# ABRAHAM A PLANET.

And now comes Prof. Chancy and proclaims to all "Webtoot" and the people thereof, that Abraham, the old patriarch, Sarab's lord and Hagar's bushand, ad interim, the paternal ancestor of Isaac, the founder of a great nation, in whose capacious bosom the weary hope to find rest, was after all nothing but a planet, and that Sarah, the mother of Isaac, was but a twinkling star.
