

REPUBLICAN NOMINATIONS FOR 1872.

For President, U. S. GRANT. For Vice-President, SCHUYLER COLFAX. PRESIDENTIAL ELECTORS A. H. Menham, of Umatilla County, W. D. Hale, of Washington County, Jas. W. Gentry, of Douglas County.

For Congress, JOSEPH G. WILSON, WILLIAM W. WASSON. DISTRICT ATTORNEY, J. H. HAMBLEY, of Lincoln.

Improvements.

Ever since the formation of the Republican party, our nation has steadily advanced in the way of improvements and permanent institutions. Internal improvements have been accomplished which astonish the world.

Does not the above appear to be a good reason why the Republican party should be successful? ... The Democrats have no example of the way that Democrats are in favor of internal improvements.

The Republicans of Oregon have improved every opportunity to make Oregon a thrifty State. They will succeed. Despite of all opposition, the Republicans will carry Oregon by a handsome majority.

NEWMITH'S PRAYER.—Ex-Senator Nesmith, in his recent political speech, at the Dalles, said: "If, however, I am mistaken, and the present corrupt and tyrannical reign is to be perpetual, may God have mercy upon that once was the Great Republic."

It seems that the Democrats are very proud of their champion, Burnett, from the fact that he is a Missourian. We haven't learned from what county in Missouri he is from, but we are positive he is not a Piker, because smart men never leave that county.

Ben Hayden, formerly Koran of the Democratic party, made a speech the other night, consisting chiefly of vindication of the charges against the last Legislature. He is hardly a "Possum," yet; may be Grover can tell why?

Grover will soon visit his constituents in Polk. He will be accompanied, probably, by his pet poodle, Gilfy by name, who will bark while his master pipes to the tune of "Gilfy and I."

A Democrat on Burnett.

Benjamin Brown, formerly editor of the leading organ of the Oregon Democracy, but who is now engaged in publishing paper on the Sound, gives Burnett the following rub:

"As a citizen, in his own limited sphere in life, Mr. Burnett is unexceptionable. As a Representative in Congress of a State of the coming importance and large interests of Oregon, he would be simply a NONENTITY, a shame and disgrace to the intelligence of the people of that State."

Of Judge Wilson, Mr. Brown says: "Mr. Wilson, is not a great man, but would make by far the most respectable Representative; and when it comes to the alternative between State interests and party feeling, the former should dominate."

The Puget Sound Courier has a well written article concerning the respective positions taken by both parties in Oregon. In conclusion it says: "Unwittingly Mr. Burnett, and his Democratic coadjutors are doing their best to reduce us to the condition of vassals of England and of her slave-like labor."

SPEAKING.—Hon. J. Kelsay and C. G. Curl, Esq., engaged in a political discussion Tuesday evening. Owing to press of business, we were unable to attend, but we learn a large audience listened to the debate, and awarded the honors of the evening to Judge K.

"Hurrah for the Missouri Boy!"—Mercury. It seems that the Democrats are very proud of their champion, Burnett, from the fact that he is a Missourian.

CORRESPONDENCE.

Salem, April 24, 1872. REPUBLICAN: The Concert given by the Musical Union has proved quite a success under the able leadership of Prof. D. W. Prentice, as you will see by the enclosed programme.

"As a citizen, in his own limited sphere in life, Mr. Burnett is unexceptionable. As a Representative in Congress of a State of the coming importance and large interests of Oregon, he would be simply a NONENTITY, a shame and disgrace to the intelligence of the people of that State."

Ohio has led off in the matter of reforming the principle of selecting jurors in important or notorious criminal cases. In New York we still witness the absurdity of rejecting from the panel all men of ordinary intelligence and good judgment, simply because they kept themselves informed of the passing occurrences of the day.

A VARIETY OF CROPS.—Mixed husbandry has two great advantages, it gets the benefit of all the land has to bestow the various materials of the soil. Hence a greater length of time can be covered without replenishing the land though it is better to feed liberally and constantly.

The work of grading on the line of the railroad on Mr. Sackett's contract, between Oakland and Willur, is progressing finely. About fifty hands are employed, and doubtless there will soon be room for more.

The Roseburg Plaindealer says: "A telegram from headquarters reached us last week to the effect that the Roseburg route had been accepted by the railroad company, and that the road would be constructed through our thriving little town."

The Statesman says: Mr. Bewley, from Tillamook, was in the city yesterday reporting everything prosperous in that section of the country. He came in horseback and the snow was so deep in some places that his boots dragged in it while riding.

The Big Medicine, of skunk-weed notoriety, is about to return to his wigwag in East Portland. We furnish the Republican and Democrat's Monthly for \$1 a year.

State Items.

[Glennings from State Exchange.] Cobles is coming out. T. B. Merry, is coming back to Oregon.

Two men broke jail last week at Portland. Alexander the missing man has not been found.

Dr. Loryea, will return to Oregon immediately. There will be a grand May Day picnic at Albany.

Salem Musical Union will repeat their concert to-night. Attorney General Williams will arrive in about 10 days.

Holladay hasn't located the terminus in Yamhill yet. A. J. Moses has been arrested in Portland for forgery.

Dr. Renfrew, is intending to erect a Chemeketa at Eugene. The funeral of young Martin at Salem, was largely attended.

Marion county has a cow that had four duplicates at one time. Rufus Mallory, is speaking against Burnett in Southern Oregon.

Leny Leland, the hermit of Oregon City is lecturing.—Who next? The Yamhillians, are in a deal of trouble concerning litigant printing.

Burglars are having a fine time in Portland—one of them came near being shot, recently. Carroll, the submarine diver, met his death by suffocation last week, working under water.

The largest docket ever known in Yamhill county Circuit Court was disposed of at the last term. Mr. Crockett of Salem found a snake in his water the other day. He don't drink water in his any more.

E. W. Reynolds announces himself as an independent candidate for the office of Sheriff of Baker county. Rev. Blake don't "stump" worth a cent. He failed to speak at Eugene as was expected. He knows how that is himself.

The rain-fall in Douglas county during the month of March was 2 1/2 inches—a less quantity than usually falls in that month. Rufus Moore, a son of the Treasurer of Marion county, was badly burned at the Pioneer Oil Mills, Salem a few days ago, producing temporary blindness.

Silverton Lodge, No. 211 O. O. F. has elected the following delegates to the Grand Lodge to be held in Salem during the ensuing month: James Garden, M. Fitzgerald and D. Wolford.

The citizens of Nehalem Valley expect to have a road completed from the Columbia river to their settlement by midsummer. The best vacant land in Oregon, available for settlement, is in that valley.

A San Francisco paper publishes the following telegram: "J. Egerton Hogg, on behalf of a company of capitalists, has purchased the Roseburg and Coos Bay Road Company, with their land grant in Oregon, amounting to 125,000 acres."

A daughter of Joseph Ledgerwood, of Myrtle creek, Douglas county, aged about 10 years, died last Wednesday from the effects of burns received the day before. The child's clothes caught on fire from a spark from the fire-place, and in her fright she ran out of the house, followed by her parents, and when overtaken her body was completely enveloped in flames.

The Roseburg Plaindealer says: "A telegram from headquarters reached us last week to the effect that the Roseburg route had been accepted by the railroad company, and that the road would be constructed through our thriving little town. This was indeed grateful intelligence to the citizens of Roseburg, the effect of which will soon be observable in the increase of business and material prosperity."

The Statesman says: Mr. Bewley, from Tillamook, was in the city yesterday reporting everything prosperous in that section of the country. He came in horseback and the snow was so deep in some places that his boots dragged in it while riding.

We learn of a sad occurrence across the river. It seems that a young girl who lives with her parents on that side, just opposite Salem, and who was said to be of rather imbecile mind, died in childhood, a few days ago—the result of the crime and treachery of one who had won her affections, and accomplished her ruin under a promise of marriage.

The Big Medicine, of skunk-weed notoriety, is about to return to his wigwag in East Portland. We furnish the Republican and Democrat's Monthly for \$1 a year.

TO BUILDERS. LUMBER. LUMBER. LUMBER.

THE UNDERSIGNED RESPECTFULLY calls the attention of Mechanics and Builders to the fact that they have refitted their Mill on the Little Luckiamute, and are now prepared to furnish lumber at the lowest CASH PRICES, and in quantity and quality to suit. Having better facilities than any other Mill in the country for the manufacture of a SUPERIOR QUALITY

of LUMBER, it is our intention at an early day to add to the Mill an A No. 1 "MATCHER AND PLANER,"

After which time we will be prepared to furnish lumber dressed and matched. An excellent MOUNTAIN ROAD leads direct to the MILL. A liberal share of patronage solicited. SHRAEDER & CO.

THE HOUSE WE LIVE IN AND THE INHABITANTS OF THE HUMAN BODY, WORMS.

The cause of a great many diseases that have been pronounced incurable by the most eminent physicians, for the very reason that they are asked to cause, and to Dr. Van Den Bergh has made the Entozoa a life long study, he would inform the sick generally that by close observation and great experiments he has come to the conclusion that there are more acute and chronic diseases caused by Worms; Hydatids, Animalcules or other species of Entozoa. The public generally, or the profession at large, are not aware of the number of patients who are treated by eminent physicians for this, that, or such a complaint, without any relief. If the disease had been understood, a few doses of Dr. V's Soregic Worm Remedy would have immediately cured the complaint and have saved a great many lives.

What think you, reader, of your body being a planet, inhabited by living races, as we inhabit the earth? Whatever may be your thoughts on the subject, it is even so. Your body may be but a home for parasites that crawl over its surface, burrow beneath the skin, nestle in its entrails, and propagate their kind in every corner of its frame.

The following is from the San Francisco Bulletin, of January 26th, 1872—a recent date: Carl Martins recently died in Cleveland, Ohio, from eating meat affected with the Ova of Taenias Solium. At the Coroner's Inquest, on Tuesday, January 24, it was shown that three weeks before Christmas, Martins purchased a carcass of pork. Some of the meat was eaten the s day, and some was made into sausage. About ten days later some of the sausage was eaten, and in a short time the whole family were taken sick. Martins died on Sunday Dec. 31st, 1871. Mrs. Martins and her two children were now very sick, and the farmer is not likely to recover. The verdict was in accordance with the facts. For further particulars, see Cleveland, Ohio, papers of the above date. A Coroner's Inquest brought this fact to light.

Now I would ask how many more such deaths an inquest would bring to light? Ponder well, reader, upon this. Think of the thousands that die every year and no cause can be assigned for their death. Now the question that would naturally enter the mind of the reader is, what shall I do? The advice of the Doctor would be to go to some one that is competent of treating such complaints. And who is there more competent than the one that has made Worms a specialty.

TEXAS.—Yesterday, Dr. Van Den Bergh exhibited to a number of parasites which had been removed from persons afflicted. There were several different species, one of which appears to be entirely unknown to the medical profession. These are of a kind of shape resembling like an orange seed, but perfectly flat, rather like a cucumber seed, with a tail about a quarter of an inch in length. Another is a tape worm, 2 feet in length, and consisted of 9,500 joints. Among medical men there exists no little diversity of opinion relative to the origin of these Entozoa. One class of writers believe that these parasites, or at least many of them, originate in the endowment of animal molecules with vitality from the parent body, favored by certain states of the vital forces of the body. Others believe that their organization and promoting their growth and propagation. That all descriptions of Entozoa are met with far more frequently when animal food is used in greatest abundance is an indisputable fact, especially when the animal profits on little diversity of opinion relative to the origin of these Entozoa. Had we space here, hundreds of testimonials could be produced testifying to the truth of the assertions that have been made, but it would be useless, and would occupy the reader's time.

The following are some of the diseases that Worms are often taken for: Dyspepsia, Chronic Affections of the Liver and Kidneys, Consumption, White Swelling, Palsy, Spasmodic Cholera or Local weakness, Nervous Debility, Epileptic Fits, Rheumatism, Neuralgia, Migraine, Inconvenience of Urine, Gravel, Flatulency, Dropsy, &c.

Dr. V. would advise those ladies troubled with any Enlargement of the Uterus to try his new remedies and get cured.

Dr. Van Den Bergh's Infallible Worm Syrup for children. Warranted to expel the worms. Price \$1. Sent everywhere upon receipt of price.

Dr. J. W. Van Den Bergh's Hair Tonic—a sure cure to destroy all animalcules of the hair follicles, prevents falling out, and promotes the growth of the hair. Price \$1.50. Warranted.

By Consulting and Undergoing a SIMPLE EXAMINATION

The afflicted can learn if their disease is caused by Worms or not; at all events, Dr. Van Den Bergh can tell them from what disease they are suffering.

Symptoms of Worms. Alternate paleness and flushing of the countenance, dull expression of the eyes, drowsiness, itching of the nose, a swollen upper lip, tongue whitely furled and thickly speckled with red points, foetid breath, an enlarged abdomen, a partial or general swelling or puffiness of the skin, a starting in the sleep and grinding of the teeth, a sensation as if something was lodged in the throat, a gradual wasting of the flesh, sickness of the stomach, vomiting, a short and dry cough, appetite sometimes voracious, at other times feeble, bowels sometimes constive, at other times loose, great freckles and irritability of temper, pains in the stomach and bowels, colic, fits, convulsions and palsy.

If the Worm Syrup is not to be had in your town, send orders to the manufacturers, and it will be sent to any address. Direct orders to Dr. J. W. Van Den Bergh, P. O. Box 112, Salem, Oregon. Letters describing the symptoms will be promptly answered, and persons living at a distance will be saved the expense and trouble of calling upon the Doctor. Consultations and Examinations Free of Charge. OFFICE ROOMS, 38 & 39, OVER THE POST OFFICE, Address, Dr. J. W. Van Den Bergh, P. O. BOX 112, SALEM, OREGON.
