Business Directory. Those interested in the business of our section can glean something of the business done here by referring to our "notice of advertisers" in another column.

"Here we go again" with the best pictures in the State at the West Side Car. Those who don't believe it can call and satisfy themselves. One door east of the Printing Office.

W. H. Catterlin hereby informs the public that he would like to secure a place for one of his daughters, aged 11 years in a good family having no small children, and living in or close to some town where she could have advantages for schooling.

Among the visitors in town during the week were Gen. Palmer and Charles White, from Siletz, J. J. Daly from Rhea Vista, William Ridgway, assessor of Polk County, Hon. Ben Hayden and many others—among them several strangers, some of whom were lately from the East taking a view of the country.

Gen. Palmer, Agent at the Siletz Reservation, was in town on Wednesday night. He informs us that crops on the Reservation are excellent, and everything is in a flourishing condition. He was on the way to the Siletz with a combined reaper and mower for the use of the Indians.

George Phillips, of Zena, was working with the Robbins' Traveling Thresher, one day last week, had one of his feet badly crushed in the cylinder. Fears were entertained that amputation would be necessary, but last accounts is more favorable, and it is hoped he may recover without any loss. We put it mildly some of his toes.

We have received No. 2 of the Real Estate Circular of Hammond & Ferry, of Salem which contains quite a lengthy account of the facilities of Polk County, gleaned from statistics of Oregon. It is gratifying to see the interest that is manifested by our real estate dealers in exhibiting the advantages of our State.

Under the excitement caused by the announcement that Ben. Holladay had bought off the P. T. Co., and that the freight tariff would be raised, wheat declined to 90 cents per bushel during the fore part of the week. This, however, was only temporary, as it soon rose to its former figures, and is now selling readily at a dollar.

Fires are still raging in the mountains back of town, and considerable loss is being sustained thereby. One man named Bludsworth lost seven thousand new rails Tuesday night, and quite an amount of rails and other property is in imminent danger of being destroyed, unless a timely rain should come to check the fury of the fire. The blaze is distinctly seen from town during the night, and in daytime the air is filled with smoke.

Polk County outwitted. The man Parker, who was committed to jail last week for stealing blankets from the Ellendale Mill Company, broke jail Sunday night and fled, taking three pairs of blankets from the jail belonging to the County. He seemed to have a mania for blankets, and as the Ellendale Company was too much for him, he concluded to try his luck with the county and see if he would come off as well as others who have fallen into the hands of our county lately. The experiment was satisfactory (to him), for the winter will soon be here, and he has his blankets.

A man whose name we have not learned came into Polk County during the fore part of the week selling the metallic white wire clothes lines. Our officials were consulting the propriety of detaining him for selling without a license; but he "smelt a mice," and left. The same day he left, a man named Riley, from Salem, came in and undertook the same game, but the authorities were bound to be quick enough for him, and so had a writ served on him at once. He consulted Ben. Hayden, who said the law required six days' notice before the service, and told the man to leave him a few of his lines to lighten his load, and "git;" and he "got," leaving the county the same day.

Telegraphic Summary.

PARIS, August 28.—In the Assembly M. Rivet, in the report of the Committee appointed to consider the further prolongation of Thiers' power, concludes by submitting the following decree and commending its adoption: "The Assembly considering itself entitled to constituent powers which have not been exercised, solely from the force of circumstances, and considering that meanwhile the relative state existing institutions require it to decree—First that Thiers takes the title of President, and continues to exercise his executive power under authority of the Assembly. Second, that the President promulgate and ensure the execution of the laws passed by the Assembly; that he resides at the seat of the Assembly and that he participates in its deliberation on giving notice of his intention, and that he appoint or dismiss Ministers and be responsible to the Assembly for his acts." Dufoure declares that the decree lacks expression of confidence in Thiers, and moved that it be amended by the addition of an eulogistic paragraph. After a scene of great excitement the debate on consideration of the report was set for Wednesday. It is reported that the committee had previously considered and rejected Dufoure's amendment. The situation is critical.

Madrid, August 28.—King Amedeus and the Crown Prince of Italy reviewed the troops, yesterday.

An Amnesty for political offences will be issued in October.

Berlin, August 28.—The Prussian *Cross Gazette* confirms the report that a second meeting of the German and Austrian Emperors has been arraigned and states that it will take place probably on September seventh, at Salsburg. Emperor Francis Joseph will be accompanied by Von Buest, to confirm the basis laid at Gastein, for relations whereby Germany and Austria are to assume a joint attitude. Italy has unconstitutionally agreed to the same policy, and communications have passed between the three governments looking to the establishment of a complete understanding.

Halifax, August 28.—All the crews are now here for the great oared race to come off on the tenth of October. With the exception of Prior, all the crews want smooth water. The Prior boat being larger than the rest, they have the advantage in rough water. The Taylor Winship crew is the favorite. The Paris crew is rather a favorite, but Americans are freely backing American crews, who are rowing well. There is a good deal betting on Paris, with the reservation, however, that if the crew does not start, owing to rough water, bets will be off.

St. John, August 28.—It is understood that the Paris crew will not row in the Halifax regatta unless the water is smooth.

Paris, August 29.—The *Debats* deplores the introduction of Defaure's amendment.

The *Siecle* says that Thiers proposed wording the report of the Committee. He will speak on Wednesday.

The Left Right and Left Centre held a meeting after the sittings of the Assembly to deliberate on future conduct.

Certain Paris papers are to be prosecuted for publishing false news.

The French deputation to Ireland have returned home.

London, August 29.—The British consul at Zanzibar writes that Dr. Livingstone, the African explorer, is slowly making his way homeward.

The *Standard* states that McGuerney the English Commissioner under the Treaty of Washington receives no compensation.

By a petroleum explosion at Rousance, a vessel was burned.

Paris, August 28.—The Prussians will evacuate the Forts near Paris possibly by the fifth of September.

London, August 29.—The Fog Osprey was lost off Dundee, and six persons drowned.

The steamship Prussian, from Quebeck, ran down and sank the steamer Aber. It is believed all are safe.

The steamers City of London, Ocean Algeria and Assyria, from New York, and the Ohio from Baltimore, have arrived out.

Madrid, August 29.—Vessels from New Providence and Cuba are quarantined.

London, August 30.—Napoleon and family visited the Great Eastern yesterday.

The King of Belgium returns to Ostend to morrow.

One hundred and thirty Germans struck work at Newcastle yesterday and paraded the streets. There was no disorder.

Duke de Aumales declines the Presidency of the French Republic.

The Vienna *Free Press* says a treaty of peace was formed at Gastien, Austria, Germany, Italy and perhaps Russia, are signers.

Duke Montpensier, who is in France, offers to testify before competent Spanish authorities relative to the death of General Prim. He is at present detained from going to Madrid by the death of his daughter.

London, August 30.—The brig Bondicar, from Cronstadt, has been lost and six persons injured.

The New Bedford (Mass.) *Mercury* says that a seaman, returning from his first voyage in a whale ship, recently arrived at this port, found awaiting him a letter from the executor of his father, who had died during his son's absence, announcing a bequest of about $50,000. The heir was of course pleased at this substantial token of his father's affection; but to the suggestion that he would now give up the sea, replied: "No; I shall look after my property, and then probably ship for another whaling voyage."

A PERFUME TOOTH-WASH!

Mix a teaspoonful of MURRAY & LANMAN'S FLORIDA WATER in a tumbler of pure, soft water, and you have a tooth-wash far superior to all the lotions and dentrifices ever offered for sale. It will not injure the enamel; will heal all tenderness or soreness of the gums or mouth, and will impart a most delightful fragrance to the breath.

☞ As there are worthless counterfeits, buyers should always ask for the Florida Water prepared by Lanman & Kemp, N. Y.

At 35, the average American discovers that he has an "infernal stomach," and thereupon goes into the hands of the doctors for the remnant of his life. This is too true but many persons discover it before that age, because they have abused theirs, and have waited until disease became seated. Prevention is better than cure, but Dr. WALKER'S CALIFORNIA VINEGAR BITTERS will both cure and prevent dyspepsia, diseases of the skin, liver, kidneys and bladder, and all disorders arising from impure or vitiated blood.

CHOLERA.

HOW TO CURE IT.

At the commencement of the Diarrhœa, which always precedes an attack of the Cholera, take a teaspoonful of Pain Killer in sugar and water, (not if convenient,) and then bathe freely the stomach and bowels with the Pain Killer clear. Should the diarrhœa or cramps continue repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain Killer, as a remedy, has no equal. Diseases of Cholera, Summer Complaints, Dyspepsia, Dysentery, Asiatic it cures in one night by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache don't fail to try it. In short, it is a PAIN KILLER.

Directions accompany each bottle.

The Pain Killer is sold by all dealers in Medicines.

Price, 25 cents 50 cents and $1 per bottle.

Exuberant Health.

It is a blessing vouchsafed to few. Even those who have been favored by nature with strong constitutions and vigorous frames are apt to neglect the precautions necessary to preserve those precious endowments. Indeed as a rule the more healthy and robust a man is, the more liberties he is inclined to take with his own physique. It is some consolation to the natural weak and feeble to know that they can be so [illegible] and built up by a proper use of [illegible] which science has placed at their command, so as to make a feeble physique as [illegible] as that of the strongest. The Great Medical Discovery!

Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS,

Hundreds of Thousands

Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

They are a Genial Purgative as well as Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the system, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION.

Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which renders them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.

J. WALKER, Proprietor. R. H. McDONALD & CO., Druggists and Gen. Agents, San Francisco, Cal., and 32 and 34 Commerce Street, New York.
