THE LOST IS FOUND!

A NOVEL ATTEMPT AT SUICIDE!

A Man Nine Days in the Mountains without Food!

He Exposes himself for three days and
nights for the purpose of freezing;
falls to end his existence in that way,
and returns home to avoid starving.

Reliable Statement of Facts!!

It will be remembered that we last week
mentioned the mysterious disappearance of
a well known and highly respectable citizen of
this county. From a reliable source we learn the
following concerning the affair: It seems that
Mr. Isaac Hinshaw has been troubled for a
number of years with painful headaches, suffer-
ing intensely at times. Following the head-
ache, are days of mental depression and de-
pendency, which frequently cause him to wish
himself dead. On the day previous to his dis-
appearance he had a very severe attack of
headache, and during the night became violent
—rising three times to go somewhere, but was
stopped by his wife. He informed her that some
one called him, but she persuaded him to
lie down, and he fell asleep. On
SUNDAY MORNING,
the 21st ult., he arose, and appeared as usual,
and after doing his morning work, returned to
the house, where he changed his coat and start-
ed out, when his wife informed him that break-
fast was ready. He replied, "sit down and eat;
don't wait for me," and left the house. He
went about a mile to a farm belonging to him;
took off his vest, and taking what money and
other articles he had about him he put them in
the pockets and hid the garment in the hay.

HE THEN STARTED
for the mountains, with the intention of ending
his existence. He struck out over the dividing
ridge between Goose Neck and Mill Creeks,
but finding he was not getting to the place fast
enough, he took the course of Mill Creek, and
traveled until nightfall. By this time he was
in the snow on the summit of the Coast Range.
He made a couch of fir boughs, and laid down
to sleep, first diverting himself of his boots,
they being the only part of his wardrobe left, ex-
cept his shirt and pants, he having thrown his
coat away on reaching the mountains. After
passing a
COMFORTABLE NIGHT,
he arose in the morning, and found it raining.
He built a sort of shelter to protect himself
from the rain, and laid down again. Here he
remained all day Monday. Tuesday morning
he awoke, and finding he was not frozen to
death, he concluded to return home. He start-
ed and after wandering around nearly all
day, he came to the conclusion that he was lost.
He took a very rational view of the situation,
and retraced his steps to find a familiar point
from which he could make a fresh start. He
did not find one, however, until he arrived at
his old camping place, and as it was night he
resolved to remain in camp until morning.
He made a
FRESH START
on Wednesday morning, but owing to his feet
being frozen, and his being weak for want
of nourishment, he made but little progress.
He struggled manfully all day to get home, for
as he says, he went away to freeze, and that
STARVATION WAS NOT IN THE CONTRACT,
and he didn't purpose dying any other way
than that upon which he had determined. Some-
times during the afternoon of Wednesday he got
out of the snow, and feeling hungry ate a little
sheep sorrel, and finding that it produced no
injury, he ate voraciously of it at night. On
Thursday morning he was so foot sore that he
was compelled to creep on
HIS HANDS AND KNEES,
and made but little progress. He found some
mushroom stalks, of which he ate heartily.
They produced a burning at the bowels and
gave him such pain as to compel him to stop,
and lie still for a time. Toward evening he
found some fern of which he ate, and it re-
lieved his pain. On Friday he traveled all day,
and Saturday he came to a little hut known as
"ELLIS' CABIN,"
eight miles from his own home. Here he re-
mained all day, thinking some hunters would
come to his relief. He heard distinctly the

baying of hounds, and once during the day saw
a man, but was too weak to make him hear.
With frozen limbs, and more than half starved
none can tell his sufferings during the day. In
the morning he started again. Hundreds of
men were scouring the mountains in the hopes
of finding him but they became discouraged and
had given him up, when to the surprise of the
occupants of a cabin at Bull's mill he made
HIS APPEARANCE
about three o'clock on Sunday afternoon. His
haggard appearance so greatly alarmed the
women, who were alone, that they gave a cry
of fear, which brought Mr. John Ridgeway and
several others to the house to see what was the
matter, and found Mr. H. lying on the floor,
completely exhausted. After a little nourish-
ment had been administered, he was asked
where he was going, and he replied "home, and
I want some assistance."

ROME AGAIN.
After arriving home, it was found that both
feet had been badly frozen, and amputation will,
probably, have to be resorted to in order to
save his life. Since he got able to talk with his
friends he appears sane. He remarked to one,
that it was a crazy idea to think of freezing at
this season of the year, but it is confident that
it could be done after many days, provided star-
vation didn't use a man up first. Everything
was done by him in a methodical manner, and
he remembers every occurrence distinctly. On
being questioned concerning his clothing, he
told them where to find his vest and money, and
informed them that he had cast the coat aside
in order to make sure of freezing.

REMARKS.
This is one of the most singular freaks of an
insane person within our knowledge. Mr. Hin-
shaw is sane upon all subjects but that of freez-
ing to death. It appears that in his moments
of despondency he had allowed his mind to
wander upon the different modes of self-de-
struction until he had become convinced that
he was a burden to himself and family, and
that he could do no better than end his exist-
ence in the above manner. Since falling in his
attempts to destroy himself, it may be that the
lesson taught will prove an antidote, and cure
him of this suicidal mania under which he
has been laboring, and endow him with patience
to await the summons of the Almighty, and not
attempt to again rashly unbiddden into the pres-
ence of his Maker: It is to be hoped that he
will recover. The family have the sympathy
of the community in their present affliction.

Opposition. The West-Side Railroad Com-
pany being so slow in the construction of their
road, it became evident that something must be
done. Mr. W. H. Catterlin, seeing the emergen-
cy, has concluded to run his "car" along the
line. Not for the purpose of carrying passen-
gers, but to accommodate those who wish to get
photographs or other pictures taken in the neigh-
borhood of the art. He is at present in Amity,
where he proposes to remain for a short time.

Warren Applegate, son of J. A. Applegate,
of this town, while putting some hay into the
horse rack, from aloft, fell through the scuttle
to the floor below, breaking his leg above the
knee. Dr. Grubbs set the fractured member.
The accident occurred last Sunday, and up to
last night the little fellow was doing as well as
could be expected.

The surveyors are at work running a line
through Polk county, for the Oregon Central
Railroad. We understand they cross the Rie-
real near Hon. J. W. Nesmith's. The line is
permanently located to the crossing of the Yam-
hill, one and a half miles above Lafayette.
South of that point, the lines now being run are
temporary.

Hons. Wilson and Burnett, opposing candi-
dates for Congressional honors, will speak on
next Wednesday, May the 8th, at the Court
House in Dallas, at 1 o'clock, P. M. Every
person should turn out and hear this discussion
and satisfy themselves regarding the political
questions of the day.

We are requested by, K. Doty, to inform the
public that Highland Lodge of Odd Fellows
will give a grand supper, at Eola, on the even-
ing of, May 10th.

Mr. A. Byrly was thrown from his wagon
and severely injured, a few days since. None
of his wounds are fatal, and he will be about
again in a few days.

The May-Day dance at the Court House was
the finest affair of the season. The dancing
was excellent, and good order prevailed
throughout.

Circuit Court adjourned Tuesday evening.
Many important cases were disposed of. It was
the longest term of court ever held in Polk Co.

Win Harman, Esq., delivered a temperance
lecture last Sunday evening. It was well at-
tended and highly appreciated.

We return thanks to the County Clerk and
Sheriff for courtesies shown us during the term
of Circuit Court.

It is currently reported that Boltz & Wortley
will soon introduce Dolly Varden to their cus-
tomers.

Messrs. Folger and Litchfield of Grand
Round called during the week.

N. & J. D. Lee are doing a thriving busi-
ness, and for good bargains their's is the place.

MARRIED.
SYRON—MORSE.—At the residence of S
Morgan, at Red Prairie, Polk county, April
24, 1872, by Rev. H. Allyn, O. W. Syron to
Anna M. Morse. All of this county.

Died Suddenly of Heart Disease.
How common is the announcement. Thou-
sands are suddenly swept into eternity by this
fatal malady. This disease generally has its
origin in impure blood filled with irritating,
poisonous materials, which, circulating through
the heart, irritate its delicate tissues. Though
the irritation may at first be only slight, produ-
cing a little palpitation or irregular action,
yet by and by the disease becomes firmly seated,
and inflammation or hypertrophy, thickening
of the lining membrane or of the valves is pro-
duced. How was to give early attention to a
case of this kind. Unnatural throbbing or pain
in the region of the heart should admonish one
that all is not right, and if you would preserve
it from other disease, you must help it to beat
rightly by the use of such a remedy as would
remove the cause of the trouble. Use Dr.
Pierce's Golden Medical Discovery before the
disease has become too seated, and it will, by
its great blood purifying and wonderful regula-
ting properties, effect a perfect cure. It con-
tains medicinal properties which act specifically
upon the tissues of the heart, bringing about a
healthy action. Sold by all first-class drug-
gists.

Premature gray hair and baldness may be

Restorer, a harmless preparation, which is en-
dorsed by the highest chemical and medical
authority.

NOTICE.
TO ALL WHOM IT MAY CONCERN,
and in particular Albion Powell:
I hereby give notice that I have taken up
and filed an application to pre-empt the S. E.
quarter of Sec. 8, T. 7. S. 6. W. of the Willam-
ette Meridian, said land is situated in the
County of Polk, and State of Oregon, in the
Land Office at Oregon City. Said land was
formerly taken up by said Albion Powell, on
the 13th day of March, A. D. 1868, and after-
wards abandoned by him, more than three
years ago.

HOW TO CURE IT.
At the commencement of the Diarrhoe, which
always precedes an attack of the Cholera, take
a teaspoonful of Pain Killer in sugar and wa-
ter, (not if convenient,) and then bathe freely
the stomach and bowels with the Pain Killer
clear. Should the diarrhoe or cramps continue
repeat the dose every ten or fifteen minutes un-
til the patient is relieved. In extreme cases,
two or more teaspoonfuls may be given at a
dose.

The Pain Killer, as a remedy, has no equal.
Incessant Cholera, Summer Complaints, Dys-
pepsia, Dysentery, Asthma it cures in one night
by taking it internally, and bathing with it
freely. Its action is like magic, when external-
ly applied to Sick Heads, Burns, Scalds, and
Sprains. For Sore Throat and Toothache
don't fail to try it. In short, it is a PAIN KIL-
LER.

Directions accompany each bottle.
The Pain Killer is sold by all dealers in Medic-
ines.
Prices, 25 cents, 50 cents and \$1 per bottle

How We Used to be Physicked.
Who does not remember the time when spring
purgations was considered indispensable to sum-
mer health? No matter for wry faces, the inevi-
table salts and senna, rhubarb, or calomel and
jalap, must be administered. These "spring
medicines," the youngsters were told, were to
keep them hale and hearty during the summer.
We all know now that this was a fallacy; that
new vigor, not dejection, is what is required at
the commencement of the summer solstice. As
a preparation for the enervating effects of oppres-
sive summer weather, a course of Hostetter's
Stomach Bitters is highly expedient. This fa-
mous vegetable preparation has three prominent
properties: It renovates, purifies, and regulates
all the functions of the body. It is composed
exclusively of pure vegetable productions' viz:
the essential principle of Monongahela Rye'
and the most efficacious tonic and alterative
roots, barks and gums known to medical botan-
ists. Hence, it is an absolutely safe medicine,
and no tincture of the Pharmacopoeia can com-
pare with it either in purity, or in the variety
of its objects; and its comprehensive results.
Happily for mankind, the theory that it was
necessary to prostrate a patient in order to cure
him, is forever exploded, and the true philoso-
phical doctrine, that vigor is one great antagonist
of disease, has taken its place. Hostetter's Bit-
ters is an invigorant, and hence it is the proper
medicine for the feeble at this most trying
season of the year.

Be sure that you obtain the genuine article,
as there are imitations in the market. Look to
the engraved label, and the name blown into
the glass. Hostetter's Stomach Bitters is sold in
bottles only.

Ayer's
Hair Vigor,
For restoring Gray Hair to
its natural Vitality and Color.

A dressing which
is at once agreeable,
healthy, and effectual
for preserving the
hair. Faded or gray
hair is soon restored
to its original color
with the gloss and
freshness of youth.
This hair is thicken-
ed, falling hair checked, and bald-
ness often, though not always, cured
by its use. Nothing can restore the
hair where the follicles are destroyed,
or the glands atrophied and decayed.
But such as remain can be saved for
usefulness by this application. Instead
of fouling the hair with a pasty sedi-
ment, it will keep it clean and vigorous.
Its occasional use will prevent the hair
from turning gray or falling off, and
consequently prevent baldness. Free
from those deleterious substances which
make some preparations dangerous and
injurious to the hair, the Vigor can
only benefit but not harm it. If wasted
merely for a
HAIR DRESSING,

nothing else can be found so desirable.
Containing neither oil nor dye, it does
not soil white cambric, and yet lasts
long on the hair, giving it a rich glossy
lustre and a grateful perfume.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs,
such as Coughs, Colds, Whooping
Cough, Bronchitis, Asthma,
and Consumption.
Probably never before in the whole history of
medicine, has anything won so widely and so deeply
upon the confidence of mankind, as this excellent
remedy for pulmonary complaints. Through a long
series of years, and among most of the races of
men it has risen higher and higher in their estima-
tion, as it has become better known. Its uniform
character and power to cure the various affections
of the lungs and throat, have made it known as a
reliable protector against them. While adapted to
milder forms of disease and to young children, it is
at the same time the most effectual remedy that can
be given for incipient consumption, and the dan-
gerous affections of the throat and lungs. As a pro-
vision against sudden attacks of Croup, it should
be kept on hand in every family, and indeed as all
are sometimes subject to colds and coughs, all
should be provided with this antidote for them.
Although settled Consumption is thought in-
curable, still great numbers of cases where the dis-
ease seemed settled, have been completely cured,
and the patient restored to sound health by the
Cherry Pectoral. So complete is its mastery
over the disorders of the Lungs and Throat, that
the most obstinate and long standing cases, when
nothing else could reach them, under the Cherry Pec-
toral they subside and disappear.
Singers and Public Speakers find great pro-
tection from it.
Asthma is always relieved and often wholly
cured by it.
Bronchitis is generally cured by taking the
Cherry Pectoral in small and frequent doses.
So generally are its virtues known that we need
not publish the certificates of them here, or do more
than assure the public that its qualities are fully
maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever,
Chill Fever, Remittent Fever, Dumb
Ague, Periodical or Bilious Fever, &c.,
and indeed all the affections which arise
from malarious, marsh, or miasmatic
poisons.
As its name implies, it does Cure, and does not
fail. Containing neither Arsenic, Quinine, Bismuth,
Zinc, nor any other mineral or poisonous substance
whatever, it is in no wise injurious any patient. The
number and importance of its cures in the ague dis-
tricts, are literally beyond account, and we believe
without a parallel in the history of Ague medicine.
Our pride is gratified by the acknowledgments we
receive of the radical cures effected in obstinate
cases, and where other remedies had wholly failed.
Unacclimated persons, either resident in, or
travelling through miasmatic localities, will be pro-
tected by taking the AGUE CURE daily.
For Liver Complaints, arising from torpidity
of the Liver, it is an excellent remedy, stimulating
the Liver into healthy activity.
For Bilious Disorders and Liver Complaints, it is
an excellent remedy, producing many truly re-
markable cures, where other medicines had failed.
Prepared by Dr. J. C. Ayer & Co., Practical
and Analytical Chemists, Lowell, Mass., and sold
all around the world.
PRICE, \$1.00 PER BOTTLE.
