The Platform.

We publish in another column the platform adopted by the Republican Convention, in Portland last week. Although rather lengthy, we feel satisfied there is nothing in it to which any well wisher of the State can take any exceptions. The principles set forth, are such as can but meet the approbation of every true lover of our country, be he Democrat or Republican, while the different public improvements recommended are of a character which the entire people of the State know are needed.

In addition to the platform, the ticket nominated by the Convention is one which would reflect credit to any party, and which we feel certain will lead the party to a well merited success in the State election in June, and be echoed with still greater volume in November next, when we expect to see all the charges which have been made against President Grant refuted overwhelmingly, by the almost unanimous voice of the American people, calling him again to preside over the destinies of our country.

The Cincinnati Convention.

The friends of the anti-Grant movement will be pleased to learn that Hendricks and Voorhes, of Indiana, are willing to co-operate with that Convention in support of Davies for the Presidency. This they would naturally be willing to do, knowing there was no possibility of electing a straight Democratic ticket. They have counted also upon the support of Sumner, but from late reports it seems they have counted without their forces. Mr. Sumner now says he has never authorized any one to use his name in that connection, and declines saying what he will do. It is hardly to be supposed that Mr. Sumner would be willing to unite with the Democracy simply to defeat President Grant, unless the name of Chas. Sumner could be unfurled at the masthead as the leader and the candidate for Presidential honors. This will be found to be the case with others. Trumbull, Chase, or any of those men would be willing to lead a party in opposition to Grant, but when called upon to act in concert with any party, with some other name in the lead, they will not be so fast to co-operate. Mr. Sumner's assertion that he has never authorized any one to use his name in connection with the Cincinnati movement, is akin to saying that he will not co-operate with it, and the probabilities are that others will be found in the same fix, when the movers will be compelled to show their colors.

DEATH OF A PRINTER.—Henry A Young, a highminded and energetic young printer, about twenty years old while on his way from Portland to visit his mother at Roseburg, was stricken down in Albany, and died before his mother, who was immediately telegraphed, could reach him. His loss will be felt by a large circle of friends.

Omens of Success.

If the signs of the times indicate anything, they predict almost to a certainty the success of the Republican party in the coming campaign. The Democratic organs have thus far failed to find any objections, either to the platform adopted by the Republicans, or the men chosen as the standard bearers of the party. Divided in sentiment upon the great issues which have arisen from the war, as well as those which have sprung up since, with but little hope of uniting, they see the Republicans in a solid phalanx, ready to meet them squarely upon all the great questions of the day. Nationally, they cannot possibly hope for success. Already has the New York World counseled them to discard all ideas of a passive policy, and as that is the mouth piece of the Democratic party throughout the country, it will doubtless dictate the course which will eventually be pursued. No great portion of the Republican party can be expected to endorse any man which the Democratic party would nominate, even those most bitterly opposed to Grant, would prefer to see him in the Presidential chair in preference to a man whose past record as well as his present position, indicates to be on any other basis than a basis of national unity and a full sustentation of our Republican institutions. The Democratic party, although full of "New Departures" and willing to adopt any policy which will insure success, is doomed to defeat, and do what they may it cannot be avoided.

Political Notes.

Henry Ward Beecher supports Gen. Grant for President.

The public debt is being reduced at the rate of half million dollars a day.

The loss by defaulters since Grant became President, has been less than one fifteenth of one per cent.

Geo. Francis Train is arranging for a convention, to be held in St. Louis Oct. 19th for the purpose of nominating him for President.

The Democracy of Marion county are anxious to form a Fusion ticket to beat the "out and out" Republicans. Truly the times are pregnant with new departures.

The Democracy of Yamhill have adopted the passive policy; Polk don't adopt worth a cent; but then Polk and Yamhill never could agree, one is run by Hayden, and the other by Miller.

REPUBLICAN PLATFORM.

RESOLUTIONS ADOPTED BY THE STATE REPUBLICAN CONVENTION AT PORTLAND, MARCH 29th, 1872.

The Union Republican party of Oregon, in Convention, makes this declaration of its principles and policies:

- 1. To the Constitution of the United States and all its amendments we pledge our unflinching allegiance; to its authority a willing obedience; to its full and legal construction and enforcement our constant support. 2. That the success of the present National Administration in reducing the public debt, diminishing and equalizing taxation, administering every branch of public affairs with economy and efficiency, forming and improving the civil service, enforcing the laws without fear or favor, protecting the nation's wards with parental care against the cruel avarice of speculation and fraud, and maintaining friendly relations with Foreign Powers, has been such as to command the approbation of the great majority of the American people, and justify entire to the confidence and commendation of every true Republican. 3. We regard the payment of the national debt, in full compliance with all legal obligations to our creditors everywhere, and in accordance with the true letter and spirit of its contracting, as no longer a question in issue; but that we may be clearly understood, we denounce all forms and degrees of repudiation of that debt, as affirmed by the Democratic party and its sympathizers, as not only national calamities, but positive crimes, and we will never consent to a suspicion of lack of honor or justice in its complete satisfaction. 4. We admit of no distinctions between citizens, whether of native or foreign birth; and therefore we favor the granting of full amnesty to the people of those States lately in rebellion; and we here pledge the full and effective protection of our civil laws to all persons voluntarily coming to or residing in our land. 5. We favor the encouragement of railroads by the General Government of the United States, and hold that such disposition should be made of the public lands as shall secure the same to actual settlers only, in quantities not exceeding 160 acres.

6. That while we are in favor of a revenue for the support of the General Government, by duties upon imports, sound policy requires such adjustment of those duties on imports as to encourage the development of the industrial interests of the whole country; and we recommend that policy of national exchange which secures to the working men liberal wages; to agriculture remunerative prices; to mechanics and manufacturers an adequate reward for their skill, labor and enterprise, and to the Nation commercial prosperity and independence.

7. We believe that popular education is the sole true basis and hope of a free government, and shall ever oppose any diversion of, or interference with the common school funds or lands in this State, for any other than their legitimate purpose, and we condemn the act of favoritism by the last Legislature whereby two hundred thousand dollars, taken from the school fund, were granted to a corporation consisting mainly of Democratic leaders and party favorites, for the construction of a work which another corporation, entirely sound and responsible, offered to construct for seventy-five thousand dollars less; and that we are in favor of the passage by the Legislature of an efficient school law, such as shall secure to all citizens of our State a good common school education.

8. We find no terms sufficiently strong to express our disapproval of those acts of the last Legislature whereby the swamp lands belonging to the State have been taken from the needy settlers and given without limit or proper competition in price to the land grabber and speculator; whereby the emoluments and salaries of State officers have been unconstitutionally increased, and the taxes increased thousands of dollars by the creation of new and unnecessary offices and salaries, for the purpose of providing for party favorites; and whereby the citizens of our metropolis have been deprived of and denied the right of controlling their police authority. And we equally condemn the administration of our State officers and laws as extravagant, reckless, illegal and destructive, and we rightly charge all these results as the acts of the Democratic party.

9. We are in favor of the United States giving to each honorably discharged soldier who served in the armies of the United States to put down the rebellion a warrant for a homestead of 160 acres.

10. That we demand the repeal of the so-called litigant act, which was devised to support proper Democratic newspapers at the public expense.

11. That the Republican party of this State are in favor of the General Government extending aid toward building a railroad from Portland, Oregon, to Salt Lake City, and we hereby pledge our party representatives to the support of the same.

12. That the indiscriminate licensing of persons to sell spirituous liquors without being placed under proper responsibilities for the abuse thereof, having been found by experience to promote the growth of crime and pauperism, and thereby to seriously increase the rate of taxation, the Republican party recognizes the right and duty of the law making power to prevent and limit the evils and abuses of such sale, so far as concerns the public good, and is consistent with individual liberty, by refusing to license other than law-abiding and responsible persons, who can furnish sufficient sureties for good conduct.

13. That the Republican party of Oregon is in favor of obtaining assistance from the General Government for the construction of a wagon road from the city of Portland to the Dalles, recognizing this as a most important and necessary improvement for the State.

14. We affirm that the continuance in power of the Republican party is the only sure preservation of national peace and prosperity, and for reasons therefore we point to its brilliant record in the late civil war; to a complete nationality; to a united sisterhood of thirty-seven States; to our Territories rapidly warming into State life; to a nation freed from the taint of human slavery; to an elevated and enlarged citizenship; to our national standing at home and abroad; to the work of vigorous reform in all discovered abuses of authority or trust; to an unequalled foreign credit; to a successful and solid financial system, and to the unparalleled peace and prosperity everywhere in our broad domain, and these are our pledges for the future.

15. We hail the "New Departure" of the late Democratic party, taken by the action of their Convention in seven States, as an affirmation of the principles for which the Republican party has contended for the last ten years; and in the "Passive Policy" of that party, already assumed in several of the States, we recognize an acknowledgment of their hopelessness of success in the coming Presidential campaign.

Another remonstrance.—A remonstrance against high prices for goods has been signed by Bolter & Wortley. For proof, see the low rates at which they offer.

Land grabbing continues. The Jacksonville Times says: "On Thursday, two additional swamp land maps were filed in the office of the County Clerk by the Board of school Land Commissioners. These embrace Tule, Modoc or Rhett Lake, and embrace an area of swamp land amounting to 8,022 acres."

Republicans of Wasco in their late County Convention passed this resolution, "We are in favor of building a wagon road along the Columbia river to connect us with Western Oregon, and require of our candidates for the Legislature a pledge to use all honorable and available means to obtain aid from the State for its construction."

BEAUTIFULLY LESS.—The indictments found against Samuel E. May, before the Grand Jury of Marion Co., could not stand the test before the courts, and were consequently quashed. The amount as is well known was about \$14,000. Not content, to rest at this, persecutors have sworn out another list of eight indictments, the sum total amounting to eight hundred and thirty dollars! This, like their prospects for success, is growing smaller and beautifully less, and our prediction will yet prove true, that the whole thing was concocted for political capital.

THE HOUSE WE LIVE IN AND THE INHABITANTS OF THE HUMAN BODY, WORMS.

The cause of a great many diseases that have been pronounced incurable by the most eminent physicians, for the very reason that they overlooked the cause, and as Dr. Van Den Bergh has made the Entozoa a life long study, he would inform the sick generally that by close observation and great experiments he has come to the conclusion that there are more acute and chronic diseases caused by Worms, Hydatids, Animalcules or other species of Entozoa. The public generally, or the profession at large, are not aware of the number of patients who are treated by eminent physicians for this, that, or such a complaint, without any relief. If the disease had been understood, a few doses of Dr. V's Soverain Worm Remedy would have immediately cured the complaint and have saved a great many lives.

Inhabitants of the Human Body!

What think you, reader, of your body being a planet, inhabited by living races, as we inhabit the earth? Whatever may be your thoughts on the subject, it is even so. Your body may be but a home for parasites that crawl over the surface, burrow beneath the skin, nestle in its entrails, and riot and propagate their kind in every corner of its frame.

The following is from the San Francisco Bulletin, of January 26th, 1872—a recent date:

Carl Martins recently died in Cleveland, Ohio, from eating meat affected with the Oca of Taenosa Solium. At the Coroner's Inquest, on Tuesday, January 24, it was shown that three weeks before Christmas, Martins purchased a carcass of pork. Some of the meat was eaten the same day, and some was made into sausage. About ten days later some of the sausage was eaten, and in a short time the whole family were taken sick. Martins died on Sunday Dec. 31st, 1871. Mrs. Martins and her two children are now very sick, and the former is not likely to recover. The verdict was in accordance with the facts. For further particulars, see Cleveland, Ohio, papers of the above date. A Coroner's Inquest brought this fact to light.

Now I would ask how many more such deaths an inquest would bring to light? Ponder well, reader, upon this, and think of the thousands that die every year, and no cause can be assigned for their death. Now the question that would naturally enter the mind of the reader is, what shall I do? The advice of the Doctor would be to go to some one that is competent of treating such complaints, and who is there more competent than the one that has made Worms a specialty.

TENIAS.—Yesterday, Dr. Van Den Bergh exhibited to us a number of parasites which had been removed from persons afflicted. There were several different species, one of which appears to be entirely unknown to the medical profession. This new Taenia is shaped something like an orange seed, but perfectly flat, or rather like cucumber seed, with a tail about a quarter of an inch in length. Another was a tape worm 87 feet in length, and consisted of 95,000 joints. Among medical men there exists no little difference of opinion relative to the origin of these Entozoa. One class of writers believe that these parasites, or at least many of them, originate in the endowment of animal molecules with vitality from the parent body, favored by certain states of the vital forces of that body; the states originating their organization and promoting their growth and propagation. That all descriptions of Entozoa are met with far more frequently where animal food is used in greatest abundance, is an indisputable fact, especially where the food is the flesh of the "swollen hog," which the Jews and Mohammedans are forbidden to partake of. But our intention is not to write a thesis on this subject; we wish only to chronicle the fact that Dr. J. W. Van Den Bergh has found a medicine—a single application, which grows in abundance in California, which is a dead shot at all Entozoa, of whatever description, generally accomplishing its object in from an hour and a half to six hours.—Morning Call.

Had we space here, hundreds of testimonials could be produced testifying to the truth of the assertions that have been made, but it would be useless, and would occupy the reader's time.

The following are some of the diseases that Worms are often mistaken for:

Dyspepsia, Chronic Affections of the Liver and Kidneys, Consumption, White Swelling, Palsy, Spasmodic or Local weakness, Nervous Debility, Epileptic Fits, Rheumatism, Neuralgia, Diarrhoea, Incontinence of Urine, Gravel, Flor Albus, Diabetes, Dropsy, etc.

Dr. V. would advise those ladies troubled with any Irregularities of the Uterus to try his new remedies and get cured!

Dr. Van Den Bergh's Infallible Worm Syrup for children. Warranted to expel the worms. Price \$1. Sent everywhere upon receipt of price.

Dr. J. W. Van Den Bergh's Hair Tonic—a sure cure to destroy all animalcules of the hair follicles, prevents falling out, and promotes the growth of the hair. Price \$1 50. Warranted.

By Consulting and Undergoing a SIMPLE EXAMINATION

The afflicted can learn if their disease is caused by Worms or not; at all events, Dr. Van Den Bergh can tell them from what disease they are suffering.

Symptoms of Worms,

Alternate paleness and flushing of the countenance, dull expression of the eyes, drowsiness, itching of the nose, a swollen upper lip, tongue whitely furred and thickly speckled with red points, foetid breath, an enlarged abdomen, a partial or general swelling or puffiness of the skin, a starting in the sleep and grinding of the teeth, a sensation as if something was lodged in the throat, a gradual wasting of the flesh, sickness of the stomach, vomiting, a short and dry cough, appetite sometimes voracious, at other times feeble, bowels sometimes costive, at other times loose, great fretfulness and irritability of temper, pains in the stomach and bowels, colic, fits, convulsions and palsy.

If the Worm Syrup is not to be had in your town, send orders to the manufacturers, and it will be sent to any address. Direct orders to Dr. J. W. Van Den Bergh, P. O. Box 172, Salem, Oregon.

Letters describing the symptoms will be promptly answered, and persons living at a distance will be saved the expense and trouble of calling upon the Doctor.
