By private letter we learn that the weather in
Bitter Root Valley has been very cold. The
28th of January the thermometer was 32° be-
low zero.

Messrs. Hobart & Co., have on hand a full
supply of Harness and saddles, ready made,
and are also prepared to manufacture at the
shortest notice everything in their line.

W. H. Teal & Co. are preparing for the
spring trade. They have on hand at present a
good supply of Hacks, Wagons and Buggies,
and are constantly manufacturing more.

Thanks. The good people of Dallas will
please accept my thanks for a fine load of
wood and four bits in cash. This, Mr. Editor,
is where I lost my knitting? I think not.
LEWIS SPERRY.

Courier. No 1 of vol. 7 of the Lafayette
Courier comes to hand this week. It is a neat
little paper, published by J. H. Upton at La-
fayette, Yamhill Co. No one doubts Upton's
ability to make it a success.

What's the matter? Our mails seem to have
become very much deranged. Last Monday
we received Portland papers of the 16th of
February, and exchanges from other parts of
the Valley have been equally irregular.

Convention. The attendance at the conven-
tion last Saturday was large and everything
passed off pleasantly. The Brass Band was on
hand and made some excellent music, and we
think all went home satisfied with the proceed-
ings of the day.

"Disposition of the Public Lands," by Hon.
James H. Slater; "Postal Telegraph," by
Hon. James B. Beck, of Kentucky; and the
"Power of Appointment," by Hon. Matt. H.
Carpenter of Wisconsin, are among the receipts
of Congressional documents, for the week.

From a correspondent we learn that the farm-
ers are busy plowing and sowing their spring
crops. Everything betokens an early spring,
and the farming community are anxious to
avail themselves of the advantages offered by
the present favorable weather.

We call the attention of our readers to the
card of M. C. Brown, to be found in another col-
umn. Mr. B. has on hand and is constantly re-
ceiving supplies of fresh groceries, which he of-
fers at low rates for cash. Give him a call and
be assured that you will not be disappointed.

The contribution to the Brass Band last
Saturday was very liberal, for which the mem-
bers are truly thankful. They have worked
hard to qualify themselves and it is gratifying
to know that the public appreciate their labors.
Mr. Whitley, presented them with eight dollars
which entitled him to a serenade, and he got it.

Real Estate. Those wishing to purchase
anything in this line will do well to read our
list and confer with us. Those wishing to sell
cannot do better than to give us notice, as the
time is now close at hand when purchasers will
be coming in rapidly. Splendid opportunities
are now being offered.

Personal. We noticed Hon. F. Waymire in
town on Wednesday, S. Robbins, of Bethel, J.
L. Wiley, of Newberg, Yamhill County, and
quite a number of others have broken in upon
us from the country during the past week,
some Republicans and some Democrats, and all
liberal patrons of the REPUBLICAN. Call
again, gentlemen.

Concert. The concert given by the singing
class of Prof. Ratan on Thursday night was a
complete success. The class, many of whom
knew little of music three months ago, showed
their advancement by the prompt manner in
which they answered questions propounded to
them by the Professor, and also by the execution
of the audience, as well as by the execution of
many very difficult pieces. We have not space
to notice all, and will not, therefore, mention
any one in particular. Suffice it to say that the
effort made was satisfactory to the crowd pre-
sent; and as the Professor designs remaining
another quarter, and then give another public
entertainment, the people of Dallas will look
forward with high anticipation for the musical
treat which they will undoubtedly get. The
Band discoursed their best music, and drew
from the Professor, as well as the audience,
many tokens of commendation. Prof. Ratan
purposes giving, at no distant day, a lecture
upon the subject of establishing a school in
our State for the education of the blind. We
shall give due notice of the same, and hope our
citizens will give him a full audience.

of plaintiff.

While the Convention was waiting for the
Report of the Committee on Resolutions,
Judge Boise was called upon to address the
meeting. He met the request in an able man-
ner, reviewed the career of the State authori-
ties, and showed up some of the frauds per-
petrated under color of law by the last Legisla-
ture.

The Committee on Resolutions returned the
following, which were unanimously adopted:

Resolved.

1st. That we endorse the present National
Administration.

2d. That we are in favor of a more thorough
and uniform system of common school educa-
tion.

3d. That we are in favor of a law similar to
the Michigan Temperance Law, making the
liquor vendor responsible for all damages done
by inebriates.

4th. That we are in favor of an economical
administration of our State and County affairs.

Mc M. DODSON, Chairman.
W. WATERHOUSE, Secretary.

OREGON REPUBLICAN carried.

Geo. TILLOTSON, Chairman.

Some time since a correspondence appeared
in the Benton Democrat worded in such a
manner as to lead us to infer that Mr. L. Vineyard
was the author, and we intimated as much in
our reply. We are credibly informed, however,
that we were mistaken in our conclusions. The
matter of itself is one of little moment, yet we
would not have Mr. Vineyard stand in a wrong
light before the community, and therefore
make the correction. The writer, however,
made a false statement, and must have so un-
derstood it at the time.

William Ridgeway informs us that last Tues-
day he killed a large wolf in the hills a short
distance from town. This wolf killing is be-
coming quite frequent in this locality. Last
week Mr. Richmond killed one near town. The
depredations of these animals have become so
frequent of late, that a society has been formed
here, each member of which agrees to pay a
subscribed amount for every wolf killed within
certain prescribed limits. The amount is large
enough to make it quite an inducement for par-
ties to kill these animals.

ery of the age.

Dr. R. V. Pierce, of Buffalo, N. Y., in his
book on Chronic Diseases, says in regard to
his Golden Medical Discovery, with which our
readers are familiar: "From its wonderful
power over consumption of the Lungs, I had
thought strongly of calling it my Consumptive
Cure; but from the fact that it is a perfect speci-
fic for the sore throat and hoarseness to which
ministers and other public speakers and sing-
ers are subject, and also for Bronchitis, and all
severe Coughs, and is an invaluable remedy
for diseases of the Liver, and also as a Blood
Purifier, I decided not to apply to it a name
which might mislead and prevent its use in other
diseases for which it is so admirably adapted."

"It will cure a cough in one half the time
necessary to cure it with any other medicine,
and it does it not by drying it up, but by re-
moving the cause—subduing the irritation and
healing the affected parts."

This valuable medicine is sold by all first-
class druggists.

Telegraphic Summary.

New York, March 10.—William H.
Cooke, of vouching notoriety, is said to be
on his return to America, and it is be-
lieved he will turn State's evidence.

A full account is published of the re-
cent religious discussion in Rome be-
tween Protestant preachers and the
Catholic clergy on the question, "Was
St. Peter ever in Rome?" Father Ga-
vazzi sided with the Protestants in
maintaining the negative. The proceed-
ings terminated amicably—both parties
claiming to have the best of the debate.

A Wilmington (North Carolina) spe-
cial says there is no confirmation of the
reported killing of Conroy Berry. Sever-
al parties are organizing for his capture.

Steth Wilber Payne, proprietor of the
Daily News, was yesterday convicted of
libel on Judge Doolittle in charging him
with taking or agreeing to take money
from M. H. Thompson for refusing to
put over the trial of Mrs. McCarty, un-
der indictment for murder and senten-
ced to four months in the Albany Penitentiary.

Chicago, March 11.—Yesterday Sarge-
ant Buckley, of the city police, while
attempting to protect the people on the
streets from a crowd of rude boys, was
set upon by a number of grown ruffians
and beaten terribly and left insensible.
His injuries it is feared will prove fatal.
Never in history has Chicago been so
overrun by a vile class of rowdies and
desperadoes, and the press unite in de-
manding stringent remedial measures.

Chicago, March 11.—Gov. Warmoth
of Louisiana has arrived in this city. He
is understood to have pronounced against
the Administration and in favor of
Judge Davis if Grant is nominated. A
New Orleans Gentleman accompanied the
Surveyorship of New Orleans on the ground
that he cannot support the Administration
policy in Louisiana.

Paris, March 10.—Strong efforts are
making to reconcile the differences be-
tween Thiers and the committee of the
Assembly on the bill for the control of
the press. The committee is willing to
retain in the bill declaratory references
to decrees by which the Government
was established.

London, March 10.—The Observer
states that Secretary Fish's reply to
Lord Granville's note concerning the
claims for indirect damages has been re-
ceived, and it expresses the desire of the
American Government for a final and
amicable settlement of the whole ques-
tion. The Observer adds that neither
the British nor the American Govern-
ments is in favor of reopening the pro-
ceedings of the Joint High Commis-
sion.

Washington, March 10.—Chief Jus-
tice McKean is still in Washington on
business connected with the judiciary of
that Territory, and has had several in-
terviews with the President and Attorney
General Williams. There is no proba-
bility whatever that criminal suits
already commenced will be abandoned.
A measure will soon be introduced in
Congress supplying the necessary pecuni-
ary means to meet the expenses of
prosecution.

PAIN KILLER
HOW TO CURE IT.
At the commencement of the Diarrhoe, which
always precedes an attack of the Cholera, take
a teaspoonful of Pain Killer in sugar and wa-
ter, (hot if convenient), and then bathe freely
the stomach and bowels with the Pain Killer
clear. Should the diarrhoe or cramps continue
repeat the dose every ten or fifteen minutes
until the patient is relieved. In extreme cases,
two or more teaspoonfuls may be given at a
dose.

The Pain Killer, as a remedy, has no equal.
It cures Cholera, Summer Complaints, Dys-
pepsia, Dystentery, Asthma it cures in one night
by taking it internally, and bathing with it
freely. Its action is like magic, when external-
ly applied to Old Sores, Burns, Scalds, and
Sprains. For Sick Headache and Toothache
don't fail to try it. In short, it is a PAIN KIL-
LER.

Directions accompany each bottle.
The Pain Killer is sold by all dealers in Medi-
cines.

What Dyspepsia may end In.
Indigestion is not dangerous, say the faculty.
Perhaps not in itself, while it remains mere in-
digestion; but look at the consequences to which
it may lead, and often does lead when it becomes
a chronic disease. A spark of fire is a small
thing. A pressure of the foot will put it out; a
breath will extinguish it. Yet it may fire a pow-
der mill, or kindle a flame that will consume a
city. In like manner indigestion may produce
gastritis; cancer of the stomach, congestion of
the bowels, apoplexy, liver disease and many
other dangerous maladies. Is it not wise, then,
to check it in the germ? Nothing is more clearly
and indisputably established than that Hostet-
ter's Stomach Bitters will eradicate dyspepsia in
all its stages. The true policy, however, is to ex-
tinguish it in the first stages with this whole-
some, powerful, and infallible tonic and altera-
tive. It is easier to quench a spark than a flame
and it is easier to cure dyspepsia when it is first
developed, than when it has made headway by
neglect, and become complicated with other ail-
ments. There is not the shadow of a doubt that
the bitters are as directly antagonistic to dys-
pepsia as water is to fire. There are thousands
of cases on record proving this fact. The reme-
dy is safe and agreeable. All the liquors of
commerce prescribed as stimulants leave a sting
behind. But the sting is taken out of the spiri-
tuous basis of this great remedy by vegetable
medication, and, moreover, the stimulant thus
mediated is of exceptional purity. Of all tonics,
taken as safeguards or remedies for fever and
taken without remittents, and other epidemics,
it is the only one that can uniformly be depend-
ed on.

Ayer's
Hair Vigor,
For restoring Gray Hair to
its natural Vitality and Color.

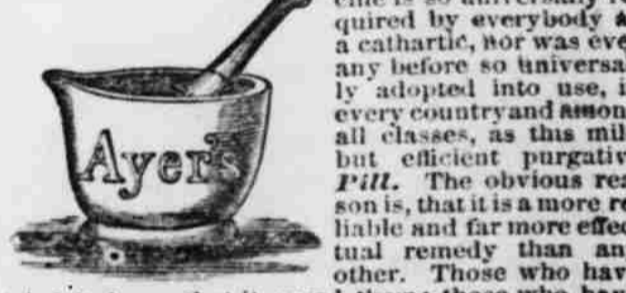

A dressing which
is at once agreeable,
healthy, and effectual
for preserving the
hair. Faded or gray
hair is soon restored
to its original color
with the gloss and
freshness of youth.
Thin hair thick-
ened, falling hair checked, and bald-
ness often, though not always, cured
by its use. Nothing can restore the
hair where the follicles are destroyed,
or the glands atrophied and decayed.
But such as remain can be saved for
usefulness by this application. Instead
of fouling the hair with a pasty sedi-
ment, it will keep it clean and vigorous.
Its occasional use will prevent the hair
from turning gray or falling off, and
consequently prevent baldness. Free
from those deleterious substances which
make some preparations dangerous and
injurious to the hair, the Vigor can
only benefit but not harm it. If wanted
merely for a

HAIR DRESSING,
nothing else can be found so desirable.
Containing neither oil nor dye, it does
not soil white cambric, and yet lasts
long on the hair, giving it a rich glossy
lustre and a grateful perfume.

Ayer's Cathartic Pills,
For all the purposes of a Laxative
Medicine.

Perhaps no one medicine
is so universally re-
quired by everybody as
a cathartic, nor was ever
any before so univers-
ally adopted into use, in
every country and among
all classes, as this mild
but efficient purgative
Pill. The obvious rea-
son is, that it is a more
effective and far more ef-
fectual remedy than any
other. Those who have
tried it, know that it cured them; those who have
not, know that it cures their neighbors and friends,
containing neither calomel or any deleterious drug,
they may be taken with safety by anybody. Their
sugar coating preserves them ever fresh and makes
them pleasant to take, while being purely vegeta-
ble in their composition. We have thousands upon thou-
sands of certificates of their remarkable cures of the
following complaints, but such cures are known in
every neighborhood, and we need not publish them.
Adapted to all ages and conditions in all climates;
containing neither calomel or any deleterious drug,
they may be taken with safety by anybody. Their
sugar coating preserves them ever fresh and makes
them pleasant to take, while being purely vegeta-
ble in their composition. We have thousands upon thou-
sands of certificates of their remarkable cures of the
following complaints, but such cures are known in
every neighborhood, and we need not publish them.

They operate by their powerful influence on the
internal viscera to purify the blood and stimulate it
into healthy action—remove the obstructions of the
stomach, bowels, liver, and other organs of the
body, restoring their irregular action to health, and
by correcting, wherever they exist, such derange-
ments as are the first origin of disease.
Minute directions are given in the wrapper on
the box, for the following complaints, which these
Pills rapidly cure:—

For Dyspepsia or Indigestion, Listless-
ness, Loss of Appetite, they should be continu-
ously taken moderately to stimulate the stom-
ach and restore its healthy tone and action.

For Liver Complaints and its various symp-
toms, Bilious Headache, Sick Headache,
Jaundice or Green Sickness, Bilious
Colic and Bilious Fevers, they should be ju-
diciously taken for each case, to correct the diseased
action or remove the obstructions which cause it.

For Dysentery or Diarrhoea, but one mild
dose is generally required.

For Rheumatism, Gout, Gravel, Palpi-
tation of the Heart, Pain in the Side,
Back and Loins, they should be continu-
ously taken, as required, to change the diseased action
of the system. With such change those complaints
disappear.

For Dropsy and Dropsical Swellings they
should be taken in large and frequent doses to ac-
cure the effect of a drastic purge.

For Suppression a large dose should be taken
as it produces the desired effect by sympathy.

As a Dinner Pill, take one or two Pills to pro-
mote digestion and relieve the stomach.

An occasional dose stimulates the stomach and
bowels into healthy action, restores the appetite,
and invigorates the system. Hence it is often ad-
vantageous where no serious derangement exists.
One who feels tolerably well, often finds that a dose
of these Pills makes him feel decidedly better, from
their cleansing and renovating effect on the diges-
tive apparatus.
