Mr. Shrader, who resides on little Luckiamute
is said to be insane.

Several of our townsmen have been out hunting
during the week.

Business. Messrs. Teal & Co., have a fine
display of wagons and hacks in front of their
shop, which they offer very cheap.

Mr. Slate, formerly of the REPUBLICAN Of-
fice, made a flying visit to Dallas during the
week. He will soon be en route to San Fran-
cisco.

Chas. McDonald is erecting a large currying
room to his tannery and preparing for carrying
on business in his line on a more extensive
scale.

The West Side mail now runs from Portland
to this place in one day. This is a great con-
venience and one which our citizens will appre-
ciate.

Mr. Wm. Thompson, of the Salem Mercury,
gave us a call on Wednesday. He was in Dallas
to witness the contest between Messrs. Wilson
and Burnett.

Imitations of Hall's Vegetable Sicilian Hair
Renewer are being thrust upon the market in
great numbers; do not be deceived by them but
demand Hall's.

Our industrious Senator, Mr. Corbett, has
delivered with valuable Pub. Docs. Mr. C.
is gaining a well-earned reputation by his la-
bors in Congress.

Discussions. By notice elsewhere, it will be
seen that our candidates propose to make things
lively during the pending canvass. Both tickets
are to try their hands.

As a young son of W. H. Teal, of this place,
was riding his father's horse one day last
week, the animal slipped and broke one of his
legs. We learn the horse was afterwards killed.

After the discussion between himself and
Burnett, Judge Wilson invaded our sanctum,
and evidenced by his actions as well as words
the confidence he feels of success in the coming
election.

The National Business College of Portland,
have added a new feature to their institution—
that of establishing telegraph lines connect-
ing with the office of the Western Union Office.
This combines practice with theory.

The Roads. Great complaints are constantly
being made of the bad condition of the roads
in different parts of the county. They are cer-
tainly in a very neglected state, and show that
the officers have been remiss in duty.

The Traveler's Guide. This work published
by L. Samuel of Portland, has made its
appearance. It is to be published monthly and
to be distributed gratis on the Railroads and
steamboats, and sent everywhere to be every
body.

Lincoln. This thriving little town, on the
Willamette, in this county, is still more than
holding its own. The saw and grist mills are
doing good work. Abrams & Co., are doing a
thriving business, and the future looks encour-
aging.

Williams and McNamara left the Luckia-
mute country on Wednesday, and two Smith
Brothers, and John Burns on Thursday, for
the Pelouse country, in Eastern Oregon, with
large droves of cattle. They design locating
there for stock raising.

We were favored with a call from Mr. S. C.
Foster, of Sheridan, Yamhill county. He in-
forms us that a little daughter of his was badly
scalded a short time since by tipping a kettle
of boiling water on to her person. She is grad-
ually recovering.

A subscription paper was circulated among
the persons in town last Saturday, and was
liberally signed, for the purpose of procuring
an artificial leg for Bobb. McKune, the man
who lost one of his lower limbs last fall by
falling into the gearing of a threshing ma-
chine.

Liberal. At the recent rally here, the Band
generously offered to play and take whatever
the crowd saw fit to contribute. Counting the
proceeds after the exercises they found them-
selves in possession of eight dollars and a half
for their afternoon's work—Generosity in the
extreme.

Church Service.—Rev. L. T. Woodward will
preach at the M. E. Church next Thursday
evening at half past seven o'clock.

Mr. Crawford and O. D. Folger, of Grand
Round, called during the week. Messrs. Price
and Gilmore, of the Railroad surveying party,
gave us a call, and report that the party went
South to Lock's Pass, and were now on another
line through Polk county.

Dr. C. H. Hall, for nearly three years physi-
cian at the Grand Round Indian Agency, but
now located in Salem, gave us a call on Wed-
nesday, and handed in a card which may be
found in another column. He is associated with
Dr. Fiske, well-known as a successful
physician.

Judge Bales; J. C. Allen of Eola, A. Steph-
ens of Zena, (Republican nominees for Represen-
tatives) Mr. Donnelly, school teacher at Grand
Round Indian Agency; Mr. Fryer of Bethel; J. C.
Cooper, Republican nominee for County
Clerk; G. B. Litchfield, of Grand Round; James
Allen and J. J. Rollins, of Luckiamute, and
several others made it lively for us at different
times during the week.

Feet Amputated. Drs. Grubbs, of Dallas,
and Hall, of Salem, went out last Wednesday
and amputated the feet of Mr. Henshaw, the
man we spoke of last week who attempted to
suicide by freezing. The feet were cut off at
the instep, thus leaving a portion of the foot to
navigate on if he wished to make another at-
tempt at "frosting." It is to be hoped, how-
ever that the lesson taught will be lasting.

Bethel. Our Bethel friends will please par-
don us for not publishing the proceedings of
their Farmer's Club meeting. We were absent
at the time the communication arrived, and the
letter remained unopened until our return two
weeks after. It was then so late that we en-
closed not to publish. After this we will make
arrangements to have such matters attended to.
Please forward communications and they shall
receive due attention.

A few weeks since we mentioned the fact that
John Cooper, of Monmouth, had lost two valu-
able work horses, which laid down and died
in the night without any preliminary symp-
toms of illness. He now informs us that last
week he lost another one in the same way, and
he has come to the conclusion, after careful
observation that their death is caused by feed-
ing dry wheat. This becomes a matter of con-
siderable interest to farmers, as many of them
are in the habit of feeding dry wheat.

Picnic at Zena. Last Monday we had the
pleasure, by invitation, of attending the Good
Templars' Picnic at Zena, in this county. The
exercises were held in a fine grove, and the
arrangements were excellent. The dinner pre-
pared was far beyond what could have been
expected, both as to quantity and quality.
"Father" Harmon, the great Apostle of Temper-
ance, G. W. Carey, and others addressed the
meeting. The Glee Club sang several excel-
lent pieces, and the musical exercises were well
conducted by Miss Ida Witton. Taken alto-
gether, it was one of the finest scenes of the
kind it has been our good fortune to witness.

Annual Meeting. H. Clark of Dixie informs
us that he will keep a full stock of dry goods
and groceries in the immediate vicinity of the
Camp Ground, during the meeting. He is now
putting up a large and commodious house
near the crossing of the River, on Mr. G. Ber-
ry's place, where he intends to remove his en-
tire stock, and there everything else that the
people will be liable to want, spirituous liquors
excepted. His regular customers will be sup-
plied at the new store, the old one being closed
for the meeting. He is closing out to quit
business, and will sell lower than any one else.
The Post Office will be at the store.

Business Notices. Miss Mary A. Lee has
opened a fine lot of millinery at Lee's Corner.
C. H. Cox has changed his place of busi-
ness, as will be seen by his card.

To keep yourself in time, call on J. James at
Hobart's harness shop.

T. B. Newman is fully up with the times in
the line of tinware. You cannot do better any-
where.

That wheel which Dr. Rubell has set in
motion is to grind out "grinders" for the mil-
lion. All those whose molars are demoralized
can have a new set "ground out."

M. M. Ellis is still among the living, and with
his old motto, "Live and let live," he is bound
to succeed.

The oldest daughter of Lewis Bosley, living
near Grand Round, met with a very severe
accident on Saturday, the 4th inst. While
standing near the fire, a gust of wind came, and
blew the flames out under her clothing, which
took fire. All the family being some distance
from the house, she could not get out until
nearly all her clothing was burned off. Her
back is a continual blister from the tops of her
shoulders down, and around her waist it is
literally cooked brown. The skin is all burned
off her arms and hands—fully one third of the
skin is burned from her body. Dr. Dennison,
from the Agency, was called, and reports her in
a very critical condition.

V. Pearce, M. D., Buffalo, N. Y.

ings, and several other items of interest, which

Married.—By Judge Myers, in front of his
residence May 5th '72, Mr. J. M. Cantrell and
Mrs. Susan J. Ward, all of Polk county. The
ceremony was performed by the Judge, while
he parties sat on horseback, this is a novel
way, but it bids fair to become fashionable, as
it enables the couple to commence life easy and
go through "a scooting."

Republican County Convention.

pursuant to adjournment, at the Court

DIED.

A lady residence in Polk county, Oregon,
April 9, 1872, of consumption, M. E. Eliza
Emily Collins, aged 60 years, 3 months, and 24
days.

[She was a daughter of Douglas Wyatt, one
of the early settlers of Warren county, Missouri;
was born in Kentucky, January 12, 1812;
moved to Missouri when about twelve years of
age; was married to Smith Collins, Dec. 24,
1839; with her husband and family crossed the
great and great-grand children, by whom she
was tenderly nursed and cherished in her de-
clining years, live to mourn her departure. At
the father's death, the children unanimously
agreed that she should have and enjoy all
of his estate—amounting to, perhaps, \$20,000.
—during her life, and his will was never opened
until after her death. I mention this as an un-
usual and most commendable instance of filial
affection. Mother Collins had been about thirty
years a member of the M. E. Church, and as a
Christian wife and mother ordered her house-
hold aright, so that "her children rise up and
call her blessed." Her last long and painful
illness was borne with quiet dignity and calm
resignation to the will of God. Her memory
is cherished as a Christian mother, neighbor
and friend, as evidenced by the many who at-
tended her funeral and followed her remains to
their final resting place beside the tomb of her
husband, on a beautiful eminence overlooking
the valley below. They that steep in Jesus
will God bring with him. May the divine
guidance that so long directed the pathway of
the parents be vouchsafed to the children, and
all be finally brought to a happy reunion in
the sun bright clime. Amen,
J. JAMES]

Political Notes.

The land grant to which the Demo-
crats are most opposed—To land Grant
in the White House.

It is stated that Judge Wilson called
Hayden what he thought of the Dem-
ocratic platform. Hayden replied, "there
isn't a d—n thing in it." This is
surely in accordance with the facts.

Mr. Burnett stated in Corvallis, that
the Fenians and Ku Klux were the
same in principle. What will our Irish
friends think of being compared to these
lawless organizations.

The Albany Democrat says that the
Radicals of Linn Co., for the first time
since 1868, are running a straight party
ticket. This is encouraging. They cer-
tainly would not do so unless there was
a fair show for success. The Democrat,
unconsciously perhaps, betrays the situ-
ation when it says: "It now behooves
the Democratic hosts of old Linn to fall
into line and go to work."

KE-RECT.—Grover, at the close of
his speech said: "I will not detain you
longer, time will not permit me to talk
longer, and I know you, (meaning the
audience) are tired of hearing me talk,
and are glad that time will not admit of
my talking longer." For once that day
Grover told the truth, and so severe was
the effort that he turned red in the
face, and a rattling, as of one choking,
was heard in his throat.

Some hunters of Yamhill had a fight
with a bear lately, in which three dogs
were killed.

WANTED, AGENTS—\$100 to \$250 per

the genuine improved MARSHALL SEWING
MACHINE. This machine will stitch, hem,
fell, tuck, braid, bind, cord, quilt, and em-
broider in a most superior manner. Price, only
\$15, fully licensed and warranted for five years.
We will pay \$1,000 for any machine, high price
or low, that will sew a stronger, more beautiful
or more elastic seam than ours. It makes the
ELASTIC LOCK-STITCH. Every second
stitch can be cut, and still the cloth cannot be
pulled apart without tearing it. We pay Agents
\$100 to \$250 per month, and expenses, or a
commission from which twice that amount can

address,
S. MARSHALL & CO.,

other parties traveling through the country
gaining off worthless cast-iron machines un-
der the same name or otherwise. Ours is the
only genuine and really cheap machine man-
ufactured. 10 m

PECULIARITIES

OF

The Human Race,

DIFFERENCES OF OPINION, ETC.,
etc., will be commenced in a week or two
in this paper, showing how infamy can be
elaborately represented, how childhood hours
can be made happy, courtship made easy, mar-
riage made profitable, and old age comfort-
able, how to live and be healthy, how to
supply your table with the least cost, where to
dispose of the things you don't want at the
best price, making your own industry the most
profitable. This story is written by a first-
class author, and one who understands the
case in hand to perfection. Meanwhile, if you
can't wait for the above to appear in print, call
on M. M. ELLIS, at La Clede, and all the
above mentioned will be fully explained and
happily illustrated.

CHOLERA.

HOW TO CURE IT.

At the commencement of the Diarrhoea, which
always precedes an attack of the Cholera, take
a teaspoonful of Pain Killer in sugar and wa-
ter, (not if convenient), and then bathe freely
the stomach and bowels with the Pain Killer
clear. Should the diarrhoea or cramps continue
repeat the dose every ten or fifteen minutes un-
til the patient is relieved. In extreme cases,
two or more teaspoonfuls may be given at a
dose.

The Pain Killer, as a remedy, has no equal.
In cases of Cholera, Summer Complaints, Dys-
pepsia, Dysentery, Asthma it cures in one night
by taking it internally, and bathing with it
freely. Its action is like magic, when external-
ly applied to Old Sores, Burns, Scalds, and
Sprains. For Sick Headache and Toothache
don't fail to try it. In short, it is a PAIN KIL-
LER.

Directions accompany each bottle.
The Pain Killer is sold by all dealers in Me-
dicines.
Prices, 25 cents, 50 cent and \$1 per bottle.

How We Used to be Physicked.
Who does not remember the time when spring
purgations was considered indispensable to sum-
mer health? No matter for why faces, the in-
ventable salts and senna, rhubarb, or calomel and
jalap, must be administered. These "spring
medicines," the youngsters were told, were to
keep them hale and hearty during the summer.
We all know now that this was a fallacy; that
new vigor, not depletion, is what is required at
the commencement of the summer solstice. As
a preparation for the enervating effects of oppres-
sive summer weather, a course of Hostetter's
Stomach Bitters is highly expedient. This fa-
mous vegetable preparation has three prominent
properties: It renovates, purifies, and regulates
all the functions of the body. It is composed
exclusively of pure vegetable productions: viz:
the essential principle of Mongobela Rye
and the most efficacious tonic and alterative
roots, barks and gums known to medical botan-
ists. Hence, it is an absolutely safe medicine,
and no tincture of the Pharmacopoeia can com-
pare with it either in purity, or in the variety
of its objects; and its comprehensive results.
Happily for mankind, the theory that it was
necessary to prostrate a patient in order to cure
him, is forever exploded, and the true philoso-
phical doctrine, that vigor is one great antagonist
of disease, has taken its place. Hostetter's Bit-
ters is an invigorant, and hence it is the proper
remedy for the feeble at this most trying
season of the year.

Be sure that you obtain the genuine article,
as there are innumerable vile imitations in the
market. Look to the ornamental stamp, the
engraved label, and the name blown into the
glass. Hostetter's Stomach Bitters is sold in
bottles only.

what things he thought most proper for boys to
learn, he replied: "Those things which they
should practice when they become men."

"Deliver all things in number and weight,"
and put all in writing that thou great or re-

and there is a special necessity for its strict ob-
servance in all business transactions. Young

HALL'S
VEGETABLE SICILIAN
HAIR
RENEWER.

Every year increases the popularity
of this valuable Hair Preparation;
which is due to merit alone. We can
assure our old patrons that it is kept
fully up to its high standard; and it
is the only reliable and perfected
preparation for restoring GRAY OR FADED
HAIR to its youthful color, making it
soft, lustrous, and silken. The scalp,
by its use, becomes white and clean.
It removes all eruptions and dandruff,
and, by its tonic properties, prevents
the hair from falling out, as it stimu-
lates and no the hair-glands.
By its use, the hair grows thicker and
stronger. In baldness, it restores the
capillary glands to their normal vigor,
and will create a new growth, except
in extreme old age. It is the most
economical HAIR DRESSING ever used,
as it requires fewer applications, and
gives the hair a splendid, glossy ap-
pearance. A. A. Hayes, M.D., State
Assayer of Massachusetts, says, "The
constituents are pure, and carefully
selected for excellent quality; and I
consider it the BEST PREPARATION
for its intended purposes."

Sold by all Druggists, and Dealers in Medicines.
Price One Dollar.

Buckingham's Dye
FOR THE WHISKERS.

As our Renewer in many cases re-
quires too long a time, and too much
care, to restore gray or faded Whisk-
ers, we have prepared this dye, in one
preparation; which will quickly and
effectually accomplish this result. It
is easily applied, and produces a color
which will neither rub nor wash off.
Sold by all Druggists. Price Fifty
Cents.

Ayer's Cathartic Pills,

For all the purposes of a Laxative
Medicine.

Perhaps no one medicine
is so universally re-
quired by everybody as
a cathartic, and none
ever so universally
admitted into use, in
every country, among
all classes, as this mild
but efficient purgative
Pill. The obvious re-
sult of its use, is a
relaxation of the bowels,
and a far more effec-
tual remedy than any
other. Those who have
tried it, know that it cures
not only their neighbors and friends,
but all know that what it does once it
does always—that it never fails through any fault or neglect
in its composition. We have thousands upon thou-
sands of certificates of their remarkable cures of the
following complaints, but such cures are known in
every neighborhood, and we need not publish them.
Adapted to all ages and conditions in all climates;
containing neither calomel or any deleterious drug,
they may be taken with safety by anybody. These
sugar-coating prevents them ever from being un-
pleasant to take, while being purely vegetable
no harm can arise from their use in any quantity.

They operate by their powerful influence on the
internal viscera to purify the blood and stimulate it
into healthy action—remove the obstructions of the
stomach, bowels, liver, and other organs of the
body, restoring their irregular action to health, and
by correcting, wherever they exist, such derange-
ments as are the first origin of disease.

Minute directions are given in the wrapper on
the box, for the following complaints, which these
Pills rapidly cure:—

For Dyspepsia or Indigestion, Lassitude,
Weakness, and Loss of Appetite, they
should be taken moderately to stimulate the stom-
ach and restore its healthy tone and action!

For Liver Complaints and its various symp-
toms, Biliousness, Headache, Sick Headache,
Jaundice or Green Stools, Bilious
Colic and Bilious Fevers, they should be judi-
ciously taken for several days, to correct the diseased
action or remove the obstructions which cause it.

For Dysentery or Diarrhoea, but one mild
dose is generally required.

For Rheumatism, Gout, Gravel, Painful
Swelling of the Joints, Pain in the Side,
Back and Loins, they should be continuously
taken, as required, to change the diseased action of
the system. With such change those complaints
disappear.

For Dropsy and Dropsical swellings they
should be taken in large doses, to produce
the effect of a drastic purgative.

For Suppression a large dose should be taken
as it produces the desired effect by sympathy.

As a Diarrhoeic Pill, take one or two Pills to
promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and
bowels into healthy action, restores the appetite,
and invigorates the system. Hence, it is often ad-
vantageous where no serious derangement exists.
One who feels tolerably well, often finds that a dose
of these Pills makes him feel decidedly better from
their cleansing and renovating effect on the diges-
tive apparatus.
