☞ Please notice this. Those in arrears, either for subscription or advertising, will confer a favor by calling and settling. It is a small amount to each, but in the aggregate amounts to a handsome sum to us, and will enable us to make certain improvements contemplated.

Mr. J. H. Kincaid wishes it understood that there will be no work done in his photographic gallery for three or four weeks. After that time he expects to be open again for business.

Wool. The wool market is active, and considerable quantities being purchased at good prices. The quotations this morning are thirty-three and one-third cents. Several of our merchants are buying at these figures.

Mr. A. Shreve gives us a card for publication. Mr. S. is well known here as a blacksmith, and it only needs to be known that he has opened his shop to insure to him a good share of public patronage.

New Advertisement. Jerry Galwick, of Independence, informs the public that he can groom a gentleman's horse, or furnish one already groomed, at any time, and on satisfactory terms.

We call the attention of those wishing wagon or blacksmith's work done in Salem to the establishment of Underwood, Baxter & Co. Their advertisment is in another column, and we feel assured that their work will give satisfaction.

Hotel. The *Dallas Hotel* has opened under more promising auspices, and we take pleasure in calling the attention of the public to that fact. Anyone calling there will be sure to get a "square meal," comfortable quarters, and will go away benefitted for having called.

Wheat in considerable quantities is being hauled to market now that grain is commanding a good price. Last Monday, in a short drive through the country, we saw six four-horse teams, and several two-horse wagons loaded with wheat for Lincoln.

Agricultural Implements of all kinds, as cheap as the cheapest, and as good as the best, can be found at R. M. Wade's Commercial Street, Salem. From his advertisement in today's issue, it will be seen that he has a full supply of all kinds of machinery required by the agriculturist.

We have received from A. L. Bancroft & Co. of San Francisco, several fine engravings, among which is "Christ Blessing Little Children;" "The Angel's Whisper," and several others. Anyone wishing an engraving which will be a fine ornament to any drawing-room, can be accommodated by calling at this office.

We were shown the other day by Mr. Kincaid, at the shop of Richardson & Co., a machine for stoving wagon and buggy tires, which is the simplest, and at the same time the most efficatious, of any we have seen in that line. It consists of two simple clamps fastened to a scantling six inches square and about five feet long. One of the clamps is movable, and works by a lever. The whole apparatus is simple and convenient, and takes up no room in the shop, being fastened to the wall by bolts. Mr. K. has a patent on it, and has the machines for sale.

While other towns in the State are boasting of the rise of real estate, we, without any railroad, and perhaps little prospect of ever having one, have considerable occasion to brag as well as the rest; several pieces of town property and others in the adjacent neighbourhood have changed hands at good figures. We are happy to chronicle the fact that the attention of strangers is being drawn towards our beautiful locality, and numbers are locating here. Those having property for sale would work for their own interest by advertising the same, so that strangers coming in will know where to find such as they want.

A Lady's Endorsement.

Madame E——, the acknowledged leader of the most refined and fashionable society in the city of New York, speaks of MURRAY & LANMAN'S FLORIDA WATER in the following highly complimentary manner viz: "It has a fragrance as fresh as the odor from blooming flowers and imparts to the bath a delightful bouyancy. I use it on the toilet table and the handkerchief, to the exclusion of all other perfumes."

☞ Buyers should always ask for the Florida Water prepared by Lanman and Kemp, N. Y. 545.

Telegraphic Summary.

VERSAILLES, May 22.—The Commune troops rallied at Montmatre and Hotel de Ville and approaches defended by barricades. Much serious fighting took place which resulted in the Versaillists troops occupying three-fourths of the city.

A conflagration is raging near the Invalides, and the Insurgent battery on Montmatre is cannonading the city.

L'Amirault telegraphs that everything is satisfactory, although fighting may continue for several hours. The city is absolutely won. Many of the Commune leaders were taken, and there were some awful massacres.

In the Assembly to day, Thiers made a congratulatory speech on the great success of the Government arms and said he did not expect an entrance into Paris for three or four days and gave an account in detail of movements on Sunday, which terminated so victoriously. He announced that the Government has determined to visit with rigorous punishment most criminal insurgents.

Bills have been introduced to restore Chapel Expiation and the column in Place Vendome—the latter to be surmounted by a statute of France.

A vote of thanks to Thiers and the army was adopted by acclamation.

London, May 22.—A dispatch dated outside of Paris, Monday evening says the insolation of the city continues. Fires are raging inside, and a dense smoke overhangs Montmatre. Frequent explosions are heard The sound of cannons and musketry continues.

It is said the Prussians are occupying Vincennes.

The Prussian outposts have received strict orders to drive back all insurgents attempting to pass their lines.

A Commune General, seeking to escape from Paris, had been turned back by the Germans.

The headquarters of the Prince of Saxony will shortly be removed from Marency to Compegne.

Some of the guard return to Germany by the end of the present week.

London, May 22.—In the House of Lords to-night it was asked if, in view of the evident aversion of Canadians to the Treaty of Washington, the Government intended to press ratification before the twelfth of June.

Earl Lauderdale quoted the report by the Atlantic cable of Senator Sumner's speech denouncing the treaty as a peace measure and ridiculed the idea of an apology from England, and declared she had never made any.

Earl Granville (Foreign Secretary) declined to answer Earl Lauderdale; it was inconvenient now to discuss the terms of treaty. He sympathized as little with Sumner as with Lord Lauderdale. The treaty is not a treaty until ratified. It has already been published in the United States, for the American Senate had began investigation into means by which it was obtained for publication; hence, should it be submitted to Parliament, it was impossible to anticipate a decision of the Senate.

Lord Granville declined to pledge the Government to a refusal to ratify the treaty before June 15th, simply because notice has been given of an intention to raise a discussion on it in Parliament.

Before ratifications are exchanged it is understood the Canadian Parliament is to be consulted.

Earl Russel insisted on his demand that opportunity be given for discussion as a Parliamentary prerogative

Earl de Grey said diplomacy was impossible if it had to be submitted to Parliament before ratification. It was the prerogative or the Crown to conclude treaties on its own motion.

Earl Granville stated the official copy of the treaty was only received by the Government yesterday. It was now printing and would be submitted on Tuesday. Other official documents will be withheld pending the debate in the Senate of the United States.

New York, May 22.—A Paris dispatch says the city is in tremendous commotion. From the windows in the west front of the Tuileries the scene of conflict can be distictly seen. An immense body of Commune troops have concentrated around the Hotel de Ville, having retreated from the outskirts.

The collapse of the Commuue is imminent.

Paris, May 22.—All is over. Seventy thousand Versaillists have entered, and more are now coming. They marched in all night through six gates, meeting with slight resistance. Barricades were not defended, and no mine, exploded.

The Versaillists are now moving upon the Hotel de Ville, where the Commune will make a last stand.

The Versaillists behaved splendidly committing no excesses.

The Versaillists army have occupied Paris, with headquarters at the new Opera House.

Cissey's headqaarters are on the south side of the Seine at Ecole Militaire.

There was a great explosion this forenoon near Esplanade of Invalides.

LOVING HOME.

Nothing appears more beautiful in human experience than the reciprocal affection of parent and children, especially after the latter have attained maturity, and perhaps formed new relations in life. To see the loving daughter, after she has become a wife and mother, visit the parental home, and bestow that affection upon her parents—that tender affection which has not been diminished by her new relations, is noble and admirable in the extreme. Would that all children realized the joy they might create in the bosoms of their parents by keeping alive that flame of filial affection which is so easily cultivated, and lose no opportunity of making it manifest in little acts of love and gentleness, even after they may have become parents themselves. The child never grows old to a fond parent; it is always the same dear child, and more especially when it takes the pains to cultivate a spirit of love and confidence.

STRANGE PHENOMENON.—The village of Hokah, Minn., which is five miles west of this city, has been the scene of a startling phenomenon this week. It seems that the citizens in Hokah are moving their cemetery, and in taking up the bodies for re-interment, the side of a coffin fell out, and exposed the remains of a young lady named Della Parker, who died and was buried some 13 years ago, aged 17, and we have it from eye witnesses that her form was as perfect and she as natural looking as the day she was buried. Her arms, body and breast were thumped with a mallet and sounded like and resembled solid stone. The body is probably petrified, as it is a limestone country. Her relatives immediately reburied her. Other bodies were found that resembled this one in petrefrction, but no examinations were made. We do not make this as a sensation item, but as the truth. We have read of late several similar instances.—*La Crosse Democrat.*

DALLAS, May 21, 1871.

HON. G. B. JOHNSON, Salem.

Sir: The proposition you made to T. G. Richmond is gentlemanly in all its bearings. We cordially accept the same, with the understanding that should the Dallas dogs come in ahead during our hunt oftener than the Salem dogs, we take the spoils; if otherwise, Salem carries off the palm. Due notice will be given of the time and place of the hunt. Yours, &c.

CHOLERA.

HOW TO CURE IT.

At the commencement of the Diarrhœ, which always precedes an attack of the Cholera, take a teaspoonful of Pain Killer in sugar and water, (not if convenient,) and then bathe freely the stomach and bowels with the Pain Killer clear. Should the diarrhœ or cramps continue repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain Killer, as a remedy, has no equal. In cases of Cholera, Summer Complaints, Dyspepsia, Dysentery, Asthma it cures in one night by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache don't fail to try it. In short, it is a PAIN KILLER.

Directions accompany each bottle,

The Pain Killer is sold by all dealers in Medicines.

Prices, 25 cents, 50 cents and $1 per bottle

Poisonous Medicines.

The theory that the virus of diseases can be safely counteracted by doses of poison, is false and dangerous. Within the last 25 years, not added to the prosperity of the medical profession. They are given in smale doses otherwise they would destroy life immediately; but even in minute quantities, they produce, ultimately very disastrous effects. It is unwise and unphilosophical to employ, as remedies, powerful and insidious drugs, which, in subjugating one disease, sow the seeds of another still more unmanageable. None of these terrible medicaments operates with as much directness and certainly upon the causes of diseases as Hostetter's Stomach Bitters, a tonic and corrective *witout a single deleterious ingredient in its composition.* Arsenic and quinia are given for intermittents; bromide of potassium for nervous disorders; strychnine and prussic acid for general debility; mercury, in various forms, for liver complaint; preparations of chloroform and opium for sleeplessness; and yet these deadly drugs do not compare, as specifics for the diseases above enumerated, with that wholesome vegetable invigorant and alterative, while they are all so pernicious that it is astonishing any physician should take the responsibility of prescribing them. Let invalids, for their own sakes, try the Bitters before they resort to the poisons. The relief they will experience from a course of the harmless specific, will render a recourse to the unsafe preparations referred to quite unecessary.

The Great Medical Discovery!

Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS,

Hundreds of Thousands

Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of Womanhood or at the turn of life, these Tonic Bitters have no equal. ☞ Send for a circular.

They are a Gentle Purgative as well as a Tonic, possessing also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Billous, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION. Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth Billous Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.

J. WALKER, Proprietor. R. H. McDONALD & CO., Druggists and Gen. Agents, San Francisco, Cal., and 32 and 34 Commerce Street, New York.

THE NEW FOOD.

For a few cents you can buy of your Grocer or Druggist a package of SEA MOSS FARINE, made from pure Irish Moss, or Carrageen, which will make sixteen quarts of Blanc Mange, and a like quantity of Puddings, Custards, Creams, Charlotte Russe, &c. It is the cheapest, healthiest, and most delicious food in the world. It makes a splendid Dessert, and has no equal as a light and delicate food for Invalids and Children.

A Glorious Change!!

THE GREAT WORLD'S TONIC.

Plantation Bitters.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid, it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all Climates, tropical, temperate, or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits. For sale by all Druggists.
