A Lively Night. Last Friday night, as is
our usual custom, we were running our papers
through the press preparing for the weekly
issue on Saturday morning, when our room was
lighted up by the presence of a bevy of the fair
sex. This nearly unnerved us for the time, but
finally concluding that we could "stand the
press," we went ahead with our work. The
rattle of the press made sorry discord with the
ring of merry voices which sounded through
our usually dismal and quiet environs. All
pleasures must have an end. This we found too
soon was the case in this instance. The ladies
dispersed. The merry laugh was hushed to us
and we returned again to our labors very much
revived by the change for the time. After finish-
ing our work we retired, thinking over the
past year (as this was the last issue of volume
2), its achievements and failures; its losses and
gains; its hopes and disappointments. The
scenes became mixed. The ring of laughing
girls would combine with the rattle of the press,
the sharp retort and witty repartee would
mingle with the monotonous "click" of the
type, until all became hushed and we went off
into dreamland. In our dreams we passed to
gay scenes where the click of type, the heavy
thundering of the press, as well as the terrify-
ing call for "copy" and the annoyances to
which we are subjected by "His Satanic Majes-
ty," all gave way to the enjoyment of pleasant
society, and the air constantly filled with the
most soul-stirring music. Gradually we roused
to the consciousness that the absence of the
call for copy, the rattle of the press, together
with other annoyances, was only caused by the
lateness of the hour, and the musical melodies
which so enraptured us proceeded from our
Brass Band, which was discoursing sweet
music on the porch under our window. The
varied incidents of the evening made lasting
impressions on our mental faculties. We feel
under lasting obligations to the ladies for their
cheerful presence, to the band for their excel-
lent music, and to all our friends who have
lent us their support during the past year. We
now give you the first number of our third vol-
ume, and commence the labors of the year with
renewed energy, prompted to this by the many
favors and kind wishes of our numerous
patrons.

Democratic Club. We were not present at
the Democratic Club meeting last Friday even-
ing, but from what we can learn the cement
which is used for the purpose of uniting the
party is "cementing it apart." One speaker got
up and scouted the idea of a "passive policy,"
said the party had no show and could find no
hope upon such policy; and the following
speaker advocated "passivism" all the time—
So on, gentlemen, you are doing a good
work—for the Republican.

Error. We stated last week, in our extracts
from the report of W. C. Willis, District Clerk
that the incidental expenses, including clerk's
fees for collecting, etc., were \$192 95. This Mr.
W. informs us is an error of an even hundred
dollars. The expenses being \$92 95. We will
ingly make this correction, as we think Mr.
Willis has tried to conduct the financial affairs
of the district prudently, and would not have
the public view him in a false light.

"The Northern Pacific Railroad, Its Routes,
Resources, Progress and Business," is the title
of a book of about 50 pages, just received,
bearing the superscription of Wm. Davidson,
Real Estate Dealer, Portland, Oregon. This
book is just what its title indicates and gives a
comprehensive idea of this great undertaking.
Mr. Davidson, in circulating this document, is
doing a good work for all who are interested in
the resources of the Pacific coast.

"Public Ledger Almanac." This handsome
Calendar, from Geo. W. Childs, of Philadelphia
the Publisher, makes its regular annual ap-
pearance on our table. This one of the finest
and most comprehensive Almanacs published in this
country, and is sent free by the publisher to the
patrons of the Ledger. Its handsome leaves, of
about 60 pages, are well filled with interesting
matter useful to everybody.

Irrigation. We call the attention of our read-
ers to the communication in another column on
this subject from the pen of Mr. Dodson, who
has fully tested its advantages. We would
like to hear from others on this subject, and
also that of draining.

We are informed that Mr. Cyrus Buell, of
Elk Horn, recently purchased of Messrs. Gill
& Steel, through the agency of H. B. Somer-
ville, a splendid Organ, with which they are
highly pleased.

Primary Meetings.

The Republican voters of Dallas Precinct
met at the Court House, Saturday, March 2d,
at 2 p. m. Meeting called to order by Judge Col-
lins, Chairman of County Executive Commit-
tee. M. M. Dodson was chosen to the Chair,
R. H. Tyson, Secretary, and B. F. Nichols, As-
sistant Secretary. Judge Collins moved: "All
persons who wished to take part in the meeting
and who expect to vote the Republican ticket,
come forward and sign the roll." Forty-three
names were signed.
A move was carried that the meeting vote by
ballot, for nine delegates to attend the County
Convention, and the person receiving a major-
ity of votes be declared delegate. On the first
ballot, the following delegates were chosen: J.
M. Scott, George Tillotson, W. C. Willis and R.
H. Tyson. The second ballot resulted in the
choice of J. C. Grubbs, A. Shreves, M. M. Dodson
and N. Garwood.
The meeting adjourned with the best of feel-
ing prevailing. R. H. TYSON,
Secretary.

INDEPENDENCE.
Meeting called to order by H. Lindsey, A. W.
Lucas was chosen Chairman and H. H. McCord,
as Secretary. The following delegates were
chosen to attend the County Convention:
A. W. Lucas, Isaac Tatem, H. Lindsey, H. H.
McCord, W. Waterhouse and H. Cooper.
I. M. Butler was nominated for Justice of the
Peace, and Joseph Irwin for Constable.
Meeting adjourned H. H. McCORD,
Secretary.

BETHEL.
J. H. Hawley Chairman and J. C. Cooper Sec-
retary. The following delegates were elected
to the County Convention:
J. H. Hawley, S. W. Fletcher, L. B. Fraser, J.
Emmett, J. C. Cooper, D. J. Cooper and Sanford
Watson.
G. C. Bell and A. Stephens were nominated for
Justices of the Peace, Isaac N. Basy and Jas.
Kennedy for Constables.
A. Stephens was nominated member of the
Central Committee from Bethel.
Meeting favored the nomination of County
Officers on the 9th inst.
The following are the delegates from differ-
ent precincts to the Convention to-day, as far
as heard from:

REGA.
S. Becket, W. D. Cole, T. Pearce, A. S. Hamil-
ton and A. G. Roberts.
SALT LAKE.
G. B. Ashby, J. Chandler, Enoch Richardson,
and C. P. Zuzwalt.
We were shown by our County Clerk, the
other day, four books manufactured at the Book
Bindery of Frank A. Cook, in Salem. Two
index books, a docket register, and an assess-
ment book, which for style of workmanship
cannot be excelled. The Clerk, Mr. Holmes,
says they are far superior to anything of the
kind which has come into the office in this
county. Those having work of this kind to do
cannot do better than patronize Mr. Cook. All
orders in this line left at the REPUBLICAN OF-
FICE, will be promptly attended to.

G. W. Carey traveling agent of the Conti-
nental Life Insurance Co., of New York, will
remain in town a few days and attend to the
Life Insurance business. The Continental is
well known as one of the most reliable of the
many companies. Its long and high standing is
of itself a recommendation, and those who wish
to insure will do well to give Mr. Carey a call.
The severe storms of the season seem to have
passed and the sun, several times, during the
past week, has broken through the heavy clouds
which have hung like a pall over us so long.
Everything now betokens spring. Grouse are
beginning to hoot, song-birds are pouring forth
their melodies, trees are budding, and the farm-
ers are plowing for their summer crop.

Defeated. A few nights since a man at-
tempted to "go through" a hen roost on the
premises of Mr. Hagood, but was defeated by
the timely discharge of a rifle, which sent a
ball close to his head. It is said there was one
badly scared man in town the next morning,
who was heard to declare that he "wouldn't go
for to steal no more chickens no more."

Report. We have received from the Investi-
gating Commission, appointed by the last Leg-
islature to investigate the actions of certain
officers and re-audit certain claims against the
State, their report published in pamphlet form,
and containing 159 pages. We have not had
time to peruse it, but will do so at our earliest
convenience, and give notes accordingly.

Robbery. We learn that two young men of
Monmouth were arrested on Tuesday, charged
with breaking into the store of a Mr. Lindsey,
of that place. They had a hearing before the
Judge, and were bound over in the sum of \$200
to appear at the next term of Circuit Court.

Our hunters, last Monday, killed a coyote on
Frank Nichols' farm about two miles above
town. Several raids have been made on flocks
of sheep, supposed to have been done by these
marauders, and the people are determined if
possible to clear them out.

Demorests. The January and February
numbers of this popular magazine have just
come to hand. Those of our patrons who have
not received them can be accommodated now.
The March number will be forthcoming.

For anything in the line of stoves or tinware
call on T. B. Newman, one door south of the
Post Office. He also has a stock of fine jewelry,
which he offers cheap. Give him a call before
purchasing elsewhere.

Mr. Peterson has sold his interest in the saw-
mill known as the Wayne mill, on the Luckiamute,
to a gentleman whose name we have not
learned.

Concert. Prof. Ratan will close his first
quarter of his Singing School next week, when
a grand Vocal and Instrumental Concert will
be given. The Professor has worked hard with
his class, and his efforts should be rewarded
by a full house. He gave a concert at Corvallis
a few weeks ago, which was very highly
spoken of. Next Thursday evening he will
give the pupils here "a chance," and no doubt
but that under his careful management they
will acquit themselves in a creditable manner.
The exercises will take place at the Court
House, and the admission fee will be fifty
cents.

Called. Gen. Palmer called on us yesterday.
He reports that everything works to a nicety
on the Reservation; but work has been partially
stopped on account of having no Superin-
tendent to draw funds for them. The Indians
have sown forty acres of Fall wheat, and will
put in several more of Spring wheat. They
expect to raise potatoes enough this season to
supply them the coming winter.

Dr. J. W. Van Den Bergh has opened an
office in Salem, where he may be consulted on
all diseases, particularly those arising from
Pin, Tape and other worms. The Doctor
comes well recommended, and has many testi-
monials of ability from persons whom he has
attended.

The Commercial Reporter is the name of a
semi-monthly paper, published by Parish, Wat-
kins & Cornell, and is devoted to the Shipping
and Commercial interests of Oregon. It is pub-
lished by Himes & Bachelder, the well-known Book
and Job Printers, of Portland.

The case of McDowell vs. Whitley was tried
before Sheriff Burch on Thursday. The Jury
returned a verdict for young McDowell.

Several of the legal fraternity have been
busily engaged taking depositions in the case
of Seoval vs. Barney, involving the validity of a
land sale.

The Democratic Primary meeting takes
place on the 22d, and the County Convention on
the 24th.

This morning commences volume 3 of the
REPUBLICAN.

Changes in the weather indicate the approach
of Spring.

Republican County Convention meets at the
Court House to-day.

Judge Boise has been sojourning in town
during the week.

Hon. Ben Hayden has been in attendance at
County Court this week.

Telegraphic Summary.

Pope Pius asks permission of Eng-
land for the meeting of an Ecumenical
Council in Ireland.
Thiers has summoned the Generals
of France to give an account of the state
of feeling in the army.
Thiers' Government has issued a de-
ree suspending the publication of the
Gambis and L'Arnee newspapers.

The present session of the Nebraska
Legislature has been declared illegal by
the Supreme Court, and has conse-
quently disbanded.
Vice-President Colfax declares that
England will have to abide the decision
of the Geneva Conference and pay the
American debt in full.

A fire at Selins' Grove, Pennsylva-
nia, destroyed thirteen dwellings, five
stores, the Baptist church and twelve
stables and barns. Loss, \$100,000.
Bismark is about to issue a call for
an International Congress to devise a gen-
eral and uniform system of postage and
of carrying the mails.

Washington, March 2.—The Presi-
dent shows no disposition to yield to the
Mormon clamor against Judge McKean
now here. On the contrary, he is satis-
fied of his integrity and independence,
and admired his courage in upholding
the law.
Thus far the heavy Mormon lobby
have failed to effect any thing with the
Executive. It is feared however, that
they may defeat Congressional appropria-
tions for the necessary expenses of Mor-
mon trials for murder.

The war excitement over the Ala-
bama treaty has subsided. The English
mail to day carries out the answer of the
American Government to the British
objections. While it is known to be
conciliatory in tone, it firmly holds that
the interpretation of the treaty is a ques-
tion for the Geneva arbitrators, who be-
come judges of both law and facts. The
American Government withdraws nothing
of its case, but will accept of the arbi-
trators' judgement on all points, in-
cluding the question of indirect dam-
ages.

New York, March 1.—Mrs. Harriet
Beecher Stowe met with a serious ac-
cident on February 29th, at her home
on Mondala Flat, by falling backward
from a table on which she was stand-
ing to arrange a window curtain—her
head striking the edge of a bedstead, her
back hitting a bath-tub. She was

picked up insensible, but the latest ac-
counts indicate that she is likely to re-
cover.

New Brunswick, (N. J.), March 3.—
Rear Admiral Boggs continues ill at his
residence here, but his condition is not
considered dangerous.

Norfolk (Va.), March 3.—A terrific
gale, accompanied with sleet and snow,
has prevailed all day. The steamers
advertised to sail to-day defer their
departure until the storm abates. High
tides have covered many of the
wharves with two feet of water. The
telegraph lines on the Norfolk side
of the river were prostrated by the
storm.

San Francisco, March 4.—In the case
of James B. Newby, the attorney from
Oregon, held to answer on a charge of
misdemeanor in obtaining money from
a client on false pretences, the Grand
Jury have ignored the bill.

Washington, March 3.—The Sec-
retary of the Treasury has authorized the
Assistant Treasurer at New York to pur-
chase \$1,000,000 bonds on Thursday,
March 14th, and \$1,000,000 on Thurs-
day, March 28th. The Secretary will
sell no gold this month, in consequence
of heavy payments to be made on account
of the called bonds, which fall due on
the 6th instant, to the extent of 4,000,000.

THE GREELEY STATUE.—Nearly
\$15,000 has been subscribed for the
erection of a Statue of Horace Greeley.
The Statue is to be placed opposite that
of Benj. Franklin, in the Printing
House Square N. Y.

Hall's Vegetable Sicilian Hair Renewer.
The genuine article has a proprietary stamp
running over the cork of the bottle.

For coughs, Bronchitis and Consumption,
in its early stages, nothing equals Dr.
Pierce's Golden Medical Discovery.

CHOLERA.
HOW TO CURE IT.

At the commencement of the Diarrhoe, which
always precedes an attack of the Cholera, take
a teaspoonful of Pain Killer in sugar and wa-
ter, (not if convenient,) and then bathe freely
the stomach and bowels with the Pain Killer
clear. Should the diarrhoe or cramps continue
repeat the dose every ten or fifteen minutes
until the patient is relieved. In extreme cases,
two or more doses may be given at a dose.

The Pain Killer, as a remedy, has no equal.
Incessant Cholera, Summer Complaints, Dys-
pepsia, Dysentery, Asthma it cures in one night
by taking it internally, and bathing with it
freely. Its action is like magic, when external-
ly applied to Old Sores, Burns, Scalds, and
Sprains. For Sick Headache and Toothache
don't fail to try it. In short, it is a PAIN KILLER.

Directions accompany each bottle.
The Pain Killer is sold by all dealers in Med-
icines.
Prices, 25 cents, 50 cent and \$1 per bottle.

What Dyspepsia may end in.
Indigestion is not dangerous, says the faculty.
Perhaps not in itself, while it remains mere in-
digestion; but look at the consequences to which
it may lead, and often does lead when it be-
comes a chronic disease. A spark of fire is a small
thing. A pressure of the foot will put it out; a
breath will extinguish it. Yet it may fire a pow-
der mill, or kindle a flame that will consume a
city. In like manner indigestion may produce
gastritis; cancer of the stomach, congestion of
the bowels, apoplexy, liver disease and many
other dangerous maladies. Is it not wise, then,
to check it in the germ? Nothing is more clearly
and indisputably established than that Hostet-
ter's Stomach Bitters will eradicate dyspepsia in
all its stages. The true policy, however, is to ex-
tinguish it in the first stages with this wile-
some, powerful, and infallible tonic and altera-
tive. It is easier to quench a spark than a flame
and it is easier to cure dyspepsia when it is first
developed, than when it has made headway by
neglect, and become complicated with other ail-
ments. There is not the shadow of a doubt that
the bitters are as directly antagonistic to dys-
pepsia as water is to fire. There are thousands
of cases on record proving this fact. The rem-
edy is safe and agreeable. All the liquors of
commerce prescribed as stimulants leave a sting
behind. But the sting is taken out of the spir-
ituous basis of this great remedy by vegetable
medication, and, moreover, the stimulant thus
mediated is of exceptional purity. Of all tonics,
taken as safeguards or remedies for fever and
taken bilious remittents, and other epidemics,
it is the only one that can uniformly be depen-
don.

PAIRING done to order on the shortest

NEW ADVERTISEMENTS.

Every year increases the popularity
of this valuable Hair Preparation;
which is due to merit alone. We can
assure our old patrons that it is kept
fully up to its high standard; and it
is the only reliable and perfected pre-
paration for restoring GRAY OR FADED
HAIR to its youthful color, making it
soft, lustrous, and silken. The scalp,
by its use, becomes white and clean.
It removes all eruptions and dandruff,
and, by its tonic properties, prevents
the hair from falling out, as it stimu-
lates and nourishes the hair roots.
By its use, the hair grows thicker and
stronger. In baldness, it restores the
capillary glands to their normal vigor,
and will create a new growth, except
in extreme old age. It is the most
economical HAIR DRESSING ever used,
as it requires fewer applications, and
gives the hair a splendid, glossy ap-
pearance. A. A. Hayes, M.D., State
Assayer of Massachusetts, says, "The
constituents are pure, and carefully
selected for excellent quality; and I
consider it the BEST PREPARATION
for its intended purposes."
Sold by all Druggists, and Dealers in Medicines.
Price One Dollar.

Buckingham's Dye
FOR THE WHISKERS.

As our Renewer in many cases re-
quires too long a time, and too much
care, to restore gray or faded Whisk-
ers, we have prepared this dye, in one
preparation; which will quickly and
effectually accomplish this result. It
is easily applied, and produces a color
which will neither rub nor wash off.
Sold by all Druggists. Price Fifty
Cents.
Manufactured by R. P. HALL & CO.,

Ayer's Cherry Pectoral,
For Diseases of the Throat and Lungs,

Probably never before in the whole history of
medicine, has anything won so widely and so deeply
upon the confidence of mankind, as this excellent
remedy for pulmonary complaints. Through a long
series of years, and among most of the races of
men it has risen higher and higher in their estima-
tion, as it has become better known. Its uniform
character and power to cure the various affections
of the lungs and throat, have made it known as a
reliable protector against them. While adapted to
milder forms of disease and to young children, it is
at the same time the most effectual remedy that can
be given for incipient consumption, and the dan-
gerous affections of the throat and lungs. As a pro-
tection against sudden attacks of Croup, it should
be kept on hand in every family, and indeed as all
are sometimes subject to colds and coughs, all
should be provided with this antidote for them.
Although settled Consumption is thought in-
curable, still great numbers of cases where the dis-
ease seemed settled, have been completely cured,
and the patient restored to sound health by the
Cherry Pectoral. So complete is its mastery
over the difficulties of the Lungs and Throat, that
the most obstinate of them yield to it. When noth-
ing else could reach them, under the Cherry Pec-
toral they subside and disappear.
Singers and Public Speakers had great pro-
tection from it.
Asthma is always relieved and often wholly
cured by it.
Bronchitis is generally cured by taking the
Cherry Pectoral in small and frequent doses.
So generally are its virtues known, that we need
not publish the certificates of them here, or do more
than assure the public that its qualities are fully
maintained.

Ayer's Ague Cure,
For Fever and Ague, Intermittent Fever,

Chill Fever, Remittent Fever, Dumb
Ague, Periodical or Bilious Fever, &c.,
and indeed all the affections which arise
from malarious, marsh, or miasmatic
poisons.
As its name implies, it does Cure, and does not
fail. Containing neither Arsenic, Quinine, Bismuth,
Zinc, nor any other mineral or poisonous substance
whatever, it is in no wise injurious any patient.
The number and importance of its cures in the ague dis-
tricts, are literally beyond account, and we believe
without a parallel in the history of Ague medicine.
Our pride is gratified by the acknowledgments we
receive of the radical cures effected in malarial
cases, and where other remedies had wholly failed.
Unacclimated persons, either resident in, or
travelling through malarial localities, will be pro-
tected by taking the AGUE CURE daily.
For Liver Complaints, arising from torpidity
of the Liver into healthy activity.
For Bilious Disorders and Liver Complaints, it is
an excellent remedy, producing many truly re-
markable cures, where other medicines had failed.
Prepared by Dr. J. C. Ayer & Co., Practical
and Analytical Chemists, Lowell, Mass., and sold
all round the world.
PRICE, \$1.00 PER BOTTLE.
