The Fall term of the Dallas School will commence next Monday.

County Court has been in session during the week. There was but little business on the docket.

We hear of considerable sickness through the country. Fevers and Diptheria seem to be the | ica. prevailing complaints.

Mr. J. L. Collins, who has been confined to his room for some time with a severe attack of fever, is again able to be out on the street.

As a party of our townspeople were on their way home from the coast this week, William Kennedy killed a large black bear weighing about three hundred pounds.

W. H. Catterlin is fitting up his West Side Car, preparatory to going to the State Fair He is in realiness to furnish a few more pictures for anyone wishing them before he leaves.

The fire in the mountains near town is still raging, and is doing much damage. The steam saw mill of Cox & Clark is in imminent danger of being destroyed. The machinery has been taken out, and everything is being re- from Avecibo to the twenty second ut sort was drawned. In 1858 his fourth moved that can be, to a place of safety.

We have on our table a beautiful Boquet, presented by Mrs. M. M. Dodson. This estimable lady has taken great pains to collect a variety of flowers from all portions of the county, and we think we can safely say, she has the greatest variety of flowers in the county, if not in the State.

Mr. William Mc Cune, of this county, thrashed twelve bundred and forty bushels of good clean wheat from twenty-five acres of land. This is the best yield we have to report yet. If anybody in the county can beat it, let us They were driven into their barracks and Gen Grant. hear from them, and see if Polk County cannot furnish the highest yield of the State.

Mr. E. L. Delashmutt has favored us with a specimen of fine peaches, raised on his farm, capturing of the intrates. Mr. J. W. Crawford, former Clerk at the Grand Round Reservation was in town Tuesday, and reports everything quiet in that locality. The resignation of Capt. Lafollette, and the appointment of Mr. Rinehart temporary Agent, has, of course, caused a change of employees. Mr. Crawford is superceded by a gentleman whose name we have not learned.

Linn County Fair. We acknowledge the receipt of a complimentary ticket to attend the above-named fair, which commences on the 26th of this month, and continues to the 30th. The list of premiums is quite lengthy, and the premiums themselves very liberal. The association have taken great pains to prepare their grounds, and so arrange everything as to make the Fair a success. This we hope it will be.

At the races Wednesday, Whitley's horse was the winner by about twenty feet. Both parties were very sanguine in the outset, and some bet all the money they had, and all they could borrow. We understand Whitley won about fourteen hundred dollars, and didn't run much either. Delashmutts, after betting all their money, bet " Portland" against what they supposed an equivalent of coin. After the race, the "Portland" which was bet proved not to be the city, but a favorite hunting hound which belonged to Jack Delashmutt.

Mr. William Tatem, who lives about four miles east of town, informs us that on Thursday afternoon of last week, his barn, together with its contents -about twenty tons of hay, nearly seven hundred bushels of oats, seventy bushels of wheat, and a considerable amount of other property, was entirely destroyed by fire. When first discovered the whole building was in flames. The only way in which he thinks the fire could have originated was by matches being left in the hay by threshers who had slept there a few nights previous. Loss about \$1,000,
