Relative Rank of Cities.

The cities of New York, Philadelphia and Brooklyn maintain the same relative rank as to population that they did in 1860.

During the last decade St. Louis has ascended the scale from the eighth to the fourth.

Chicago, in a similar proportion, changes from the sixth to the fifth.

Baltimore, which in 1860 was the fourth, retrogrades to the sixth.

Boston pursues the same direction from the fifth to the 7th.

Cincinnati retires a step from the seventh to the eighth.

New Orleans falls back from the sixth to the ninth.

San Francisco, taking a noble forward leap, vaults from the fifteenth to the tenth.

Buffalo lags behind from the tenth to the eleventh.

Washington makes a stride from the fourteenth to the twelfth.

Newark, New Jersey's thriving metropolis, drops, nevertheless, from the eleventh to the thirteenth.

Louisville, twelfth in rank in 1860, is now assigned the fourteenth.

Cleveland, four steps forward, mounts from the nineteenth to the fifteenth.

Pittsburg alone retains the same relative rank now as then, the sixteenth.

Jersey City rises from the twentieth to the importance of the seventeenth.

Detroit recedes from the seventeenth to the eighteenth.

Milwaukee from the eighteenth to the nineteenth.

Albany, which was ten years ago the thirteenth, now takes the old place of Jersey City, twentieth.

THE GYPSIES.—The Gypsy Parliament, which meets once every seven years, and consists of delegates from all the countries of Europe, is expected to assemble soon near Constat, in Germany.

The Secretary of the National Union Executive Committee has called a meeting of that body, to take place in Washington the 11th of January.

Facts and Fancies.

Wilted—The last rose of Summer. Notes of admiration—Love letters. The scene of disasters—Kerosene.

Motto for chess players—Act on the square. It is a mistake to suppose that the sun is supported by its beams.

Going out with the tied—Leaving the Church with a wedding party. Why is an over-worked horse like an umbrella? Because it is used up.

It is said—ironically, perhaps,—that blacksmiths forge and steel every day. A good resolution is like a crying baby at a concert: It should be carried out.

The latest sensation on the turf is a race between a clothes-horse and a night mare. Why has nature given us two ears and but one tongue? That we may repeat but half of what we hear.

When you go to drown yourself, pull off your clothes; they may fit your wife's second husband. Paterfamilias, glancing over his butcher's bill, wonders when his youngsters will finish "teething."

An exchange says: "It is pleasant to see that feel a ladies' cuff." We demur—suppose it is around your neck—How then? What is the difference between accepted and rejected lovers? The accepted kiss the misses, while the rejected miss the kisses.

Toast—The Ladies—Their eyes kindle the only flames which we cannot extinguish, and against which there is no insurance. A doctor detained in court as a witness complained to the judge that if he was kept from his patients they might recover in his absence.

A story is told of a young man who was going west to open a jewelry store. When asked what capital he had, replied: "A crowbar." "Although I never drink," I think I'm taking a drop now," as the temperance man said when he fell out of the third story window.

A physician boasting at dinner that he cured his own lambs, one of his guests remarked; "Well, doctor, I would sooner be your ham than your patient." In most quarrels there is a fault on both sides. A quarrel may be compared to a spark, which cannot be produced without a flint as well as steel; either of them may hammer on wood forever, but no fire will follow.

An Irishman dropped a letter in the post office the other day, with the following memorandum on the corner, for the benefit of all indolent postmasters into whose hands it might fall: "Please hasten the delay of this." Josh Billings says: "I don't believe in bad luck being set for a man like a trap; but I have known lots of folks who, if there was any first-rate bad luck lying around loose, would be sure to get one foot in it enny how." A peaceful disposition is not absolute protection against the turmoils of life. What's more peaceful than a clam? And yet, ten to one, it ends its life in a broil. And then how peaceably it gets mixed up in a stew. A woman who was suffering under a slight indisposition, told her sympathizing husband that it was with great difficulty that she could breathe, and the effort distressed her exceedingly. "It is too bad; I would not try my dear," soothingly responded the husband.

A wife of a modern Croesus having returned from abroad with numberless objects of art, rather promiscuously chosen, stood one day despairingly contemplating her Parisian groups. "Oh, Jack," exclaimed she at last, "what shall we do? There are no niches for our stationery." A lady who had boasted at a dinner party of the good manners of her little boy, addressed him thus: "Charlie, my dear, won't you have some beans?" "No!" was the ill-mannered reply of the petulant cherub. "No!" exclaimed the astonished mother; "no what?" "No beans."

At a so-called spiritual sitting in Hartford, recently, there was present a woman who mourned the loss of her consort, and as the manifestations began to appear, the spirit of the departed benedict entered upon the scene. Of course the widow was now eager to engage in conversation with the absent one, and the following dialogue ensued: Widow—"Are you in the spirit world?" The lamented—"I am."

Widow—"How long have you been there?" The lamented—"Oh, some time."

Widow—"Don't you want to come back and be with your lonely wife?" The lamented—"Not if I know myself. It's hot enough around here."

Dr. J. P. P. van Den Bergh,

Worm Extremator!

[Office Chemeketa Hotel, Salem, Oregon—Rooms 9 & 22.]

Late of San Francisco, Cal. would inform the sick generally, that about forty years' extensive practice of medicine and surgery in Europe and the United States of which twenty-one have been in California, has by close observation and great experiments, come to the conclusion that there are more acute and chronic diseases caused by worms, haydads, anemias or other species of entozoa. The public generally, or the profession at large, are not aware of the number of patients who are treated by eminent physicians for this, that or such a complaint without any relief. If the disease has been understood, a few doses of Dr. V's Sorelyng Worm Remedy would have immediately cured the complaint, and have saved a great many lives. Dr. V. has collected a large variety of California roots and herbs, which, by analyzing, close observation and extensive experiments, he can conscientiously say that he has discovered new remedies for successful cure for the following diseases: Dyspepsia, Chronic affections of the Liver and Kidneys, first and second stages of Consumption, White Swelling, Palsy, Spasmodic or local weakness, Nervous Debility, Epileptic Fits, Rheumatism, Neuralgia, Diarrhoea, Incontinence of Urine, Gravel, Flourish, Diabetes, Dropsy, and all those diseases which are known under the name of Venereal, such as Syphilis, in all its forms, Gonorrhoea, Gleet, Strictures, False Passage, Inflammation of the Bladder and Prostrate Glands, Excoriations, Pustules, Piles, Pimples, Blotches and all Cutaneous Eruptions of the skin. Cancers Tumors cured with or without operation. In recent Venereal Diseases, the Dr. effects a Cure in 3 to 6 days or no charge.

For the Eye, Ear and Throat, Dr. V. possesses new and invaluable remedies. Dr. V. would advise those ladies troubled with irregularities of the Uterus to try his new medicine and get cured.

Dr. van Den Bergh's Infallible Worm Syrup for children. Price, \$1. Warranted to expel the worms, or the money refunded.

Dr. J. P. P. van Den Bergh's Hair Tonic—a sure cure to destroy all animalcules of the Hair Follicles, prevent falling out and promoting the growth of the Hair. Price \$1.40. Warranted.

By consulting and undergoing a simple examination, the afflicted can tell if their disease is caused by Worms or not; at all events Dr. van Den Bergh can tell them from what disease they are suffering.

Consultations and examinations FREE of charge in all cases. Dr. van Den Bergh guarantees, in all cases, to expel the worms, and cure all diseases he undertakes, or to refund the money.

Card from Judge Frier, of Polk County. DR. J. P. P. VAN DEN BERGH—Dear Sir: I take pleasure in thanking you publicly for the restoration of my health after nineteen years of great suffering mentally and bodily. I doctored a great deal; was afflicted with almost every imaginable pain and despaired of seeing a well day again. When I came to you at Salem, you said you would remove the cause of my troubles, suffering in five hours. I could hardly believe it, but after taking five tasteless powders you gave me, about 250 worms passed from me, and now, fourteen days afterwards, I feel like another man, and am able to follow my business without pain or inconvenience. A. H. FRIER, Bethel, Polk Co., Oct. 10th, 1871.

1,500 Worms Expelled. After 7 years of suffering, pain and debility, and doctoring for many complaints, now proved that I did not have any taking any medicine, I gave up in despair, thinking it was no use to do anything more, and I was about to give up my poor stomach any longer, and that I must waste and waste away until there was nothing left of poor me. But hearing of the astonishing cures of Dr. J. P. P. van Den Bergh has performed in so short a time, effecting cures in a few hours, and my friends advising me to make one more effort, I consulted Dr. van Den Bergh, and he told me my troubles were caused by worms and he would expel them in about five hours. After taking five small powders, 1,500 worms passed away from me, and I am happy to say I am better than I have been for a good while. P. R. EVES, Subscribed and sworn to before me this 18th day of September, 1871. J. J. MURPHY, J. P.

REMARKABLE! Eight Hundred Worms Expelled! I think it a public benefit to make the following statement, that I have been afflicted for two years with constant pains in the stomach, and in fact, pains all over my body; no appetite, and let me eat what I would it always put me in distress. No medicine would relieve me and I grew worse and worse until now I am a mere skeleton. Nobody could tell me what was the matter with me, until I consulted Dr. J. P. P. van Den Bergh, in Salem, Oregon, and he told me I was afflicted with worms, and they were the cause of all my misery and pains. I took the Doctor's medicine, and he expelled 800 worms from me. They are like leeches, with long tails, and measure from one to one and one-half inches in length. I only took six little powders, and they brought the worms in four hours time. All those afflicted wishing to see me can find me at Sam Benet's stable, Salem Oregon.

Subscribed and sworn to before me this 7th day of Sept. 1871. J. J. MURPHY, J. P. Said worms can be seen at Dr. J. P. P. van Den Bergh's office, Chemeketa Hotel, Salem.

A CARD. Dr. J. P. P. VAN DEN BERGH—Dear Sir: I do not think it my duty to make the following statement: For the last three years I have been suffering with constant gnawing pain and a quivering sensation in my stomach, also pain in my chest and heart, my food would not digest and I was so nervous that with difficulty I could follow my occupation, which has been here in Salem for the past ten years, as a practical dentist. In fact from the constant pain and misery I had wasted away to a mere skeleton. I had been doctoring a great deal without any benefit, and believing there was no help for me but to linger on until death would relieve all my suffering. Some of my friends thought I had worms and had better see Dr. van Den Bergh. He told me at once that worms were the cause of all my troubles, so he gave me 5 small tasteless powders and in 4 hours about 700 worms, from one inch to one and one-half inches long, came away from me that day, and the following night some more came, and now I am happy to say I feel like another man again, and am gaining strength from day to day. H. SMITH, M. D., Salem, Oregon, Sept. 23d, 1871.

Another Great Slaughter! We think it our duty to make the following statement in hopes it may do some good to sick children: Our child had been sick for some time. Thinking all the time our little one was troubled with worms we tried many doctors and a great many remedies without any relief. Some neighbors told us we should go and try Dr. van Den Bergh's worm doctor in Salem. We did so and he gave us one of his celebrated Worm Syrup, and after giving the medicine, to our great astonishment about 800 worms passed away from our dear child, and now, thank heaven she is well again. L. D. GRIZZLE, Salem, Oregon, Oct. 3d 1871.

Hundreds of Thousands Bear testimony to their Wonderful Curative Effects. WHAT ARE THEY?

FOR FEMALE COMPLAINTS, whether in youth or old age, these Tonic Bitters have no equal. For a circular, send for a circular.

THEY ARE NOT A VILE FANCY DRINK.

Made of Pure Rum, Whiskey, Proof Spirit and Refuse Liquors, distilled, applied and sweetened to please the taste, called "Tonic," "Appetizer," "Restorer," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, a perfect Restorer and Invigorator of the System, carrying off all poisonous matter and restoring the Blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION. Headache, Pain in the Shoulders, Conga, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the Region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia.

The Ylvaigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Itch, Scald Head, Scabies, Pustules, Bores, Carbuncles, Ring Worms, Scald Head, Fore Erysipelas, Itch, Scabs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Bores; cleanse when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system so many thousands are so often destroyed and removed. For full directions, read carefully the circular around each bottle.
