to-morrow evening.

The Latest Impartation. Finecutchew-ing
tobacco, at G. B. Stiles'.

Tom Richmond while out hunting the other
day, killed a deer and a wild cat.

Wanted.—Communications on local matters
from any portion of the county, at the REPUBLICAN
Office.

Messrs. Richardson & Garrison have a saw
run by horse-power to do the sawing for their
wagon shop.

We are informed that Mr. Savage and his
wife have again united forces and are living at
home as usual.

Elder T. F. Campbell will preach at the
Christian Church this evening and to-morrow
at eleven o'clock.

A meeting is to be held at the Court House
next Monday night for the purpose of organizing
a dancing club.

Those business men who expect a thriving
trade should avail themselves of all means to
secure that object. The first best thing is advertising.

The Odd Fellows had a public installation
and sociable at their Hall last Saturday night.
We were not present, but hear that everything
was lively and pleasant.

We learn from private sources that M. M.
Ellis, at La Clede, is still on his legs and doing
a thriving business. He deserves success and
seems in a fair way to meet it.

Burned Out—according to "ad," yet doing a
"flaming" business, as we learn by reports,
seems to be the condition of our friend Clark
at Dixie. Give him a call.

The scalp chase referred to in another place,
is one of a series of wolf packs to be engaged in
by our hunters. Mr. Richmond says he was
not in the last one, but proposes to be there next
time.

The following list of officers were installed
at the recent public installation of Odd Fellows:
G. W. Hubbard, N. G.; E. D. Rolter, V. G.;
B. F. Nichols, R. S.; J. Taylor, P. S.; T. G.
Belmond, Treasurer.

Frank M. Collins, of Louisville, gave us a
call on Wednesday. He was on his way home
from Portland, where he had been on business.
The Cosmopolitan Hotel, where he stopped,
caught fire from a defective flue near his room,
and came near smothering him before he woke
to his danger. No great damage was done.

Cutting and Fitting, Mrs. A. M. Swain
who has recently arrived in Dallas, is now
preparing to cut, fit and make dresses, saques,
basques, etc., according to the latest approved
method. Millinery work done with neatness
and dispatch. Satisfaction guaranteed, or no
charge. Rooms in the rear of M. Brown's
store.

Mr. Nathan Conner has built a fine farm
residence on his place, and finished it in
regular Eastern style. It is plastered all throughout.
Mr. C. informs us that this style of finish
is cheaper than the old style of ceiling. It
certainly is far nicer, and if it is cheaper, we
expect others will rapidly adopt this in lieu of
ceiling and papering.

Whittlings. Our band meets for practice
every night.—Portland mails have been a myth
during the entire week.—The West-Side mail
is now carried on sulkeys.—Prof. Rutan has
changed the time of singing school to Tuesday
and Wednesday evenings.—The M. E. Church
prayer meeting has been changed to Friday
evenings.—The weather clerk must have got
"awfully mixed," judging from the weather the
last few days.—J. B. Stamp, of Buena Vista,
has been in town several days.—Prof. Rutan
proposes to give a concert at the end of this
quarter of his singing school.—We are pleased
to learn that Mr. Bolter, of the firm of Bolter &
Worthy, is doing a thriving trade in the grocery
line in Portland. Bolter & Worthy still keep a
fine stock of goods here.—Mr. Howe favored us
with a supply of fine apples, for which all hands
doff their caps.—A penny saved is two-pence
earned, and a good way to save is to buy of N.
& J. D. Lee.

Our band is improving rapidly, and will
soon be prepared to make excellent music.

"Tribute—To My Friend," did not come in
in time this week, but will appear in next issue.

First Scalp Race. At the wolf chase on
Monday, January 8th, B.M. Ridgeway entered
with the following dogs: white, black, spotted
Kate, and black Tip. Uncle "Ed," black-tan
dog, Trouble; black Beck, and spotted Rat-
tler. First heat Rattler distanced. Two mile
heat Trouble flew the track, and Beck taking
the lead, came in two hundred yards ahead.
First blood drawn for Beck. Come up with your
stake for the scalp.

A Watery Grave. The press of the old West
Side office, we learn, has found a watery grave.
While some men were running it down from the
warehouse to the boat, on a car, at Dayton, the
rope parted, and car, press and all went into
the river. At last accounts it had not been
recovered, and prospects were not good.
Like many another public servant, it has done
its work earnestly, withstanding the frowns of
enemies, and the flatteries of friends, and has
now sunk to rest where the silvery rippling of
the beautiful Yamhill may sing an unceasing
requiem.

MARRIED.

STEWART—DOUGHERTY.—At the residence
of the bride's father, near Grand Ronde,
Polk Co., Oregon, by B. B. Branson, J. P.,
Mr. Charles Stewart, of Sheridan, Yamhill Co.,
to Miss Britannia B. Dougherty, of Polk Co.

The Fever and Ague Horn. In fever and
ague districts the "shakes" of the community
—at the time when Quinine was in vogue, were
sometimes summoned to their dozes by the
sound of a horn; but since Dr. Walker's Veg-
etable VINEGAR BITTERS have superseded that
dangerous drug as a specific for intermittent
and remittent fevers, no such remedies are needed.
The victims come of their own accord to receive
their ration of that agreeable and matchless
remedy, and in a few days a perfect cure is ef-
fected. This mighty antidote is literally ex-
tinguishing periodical fevers, dyspepsia and
bilious complaints, throughout the length and
breadth of the land.

We take pleasure in recommending the use
of Hall's Vegetable Sicilian Hair Renewer as a
safe and reliable preparation for restoring grey
hair to its natural color, and promoting its
growth.

Forty Years' Experience have tested the
virtues of Dr. Wistar's Balsam of Wild
Cherry, and the result is that it is the best re-
medy extant for pulmonary and lung diseases,
embracing a whole range from a slight cold to a
settled consumption. Were it not for its
merits, it would long since have "died, and
made no sign." 212-w.

The Trans-Continental Railroad has opened
up, and the influx of immigration is developing
the resources of the Pacific coast. The O. &
C. Road is doing the same thing for Oregon.
The Arts and Sciences are being developed
here as elsewhere. Photography has been im-
proved, until the pictures of persons are so life-
like as to astonish even the best informed. J.
H. Kincaid, at his gallery, is now prepared to
take advantage of all improvements, and draw
pictures of all sizes and styles, in such a
manner as to please the eye and suit the taste of
the most fastidious. Dark weather makes no dif-
ference with grown persons.

The CITY BOOT STORE has long been Head-
quarters for the State of TINKER'S CELEBRATED
BOOTS, of which I have Exclusive
Sale. Parties are cautioned to examine and
find my name on them, as the country is
flooded with a Rotten Boot, in imitation of the
genuine article. Every pair of Tinker's Boots
sold at my establishment is guaranteed to give
perfect satisfaction.

REMEMBER that the above house sells no
buff or split goods. No shoddy palmed off
upon his customers for a superior article of
French Calf. All rips, returned in a reasonable
time, repaired free of charge.
37-4f J. W. GILBERT, Salem.

A Missionary Society has been or-
ganized in the Sunday School at Cor-
vallis College.

One of the largest planters of the
South is Col. E. B. Lockett, of Georgia:
He has planted this year 1871 6,000
acres of cotton and 3,000 acres of corn,
and small grains. At the lowest estimate,
his cotton crop will sell for \$180,000.
Col. Lockett employs 300 hands,
all black, and has no trouble with his
help, who are orderly and tolerably in-
dustrious. Throwing out the value of
increase of slaves he thinks that cotton
can now be raised more cheaply than
before the war.

The great Illinois river dam at Hen-
ry which was completed October 21st, is
a perfect success, and there is now fully
six feet of water on Tree-top Bar,
for many years so serious an impediment
to the navigation of the Upper Illinois
during seasons of low water. The dam
is 8 feet high. The lock, which is 75
feet wide and 325 feet long, will soon
be completed. The whole work—the
dam, with its extensive wings, and the
lock—will cost about \$550,000.

Turn wither soever we will, we find
the belief in immortality. In every
nation ever known, in every race that
has ever lived, in every age of this
changing world, we find it. Every
language known to man as now or here-
tofore spoken among the babblers of the
earth, is constructed in accordance
with it. In all ages men in dying have
looked on death as simply the soul's
putting off its tabernacle. There are
exceptions, but they are so few that
they hardly attract our attention, and
do not destroy the practical accuracy of
our statement. The belief in immor-
tality is one of the universal convictions
of the race.

Telegraphic Summary.

Rochester, Jan. 2.—A mob attempted
to break into the jail where the negro
ravisher of the little girl Mort is con-
fined, but were prevented by the police.
There is great excitement.

New York, Jan. 3.—The Frigate
Congress was moved from the Navy
Yard, into the stream this morning,
and sails this evening for Havana, to
remain until further orders. It is said
that other vessels are to go to the Cuban
coast, and the commanders are ordered
to give protection to such Americans as
have incurred the displeasure of Spanish
volunteers.

For the first time within the knowl-
edge of city officials, the Comptroller
has sent to the Mayor a quarterly finan-
cial statement of the city accounts.
Some of the old Board of Aldermen
attempted to take possession of the Cham-
ber to-day, but were drawn off by the
police.

A bill was introduced in the Legis-
lature at Albany to remove the Mayor
and corporation attorney, and remove
Fields, Park Commissioner.

The Custom House Senatorial Con-
gressional Investigating Committee,
consisting of Buckingham, Howe,
Stewart, Cassery, Pratt and Buyard, met
to-day, in the Collector's room at the
Custom House. Its session will be se-
cret, no one being allowed to be present
except Collector Arthur.

A run commenced on the Third Ave-
nue Savings Bank this morning. The
Bank officers say that the Bank is able
to make all necessary payments.

The Commissioner of Public Works,
Fan Nort, to-day discharged six Gen-
eral Superintendents of Sewers and a
number of other officials, reducing the
expenses of the Department thus far
\$90,000 per annum.

The sittings of the Senatorial Inves-
tigating Committee at the Custom
House are public. Some evidence taken
to-day; nothing important elicited.

Washington, Jan. 3.—The Civil Service
Advisory Board held an informal meet-
ing to-day. Four members were pre-
sent, and others are expected to-morrow.
They will receive their Commissions
from the President immediately, and
hold daily sessions.

New York, Jan. 3.—Yesterday a man
presented at a savings bank, in this city,
five United States bonds of \$100 each,
for sale, which the clerk recognized as
a part of \$25,000 stolen in December
from a gentleman at the corner of Lib-
erty and Broadway streets, and which
had been extensively advertised. Detec-
tives were called in and the man, who
gave his name as Horace Corp, was ar-
rested.

Louisville, Jan. 3.—Fire at Somerset.
Paluski county, Ky. Sunday, burned
twelve of the best houses in the village,
including the Court House. Loss, \$45,
000.

Washington, Dec. 31.—Judge Cochrane,
late Chief Justice of Georgia, and
one of the most prominent Southern
Republicans, had a long interview with
the President yesterday. He says the
Administration will not interfere in the
present affairs of Georgia, and as Gov-
ernor Conley personally cares nothing
for the office, there will be no contest
between him and the Governor elect
concerning it.

The Secretary of the Treasury has
authorized the Assistant Treasurer in
New York to sell \$1,600,000 gold on
the 2d and 4th Thursday, and to pur-
chase \$1,000,000 in bonds on the 1st
and 3d Thursday during the month of
January.

Washington, Jan. 2.—The public
debt statement shows a decrease of the
debt for the present month of \$3,412,-
835. The coin balance in the Treasury
is \$111,432,826, and currency \$15,-
861,494.

London, January 2.—The Times be-
lieves that the American Government
has no intention to make exorbitant de-
mands for indemnity at the Geneva
Tribunal; that the main desire is to
gain public acknowledgement of the
correctness of its position during the
war. The Times also says that it is un-
desirable to encourage the bringing of
extravagant claims against neutrals.

London, January 3.—German resi-
dents are petitioning Bismarck to de-
mand an apology and indemnity from
the United States to France during the
late war.

New York, Dec. 30.—A St Thomas
letter mentions a rumor current that an
American vessel, the Florida, has been
captured by a Spanish man-of-war and
taken to Porto Rico. The Florida left
St. Thomas on the 14th and was taken
shortly after her departure. The Span-
ish war steamer Nuncz de Balboa, which
followed close behind her, fired and
brought her to almost in the presence
of the U. S. sloop Shawnee. The news
is confirmed by private dispatches,
though the Tribune thinks that it
should not be fully credited.

A Nassau special to the Times says
the Florida arrived there on the 24th
inst, with the loss of foretopmast and
was towed into port for repairs and
about her being fired into or captured
by a Spanish cruiser.

CHOLERA. HOW TO CURE IT.

At the commencement of the Diarrhoea, which
always precedes an attack of the Cholera, take
a teaspoonful of Pain Killer in sugar and
water, (hot if convenient,) and then bathe freely
the stomach and bowels with the Pain Killer
clear. Should the diarrhoea or cramps continue
repeat the dose every ten or fifteen minutes un-
til the patient is relieved. In extreme cases,
two or more teaspoonfuls may be given at a
dose.

The Pain Killer, as a remedy, has no equal.
Increases of Cholera, Summer Complaints, Dys-
pepsia, Dysentery, Asthma it cures in one night
by taking it internally, and bathing with it
freely. It is also like magic, when externally
applied to Old Sores, Burns, Scalds, and
Sprains. For Sick Headache and Toothache
don't fail to try it. In short, it is a PAIN KIL-
LER.

Directions accompany each bottle.
The Pain Killer is sold by all dealers in Medi-
cines.
Price, 25 cents, 50 cents and \$1 per bottle.

SOME MEDICAL MEN insist it is undignified to
advertise a remedy, however valuable it may be.
Queer reasoning this. It is like saying that an
article which is excellent should be placed in a
corner—that benefits and blessings may be too
widely diffused—that the means of protecting
and restoring health should be a close monopoly,
and not accessible to all. The argument is bad,
it is worse than that; it is *inhumane*. Suppose
Hostetter's Stomach Bitters—an absolute spe-
cific to dyspepsia, indigestion and nervous debility—
had never been known beyond the re-
cesses of the faculty, what would have been the
consequence? Instead of curing and invigorat-
ing millions, the good effects of the prepara-
tion would have been confined to a comparative
few. There is the highest authority for saying
that light should not be hid under a bushel;
that whatever is excellent should be placed in a
city on a hill, where all men can take cogni-
zance of it. It is upon this principle that the
Bitters have been advertised and continue to be
advertised in every newspaper of any prominence
in the western hemisphere, and that the sponta-
neous testimonials in its favor have been trans-
lated into all written languages. Thousands
enjoy perfect health today who would be lan-
guishing on beds of sickness if the newspapers
had not spread the truth with regard to this
unequaled invigorant and corrective far and wide.
Suppose profit has been reaped from this pub-
licity? Is that any argument against it? If
the public health has been protected; if lives
have been saved; if the feeble have been
strengthened and the sick restored, *great good
has been accomplished*; and who so mean as to
grudge to exertions thus directed their fair re-
ward?

BURNED OUT! AND IT ALL CAME ABOUT IN THIS WISE:

YOU SEE THAT IT WAS FOUND OUT
by the good people of this county generally
that the DIXIE STORE was selling at the
following startling rates:

Calico per yard..... 10
Best California Boots (heavy)..... 5 50
Gent's Fine Shirts each..... 1 25

Come on with your cash or produce, as
these are strictly cash prices. Highest cash
price paid for every thing that the people have
to sell that will sell again.

socks, per pair.

THE BADGE RULE.

THE ENFORCEMENT OF THIS UNPOP-
ular rule at the late Agricultural Fair,
through a source of great annoyance to visit-
ors and of vexation to Marshals, was not en-
tirely barren of good results, especially to the
people of this vicinity who are sagacious
enough to profit by the facts developed. It
seems that in clothing parties violating the
rule, the Marshals found great difficulty in
some cases by reason of the clothing of the
offenders giving way, while others more roughly
handled were removed from the ground with-
out the least injury to their clothing. This
mystery was solved by the Marshals when
they found on investigation, that the clothing
which stood firm under the sturdy grip of the
officers was purchased (with the exception of
one velvet suit) at the store of Murphy & Cross-
man, in the bank building, corner of State and
Commercial sts., Salem, where a good supply
of the same kind of clothing is always on hand,
together with a full assortment of fashionable
hats and gents' furnishing goods. 386f.

HALLS VEGETABLE SICILIAN
HAIR
RENEWER.

Every year increases the popularity
of this valuable Hair Preparation;
which is due to merit alone. We can
assure our old patrons that it is kept
fully up to its high standard; and it
is the only reliable and perfected pre-
paration for restoring GRAY or FADED
HAIR to its youthful color, making it
soft, lustrous, and silken. The scalp,
by its use, becomes white and clean.
It removes all eruptions and dandruff,
and, by its tonic properties, prevents
the hair from falling out, as it stimu-
lates and nourishes the hair-glands.
By its use, the hair grows thicker and
stronger. In baldness, it restores the
capillary glands to their normal vigor,
and will create a new growth, except
in extreme old age. It is the most
economical HAIR DRESSING ever used,
as it requires fewer applications, and
gives the hair a splendid, glossy ap-
pearance. A. A. Hayes, M.D., State
Assayer of Massachusetts, says, "The
constituents are pure, and carefully
selected for excellent quality; and I
consider it the BEST PREPARATION
for its intended purposes."
Sold by all Druggists, and Dealers in Medicines.
Price One Dollar.

Buckingham's Dye

FOR THE WHISKERS.

As our Renewer in many cases re-
quires too long a time, and too much
care, to restore gray or faded Whisk-
ers, we have prepared this dye, in one
preparation; which will quickly and
effectually accomplish this result. It
is easily applied, and produces a color
which will neither rub nor wash off.
Sold by all Druggists. Price Fifty
cents.

Ayer's Cathartic Pills,

Medicine.

Perhaps no one med-
icine is so generally re-
quired by every body as
a cathartic, nor was ever
any before so universal-
ly and so judiciously
used, in every country and
among all classes, as this
not only cleanses the
system, but it is a more ef-
fectual remedy than any
other. Those who have
tried it, know that it cured them; those who have
not, know that it cures their neighbors and friends,
and all know that what it does once it does always
—that it never fails through any fault or neglect of
its composition. We have thousands upon thousands
of certificates of their remarkable cures, in
every country and among all classes, as this mild
but efficient purgative
remedy is the best of its kind.
Minute directions are given in the wrapper on
