CHICKENS—2 50 @ \$2 75 doz.
TURKEYS—75 @ \$1 each.
DRIED PLUMS 1 63 per lb.
WOOL—33c per lb.

Please notice this. Those in arrears,
either for subscription or advertising, will con-
fer a favor by calling and settling. It is a
small amount to each, but in the aggregate
amounts to a handsome sum to us, and will
enable us to make certain improvements
contemplated.

Good "Cutting" men wanted by the N. P.
R. R. Co. See advertisement.

The damage done by the fires now raging in
the mountains near here is almost incalculable.
Some of the finest and most accessible timber
in the county is being destroyed.

Everything in the produce line is demanding
high prices at present. Hay can hardly be
bought at any price; wheat \$1 25 per bushel
oats 75 cents; and other produce in proportion.
These are certainly good times for farmers.

By private letter from the Dalles, we learn
that crops are good in that section—fruits and
vegetables excellent, and people generally well
supplied with home comforts. The late fire
there has thrown quite a damper over the
place, but it is rapidly re-building.

Wonders never cease. Mr. Clark, of Dixie,
some time since, sent us an "ad." and it had
such an effect on his business, that he adver-
tises, as will be seen by noticing another col-
umn, for an immense number of men "to help
him out." So much for advertising.

The whole amount of taxable property in
Polk County, as returned by the assessor, is
\$1,809,972; whole number of polls, 854; tax
levy for the year 1871 is, for State purposes
51 mills; school tax, 2 mills; county tax, 4 1/2
mills; making a total of 12 mills for the year.

In a short conversation with Mr. Durand, a
former resident of Eola, but now living on Dry
Creek, Umatilla County, we learn that the
crops in that section are fine; wheat has
yielded well; garden products are unexcelled;
and fruit, especially peaches, is excellent. He
had been away from Polk County about six
years, and expresses himself very much sur-
prised at the improvements made during that
time. The vegetation of the country where
he lives, he claims, is much more thrifty than
in the Willamette Valley, grass being high
enough to mow where stock has run all the
summer.

Circus Coming. The Mills, Seal & Co.'s Cir-
cus and combination of artists is to be in Dallas
next Monday. This great combination has
been re-fitted, and as they travel through the
country are receiving flattering comments, both
from the press and from the people. The
Portland Oregonian says of them: "The per-
formance was very creditable. The equestrian-
ship was above the average; and the vaulting
and posturing could not be surpassed." The
long list of celebrated equestrians, gymnasts
and other performers connected with this com-
bination is a guaranty of its interest, and a
good recommend to the public.

Robert McCune, while driving the horse
power of a threshing machine on the farm of
Mr. B. Dranson last Monday, met with a severe
accident, which may yet cost him his life.
While the machine was running, he was en-
gaged in oiling the power, and in attempting
to step on to it, his foot slipped down between
the master wheel and the ball pinion, grinding
the leg off about half way to the knee. Dr.
Hall, of Grand Round, and Jessup, of Dallas,
were summoned who amputated the leg just
below the knee. At last accounts he was
lying very low, but hopes are entertained of his
recovery. The shock was very severe; the
loss of blood before the arrival of the Drs., fol-
lowed by the process of amputation, reduced
him to a very low condition.

Whittings.—A little son of William Savage
was slightly injured on Monday by a horse
falling with him.—An organ grinder has been
perambulating our streets lately, to the amuse-
ment of the little-uns.—A fine rain fell on
Thursday afternoon and night.—J. M. Camp-
bell has a large lot of sash and doors on
hand.—The bridge across Mill Creek at the
Elk Horn Mills is being repaired.—Bolter &
Wortley are opening a lot of fine goods.—
Some parties have not yet finished harvesting,
though we believe most of the grain is housed.
The yield is fully up to the average.—Mr. E. L.
Delashmutt denies having anything to do with
the races. He says it is not his fight.—We don't
like to tout our own horn much, but this is a
good time to subscribe for the REPUBLICAN. If
you don't believe it, try it.

Mr. Grubbs, father of Dr. J. C. Grubbs, has
been here on a visit during the past week, from
Benton County. He reports crops in that
county good, and everything flourishing.

J. A. Applegate gives us a card, which may
be found in another column of this issue. Mr.
A. is well known as a legal practitioner, and
still holds himself in readiness to attend to all
business intrusted to him, promptly.

Still another. Our young friend and fellow
townsman, Mr. N. L. Butler, has taken to him-
self a wife, as will be seen by the notice given
elsewhere. We acknowledge the receipt of the
cake, it was excellent. We ate it, and relished
it, and wished the happy couple all sorts of
good luck. We hear it hinted that this is the
first out of several weddings to arise out of a
certain trip of Dallasites to the Coast some
two months since. We hope this may be so;
and we hope further that all will remember the
printers. We have a craving appetite for cake,
and while talking about it, feel like the little
girl who had attended the wedding of a sister,
and was shortly after bantered by a friend
about the probability of another sister marry-
ing soon, when she remarked, "I with Minnie
would dit married, so Lottie tood dit some more
dood take." That's how we're fixed.

Telegraphic Summary.

PARIS, September 18.—The failure
of the new customs treaty with Ger-
many is imminent. The German Plen-
ipotentiaries object to Alterations made
by the Assembly. A Legislative com-
mittee of twenty-five will hold weekly
sessions in the intervals. The Presi-
dent and Vice President of the Assem-
bly, as a committee will represent the
Assembly.

Count Von Arnim dined with Thiers
on Saturday.

The Paris press urges the people to
arise and take an active convass in the
coming elections for councils. The peo-
ple of the provinces are counseled to be
careful in their choice, so that the elec-
tions may show how the country stands
on the great questions which agitate it.
The election will be held in October.

LONDON, September 18.—The pro-
posed demonstration in favor of the
Newcastle strikers has been abandoned.
Many foreign workmen are arriving at
Newcastle. A mass meeting there re-
solved to continue the strike.

The steamer Paraguay from New
York has arrived.

New York, September 18.—A Paris
letter says that Thiers is beginning to
show signs of over work. He is sub-
ject to fits of prostration, caused by
anger at squabbles of the Chamber.
His strength is rapidly failing.

PARIS, September 18.—The mortality
this week has decreased 100.

The disarming of the National
Guards is progressing quietly.

Changarnier is well.

A railway accident occurred to-day
at Champigny. Nine persons were
killed and many wounded.

The Governor of Marseilles is sum-
moned to Versailles to consult Thiers as
to the disarmament of the Nationales.

LONDON, September 18.—Mail advi-
ces from Italy report party feeling in
Rome very high. The press of both
parties are fiercely at war, one attacks
Papal institutions and the other defend.
Speedy success of the Internationals is
even indulged in, with the hope that
out of the chaos the Pope and Bur-
bons, might again come into possession.
The Republicans are preparing for a
manifestation for the 20th, but no dis-
order is apprehended.

The Shanghai Courier says the
French representative received a tele-
gram to make common cause with
Americans in Corea.

Dr. Livingston is heard from at Zan-
zibar. Some Americans are hurrying
to his relief.

The Russian press is attacking Prussia
and Germany.

There are rumors of elections of
French councils in October.

Roseburg, Oregon, September 19.—
The Esquig office was burned down
this morning. The fire was seen about
four o'clock A. M. Nothing was saved.
It is not yet known what was the cause
of the fire.

New York, September 18.—General
McClellan declines to accept the office
of Controller.

Connolly's letter to Mayor Hall, de-
clining to vacate the office, cites the
Mayor's answer in the Court, that he
had no power, if so disposed, to remove
the Controller, and announces his firm
determination to hold the office.

Judge Ledwith and a delegation of
citizens called on acting Controller
Green and assured him of their support.

Charles O'Connor, the eminent law-
yer, has prepared a legal opinion in
which he holds Connolly is legally in
possession of the office and Hall has no
power to remove him.

There were all sorts of Rumors dur-
ing the day and evening in reference
to the office of Controller, many of
which were most improbable. Late in
the afternoon it was rumored that Hall
would probably resort to force to get
possession of the office, in consequence
of which Connolly took precautionary
measures necessary for the expected
emergency.

The annual meeting of the Western
Union Telegraph Company will be held
in New York on the second Wednesday
in October.

Vienna, September 19.—A Ministe-
rial crisis is imminent.

HOW ARTIFICIAL ICE IS MADE.

The process is based upon the scienti-
fic principle that evaporation produces
cold—the more rapid the more intense
the cold. The agent adopted to produce
the evaporation is aqua ammonia. This
agent is deposited in an upright cylin-
dric evaporator some twenty feet in
height. Through this cylinder a num-
ber of steam pipes pass, by means of
which the ammonia is reduced to gas.
This gas then passes into a liquifier,
when it is compressed into a liquid
state and passes in through a great
number of pipes, in various directions,
through the large prizing baths. The
ammonia is then returned to its origi-
nal condition and deposited again in
the evaporator, to be again passed
through all the necessary processes,
the same material being used over and
over again, there being no consumption
further than results from the various
changes of condition that are necessary
in the performance of the function for
which it is employed. The freezing
takes place in the baths mentioned
above. The vast amount of water in
these large baths (two in number) could
be frozen easily and with great rapidity,
but there would be great difficulty in
removing the ice when frozen, and be-
sides it would be left in a bad merchant-
able condition. This was avoided by
filling the baths with strong salt water,
upon which the cold is produced by the
ammoniacal gas. The temperature of
this brine is reduced as low as ten de-
grees above, and at this stage the
freezing processes rapidly.

In the covers of these baths are a
large number of apertures, with close
covers, of sufficient capacity to admit
a tin can in each, two and a half inches
by nine, and about two feet deep.
These cans are filled with fresh water,
and plunged into the salt water bath
and left till their contents are frozen.
When frozen, the cans are lifted out,
plunged for a moment in a hot water
bath to loosen their contents, and then
smooth, clear, hard frozen cakes of ice
were emptied from them, each of which
weighs about twenty five pounds. Four
of these cans can be emptied every five
minutes. This is kept up steadily day
and night, as is designed, which would
make the capacity of the machine a
little over fourteen tons a day. The
aim of the company, however, is to
produce ten tons of merchantable ice.

MARRIED.

BUTLER—ELLIS.—At the residence of the
bride's father, Mr. Henry Ellis, Sunday Sept.
17th, 1871, by Hon. J. H. Myers, County
Judge, Mr. N. L. Butler to Miss Lizzie Ellis, all
of Polk County.

SMITH—SHANE.—In Buena Vista, Ore-
gon, Sept. 17th, 1871, by Rev. N. Lee, Mr.
Freeman B. Smith to Miss Ada E. Shane, all of
Buena Vista, Polk County.

J. A. APPLGATE,
Att'y & Counsellor at Law,
OFFICE IN COURT HOUSE,
DALLAS, POLK COUNTY, OREGON.

NOTICE.

NEW RACE BETWEEN DELASHMUTT
AND WHITNEY.

Same horses that ran before, known as the
"Sorrel Horse" and "Pony."
Proposal of P. L. Delashmutt to run. Dis-
tance to be set by Delashmutt from 100 to 400
yards. Weight to be carried 135 pounds each.
Delashmutt to have choice of ground and
track. Amount to be run for, \$500. Race to
be run in two weeks from the date hereof.
This 20th day of September, 1871.
P. L. DELASHMUTT.

WANTED,
5,000 MEN!!

As Clerks to Wait on the Customers.

CLARK'S STORE, DIXIE

Since he bought out a few of the Wholesale
Houses in Portland he has ONE THOUSAND
different articles to dispose of on the popular
plan ONE DOLLAR for each article.

Fragrance the most lasting!
Fragrance the most delicate!
Fragrance the most exquisite!
Fragrance the most refreshing!

Are all combined in MURRAY & LANMAN'S
FLORIDA WATER—the only recognized perfume
of fashion.

As there are worthless counterfeits, buy-
ers should always ask for the Florida Water
prepared by Lanman & Kemp, N. Y.

Bolls, Pustules, Blisters and Humor
are all evidences of bad blood, and no matter
what medicines are taken, if they do not purify
the blood they cannot cure the disease. Bristol's
Sarsaparilla is the safest, and best of all
blood purifiers. It has been tried for 35 years,
and always successfully. A few doses of Bris-
tol's Sugar Coated pills, taken at same time
will greatly hasten a cure.

The cause of Temperance finds one of its
most insidious and dangerous foes in the many
so-called "tonics" and "appetizers," made of
cheap whiskey and refused liquors, finished up
to suit depraved appetites, under the name of medi-
cines. DR. WALKER'S CALIFORNIA VINEGAR
Bitters are none of these. They are not a
beverage, but are a genuine medicine, purely
vegetable, prepared from California herbs by a
regular physician. For all diseases of the
stomach, liver, kidneys, bladder, skin and blood
they are an infallible and unrivaled remedy

SPECIAL NOTICES.

WILLIAM DAVIDSON,
REAL ESTATE DEALER,
Office, No. 61 Front Street,
PORTLAND OREGON.

REAL ESTATE in this CITY and
EAST PORTLAND in the most desirable lo-
calities, consisting of LOTS, HALF BLOCKS

ALL DESCRIPTIONS PROMPTLY COL-
LECTED. And a General FINANCIAL and
AGENCY BUSINESS transacted.

AGENTS of this OFFICE, in all the
CITIES and TOWNS in the STATE, will
receive descriptions of FARM PROPERTY
and forward the same to the above address.

CHOLERA.
HOW TO CURE IT.

At the commencement of the Diarrhoe, which
always precedes an attack of the Cholera, take
a teaspoonful of Pain Killer in sugar and wa-
ter, (hot if convenient), and then bathe freely
the stomach and bowels with the Pain Killer
clear. Should the diarrhoe or cramps continue
repeat the dose every ten or fifteen minutes un-
til the patient is relieved. In extreme cases,
two or more teaspoonfuls may be given at a
dose.

The Pain Killer, as a remedy, has no equal.
Incases of Cholera, Summer Complaints, Dys-
pepsia, Dysentery, Asthma it cures in one night
by taking it internally, and bathing with it
freely. Its action is like magic, when external-
ly applied to Old Sores, Burns, Scalds, and
Sings. For Sick Headaches and Toothache
don't fail to try it. In short, it is a PAIN KIL-
LER.

Directions accompany each bottle.
The Pain Killer is sold by all dealers in Medi-
cines.

Prices, 25 cents, 50 cents and \$1 per bottle

Exuberant Health.

Is a blessing vouchsafed to few. Even those
who have been favored by nature with strong
constitutions and vigorous frames are apt to
neglect the precautions necessary to preserve
these precious endowments. Indeed as a rule
the more healthy and robust a man is, the more
liberties he is inclined to take with his own
physique. It is some consolation to the natural
weak and feeble to know that they can be so
invigorated and built up, by a proper use of
the means which science has placed at their
disposal, as to have a much better chance of
long life, and exemptions from disease and
pain, the most athletic of their fellows who are
foolish enough to suppose themselves invulner-
able, and act accordingly.

It is not too much to say that more than half
the people of the civilized world need an occa-
sional tonic, to enable them to support the
strain upon their bodies and minds, which the
fast life of this restless age occasions. In fact,
a pure, wholesome, unexciting tonic is the
grand desideratum of the busy millions, and
they have the article in Hestetter's Stomach
Bitters. It is a stimulant medicine, i. e. it im-
ports permanent strength to weak systems and
invigorates delicate constitutions. Its repu-
tation and its sales have steadily increased. Com-
petitive preparations have been introduced,
ad libitum, and, as far as the public is concerned,
ad nauseum, in the hope of rivaling; but they
have all either perished in the attempt, or been
left far in the rear. It has been the great medi-
cal success of the present century, and it is
quite certain that no proprietary medicine in
this country is as widely known, or as general-
ly used.

Ten lightning presses running incessantly
(Sundays excepted), the whole year through,
barely supply the demand for the Illustrated
Almanac, in which the nature and uses of the
preparation are set forth, the circulation now
being eight million a year.

FRANK A. COOK,
BOOKBINDER,
AND
Blank Book Manufacturer,
SALEM, OREGON.

Having established a First Class
Bookbindery in Salem, is now
prepared to do all manner of work
known to the trade.

WANTED,

To do Clearing Work on the Northern Pacific
Railroad, between the Cowlitz River and
Hogden's.

ALSO,

WELL BROKEN OX TEAMS.

Men apply to C. T. SHERMAN, at Pumphrey's
Landing, on and after Monday Sept. 10th.

Applications for work of Ox Teams to
FRANK HINCKLEY, Resident Engineer,
Kiddler's Camp, on Cowlitz.

Steady work and good wages.

THOS. B. MORRIS,
Kalamia, Sept. 4. Eng'r Pac. Div. 28-4w

Forty Years' Experience have tested
the virtues of Dr. Walker's Balm of Wild
Cherry, and the result is that it is the best re-
medy extant for pulmonary and lung diseases,
embracing a whole range from a slight cold to a
settled consumption. Were it not for its
merits, it would long since have "died, and
made no sign."

NEW ADVERTISEMENTS.

CHEAP! CHEAP!!!
Cheaper than Ever!!!

FOR SALE.

OUR DRUG BUSINESS, located in San
Francisco, Cal. After our best wishes, and ex-
pressing our thanks for the liberal patronage
we have received for more than 21 years, dur-
ing which period we have been steadily en-
gaged in the Drug business in California, we
beg to say in consequence of the rapid growth
of Dr. Walker's California Vinegar Bitters,
now spread over the United States and coun-
tries far beyond, we are necessitated to devote
our entire time to said business.

We are the Oldest Drug Firm on the Pacific
Coast, and the only one, continuous under the
same proprietors since 1849, and have de-
termined to sell our large, prosperous, and well
established business on favorable terms.

This is a rare opportunity for men with
means, of entering into a profitable business
with advantages never before offered.

For particulars enquire of
