DRIED PLUMS 16¾ ₱ lb.
WOOL—33½c. ₱ lb

☞ Please notice this. Those in arrears, either for subscription or advertising, will confer a favor by calling and settling. It is a small amount to each, but in the aggregate amounts to a handsome sum to us, and will enable us to make certain improvements contemplated.

Rev. T. F. Campbell will preach at the Baptist Church on Sunday at 11 a. m.

Rev J. James will preach at the M. E. Church on Sunday evening at 7 o'clock.

Rev. T. F. Campbell will deliver a Lecture on Temperance at the Baptist Church this evening at 7 p.m. The public are invited to attend.

A large amount of grain is being sown this fall. It is quite common to hear farmers remark that they have sown from fifty to one hundred and fifty acres, and are still sowing.

Monmouth. This place seems to be improving rapidly. The College building is being pushed to completion with all possible speed, and and we learn that about twenty new buildings will be constructed there this fall.

Our District School, under the able management of Mr. M. Oglesby, assisted by Misses E. A. Witten and A. E. Scriber, is progressing very satisfactorily. There are at present over one hundred and sixty scholars, most of whom are improving rapidly. The addition of music and French classes supplies a want that has long been felt here, and is a great success.

Buena Vista items. The Reading and Debating Society of this place held its regular meeting Wednesday evening. The entertainment was good, and considerable interest manifested in its success. The question of Woman Suffrage was debated to considerable length and with marked ability.—The Steam Saw Mill has been idle for some time, for want of logs, but will commence opperations again in a day or two.—The school under the management of A. A. Bonny, is proving one of the best in the county. Business generally brisk. Messrs. W. W. Burch, and Dr. L[illegible] the drug and grocery line, and H. Holmam in general merchandise, are doing a brisk trade. The Pottery of the Smith Bro's is turning out some excellent ware: and everthing gives evidence of thrift and prosperity.

The Dallas Literary Society held their regular weekly Meeting on Thursday evening. The attendance was good, every available seat being occupied by an attentive and appreciative audience. Among those present we were pleased to see many who live in our outlying districts, evincing in their presence the interest that is felt in these pleasant and instructive gatherings. The exercises consisted of Prose Readings, Poems, original and selected, Debates, Essays, Music, Vocal and Instrumental, etc. The Original Essay, "Plant Life," by Dr. J. C. Grubbs, was well chosen and well delivered, and was listened to with interest throughout. The Debate, "Does Nature prove the Existence of a God?" M. M. Oglesby affirmative, and J. L. Collins negative, was also well argued. The Vocal Music, led and accompanied by Miss E. A. Witten, was excellent, and everything moved harmoniously along, and augurs well for the winter campaign. A word of praise is due to the President, Mr. D. Holmes, for his judicious management, and also to Mr. J. D. Lee, as Secretary to the Society.

ABRAHAM A PLANET.

And now comes Prof. Chaney and proclaims to all "Webfoot" and the people thereof, that he has the documents wherewith to prove that Abraham, the old patriarch, Sarah's lord and Hagar's husband, *ad interim*, the paternal ancestor of Isaac, the founder of a great nation, in whose capacious bosom the weary hope to find rest, was after all nothing but a planet, and that Sarah, the mother of Isaac, was but a twinkling star. What cherished tradition will be attacked next? What fact will remain unquestioned by these restless spirits? In view of this uncertainty, it is some relief to gentlemen desiring to be fashionably dressed, to know it to be a fact, *no longer in dispute*, that the finest dress suits, the most stylish hats and caps and the latest novelties in furnishing goods are to be found at Murphy & Crossman's at the Bank Building, corner of State and Commercial streets, Salem.

Forty Years' Experience have tested the virtues of *Dr. Wistar's Balsam of Wild Cherry*, and the result is that it is the best remedy extant for pulmonary and lung diseases, embracing a whole range from a slight cold to a settled consumption. Were it not for its merits, it would long since have "died, and made no sign." 213-w.

Telegraphic Summary.

NEW YORK, November 7.—The city is very quiet. Many business houses and dramshops are closed. No business will be done at any of the Exchanges or in Wall street.

Charles O'Connor has delivered an opinion that a person whom any candidate may designate to be present at the canvass should be assigned a place enabling him to see the acts of inspectors making the canvass. One hundred young men have been designated for this duty throughout the city, and if protected will secure fair balloting and counting.

The Committee of Seventy have had thousands of ballots distributed in the various Assembly districts.

A large number of repeaters who were to operate to day were brought in, and a number of warrants procured for the arrests of the parties.

Counterfeits, Reform tickets, posters and other election documents were brought in, and measures taken to destory their effect.

The *Tribune* says if to day passes without trouble in certain parts of the city, those who are best able to judge of such matters will be very much mistaken. All indications go to show that there will be serious outbreaks in the Eighteenth, Tweentieth and Twenty first Wards. In the river districts west of Ninth ward avenue, in the Twentieth Ward, especially, there are indications of trouble. Elsewhere the danger is not so threatening, though there may be an outbreak in the Sixth Ward between the Dowling and Bremen fractions.

San Francisco, November 7.—Dispatches received to day announce disaster to two San Francisco bound sugar vessels. The Pudsey Dawson from Batavia went on a reef and put into Manilla to unload, and the Mogue from Manilla sprung a leak and went into Hong Kong in distress, where she was unloading.

During October $173,000 were received from Meadow Valley mine, and $72,776 from Hale and Norcross.

Exaggerated rumors of the extent of a fire in Valejo to day caused great uneasiness in San Francisco; when it was found that only one block was destroyed and the loss not did exceed $50,000 much relief was felt.

David Meeker, Alexander Austin and Thomas Breeso have been appointed a Committee to canvass the city for subscriptions for the relief of the distressed farmers of San Joaquin Valley. It is proposed to raise $100,000 in $10 shares, and loan it in small sums to the farmers to provide bread and meet the pressing demands, a nominal interest only being charged, and the loans to be paid when the crops have been harvested.

The Chicago Relief Closed its labors to-day, Mayor Shelby notifying the Mayor of Chicago that $100,500 had been deposited in the Bank of California subject to his order; $13,000 sent to Wisconsin and $7,000 to Michigan.

Berlin, November 6.—The Federal Council approves the draft of the Coinage bill which is to be submitted to Parliament.

New York, November 6.—A number of prominent gentlemen, including Chas. O'Connor, John E. Develin and Oswald Ottendorfer sent a communication to the Emigration Society directing attention to the report that emigrants on Ward's Island were falsely registered, and asking that measures be taken to prevent these men from voting.

Cards have been published by O'Donovan, Rossa and Sigel soliciting support. Rossa promises to give one third the patronage of his office to Americans, one third to Irish and one third to Germans. He calls upon the citizens to keep a look out for the count, and if he can get a fair show he thinks he can defeat Tweed.

London, November 8.—The remains of Gen. Robert Anderson will be conveyed to America by the United States steamer Guerierre.

The mechanics and laborers employed in the Laird ship-yard, at Berkenhead, have held a meeting and resolved to insist upon the restriction of a day's labor to nine hours.

Detroit, November 7.—For the first time in twelve years the Republicans have carried this city. Moffat is elected Mayor by 823 majority—a Republican gain of one thousand and two hundred. Five Republican and five Democratic Aldermen elected.

New York, November 8.—The city election yesterday was the quietest known for many years. The local government is completely reformed. Tweed is re-elected, but will certainly be expelled. Sweeny's resignation is considered as a Ring confession that all is lost. Eighteen Reform candidates from the city are elected, and only three Tammany candidates. The entire ticket of the Committee of Seventy is elected, and all the reform candidates for Aldermen. The Republicans carried the city of New York for Franz Sigel by 5,000 majority. They defeated every Tammany candidate for the Senate save Wm. M. Tweed, and reduced the Democratic majority on the State ticket from 52,000 to 28,000. The Republican majority in the State is at least 10,000. The Senate has 20 Republicans to 9 Democrats—3 doubtful. In the Assembly there will be 88 Republicans, 40 Democrats, and in these last named, are included Reform Democrats. Tammany elected six out of 21 Assemblymen from this city. Richmond, Rockland and other strong Democratic counties have elected Republican Assemblymen, even while chosing Democratic Senators, where they are known to be honest and reliable. Nevertheless, the Republicans control both branches of the legislature. Such independent voting was never witnessed before. The people everys where in the State repudiated Tammany.

The Republican State ticket is elected by probably 20,000 to 25,000 majority. The vote fell behind the registry in many districts in the State.

Hatch has been beaten for Governor of New Jersey, mainly by defection in the city of Newark. Parker's majority is between 3,000 and 4,000. The Republicans have the Senate, but the Assembly is in doubt.

Washburne carries Massachusets by a majority of 100,200, and plurality of from 25,000 to 30,000. Out of 200 members the Democrats have 64; and in 40 Senators, the Democrats have four. The Council and all the other State officers are Republican.

The Republicans gain several Senators in Maryland. The Republican vote in Maryland has heavily increased though White, Democrat, is elected Governor. One-fourth of the House is Republican.

The Republicans elect their Congressman at large in Illinois.

Wisconsin gives over 10,000 Republican majority. Both branches of the Legislature are Republican.

Probably 22 Republican Senators and 10 Democratic are elected. The Assembly will be Republican.

PAPER CLOTHING.

In civilized countries the manufacturing of paper into various articles of clothing has only been the business of a very brief period, but among barbarous people it is an industry that has been cultivated for years. With us the employment still remains in its infancy, and it has taken us many years to master the difficulties attending its introduction. At first our manufacturers confined their productions almost entirely to collars, cuffs, frills, and similar minor articles. Prejudice having been in a great measure overcome, our inventors extended their area of production to many fabrics of universal use, but requiring greater strength and pliability than those worn about the neck or arms. The garments made by this process failed to answer the requirements of our day, and were not received with general favor.

At this juncture of affairs it remains for an English invntor to solve the difficulty, and give us a really serviceable paper fabric. It is a mixture of various animal and vegetable substances, the former being wool, silk and skins, the latter flax, jute, hemp and cotton. These articles are all reduced to a fine pulp, bleached, and then felted by means of machinery. The mixture of these several substances produces a fabric of wonderful flexibility and strength. It can be sewed together by a machine as readily as woven fabrics, and makes as strong a seam.

This paper is of a very serviceable nature, and is made into tablecloths, napkins, handkerchiefs, pants, curtains, shirts, and other articles of dress. The petticoats made from this felted paper are of very elaborate design and wonderful beauty. They are either printed or stamped, and bear so close a resemblance to linen or cotton goods of like description as to almost defy the scrutiny of the ablest experts. The stamped open work skirts display a delicacy of pattern that it would be almost impossible to imitate by any ordinary skill with the needle. Imitation blankets and chintz for beds, furniture, or curtains are also made very cheaply. Embossed tablecloths and figured napkins made of felted paper so closely resemble the genuine damask linen as to be palmed off upon the unsuspecting as the genuine article.

In Germany paper napkins have been used for several years. Their cost is but a trifle, and they pay for themselves before they are required to be cast aside.

Felted paper is capable of being made into lace, fringe and trimming; and for these several purposes it is unequaled in point of cheapness and durability. Imitation leather is also made from the same material, which is perfectly impervious to water. It is soft and pliable, and is a useful fabric for covering furniture, making into shoes, for belts, and many other purposes.

In China and Japan paper clothing has long been worn by the inhabitants. It is very cheaply produced there, a good paper coat costing only ten cents, while the expense of an entire suit is limited to twenty five cents.—*United States Economist.*

The Court House at Lafayette has been painted, and now presents a neat appearance.

FOR RENT.

A GOOD COMFORTABLE HOUSE AND Barn, with plenty of fire-wood convenient. Situate about two miles south-west of Dallas. For particulars enquire of R. H. Tyson, at the office of the REPUBLICAN.

CHOLERA.

HOW TO CURE IT.

At the commencement of the Diarihœ, which always precedes an attack of the Cholera, take a teaspoonful of Pain Killer in sugar and water, (hot if convenient,) and then bathe freely the stomach and bowels with the Pain Killer clear. Should the diarrhœ or cramps continue repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain Killer, as a remedy, has no equal. Incases of Cholera, Summer Complaints, Dyspepsia, Dysentery, Asthma it cures in one night by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache don't fail to try it. In short, it is a PAIN KILLER.

Directions accompany each bottle.

The Pain Killer is sold by all dealers in Medicines.

Prices, 25 cents, 50 cents and $1 per bottle

Be Guided by what you Know.

There is an old proverb which says, "Experience is the safest guide." To this guide the sick and ailing naturally turn when casting about for relief. They inquire what a medicine has done for others, before they adopt it themselves. Of all the remedies and preventives in use, Hostetter's Stomach Bitters meets the test most triumphantly, and hence its immense popularity and vast sales. The sufferer form indigestion is sure to find some one among his friends who has been cured of that ailment by this famous vegetable stomachic. The victim of fever and ague, liver complaint, constipation, nervous prostration, or general debility, has only to make inquiry in the neighborhood where he rasides in order to discover what this standard restorative has effected in cases similar to his own. In the published testimony to its merits he will find a volume of proofs of its sanitary properties which it is impossible for his common sense to resist. He tries it, and the effect it produces on his system adds another to the host of witnesses in its favor. Thus, its reputation, founded on facts, not assertions, continually grows and spreads. Charlatans and impostors, some of them mere local tricksters and other who take a somewhat wider range, attempt to thrust into the hands and down the Throats of invalids, their haphazard concoctions, as substitutes for the tonic which for so many years has been a medical staple throughout the United States, Spanish America, Canada, and the West Indies, but only succeed to a very small extent. In this reasoning age, the people having ascertained what is really deserving of their confidence, decline "running after strange gods."

Perhaps those that have experience can tell, and perhaps it would be to your interest to ask someone that knows, where the Rich and Rare **Dress Goods**, those **Ladies' Hats** that are the fashion—direct from Mrs. C. Levy's—those Elegant Sets of **Ladies' Furs**, and those New Style **Skirts** that appeared to such advantage over those High Laced **Ladies' Boots**, manufactured at Protzman, Donovan & Gillahan's, Portland, Oregon, of all of which you had such a lavish display by the Polk County ladies at the Oregon State Fair. Or perhaps, gentlemen, you would like to call and examine for yourselves those Elegant Fitting Suits of **Gent's Clothing**, while I show you a Fine Assortment of **Gent's Furnishing Goods**. And when it comes to **Yankee Notions, Fancy Goods, Jewelry, Fine Tobaccos and Cigars, Groceries** of all Descriptions—last-named strictly at Portland prices—my customers bear witness of the Excellency and Cheapness.

ALSO,

Sole Agent for Polk County for the Boot and Shoe Manufactory of Portland, Oregon, the excellent quality of whose goods are creating such an excitement all over the State and Pacific Territories. Trade increasing every day at La Clede (formerly Cluff's Store).

M. M. ELLIS, Proprietor.

Hell Has no Fury like a Woman Scorned!

And why not, when the DIXIE STORE is selling

The Great Medical Discovery!

Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS,

Hundreds of Thousands
Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or the turn of life, these Tonic Bitters have no equal. ☞ Send for a circular.

They are a Gentle Purgative as well as a Tonic, possessing in a remarkable degree the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Viscera Organs.

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, **free from all Alcoholic Stimulants.** They are the **GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE**, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. **Such Diseases** are caused by **Vitiated Blood**, which is generally produced by derangement of the **Digestive Organs.**

DYSPEPSIA OR INDIGESTION.

Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which renders them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.

J. WALKER, Proprietor. R. H. McDONALD & CO., Druggists and Gen. Agents, San Francisco, Cal., and 32 and 34 Commerce Street, New York.

SOLD BY ALL DRUGGISTS AND DEALERS.

LA CREOLE ACADEMY,

DALLAS, POLK COUNTY, OREGON.

FACULTY.

M. M. OGLESBY, PRINCIPAL, AND TEACHER OF MATHEMATICAL AND NATURAL SCIENCES.
MISS E. A. WITTEN, TEACHER OF MUSIC AND FRENCH.
MISS A. E. SCRIBER, TEACHER OF THE PRIMARY DEPARTMENT

The First Term of 1871-2 was commenced on the second Monday (11th day) of Sept., 1871.

The Public School will be taught during the present Term, in connection with the Academy. All those who did not belong to the Dallas District in April 1871, when the Public Tax was voted, will be charged the regular Academical Tuition.

TUITION:

PRIMARY BRANCHES, per Term.....$4 00
INTERMEDIATE 6 00
HIGHEST. 8 00

Latin and French each $2 extra.
Music, $12 per Term.

Charges will be made from the time of entering to the close of each term, or half term, as the case may be. No deductions will be made except in cases of protracted sickness.

By order of the Board of Trustees. 30-tf

It is a mark of the unsuccessful man, that he invariably locks his stable door when the horse has been stolen. This sort of wisdom never thinks of bodily health until it is gone. But just as much as any disease has become seated, the power of the system to resist and throw it off is weakened, hence time is all important. For dyspepsia all diseases of the liver, stomach, skin and kidneys, and all that begin in vitiated blood do not wait until the disease is confirmed, but attack it by a timely use of DR. WALKER'S CALIFORNIA VINEGAR BITTERS.

NEW ADVERTISEMENTS.
