Everything around the Court House
has been quiet this week. Are they "Possuming"?
Oh, no; they are waiting to hear from the
Dalks.

T. G. Richmond left last Monday to at-
tend the Democratic Convention at the Dalles.
Tom is no "Possum," though he will visit the
"Gum Tree."

"April showers produce May flowers," is the
old adage. If we have as great a variety of
flowers during May as we have had of weather
in April, won't the hills be pretty?

Several young men who have been attending
the school here during the winter, have secured
situations as teachers in the county, for the
summer. They have evinced a determination
to succeed and we certainly hope they will.

Calls. We neglected to acknowledge several
calls received last week. Among them were
several ladies; Mr. Chas. Moore of Berton Co.,
Geo. Comegys of Salt Creek, and several oth-
ers, whose names now escape our memory.

T. G. Richmond is fitting up his lively outfit
for the summer trade. The roads are now get-

Tom is determined to be up with the times and
be prepared to turn out a fine rig at any time.

Demorest's Monthly. Our subscribers to this

of these books, as our clubs have in some way
got mixed at the house of publication, and the
wrong list been stopped. The back numbers
will be forthcoming soon.

Music. G. L. De Prans, manager of Gray's
Music Rooms, Portland, will accept our thanks
for favors in his line. This week we have re-
ceived two pieces of sheet music—one song,
entitled "Queen of Love," and "Fleur Sa-
vages," a piano piece—which are new, and will
undoubtedly become popular in the musical
world.

Mr. R. S. Crystal had his right foot severely
injured by a horse, last Tuesday. He was
shoeing the horse when the animal became
restless, jerked his foot away and set it down
with the sharp cork of the shoe on Mr. C.'s foot
near the toes. The whole weight of the horse
coming upon the foot caused a severe though
not serious injury.

M. Barnett, an Attorney in embryo, being
employed by one Snyder to procure a license at
the last term of the County Court, and feed
\$5 00 and the key to client's saloon, when the
day for making application came on, very com-
placently counseled client that as his Attorney
and petitioner had already consumed his stock
of liquors it was useless to file his petition.

La Clede. The farmers of this section have
a large extent of land already sown and are
still sowing.—The people of the District are
preparing to build a new school house.—M. M.
Ellis has on hand and is constantly receiving
large supplies of goods, and is doing a thriving
business. Those living within going dis-
tance cannot do better than call on him for sup-
plies.

During the session of the Circuit Court quite
a number of Republicans of talent will be pre-
sent, and it would be well if we could arrange to
have some, or all of them to hold forth upon
the political issues of the day. Judge Kelsay,
of Cuyahoga, and Judge Boise, of Salem, have
signified their willingness to accede to such a
request, and there will be others, doubtless, who
will do likewise. Let us have a good time.

Prompt Action. The new School District,
No. 42, recently formed from No. 9, held their
meeting the first Monday in April. The officers
are, John Hendricks, John L. Riggs, and H.
Ellis, Directors; J. M. Chandler, Clerk. A tax
was levied to build a school house 20x30. Af-
terward \$100 was subscribed to enlarge it to 24
x36. This district is determined to be up with
any of their neighbors in the matter of schools.

At the school meeting in District No. 9, P.
McCain was elected Director, and Isaac Ball
Clerk. A sum of \$250 was voted to be used in
building a new school house on the land of
Isaac Ball, at the cross-roads near his residence.
It was decided that the portion of the district
recently struck off from this district is not en-
titled to any of the public money in the hands
of the clerk. J. K. D. Lambert was elected
Chairman and Isaac Ball Secretary of the
meeting.

May Day. Arrangements are being perfected
for a grand ball to take place at the Court
House, Wednesday evening, May first. This
promises to be one of the finest parties given
to the citizens of Dallas this season. The supper
will be furnished at the hotel, and all can
rest assured that no pains will be spared to
make it one which will tempt the taste and so-
berly the appetite. This will give all who wish
to improve it an opportunity to commence the
"merry month of May" in fantastic style.

THE EDUCATION FOR THE TIMES.

The Importance of a Practical Education
Was never more Apparent than Now!

IT IS UNIVERSALLY ACKNOWLEDGED
that as we grow in prosperity we grow more
practical, and that it is required of men that
they educate themselves practically—educate
themselves in the best manner possible—to meet
the demands of the times.

When Agesilaus, King of Sparta, was asked
what things he thought most proper for boys to
learn, he replied: "Those things which they
should practice when they become men."

"Deliver all things in number and weight,
and put all in writing that thou givest out or re-
ceivest in," is a precept of universal applica-
tion, and there is a special necessity for its re-
servance in all business transactions. Young
men, the future welfare of this Coast is in
YOU! Are YOU prepared to meet its demands?

Ayer's
Hair Vigor,

For restoring Gray Hair to
its natural Vitality and Color.

A dressing which
is at once agreeable,
healthy, and effectual
for preserving the
hair. Faded or gray
hair is soon restored
to its original color
with the gloss and
freshness of youth.

Thin hair is thick-
ened, falling hair checked, and bald-
ness often, though not always, cured
by its use. Nothing can restore the
hair where the follicles are destroyed,
or the glands atrophied and decayed.

But such as remain can be saved for
usefulness by this application. Instead
of fouling the hair with a pasty sedi-
ment, it will keep it clean and vigorous.

Its occasional use will prevent the hair
from turning gray or falling off, and
consequently prevent baldness. Free
from those deleterious substances which
make some preparations dangerous and
injurious to the hair, the Vigor can
only benefit but not harm it. If wanted
merely for a

HAIR DRESSING,

nothing else can be found so desirable.
Containing neither oil nor dye, it does
not soil white cambric, and yet lasts
long on the hair, giving it a rich glossy
lustre and a grateful perfume.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs,
such as Coughs, Colds, Whooping
Cough, Bronchitis, Asthma,
and Consumption.

Probably never before in the whole history of
medicine, has any thing won so widely and so deeply
upon the confidence of mankind, as this excellent
remedy for pulmonary complaints. Through a long
series of years, and among most of the races of
men it has risen higher and higher in their esti-
mation, as it has become better known. Its uniform
character and power to cure the various affections
of the lungs and throat, have made it known as a re-
liable protector against them. While adapted to
children, it is at the same time the most effectual remedy that can
be given for incipient consumption, and the dan-
gerous affections of the throat and lungs. As a pre-
vention against sudden attacks of Croup, it should
be kept on hand in every family, and indeed as an
ace sometimes subject to colds and coughs, all
should be provided with this antidote for them.

Although settled Consumption is thought in-
curable, still great numbers of cases where the dis-
ease seemed defied, have been completely cured,
and the patient restored to sound health by the
Cherry Pectoral. So complete is its success over
the disorders of the Lungs and Throat, that the
most obstinate of them yield to it. When nothing
else could reach them, under the Cherry Pec-
toral they subside and disappear.

Singers and Public Speakers find great pro-
tection from it.
Asthma is always relieved and often wholly
cured by it.

Bronchitis is generally cured by taking the
Cherry Pectoral in small and frequent doses.

So generally are its virtues known that we need
not publish the certificates of them here, or dis-
turb the public that its qualities are fully
maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever,
Chill Fever, Remittent Fever, Dumb
Ague, Periodical or Bilious Fever, &c.,
and indeed all the affections which arise
from malarious, marsh, or miasmatic
poisons.

As its name implies, it does Cure, and does not
fail. Containing neither Arsenic, Quinine, Bismuth,
Zinc, nor any other mineral or poisonous substance
whatever, it is in nowise injurious to the system.
The number and importance of its cures in the ague dis-
tricts, are literally beyond account, and we believe
without a parallel in the history of Ague medicine.
Our pride is gratified by the acknowledgments we
receive of the radical cures effected in obstinate
cases, and where other remedies had wholly failed.

Unceasing persons, either resident in, or
travelling through miasmatic localities, will be pro-
tected by taking the AGUE CURE daily.

For Liver Complaints, arising from torpidity
of the Liver, it is an excellent remedy, stimulating
the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is
an excellent remedy, producing many truly re-
markable cures, where other medicines had failed.

Prepared by Dr. J. C. Ayer & Co., Practical
and Analytical Chemists, Lowell, Mass., and sold
all round the world.

PRICE, \$1.00 PER BOTTLE.
