

Just as We Expected.

Some of our Democratic contemporaries have been making considerable noise about the impeachment of Gov. Clayton, of Arkansas, for high crimes and misdemeanors; but since the matter has been investigated, and it has been found out that he is clear of all the grave charges against him, they say nothing about the matter. We have forborne saying anything concerning the matter, feeling sure, from both personal acquaintance and the reputation of the man, that he would show himself to be innocent of all grave charges, and prove himself in this, as in all his other acts, both public and private, to be a man of integrity and reliability. Mr. Neal, Chairman of the Investigating Committee, appointed to examine the witnesses for the impeachment, in his report to the Legislature, says: "The Committee have used their utmost diligence to learn such facts as the Committee are of opinion must be learned, in order to exhibit particular articles of impeachment against his Excellency the Governor, with the dignity becoming the Honorable House, and have carefully sought for information of parties the Committee had reason to believe were in possession of, or conversant with, evidence necessary to conduct the trial of impeachment successfully, and have failed in their efforts. The Committee have also examined with care the records in the office of the Secretary of State which have bearing upon State bonds to railroads in connection with the acts of the Legislature relating thereto, and are of the opinion that there is not sufficient evidence to convict the Governor of misdemeanor in office." After deliberating upon the Report, the Legislature concluded they could not sustain any articles of impeachment, and by resolution dispensed with the matter. Gov. Clayton, though a strong partisan, is a man of sterling integrity and invincible determination, and has ever, in his official career, shown himself equal to any emergency.

LEGISLATING AGAINST THE KU KLUX.

Many of our Democratic contemporaries have been very much agitated about the movements in Congress to squelch the Ku Klux outrages in the South. They raise their hands with holy horror, and appeal to the people to annul the power of the Radicals, on the grounds that the Administration is interfering with the Constitutional rights of the people in sending forces there to quiet disturbances, and appeal to the prejudices of the more ignorant portion of the people by saying that this move is made to perpetuate the rule of Radicalism in the South, under the plea of settling Ku Klux outrages. This sounds very reasonable to those who allow themselves to look only on one side of the question, and only listen to one side of the story; but to those who will allow themselves to hear or read both sides, it bears quite a different impress. To those who have been in the South and have been witness of many scenes of horror that have been enacted there during and since the war, it will be regarded as a matter obligatory upon those in authority to take measures to check these outrages. We shall be asked by some, why it is that these outrages have not been stopped long before this? Why have the Republicans been in power for six years since the war closed and not put a stop to these outrages?

This, even the most bitter enemy of the Republican party admitted was done six years ago. The Iowa State Register, a strong Democratic paper, of a recent date says:

"Grant was right six years ago. The South was then thoroughly conquered; and had not Northern rebel sympathizers tampered with and encouraged them in further acts of rebellion, they would to-day be as loyal as it is possible for a Democrat to be. We would have our Leader recollect that it is not Republicans who are now 'madly committing outrages of all kinds upon loyal people.' But it is that class of politicians with whom the northern Democrat affiliates."

We furnish the Republican and Democrat's Monthly for \$4 a year.

Does the Bible Teach that Christ is God?—The Point Admitted.

We have never been able to draw from the editor of the Messenger either an admission or a denial of the proposition "that the Bible teaches that Christ is God;" yet we find in the last issue of the Messenger an article in reply to a correspondent, which we think clearly makes the admission. He says: "Jehovah is the grandest title ever applied to any being, for it is absolutely irrelative; that is, it has no limit of time, space, or mode of existence."

The question to be settled, then, is, is Jesus called Jehovah? This the editor saves us the trouble of answering, by replying to it himself. He says: "The God of Jacob, who slumbereth not nor sleepeth, moved by that love which is, like all his attributes, infinite, condescended to reveal himself to man as Jehovah, made superlative by repetition, Jehovah, Jehovah."

"An infinite condescension on the part of Him who fills eternity, must reach down towards an exaltation of a finite creature that may even apprehend, much less comprehend, the God of Israel. Therefore has the spirit of wisdom been pleased to accommodate itself to our weakness by assigning to God modes of existence and relationship to time and space. * * *

"While we realize by faith that God bowed the heavens and came down, and in the person of Jesus was Immanuel, we rejoice to know that he elevated and exalted our nature in bearing it from earth to heaven, and seating it on the throne of the universe, thus combining and enlisting in behalf of humanity, the power of Heaven with the sympathy of earth."

This, we think, settles the point at issue as to whether Jesus is God or not, and we are forced to the conclusion that the editor, when he told us "that when we found such terms as everlasting Father, &c., applied to Christ, we might brand them as human folly," either had his mind on something else, or indulged in that language to be a little vindictive. If the former, it will, perhaps, have a tendency to keep his mind on his work; and if the latter, we would kindly guard him against showing any of that "abominable" spirit which he is so prone to charge upon others. While the editor has not deigned to answer other questions which we have propounded to him, yet we trust that we may yet get a reply by way of comments on communications which he will from time to time receive from his correspondents.

CHINESE IMMIGRATION.

Professor Porter, of Yale College, has prepared an interesting table of statistics in reference to the immigration of Chinese to the United States. According to this table there were only eleven arrivals of Chinamen in this country between 1820 and 1840, and only 35 between 1840 and 1850. During the ten years ending 1860, there were 41,396 Chinese came to this country; and from 1861 to 1868 there were 41,211 arrivals of Chinese. In 1869 the number reached 14,902; and for the first six months of 1870 the Chinese emigration amounted to 7,349. The aggregate of arrivals up to July 1st 1870, it is calculated, amounted to 104,908. Deducting the deaths and the returns to China, it is estimated that there are now less than 100,000 Chinese in the United States.

The immigrants have chiefly been males, but with later arrivals there has been an observable increase of females. Thus, in the year ending June 30th 1867, only eight females arrived, and these all at Atlantic ports. In the year ending June 30th 1868, the number was 46; and in the year ending June 30th 1869 it was 974; and in the year ending June 30th 1870, 1,116; making a total arrival of females of 2,144.

The occupations of the Chinese arriving during the year ending June 30th 1870 were as follows: physicians, 6; carpenters, 71; stone cutters, 14; mechanics, 14; bakers, 3; barbers, 7; tailors, 27; cooks, 32; farmers, 733; interpreters, 4; laborers, 12,781; merchants, 43; peddlers, 2; sailors, 7; occupation not stated, 11; without occupation, 1,973.

Governor Woods has left Oregon to attend to his appointed duties as Gov. of Utah.

CORRESPONDENCE.

McMINNVILLE, April 3, 1871. OREGON, REPUBLICAN.

Sir: Perhaps the friends of education in Polk County would be glad to hear of the prospects of the Yamhill County Teachers' Association.

Pursuant to a call of the County Superintendent, a few devoted and energetic teachers met in Lafayette, on the 25th of August, 1870, and made arrangements to meet on the 30th of December following for permanent organization. According thereto, a goodly number responded, and on the 30th of December the organization was completed. Dr. L. Henderson, County Superintendent, was chosen President; Charles M. Blake, A. M., of Amity, Vice President; H. H. Hewitt, A. B., of McMinnville, College Secretary; A. S. Watt, Esq., of Lafayette, Treasurer. An Executive Committee, consisting of Prof. L. W. King, Principal Lafayette Academy, J. W. Eddy, North Fork Academy, and V. M. Olds were also elected. The Session at Lafayette was profitable and interesting to all. The citizens of Lafayette kindly entertained all who attended. The zeal shown by the people of Lafayette in assisting the organization will most surely be rewarded. The Lafayette choir rendered the session attractive by their fine music. By special request of the citizens of Amity, the Association adjourned to meet at that place on Thursday the 31st of March, 1871. Well, the 31st has come and gone, and with it a successful session of our Association. The people of Yamhill County seem on this occasion to have manifested a most worthy solicitude for the welfare of their schools, and for the Association. From all parts of the county they came—a warm hearted, generous community entertained them for three days. On this occasion, aside from the intellectual exercises, we were entertained with music from the Amity Brass Band, and McMinnville and Lafayette choirs.

The subject of arithmetic was taken up and discussed, and to use the phrase so often heard on the occasion, the teachers literally "went down after the reason way." These exercises were conducted after the manner of classes generally in the schools, a teacher being called to take charge of the class while considering a lesson. Not unfrequently, the teacher would be obliged to "run up a bush," but would good naturedly conclude not to be "caught on the same hook" on another occasion.

On Friday, quite a number of teachers, many of them quite young, made application for certificates. A written examination required. Of course, many of the young ladies and gentlemen felt somewhat abashed at the idea; but they came off victorious—all but one or two obtaining certificates. On Thursday evening, Mr. Blake delivered a very interesting lecture on the subject of teaching. On Friday evening, Dr. Marsh, of the Pacific University, delivered a lecture replete with practical sentiments; after which several declamations were recited. During the evening the County Superintendent submitted a report of the condition of the schools.

"The spirit"—perhaps that of mirth—moved one George, of the tribe of McMinnvilleites, to write sundry chronicles. The people laughed much thereto, and with one accord, adjourned, to meet again on Saturday. The session of Saturday concluded the investigation of arithmetic as far as multiplication of common fractions. An advisory committee was chosen by the County Superintendent. The time of meeting fixed for July 27th, 1871. Adjourned to meet at McMinnville, to continue three days.

YAMHILL. NORTH PACIFIC RAILROAD.

From the Montana correspondence of the Idaho Weekly News we clip the following extract concerning the above name road.

Much interest is felt all through this Territory in regard to the location of the N. P. R. R.; but the chances are equal that it will pass up the valley of the Yellowstone, thence across to the Gallatin, and up the Jefferson and through some of the numerous passes to the Deer Lodge valley. Otherwise it must go more than 100 miles to the northward, near the line of the old Mullan road. From the forks of the Missouri to the valley of Sanke river, there is no great obstacle to a railroad route; in fact there would be no heavy grading as far west as Lost river. From there to Boise the country is more broken, especially through the Black Rock country between the lost and wood rivers.

SURVEYING PARTIES.—Messrs J. H. McClung and Wm. Pengra started last Monday with two sets of hands to survey on the McKenzie river and in Mohawk precinct. The country on the McKenzie has never been surveyed above Mr. Storman's place, about 20 miles from here, although there is quite a quantity of good land above that point. We know of a number of persons who intend to locate homesteads on the McKenzie as soon as it is surveyed.—State Journal.

State Items.

[Gleanings from State Exchanges.]

The Statesman says that the probabilities are that Judge Boise will consent to have one of the other Judges take the bench long enough to allow Mr. Bonham to raise before him an issue of fact in the courts pending in relation to the Judgeship.

REARING FISH.—The experiment of rearing trout has been undertaken in earnest by Mr. Kelly, at his mill pond east of East Portland. He commenced his operations at a recent date, but the fruits of his efforts are already apparent. No fishermen will be allowed to take trout from his mill pond, nor the mill pond of Mr. James B. Stephens, this season.

The Albany Democrat learns that work is to be resumed on the O & C. R. R. soon, and that Mr. Holladay designs completing the road to Eugene by December next.

FIRE.—Last Thursday night the farm house of Mrs. Dinwiddie, situated about 7 seven miles south of Albany, was totally destroyed by fire, and all its contents shared the same fate. The family barely escaped with their lives from the burning building, as they knew nothing of it until aroused from their slumbers by the neighbors.

On Monday, the 13th inst., Mr. David Gilchrist, Baker county, discovered another valuable quartz mine on Barnt River, a half mile below the Argentin Ledge. The vein is 7 1/2 feet wide; and Salmon Bros. have crushed some of the copings by a regular mill process, and it yields at the rates of \$200 gold, and \$50 silver, to the ton. It has been named "Helena."

A correspondent of the Belrock Democrat, writing from Warren Basin under date of March 20th, says: "We are now having the heaviest snow storm that we have had this winter. It commenced last Friday morning, the 17th, and has been snowing nearly ever since, and is still coming down. It has snowed more now in this month than it has during the whole winter. The miners are in high spirits, as we now have a prospect of a good mining season. They have now one head of water in the Amelia City Ditch; and in two or three weeks from now this will be a busy part of the country."

DESERTERS CAPTURED.—A band of deserters, four in number, from Fort Stephens, were captured at the Dalles on March 30th.

APPOINTED.—On Friday Gov. Governor appointed Samuel B. Huey and W. H. Melick Commissioners of Deeds of Oregon, the former to reside at Philadelphia, and the latter at New York.

Miss Emma Cox, said by the Idaho papers to have a brother residing in Salem, has just received \$15,000 damages from the North West Stage Company for injuries received by an accident on their line.

The Bulletin of the 4th says, that the foundation for the North Extension of the Isane Asylum building at East Portland has been laid, and the frame of the structure will soon be ready to raise.

FROM THE BULLETIN.—Two hundred new dwellings, if erected this season early, would be rented and filled as fast as they can be completed.—News of the death of Mr. S. T. Church, for many years connected with the Messrs. McCully's of Salem, but of late years Secretary of the People's Transportation Company, has been received. He died at Santa Clara, Cal., on Tuesday last. He was accompanied by his wife, who was with him in his last moments upon earth. We understand the remains will be brought to Oregon for final interment.

SALE OF STATE LANDS.—We learn from the Statesman that the persons who have heretofore entered lands for purchase are rapidly paying up for the same and in many instances making all the payment necessary to complete the purchase. Deeds are constantly being made. The following since Saturday: Daniel Delany, land in this county, 1 piece 567 acres, another of 64 acres; J. N. Dolph, 320 acres, Columbia county; Jonas Whitney, 97 acres, Wasco county; J. F. Gazley, 28 acres, Douglas county; Wm. Ryan, 80 acres, Multnomah county; Jas. Murray, 80 acres, Multnomah county.

FREIGHT SHIPMENTS.—The freight of the Oriflamme Wednesday evening amounted to 600 tons, consisting of merchandise and produce as follows: 271 bxs eggs; 226 sks potatoes; 136 sks bacon and hams; 255 bds hides; 8 sks turpins; 41 bales wool 131 sks onions; 44 cs merchandise; 2,446 bxs apples; 3,822 barrels flour (15,288 qr sks). The propeller California, Puget Sound and Victoria, carries away 250 tons as follows: Boots and shoes, 11 cs; bacon and hams, 65 cs; butter, 5 cs; beef, 11 bbls; candles, 208 bxs; coal oil, 19 cs; furniture, 30 pkgs; flour 3,972 qr sks; lard 22 cs; lard oil, 7 cs; merchandise, 1,034 pkgs; nails and hardware, 177 pkgs; middlings, 1,063 sks; oats, 64 sks; pork, 8 bbls; soap, 282 bxs; wheat, 112 sks.

NEW ADVERTISEMENTS.

HARRY BLUFF.

THIS WELL-KNOWN HORSE WILL remain at the Old Stand at Independence the ensuing season, commencing April 1st, 1871, and ending July 1st, 1871. Terms:—Six and Eight Dollars by the Season. \$75 EVERY WEEK! MADE EASY, BY LADY AGENTS.

We want Smart and Energetic Agents to introduce our popular and justly celebrated inventions, in every Village, Town and City in the World. Indispensable to every Household; They are highly approved of, endorsed and adopted by Ladies, Physicians and Divines, and are now a GREAT FAVORITE with them. Every Family will Purchase One or more of them. Something that their merits are apparent at a GLANCE. DRUGGISTS, MILLINERS, DRESSMAKERS and all who keep FANCY STORES, will find our excellent articles SELL VERY RAPIDLY, gives perfect satisfaction and netting SMALL FORTUNES to all Dealers and Agents.

COUNTY RIGHTS FREE to all who desire engaging in an Honorable, Respectable and Profitable Business, at the same time doing good to their companions in life. Sample \$2.00, sent free by mail on receipt of price. SEND FOR WHOLESALE CIRCULAR. ADDRESS, VICTORIA MANUFACTURING COMPANY, 17, PARK PLACE, New York.

\$5 TO \$10 PER DAY. MEN, WOMEN, BOYS AND GIRLS.

Who engage in our business make from \$5 to \$10 per day in their own localities. Full particulars and instructions sent free by mail. Those in need of permanent, profitable work should address at once, GEORGE STINSON & Co., Portland, Maine.

TO THE WORKING CLASS.

We are now prepared to furnish all classes with constant employment at home, the whole of the time or for the spare moments. Business new, light and profitable. Persons of either sex easily earn from \$50 to \$5 of an evening, and a proportionate sum by devoting their whole time to the business. Boys and girls earn nearly as much as men. That all who see this notice may send their address and test the business, we make this unparalleled offer: to such as are not well satisfied, we will send \$1 to pay for the trouble of writing. Full particulars, a valuable sample, which will do to commence work on, and a copy of The People's Literary Companion, one of the largest and best family newspapers published, all sent free by mail. Reader, if you want permanent and profitable work, address, E. C. ALLEN & Co., Augusta, Me. 2-3m

CHOLERA. HOW TO CURE IT.

At the commencement of the Diarrhoe, which always precedes an attack of the Cholera, take a teaspoonful of Pain Killer in sugar and water (not if convenient), and then bathe freely the stomach and bowels with the Pain Killer. Should the diarrhoea or cramps continue repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain Killer, as a remedy, has no equal. In cases of Cholera, Summer Complaints, Dyspepsia, Dysentery, Asthma it cures in one night by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache don't fail to try it. In short, it is a PAIN KILLER. Directions accompany each bottle. The Pain Killer is sold by all dealers in Medicines. Prices, 25 cents, 50 cents and \$1 per bottle.

Bear in Mind.

When disease has undermined the health, and the physical system has become prostrated, a stimulant that will not only strengthen, but remove the cause, should be immediately resorted to. Mental distress is also a fruitful source of the breaking down of the constitution and the ravages of this enemy to health are truly alarming. For such maladies Hostetter's Stomach Bitters have been found unsurpassed. By acting directly upon the digestive organs, they remove the heavy, disagreeable feeling after eating, so often complained of by persons of a delicate temperament. As soon as digestion is restored, the patient finds his strength increasing, and his general health improved. Thousands of persons certify that it may be relied on in all cases of weakness or nervous debility attendant upon sedentary habits. The generality of medicines are so bad to the taste that they are objectionable to a weak stomach. This is not the case with Hostetter's Bitters, which will be found mild and very pleasant. Balmic plants, barks and roots contribute their restorative juices to render it soothing and strengthening. Its basis is the only pure stimulant which has ever been produced, containing no opium, or any other deleterious element. The most careful and skillful chemists have analyzed the Bitters, and pronounce them harmless. This is scientific testimony; but the testimony of thousands who have experienced the preventive and curative effects of the GREAT VEGETABLE TONIC AND ALTERNATIVE of modern times is still more conclusive. In fever and Ague, Dyspepsia, Biliaryness, Nervous Complaints, Chronic Complaints and general debility it is as nearly infallible as anything in this fallible world can be.

For Sale.

THIRTY SHARES OF STOCK IN EL-Mountain Woolen Mills for Sale. Inquire of ASA SHREVE, Dallas, Jan. 27th 1871. 48-1f

Don't give orders, checks, or drafts on New York, unless you are sure of the genuineness of the signature. Address: THE ENGLA W. P. Publisher, 55a Office, New York City.

Mothers, I've Found It!

FOR YEARS I HAVE SEARCHED FOR a remedy that will CURE your children by removing the CAUSE, and at last I can say "Eureka." TRY IT.

CARMINATIVE CORDIAL.

This is a pleasant and safe, and in large doses laxative; in small doses, an astringent medicine; exceedingly useful in all bowel affections, especially of children. It is a safe, certain and effectual remedy for Cholera, Diarrhoea, Cholera Morbus, Summer Complaint, Griping Pain, Sour Stomach, Costiveness, Wind on the Stomach, Crying and Fraying of Children. In fact, there is nothing that equals it. It softens the bowels, and renders the action easy. It is no humbug medicine, get up to sell, but a really valuable preparation, having been in use for several years it recommends itself. Do not give your children the "soothing syrups," for they steeply without doing any permanent good.

Prepared by Dr. W. WATERHOUSE, MONMOUTH, OREGON.
