Circuit Court meets next Monday. There is on the docket a fair show of business.

J. H. Kincaid has opened his Picture Gallery, and is now prepared to do work in all the latest styles of the Art.

What has become of the McMinnville *West Side?* We have not received a copy of it for three weeks.

The Dallas School commences its summer session on Monday. We are pleased to learn that the same teachers have been re-employed.

The Base Ball Club held a primary meeting, and had a game on Tuesday afternoon. All interested are requested to meet again to-day at 2 o'clock on the Academy grounds.

New to-day. Contractors will do well to notice the letting of contracts by the N. P. R. R., which we advertise to-day. The time being close at hand, it will require prompt attention.

Messrs. H. L. Bancroft & Co. are always giving the public something beneficial by way of publications. See their offers to agents in advertisements in to-day's issue.

School Meeting. All will bear in mind that to-day is the time designated for voting on the school tax question. It is a matter of vital importance, and should be promptly attended to.

Is it so or not? We can testify to the truth of the report that N. & J. D. Lee have received a large supply of new and well selected goods, which they propose to sell at reasonable rates. Ladies' Hats, Caps, &c., of the latest styles.

Seeding. All available force is being brought into requisition by our farmers during the fine weather in order to get seeding done as soon as possible. Notwithstanding the late rains, an unusually large amount of seeding will be done.

Those who have too much grease on their clothes will be profitted by bearing in mind that G. B. Stiles has the county right for Rice's Patent Grease Extractor, warranted to remove grease, tar, paint or pitch, without injury to the clothes. Those needing an article of this kind will do well to try it. He is also receiving a fresh supply of groceries, boots, shoes, &c. at "Headuarters."

Negotiations have been in progress for some time between several of our citizens and the heirs of the Riggs estate, for the purchase of a half block of land on Mill Street, belonging to said estate. We understand the purchase is about to be consummated, in which case several new stores will be built immediately. We sincerely hope this may be the case, as it will give Dallas an impetus which has long been needed, and the result we trust will be, the building up of a permanent and substantial trade.

Congratulatory. By referring to the column of special notices in this issue, it will be seen that Dr. J. C. Grubbs, well known in this vicinity as a successful medical practitioner, has concluded that it was too lonesome to "grub" alone, and has taken to himself a partner for life. We were favored by the estimable lady with an excellent cake, beautifully frosted and tastily adorned with a wreath of laurel; and as we discussed its merits, all hands united in extending to the happy couple hearty congratulations, and wishing that their lives, like the cake, might be "rich" enough to be agreeable, and as pure as its crystal frosting.

We are informed by Mr. Henkle that an altercation took place at Philometh, Benton County, last Thursday, between John White, a student in the school there, and Frank Mason, a blacksmith, which resulted in the fatal injury of White. It seems that there had been a difficulty between them sometime previously, but each had to all appearance buried the hatchet. On the day above mentioned, however, an altercation took place between them at the shop occupied by John Mason and an elder brother named Eli. The old feeling came up; from words they came to blows, and Eli standing by saw that his brother was about to get the worst of it, concluded he would lend a helping hand, caught up a small bar of iron, threw it at White, striking him on the side of the head, inflicting a wound, from which he died in about seven hours. The remaining parties are under arrest. The sad affair has thrown a pall over the community, as the parties were all in good standing in society. The unfortunate victim was a young man of about twenty years of age.

Telegraphic Summary.

NEW YORK, April 17.—A *Tibune* dispatch dated Paris, 16th, says the Versailles troops are spreading around the city. They have been discovered in strength at Gennevilliers and are extending their lines to St. Denis.

A new barricade has been erected near the center of the Place Vendome. The demolition of the column has been postponed until after the cessation of hostilities.

The Assembly is impatient at the ministerial silence about war news, and demand daily communications.

Lavencoup's division occupies the Bois des Colombes and Gennvilliers, thus holding Asnieres on three sides.

General Wolf from Neuilly, made a reconnoissance to the walls of Paris and captured many prisoners.

Borral's cavalry occupies the lines of railway leading toward Paris, cutting the Provincials communications.

Loui Blanc denies that he proposed to confer two years lease of power upon Thiers, but says the project was entertained in other quarters and Thiers declined.

Versailles, April 17.—The Assembly has passed a decree ordering a municipal election in Paris on the 30th.

It is reported that an engagement took place near Asnieres. The Government troops carried Chateau Bacon, commanding the village.

Paris, April 17.—Evening—Cannonading and rifle firing toward Neuilly, and is still firmly contested.

Rumors are afloat that representatives of United States and England are jointly urging the commune to a truce.

Some Nationals Guards having invaded the Hotel of the Belgian Embassy, immediate investigations have been ordered, and arrests made.

Menotti Garibaldi has been elected a member of the Commune.

The Commune has instituted a general court martial.

Washington, April 17.—In the house Mr. Kendall moved to suspend the rules so as to adopt a resolution requesting the President to have the case of Fenian prisoners in Canadian prions presented to the Joint High Commission, with a view of effecting their release. Rejected—yeas, 94; nays, 60. Less than two thirds were affirmative.

A motion to proceed with the business on the Speaker's table was lost.

Taffe introduced a bill to authorize the Legislature of New Mexico to convene on the 1st Monday in December. Passed.

An application was recived to-day at the Treasury Department from St. Petersburg for an agency for the negotiation of the new loan to be established in that city. The application was accompanied by a subscription of $10,000,000 to the new loan by the houses applying for the agency.

Washington, April 18.—The Democratic members of Congress met again in caucus to-night, but the committee to prepare an address not being ready to report adjourned until to-morrow night. But if Congress should adjourn to morrow, the caucus will meet immediately after the termination of the session.

It is unofficially stated by several gentlemen that the President will convene the Senate in executive session about May 15th, by which time it is now supposed the Joint High Commission will have concluded its labors.

The general Republican committee of the District of Columbia waited on the President to-day, and presented resolutions adopted by Republican Convention in favor of the appointment of Fred Douglas as secretary of the new Government, if a vacancy occurs by the election of Gen. Shipmen as delegate to Congress.

Petaluma, Cal., April 18.—A meteor of great size and dazzling brilliancy was seen here this evening at 6:45 having all the colors of a rainbow and leaving a train behind. Its course was from southwest to northeast.

London, April 18.—A *Daily News* special from Paris says the Commune has 38,000,000 cash paid by banks for unsold bonds of the city of Paris.

Versailles, April 18.—The Prussians agree to stop revictualling by St. Denis.

The Insurgents occupy the greater part of Paris des Colombes beyond Asnieres.

New York, April 18.—A cable special from Paris, noon, 17th, says at two o'clock last night, two forts and advanced posts sent into the Commune the result of the votes of the troops. The urn containing the papers was carried by an officer escorted by the Nationals and the procession was headed by a red flag. There were cries of "Vive la Commune."

The report that the city is about to be invested by Versailles and Prussians jointly, causes great excitement.

Barricades on Rue de Gastiglione have been demolished. Also the large works erected at Balienelles, Bellevue and Montmatre.

The church of St. Jaques is surrounded to-day; the church of St. Vincent de Paul was surrouded by Nationals and pillaged. Scarcely a church is open now.

A dispatch from Boulogne says the communal elections in Paris were a perfect fiasco. Not one-tenth of the voters went to the polls.

Sick Headache.

A recent medical writer thus accounts for sick headache, from which so many persons suffer. He attributes it to a weak stomach and imperfect digestion, and that the attacks are unusually preceded by a greater than ordinary appetite. The stomach is naturally weak, and so long as it is not crowded it works kindly. By and by more food is put into it—or more irritating kinds—than it can digest. It ferments an acid state is produced, the acid acts as an irritant upon the coats of the stomach, and this irritation is taken to be a call for food, to satisfy which more is taken, and all to no purpose; the poor stomach revolts, but with the rest during the headache and the relief from the vomiting, it recovers its wonted tone.

A lady says: "Take my advice, ye maidens thinking of matrimony. Never marry a man who is unkind to his mother, snubs his sister, helps himself to the best at the table, is afraid to work, or is unable to support you."

ACCIDENT.—A man was hurt at East Portland Tuesday by one of the chains breaking on a gravel car, letting the "dump" roll over striking the man on the head. His injuries were pretty severe, but he will soon recover.

MARRIED.

GRUBBS—NEALY.—At the residence of the bride, in Polk County, Oregon, April the 16th, 1871, by the Rev. D. L. Spaulding, Dr. J. C. Grubbs and Miss Madelia Nealy, both of this County.

PAIN KILLER
PERRY DAVIS & SON PROVIDENCE R.I.
1840 1870

CHOLERA.
HOW TO CURE IT.

At the commencement of the Diarihœ, which always precedes an attack of the Cholera, take a teaspoonful of Pain Killer in sugar and water, (hot if convenient,) and then bathe freely the stomach and bowels with the Pain Killer clear. Should the diarrhœ or cramps continue repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain Killer, as a remedy, has no equal. In cases of Cholera, Summer Complaints, Dyspepsia, Dysentery, Asthma it cures in one night by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache don't fail to try it. In short, it is a PAIN KILLER.

Directions accompany each bottle,
The Pain Killer is sold by all dealers in Medicines.
Prices, 25 cents, 50 cents and $1 per bottle

Bear in Mind.

When disease has undermined the health, and the physical system has become prostrated, a stimulent that will not only strengthen, but remove the cause, should be immediately resorted to. Mental distress is also a fruitful source of the breaking down of the constitution and the ravages of this enemy to health are truly alarming. For such maladies Hostetter's Stomach Bitters have been found unsurpassed. By acting directly upon the digestive organs, they remove the heavy, disagreeable feeling after eating, so often complained of by persons of a delicate temperament. As soon as digestion is restored, the patient finds his strength increasing, and his general health improved.

Thousands of persons certify that it may be relied on in all all cases of weakness or nervous debility attendant upon sedentary habits. The generality of medicines are so bad to the taste that they are objectionable to a weak stomach. This is not the case with Hostetter's Bitters, which will be found mild and very pleasant Balsamic plants, barks and roots contribute their restorative juices to render it soothing and strengthening. Its basis is the only pure stimulant which has ever been produced, containing no *fusil oil*, or any other deleterious element. The most careful and skillful chemists have analyzed the Bitters, and pronounce them harmless. This is scientific testimony; but the testimony of thousands who have experienced the preventive and curative effects of the GREAT VEGETABLE TONIC and ALTERATITE of modern times is still more conclusive. In fever and Ague, Dyspepsia, Billiousness, Nervous Complaints, Chronic Complaints and general debility it is as nearly infaliable as anything in this falliable word can be.

CARD.
TO THE PUBLIC.

MR. J. C. OSBORNE, SENIOR, A Preacher in the Baptist Church, and his Son, Mr. John Osborne, having assailed my character for truth, publicly, during Divine Service, at the Gingles School House, in Benton County, on Sunday the 9th day of April inst., I take this means of attesting to the falsity of their statements, and giving to the public a true account of the conversation had between us.

I, Hudson J. Bevens, being first duly sworn according to law, depose and say that on or about the 2d day of February, A. D. 1871, on the premises occupied by one J. C. Osborne, Senior,, a Minister of the Baptist Church, in a conversation with said Osborne, the said Osborne spoke to me as follows, to wit:—"Has Hodge sold his place?" To which I answered, "He has; my son Speed and I have bought it." To which he responded, "There will be trouble about that place, for J. C. Mendenhall, of Albany, was here last night, and was very much put out with Hodge, and claimed the right of sale of the place, and said he had sold it for $1,500, out of which he was to receive $90 as his commission, under a special contract between him and Hodge." And I further say that I believed in the statements of the said J. C. Osborne at the time they were made to me, and believed he was placing me on my guard before I finally completed the purchase.

Subscribed in my presence by the said Hudson J. Bevens, and by him, sworn to this 17th day of April A.D. 1871. } HUDSON J. BEVENS.

On or about the 3d of February 1871, I met Mr. Osborne, He told me that Speed Bevens bought Jack Hodge's place, and it seemed that they had trouble about it already; that Mendenhall claimed the sale of the place; that he had bargained it off for $1,600.
