All the latest styles of pictures taken by J. H. Kincaid.

Some nice ladies' hats at Loe's; why don't you buy one?

Wood. Those indebted to us can pay in wood, delivered at the office if they wish.

Blacksmithing in all its branches and in good style by A. Shreve at the old stand.

Settlement. The young man spoken of in our last issue, has settled his difficulty by marrying the young woman.

Winter is coming on. Did you know it? A fine lot of Waterproof at Bolter & Wortley's to shield you from its storms. Try them.

Circuit Court has been in session during the week. Being very busy we could not attend to it, but will give proceedings next week.

Communications. Several communications have been left out for want of room. We must again remind our friends that no communications will be published unless we know the author.

T. B. Newman has a lot of "Webfoot" stoves on hand, just received. A full supply of stoves and tinware. He is also agent for the non-explosive Petroleum lamp. One door south of Post Office.

Personal. Mr. Everett, traveling agent of the Dial Publishing Company gave us a call on Tuesday. He is operating more particularly in the interests of the West, a literary paper noticed in another column.

Do you know how it is yourself? If you don't, just step into the office of Dr. Van Dan Berg, in the Chemeketa Hotel, Salem, and he will tell you. The Doctor is performing some wonderful cures, and those suffering from diseases of any kind can learn something to their advantage by giving him a call. Office, room No. 9, Chemeketa Hotel.

Entertainments. Prof. Plummer gave entertainments at the Court House on Tuesday and Wednesday evenings. The Professor is certainly a success in his line, and had better success here than is usual for this place, the house being full both nights. Success to the Prof. Though "still in the market," we trust he may never be "sold," and we feel confident those who will not be who go to his entertainments.

Burglary. Last Monday night the store of R. A. Ray, at Eola, was entered by burglars, who succeeded in obtaining about two or three dollars in coin, five dollars in currency; some clothing, pocket knives, oysters, sardines, etc., to the estimated amount of fifty dollars. The parties effected an entrance through the back door by boring through and taking out a panel, and then opening the door.

Among the legal fraternity in attendance at Court this week we notice J. N. Dolph, from Portland; R. P. Boies, Judge B. F. Bonham, and C. G. Curl from Salem; Messrs. Kelsey, Strand and Burnett, from Corvallis; James McCain, from Yamhill; Ben. Hayden, from Eola; and J. J. Daly, from Independence. Probably as much legal talent as has been assembled at any Court in the country.

Shameful. Last Sunday night after the congregation had assembled in the M. E. Church, some mischievous boys tied a rope across the sidewalk a short distance from the gate, at a suitable height to trip people in passing. The trick, however, was discovered by one man coming in late and setting his foot on the rope in passing. He cut the rope, and started in pursuit of the boys who were hid close by, caught one of them, administered a severe rebuke and let them go. The names of all the boys are known, but through respect for their parents, we shall not now give them publicity, but promise that if such scenes are re-enacted, that we shall publish them, and others are ready to give them the full benefit of the law.

To-morrow is the regular day for preaching at the M. E. Church. J. James Pastor.

Mrs. Whitson, wife of Judge W. C. Whitson, arrived here Thursday with her family from Idaho. Having poor health, she comes here to recuperate and visit her numerous friends.

Frank McCann has perfected arrangements and will commence a dancing school at the Court House on Monday evening. Those attending will be taught to "touch the light fantastic" with the greatest ease, and care will be taken to have everything orderly.

Re-opening. The well known firm of J. B. & M. Hirsch have re-opened at their old stand in Salem. Their well known reliability as a business firm will call attention to their supply of goods, and their stock will ensure trade. Their advertisement will be found in another column. Read it and give them a call.

Almost a Fire. Last Saturday afternoon, the roof of the Parsonage was noticed to be on fire. The stove pipe running through the upper story of the house came unjointed, and sparks flew out and ignited the roof. When first discovered it had made considerable headway, and was rapidly spreading. No ladders were convenient to get on the roof, and it was impossible to reach the fire from the inside. At this juncture Mr. Newman appeared with one of Johnson's Champion force pumps, and in a few moments the fire was extinguished, and thus we were saved from sharing the fate of Chicago.

The CITY BOOT STORE has long been Headquarters for the State of TIRELESS CELEBRATED BOOTS, of which I have Exclusive Sale. Parties are cautioned to examine and find my name on them, as the country is flooded with a Rotten Boot, in imitation of the genuine article. Every pair of Tireless Boots sold at my establishment is guaranteed to give perfect satisfaction.

REMEMBER that the above house sells no buff or split goods. No shoddy palmed off upon his customers for a superior article of French Calf. All rips, returned in a reasonable time, repaired free of charge.

There are many hair preparations in the market, but none have so desirable effect upon the hair and scalp as Hall's Vegetable Sicilian Hair Renewer.

Forty Years' Experience have tested the virtues of Dr. Wistar's Balsam of Wild Cherry, and the result is that it is the best remedy extant for pulmonary and lung diseases, embracing a whole range from a slight cold to a settled consumption. Were it not for its merits, it would long since have "died, and made no sign." 213-w.

THE BADGE RULE.

THE ENFORCEMENT OF THIS UNPOPULAR rule at the late Agricultural Fair, although a source of great annoyance to visitors and of vexation to Marshals, was not entirely barren of good results, especially to the people of this vicinity who are sagacious enough to profit by the facts developed. It seems that in ejecting parties violating the rule, the Marshals found great difficulty in some cases by reason of the clothing of the offenders giving way, while others more roughly handled were removed from the ground without the least injury to their clothing. This mystery was solved by the Marshals when they found on investigation, that the clothing which stood firm under the sturdy grip of the officers was purchased (with the exception of one velvet suit) at the store of Murphy & Cronman, in the bank building, corner of State and Commercial st., Salem, where a good supply of the same kind of clothing is always on hand, together with a full assortment of fashionable hats and gents' furnishing goods. 334.

The publishers announce that it will enter upon its Jubilee Year 1872 and that the event will be signalized by the issue of a Year Book, and encyclopedia of information and statistics in regard to the church, and civil and business affairs such as can be gathered only from an extensive library. This will be sent free to every subscriber to the paper. Copies of the Observer and a Prospectus of the Year-Book sent free to every one that will apply. New Subscribers will receive the paper free until January 1st.

The West, published by the Dial Publishing Company, of San Francisco, No. 4, vol. 1, comes to us; one of the first of the kind to make a specialty of the history of the Pacific Slope. Contributions from writers on that or any other subject of general interest is requested, with a view to giving reliable information to the public which has hitherto been unknown. We welcome it to our list, and wish it success.

Seven young ladies from Oregon have just entered their names as students at the Boston Conservatory of Music.

A genuine love marriage always and everywhere evokes a sort of instinctive warmth and sympathy. The worldly are fond of patronizing it as a delightful folly.

Late returns from the Mississippi election show that the Republicans have carried the State by a majority of 15,000. The same party has succeeded in Kansas by increased majorities.

The Democratic Era says:—We have in our office a copy of the Holy Bible, bearing date 1612, which we believe to be the oldest publication of any kind in Oregon.

CHOLERA. HOW TO CURE IT.

At the commencement of the Diarrhoe, which always precedes an attack of the Cholera, take a teaspoonful of Pain Killer in sugar and water, (not if convenient,) and then bathe freely the stomach and bowels with the Pain Killer clear. Should the diarrhoea or cramps continue repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain Killer, as a remedy, has no equal. In cases of Cholera, Summer Complaints, Dyspepsia, Dysentery, Asthma it cures in one night by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache don't fail to try it. In short, it is a PAIN KILLER.

Directions accompany each bottle. The Pain Killer is sold by all dealers in Medicines. Prices, 25 cents, 50 cents and \$1 per bottle.

Be Guided by what you know.

There is an old proverb which says, "Experience is the safest guide." To this guide the sick and ailing naturally turn when casting about for relief. They inquire what a medicine has done for others, before they adopt it themselves. Of all the remedies and preventives in use, Hostetter's Stomach Bitters meets the test most triumphantly, and hence its immense popularity and vast sales. The sufferer from indigestion is sure to find some one among his friends who has been cured of that ailment by this famous vegetable stomachic. The victim of fever and ague, liver complaint, constipation, nervous prostration, or general debility, has only to make inquiry in the neighborhood where he resides in order to discover what this standard restorative has effected in cases similar to his own. In the published testimony to its merits he will find a volume of proofs of its sanitary properties which it is impossible for his common sense to resist. He tries it, and the effect it produces on his system adds another to the host of witnesses in its favor. Thus, its reputation, founded on facts, not assertions, continually grows and spreads. Charlatans and impostors, some of them mere local tricksters and other who take a somewhat wider range, attempt to thrust into the hands and down the throats of invalids, their haphazard concoctions, as substitutes for the tonic which for so many years has been a medical staple throughout the United States, Spanish America, Canada, and the West Indies, but only succeed to a very small extent. In this reasoning age, the people having ascertained what is really deserving of their confidence, decline "running after strange gods."

The Erie Canal is a great work, but a more wonderful canal traverses every part of the body, and is filled with blood. Myriads of tiny boats, loaded with waste matter, work out and are thrown off by the system, pass through this canal; other boats carry fresh matter, made from the food into every part, and the two processes never cease during life. Good blood is indispensable to health, and to secure this use that great blood purifier and renovator of the system, DR. WALKER'S CALIFORNIA WINGGAR BITTERS.

NEW ADVERTISEMENTS.

Ayer's Cherry Pectoral, For Diseases of the Throat and Lungs, such as Croup, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled Consumption is thought incurable, still great numbers of cases which at first seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear. It cures Croup, Whooping Cough, and all the affections of the Throat and Lungs, and is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses. So generally are its virtues known, that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and all the various forms of Ague, arising from malarious, marsh, or miasmatic poisons.

As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it is in no wise injurious to any patient, and its number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgment received of the radical cures effected in obstinate cases, and where other remedies had wholly failed. Unacclimated persons, either residing in, or traveling through malarious localities, will be protected by taking the AGUE CURE daily.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

PRICE, \$1.00 PER BOTTLE.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY or FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Sold by all Druggists, and Dealers in Medicines. Price One Dollar.

Buckingham's Dye FOR THE WHISKERS.
