Golden
Medical Discovery. Both medicines are sold
by druggists, or the Catarrh Remedy may be
obtained by enclosing sixty cents to Dr. R. V.
Pierce, Buffalo, N. Y.

If a life-renewing fountain, like that
sought for by De Soto, should burst from the
earth at every man's door, thousands would
turn their backs on the healing springs within
arms-reach, to run after pretended remedies.
The observant, everywhere, except Dr. Wat-
son's Vesicant Bitters as the greatest medi-
cinal blessing of modern times, but on the other
hand multitudes dose themselves with poison,
while this well-spring of health is accessible to
all. It purifies the animal fluids, regulates
every function of the body, calms the nerves
invigorates the vital organs, and is an unfail-
ing specific for digestion.

SCROFULOUS DISEASES

require a powerful detergent to remove them
from the system. Bristol's Sarsaparilla possesses
all the necessary properties. Its searching, pur-
ifying, and healing powers speedily change
the depraved nature of the secretions and the
blood; moderate doses of Bristol's Pills, taken
at same time, purge out the foul humors set
free by the Sarsaparilla, and cure is effected.

Telegraphic Summary.

WASHINGTON, March 11.—The Re-
publican caucus this evening, after a
long discussion, adopted a resolution
for a bill for the protection of Southern
loyalists, and to report to another meet-
ing, when the subject will be farther
considered and a conclusion probably
reached.

Resolution was offered to day and
considerable argument made in favor of
taking ready action upon the bill to re-
peal the duties on coal and salt and the
Southern Railroad bill and several other
bills, but the caucus definitely decided
that no measure shall be enacted this
session except such as may relate to
the condition of the Southern States.

The Democratic Conservative cauc-
us appointed a Democratic and Conserva-
tion Congressional Committee, charged
with proper duties in regard to elections
and other political matters, with power
to appoint its own Chairman, and ap-
point a sub-committee, as a resident Ex-
ecutive Committee for the distribution
of Documents and other campaign works
Cassidy is the member from California.
J. H. Slater, for Oregon; C. W. Ken-
dall, for Nevada, and S. A. Meritt, for
Idaho.

Washington March 13.—The remov-
al of Mr. Sumner from the Committee
of Foreign Relations continues to be
the exciting topic of conversation in all
political circles, and its probable effect
on the future of the Republican party.

The re-nomination of Gen. Grant is
freely discussed.

All the Republicans, except a few
of his personal enemies in the Senate
agree that Sumner's removal is very
damaging to the party; in short it was
a gross political blunder. The Democrats
are highly elated about the affair. They
say the re-nomination of Grant is inevi-
table, as there is no man sufficiently
strong to oppose him; but his defeat will
follow as a necessary result of the dis-
sensions occasioned among Republicans.

Many leading Republicans, on the other
hand, assert that Grant's re-nomination
is now out of the question, and that it
is necessary to begin to look for a more
available candidate if the party is to be
saved from defeat. They argue that
the entire New England Republicans
will be hostile to him on account of
Sumner's removal; that it has alienated,
also, all the original anti-slavery men
throughout the country, who have al-
ways formed an active working element
in the Republican party. There is al-
ready much canvassing relative to the
merits and popularity of many promi-
nent public men, with a view to their
possible candidacy for the Republican
nomination. Among other names are
Coffey, Blair, Sumner, Logan, Schenck
and Cox.

A Bill to relieve political disabilities
of a large class of persons in the South
was negatived in the House, there not
being a two-thirds vote.

Various Bills were introduced, among
others, one to give proceeds of sales of
mineral land to the Sutro Tunnel Com-
pany, of Nevada; one to rebuild the
Orphan Asylum at Charleston; one to
protect settlers in California, to remedy
injustice; the Republican Caucus Com-
mittee recommended the passage of
what is known as the Butler Bill, to
protect the South from Ku Klux outrages.
The military features of the
Bill were strongly opposed in caucus.

The United States and Mexican
Commission has decided, on broad
principles, that no reclamation lies
against the Mexican Republic for
wrongs inflicted by Maximilian or in-
surrectionists.

It is claimed that the New Hamp-
shire Senate will be Democratic, and
that that party has gained nearly a
thousand on the popular vote. The
Democrats of that State are jubilant
over the partial success.

ARREST.—J. G. Holbert is now un-
der arrest at Portland upon an indict-
ment by the U. S. Grand Jury for sell-
ing liquor without license. The charge
arose from the use of liquor with his so-
da fountain. People should learn that
the law cannot be trifled with and that
infraction when apparently of the most
trifling nature are apt to be attended
with serious consequences. The pen-
alty of this offense, if proven, is \$100 fine
and imprisonment. A punishment that
seems quite unreasonable.

To Newspaper Publishers of Oregon.

You are respectfully requested to
meet in convention in the city of Salem,
on Friday, June 23, 1871, at 1 o'clock
P. M., for the purpose of taking into
consideration such matters as may be
deemed best for the protection of the
interests of publishers in this State; of
establishing rates of advertising, news-
paper subscription, and commission to be
allowed advertising agents. Newspaper
publishers of Washington Territory are
respectfully invited to participate.
Newspapers favoring this movement
will please publish this call, adding the
name of the publisher to the list of
signatures. Respectfully,

A. L. STINSON, Willamette Farmer.
M. V. BROWN, State Rights Democrat.
S. A. CLARKE, Oregon Statesman.
T. PATTERSON & Co., Herald.
UPTON & HOWELL, Salem Mercury.
R. H. TYSON, Oregon Republican.

State Items.

[Gleanings from State Exchanges.]
The steamer Active says the States-
man is laid up probably for the want of
business.

A family named McNeal, consisting
of a father and two daughters left Sal-
em, 13th inst. for Kalama, in a boat of
their own.

The first regular mail for Kalama left
Portland Saturday morning the 11th
inst. Mr. E. G. Ingalls formerly of Oswe-
go, acting postmaster.

LAND SLIDE.—Last Saturday night a
land slide took place at the Cascades
which buried the railroad track so
deeply that the O. S. N. Company will
not be able to carry freight over the
road for several days.

Sunday's train on the O. & C. R. R.
was stopped by high water on the track
below Oregon City. The train ran on
until it reached a depth of three feet,
when it came to a stand. A train from
below came up and took passengers, bag-
gage &c.

RAILROAD STATIONS.—Maps are fil-
ed with the County Clerk of Marion
county of the towns of Hubbard, the
first station this side of Aurora, and the
town of Turner, eight miles south of Sal-
em. There will soon be filed a plat of
Brookville, eight miles north of Sal-
em.

A raid was made by an Indian, on the
house of Mr. J. C. Bell in Salem, Sat-
urday evening. Mr. B.—being absent
the family became very much alarmed.
While the intruder was in the rear of
the house, Mrs. Bell passed out the front
door, and alarmed Dr. Bell living near
who summarily ejected the marauder
from the premises.

How We Go to Sleep.

The immediate antecedents of sleep—
as languor, a sensation of weight in the
upper eyelids, partial temporary relaxa-
tion of certain muscles, as shown by
the nodding and drooping of the head
upon the breast, comparative obtuseness
to external impressions, yawning, &c.—
call for no special remark. The order
in which the muscles lose their power
is, however, deserving of a passing no-
tice. The muscles which move the
arms and legs usually become relaxed
before those which support the head
and before those which maintain the
body, in an erect position. There are many
exceptions to this rule, as may be seen
in church on a hot Sunday, when some
of the congregation are almost certain
to be seen with their chins quietly rest-
ing upon their chests, but yet tightly
grasping their prayer books. Moreover
in relation to the special senses, that of
sight is first lost, the closing of the
eyelids setting up a barrier between the
retina and the external world; but, in-
dependently of the eyelids—if they
have been removed by the surgeon, or
cannot be closed through disease—the
sight is still the first sense whose func-
tion is abolished. Some animals, as
the hare do not shut their eyes when
asleep; and in cases of somnambulism
the eyes remain open, although the
sense of sight is temporarily lost. The
other senses, as Dr. Hammond tells us,
are not altogether abolished; but their
acuteness is much lessened. Taste is the
first to disappear, and then smell; hear-
ing follows; and touch is the most per-
sistent of the senses. So, conversely,
a person is most easily awakened by fac-
tual expressions next in order by sound
and then by smell.—Once a Week.

THEY ARE NOT A VILE
FANCY DRINK.

Made of Pure Kalm, Whiskey, proof
Spirits and Refuse Liquors, doctored, spiced
and sweetened to please the taste, called "Ton-
ics," "Appetizers," "Restorers," &c., that lead
the tipple on to drunkenness and ruin, but are
a true Medicine, made from the Native Roots and
Herbs of California, free from all Alcoholic
Stimulants. They are the GREAT BLOOD
PURIFIER and LIFE GIVING PRIN-
CIPLE, a perfect Renovator and Invigorator of
the System, carrying off all poisonous matter and
restoring the blood to a healthy condition. No
person can take these Bitters according to direc-
tion and remain long unwell.

For Inflammatory and Chronic Rheu-
matism and Gout, Dyspepsia or Indi-
gestion, Bilious, Remittent and Inter-
mittent Fevers, Diseases of the Blood,
Liver, Kidneys, and Bladder, these Bit-
ters are generally produced by derangement of the
Digestive Organs.

ness of the Chest, Dizziness, Sour Eructations of
the Stomach, Bad Taste in the Mouth, Bilious At-
tacks, Palpitation of the Heart, Inflammation of
the Lungs, Pain in the regions of the Kidneys, and
a hundred other painful symptoms, are the off-
spring of Dyspepsia.

They invigorate the Stomach and stimulate the
torpid liver and bowels, which render them of un-
equalled efficacy in cleansing the blood of all
impurities, and imparting new life and vigor to
the whole system.

Salt Rheum, Itchings, Spots, Pimples, Pustules,
Boils, Carbuncles, Ring-Worms, Scald-Head, Sore

whatever name or nature, are literally dug up
and carried out of the system in a short time by
the use of these Bitters. One bottle in such
cases will convince the most incredulous of their
curative effects.

Cleanse the Vitiated Blood whenever you find
its impurities bursting through the skin in Pim-
ples, Eruptions or Sores; cleanse it when you
find it obstructed and sluggish in the veins;
cleanse it when it is foul, and your feelings will
tell you when. Keep the blood pure and the
health of the system will follow.

PIN, TAPE and other WORMS, lurking in
the system, are equally effectually destroyed
and removed. For full directions, read
carefully the circular around each bottle.
