Mr. James Perham was sent from Dallas to the Asylum in East Portland last Thursday.

Rev. C. C. Stratton, of Salem, agent of the Willamette University will hold service at the M. E. Church, to-morrow, at 11 o'clock and in the evening.

Two sets of harness were stolen from the stable of George Brown, living four miles north of town, last Saturday night. A friend stopped over night, and in the morning, when they went to harness up, the harness was missing.

Mr. Richard Lucas, who lived near Eola, was found dead in his bed last Sunday morning. He was a man well advanced in years, and had been troubled with fits of apoplexy for some time, which is supposed to have been the cause of his death. He has been a resident of Polk County for some years, and was regarded as a good citizen.

Washington County Fair. We acknowledge the receipt of "complimentary" to attend the above-named exhibition next week. Owing to a pressure of business we must beg to be excused. The Washington Fair always ranks among the first in the State, and we speak for them a good time and a general attendance.

That Discussion. In another column will be found a short dissertation upon the proposition of Prof. Chaney, that Abraham was a planet. This is really of but little importance compared with the fact that Murphy & Croasman are able to plan it so as to furnish the best of gent's wear at the lowest rates.

Changes are constantly going on among our population. Several families have left our county during the week for the eastern portion of the State, and others have returned. Among the latter we are pleased to mention Mr. Geo. Eillers, formerly a resident of Polk County, but who has for some months been living in Montana. We understand he is willing to settle in Webfoot, and let others leave if they choose.

Whittlings.—William Brown is receiving accessions to his stock at the Brick.—Dr. Holman, a dentist from Portland has been in town during the week.—Another building from Ellendale has been brought down, to occupy a position below town.—Several of our citizens were out hunting this week, but killed nothing. We heard one of them say that hunting with hounds had spoiled his fun, as his game was "still hunting."

Mr. E. L. Delashmutt is always determined to keep up with his neighbors. He laid upon our table the other day several fine apples of the Talpahocking variety, the largest we have seen. One was weighed and found to balance one pound and a quarter. "Ed." is the one who some time since proffered to run hunting dogs with a Salem party. He claims he has the fastest dogs in the State, and he always aims in everything to "keep up with the hounds."

Everything in our neighboring town of Independence seems to be lively. During a visit there this week we had a short chat with our legal friend Daly, who is at present "shooting the young ideas" in the district school there. The "tinner" referred to by a correspondent some time since has left. The "saddler," however, yet remains, and the "Belt" is, or seems to be, still in the market. After having our horse fed by Jerry, who "knows how it is himself," and getting a good square meal with friend Whitson, who evidently knows how to keep a hotel, we were well prepared for travel, with many good wishes for our neighbors.

The "Overland." Since the great conflagration in Chicago, everybody is anxious to assist the sufferers as much and as soon as possible. This is not only kind but just. In order to accomplish this the Overland Store in Salem offers a magnificent stock of goods at ruinously low prices. Mr. Adamson, one of the proprietors and gentlemanly business manager of the concern, is ever ready to wait upon customers; and if he does not please the most fastidious, both in his manners and in the style, quality and price of the commodities he offers, we shall be compelled to admit that we have missed our guess. Examine their advertisement in another column, and then give them a call to prove what they say, and our word for it you will not regret it.

Telegraphic Summary.

LONDON, October 17.—Subscriptions to the Chicago Relief Fund last night amounted to £23,000. At a meeting at Bradford £2,000 were received; at Dublin, £1,200, and at Wolverhampton and Glasgow, £1,000 each.

Advices from Odessa state 800 buildings in the town of Bagostoo have been burnt by incendiary fires, supposed to have been the work of fanatical oppression of the Jews. The greater proportion of the inhabitants are Jews.

Details received here of the recent storms and floods in China represent the loss of life and property as very great. At least three thousand persons have perished.

Los Angeles, October 16.—Major Watson's surveying party on the Southern Pacific Railroad, narrow guage, camped at old San Bernardino, 6 miles from Newtown, on Saturday. One party is surveying through Gorgoris Pass.

Sand storms in the vicinity of Fort Tejon have scattered forty or fifty thousand sheep, many of which are lost.

Chicago, October 16.—There is wonderful activity in the south division of the burnt district. Thousands of men are at work clearing away debris, receiving safes and putting up temporary buildings. Laboring men can find plenty to do at liberal wages.

The action of the insurance companies settling losses has inspired and renewed the confidence of Business men.

The reports of the loss of lives are greatly exagerated; the number of dead bodies discovered will fall short of one hundred.

The Manhattan Company, which announces suspended, expects to meet its losses. The Continental lost about a million—much less than its surplus; the company has doubless its capital, and after its loosers are paid, will have two million assets.

Sea Air--Who Is Benefitted by It.

Sea air oftentimes exercises most beneficial effects, where sea bathing would be equally injurious.

That a residence at the seaside is generally healthy can not be doubted, from the fact that even during the most sultry heat of summer, the air is constantly in motion. It is moreover free from fogs and vapor, and the salt with which the air is impregnated greatly tends to lend tone to the system. It is particularly beneficial in cases of dyspepsia, of consumption and scrofula, in intense susceptibility evinced by hysteria and such like nervous affections disarrangement of the bronchial organs, dyspepsia and like complaints which are much more rare on the sea coast in the iuland part of the country. The exilerating influence of the sea air is proved that those who indulge in extra quantities of wine and spirits for the purpose of maintaining a comfortable condition of constitutional force for the discharge of business, are able to dispense with the same when at the seaside, the excitement produced by fermented liquors being compensated by increased appetite, induced by the extra amount of air and exercise taken. The rosy, healthy appearance of the face after a sea sojourn is greatly attributable to particles of salt adhering to the skin and exciting to action the capillary blood vessels and cutaneous nerves In a word, feebleness of the constitution and an impaired state of health are generally indicated by pallor and flabbiness, upon which condition of the salt water exercises more influence than even change of temperature, as it acts powerfully upon the muscular fiber.

The butter and cheese Factories of New York State number 944, and are supplied daily with milk from 249,000 cows. In the seven States of Ohio, Illinois, Wisconsin, Vermont, Massachusetts, Michigan and Pennsylvania, there are 258 factories, supplied daily with milk from 2,400 cows. It is estimated, however, that there are in the United States 1,300 butter and cheese factories, supplied with the milk of 300,000 cows, and producing about 100,000,000 pounds of cheese and the same number of gallons of milk Every 3,000 cows, therefore, yield every year a million pounds of cheese, valued, it is stated at $140,000, so that each cow yields 333 pounds of cheese, valued at $47. The export of American cheese to Great Britain in 1853, amounted to 1,000,000 pounds, and this quantity in 1870 had increased to 57,000,000 pounds, valued at $8,000,000.

ABRAHAM A PLANET.

And now comes Prof. Chaney and proclaims to all "Webfoot" and the people thereof, that he has the documents wherewith to prove that Abraham, the old patriarch, Sarah's lord and Hagar's husband, *ad interim*, the paternal ancestor of Isaac, the founder of a great nation, in whose capacious bosom the weary hope to find rest, was after all nothing but a planet, and that Sarah, the mother of Isaac, was but a twinkling star. What cherished tradition will be attacked next? What fact will remain unquestioned by these restless spirits? In view of this uncertainty, it is some relief to gentlemen desiring to be fashionably dressed, to know it to be a fact, *no longer in dispute*, that the finest dress suits, the most stylish hats and caps and the latest novelties in furnishing goods are to be found at Murphy & Croasman's at the Bank Building, corner of State and Commercial streets, Salem.

The Commissioner of Patents has decided that no party is entitled as of right to cover in a single patent more than one article of manufacture unless the several improvements presented are necessarily related to or connected with each other. In other words, as many applications must be filed as there are distinct features of invention.

During the year ending June 30th, 1871, 107,141 passengers arrived at the port of New York from foreign countries, of which number 101,105 were actually immigrants.

The number of new works and reprints which appeared in Germany in 1870 was 10,108, a falling off of 1,200 compared with '69.

The suit which Mrs. Laura D. Fair's counsels brought against her for their fees, to the amount of $2,200, has been settled out of Court.

Nytro-glycerine explodes at a temperature of 540 degrees Fahrenheit, and not at 360 degrees, as is commonly supposed. Electricity is without action upon it, and those experimenting upon it are liable (so says M. Champion, of Paris) by its latest and most thorough investigation, to headaches, and very severe ones.

Forty Years' Experience have tested the virtues of *Dr. Wistar's Balsam of Wild Cherry*, and the result is that it is the best remedy extant for pulmonary and lung diseases, embracing a whole range from a slight cold to a settled consumption. Were it not for its merits, it would long since have "died, and made no sign." 213-w.

Time and enlightened experience have found that substances formerly used and relied on in medical practice, are unnecessary and dangerous; yet some of these substances have found their way into medical compounds. DR. WALKER'S CALIFORNIA VINEGAR BITTERS, however, contain nothing injurious, being composed exclusively of vegetable substance from California. For all disorders of the liver, kidneys, bladder, skin and digestive organs, and for purifying the blood, they are the most wonderful remedy known.

PAIN KILLER
PERRY DAVIS & SON'S PROV'D ENCE R.I.
1840 1870

CHOLERA.
HOW TO CURE IT.

At the commencement of the Diarihœ, which always precedes an attack of the Cholera, take a teaspoonful of Pain Killer in sugar and water, (hot if convenient,) and then bathe freely the stomach and bowels with the Pain Killer clear. Should the diarrhœ or cramps continue repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain Killer, as a remedy, has no equal. In cases of Cholera, Summer Complaints, Dyspepsia, Dysentery, Asthma it cures in one night by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache don't fail to try it. In short, it is a PAIN KILLER.

Directions accompany each bottle,
The Pain Killer is sold by all dealers in Medicines.
Prices, 25 cents, 50 cents and $1 per bottle

Trust what Time has Sanctioned.

The maxim that the voice of the people is the voice of the divinity, may in some cases be open to doubt, but the testimony of honest and enlightened witnesses extending through a series of years, and all to the same purport is worthy of credence, admits of no question. Upon such testimony the reputation of Hostetter's Stomach Bitters as an antidote and cure for many ailments is based. During the 20 years that it has been before the world, innumerable preparations intended to compete with it, have gone up like rockets, come down the extinguished sticks Meanwhile the progress of that incomparable tonic has been swift and steady—always upward and onward like the eagle's flight. Its introduction produced a revolution in theraputics, and it proved to be one of those salutary revolutions that can not go backwards. To-day Hostetter's Bitters is one the most popular remedies in christendom, and commands a larger sale than any other medical preparation, domestic or imported, on this side of the Atlantic. As a cure for dyspepsia, bilious disorders, nervous affections, general debility, and as a preventive of epidemic fevers, it takes precedence of every other remedy. This fact should teach the ambitious country dealers who endeavor to foist their local abortions on the public in its stead, how futile their small attempts to cajole the community must necessarily be. When the game fish have failed there is no chance for the suckers.

The Great Medical Discovery!
Dr. WALKER'S CALIFORNIA
VINEGAR BITTERS,
Hundreds of Thousands
Bear testimony to their Wonderful Curative Effects.
WHAT ARE THEY?

They are a Gentle Purgative as well as a Tonic, possessing also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

THEY ARE NOT A VILE
FANCY DRINK,

Made of **Poor Rum, Whiskey, Proof Spirits and Refuse Liquors** doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, **free from all Alcoholic Stimulants.** They are the **GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE** a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. **Such Diseases** are caused by **Vitiated Blood,** which is generally produced by derangement of the **Digestive Organs.**

DYSPEPSIA OR INDIGESTION.

Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other **WORMS**, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.
