Prof Rutan will, at the Court House, next Wednesday evening, deliver a lecture upon the blind, and the necessity of establishing an institution of learning for them. This is something in which all our citizens should take an active interest. The location of Dallas is one of the finest in the State, the general health is better here than most places in the State, and many other important reasons might be offered for establishing an institution of that character here. The necessity of anything to further our local interests, is apparent to every business man in the town, and should be equally plain to every one interested in the place. Let there be a general turn out on Wednesday night to hear the Prof.

Election Returns.

POLK.

Congressman Wilson, Rep., 6 majority; Prosecuting Attorney Humphrey, Rep., 2 majority; State Senator, R. S. Crystal, Rep., 10 majority; Representatives, White and Clow, Dem., and J. C. Allen, Rep., County Commissioners, Vernon and Tatom, Dem; Clerk Holmes. Dem., 101 majority; Sheriff, Burch, Dem., 27; Treasurer, May, Dem., 41; Assessor. We give the following as the latest election news we have been able to obtain:

WASCO.

The Democrats claim this county by a small majority. There is a probability of Wilson running ahead of Burnett and a possibility that Moody, Rep., will be elected State Senator.

WASHINGTON.

Hillsboro, June 5.—Wilson's majority is 202; Durham, 162; Cornelius, 136 Colier, 133. The balance of the Republican county ticket is elected, except one Commissioner.

LANE.

Eugene, June 5.—Lane county redeemed. Wilson's majority is about 70. The Republican county ticket is elected, except possibly the sheriff.

LINN.

In this county the Democratic majority is as follows: Burnett, 270; Legislative ticket, from 220 to 240; Tandy, County Judge, 153. The remainder of the ticket is about the same as the Representatives,

BENTON.

Corvallis, June 5.—Official majority, Burnett, 4. Representatives, Gingles, 65; Simpson, 38. Prosecuting Attorney, Chenoweth, 124. The Democrats elected the Sheriff and Assessor.

BAKER.

Baker county gave Burnett 90 majority. Union county gave him 1 majority in two precincts. His majority in the county will be very small. He is behind his ticket badly. Union and Baker trade him off for the county ticket. Burnett's majority, so far, 148, with a poor chance for increase. All three county tickets will probably be Democratic.

JOSEPHINE.

Returns from Josephine county give Burnett 30 majority. The Democrats elect the whole county ticket.

MULTNOMAH.

Wilson carried the county with a majority of 921. The entire Republican ticket is elected.—State Senator and four Representatives.

CLACKAMAS.

Wilson has three majority. Entire Republican Representative and County ticket elected.

CLATSOP.

Republican majority 35 for Joint Representative with Tillamook, and elects the entire county ticket.

DOUGLAS.

Wilson's majority about 100. Entire Republican county ticket elected.

JACKSON.

It is certain that the Republicans have elected two members of the House of Representatives, and the entire county ticket. Burnett carries the county by about 2 50 majority.

MARION.

This county gives Wilson 395; Legislative and county ticket all Republican except Clerk. D. L. Murphy beats J. J. Murphy over 300.

YAMHILL.

Everything gone Republican from Congressman to Coroner.

News Summary.

London, June 3.—The Irish National Band, numbering forty musicians, sailed for the Boston jubilee this week

Vienna, June 3.—Frederick Genstoneker, the celebrated German traveler, is dead; aged 57 years.

Frankfort, June 3.—A collision occurred between two passenger trains between Aasle and Mayence to-day. Nine persons were killed and a number injured.

London, June 3.—Eugenie goes soon on a visit to Spain.

London, June 3—In the House of Commons to-day, Gladstone expressed his inability to account for the postponement of the adjournment of the U. S. Senate, and offered to redeem his promise and make a definite explanation in regard to negotiations with the United States. He assured the members that the supplemental article did not leave the subject of indirect claims in the present or future, open for any misunderstanding, and in this view, the American Minister, Schenck, coincided.

Mr. Disraeli reminded the Premier of his omission to state whether the arbitration is to proceed on the 15th inst.

Mr. Gladstone replied, that to this date it had been kept constantly in view in negotiations, and asked if he had any reason to think that the U. S. Government was inclined to withdraw from Secretary Fish's position, that concession from England must precede any settlement. Mr. Gladstone replied that the understanding was for the United States to make no claim for indirect damages at Geneva.

Mr. Osburn considered that the explanations amounted to nothing to the House, and that the country was unsatisfied and hoped a distinct declaration would be extorted from the Government that unless the indirect claims were fully fairly and immediately withdrawn, England would refuse to proceed with the arbitration. [Cheers.]

Mr. Burge gave notice that he would move for an address to the Queen for the withdrawal of Great Britain from the arbitration unless indirect claims were abandoned.

Mr Ottoway asked if any new engagement with the United States had been made or accepted by the Government and said he had feared the danger of such engagements.

Mr. Gregory asked if the Government had any assurance from Minister Schenck as to the understanding on the Supplemental Article.

The Premier answered Gregory's question in the negative, adding that members seemed to think a price had saved the United States withdrawing the claims. He explained that the word "consideration" as used in the Supplemental Article meant a covenant between the two nations in the future, and was reciprocal. He declined to discuss the question of pressing the withdrawal of the direct claims pending the negotiations.

Earl Russell said the time had come when plain words were desirable, and gave notice that he would to-morrow press his motion for an address to the Queen for the withdrawal from the arbitration.

During the evening, the Marquis Herford inquired if it was true that the Band of Grendie has been ordered to attend the Boston Jubilee.

Lord "Scone" replied "yes," with the sanction of the Queen and Commander-in-chief.

The Duke of Richmond declared that more irregular proceedings had never been sanctioned.

Granville declared it was proper to show the good will of the country towards the United States.

Ex-President Johnson has arrived here to testify in the case before the House Military Committee relative to the missing report of the Buell Military Commission.

New York, June 3—Abram Nelson, a merchant in good standing, in Pearl street, was committed in default of $5,000 bail on Saturday, on charge of burglary through the carelessness of the janitor of the warehouse of Phelps, Dodge & Co. Nelson had been in the habit, by means of false keys, of opening the safes of that firm and obtaining correspondence in information relative to their business, and using it to his own advantage.

Means What He Says.

Though "confirmations strong as proofs of Holy Writ," and as numerous as the sands of the sea shore, were produced to prove that Dr Pierce, the proprietor of Dr Sage's Catarrh Remedy, is in earnest and *means* what he says, when he offers $500 reward for any case of Catarrh which he cannot cure, yet there would be some skeptics and fogies who would continue to shout, "*Humbug!*" "HUMBUG!" "It cannot be, because Dr Homespun says Catarrh cannot be cured." Now, this Dr Homespun is the identical good-natured old fellow who honestly believes and persists in declaring that this earth is not round or spherical, but flat as a "slapjack," and does not turn over, otherwise the water would all be spilled out of deacon Bascomb's mill pond. But astronomical science has positively demonstrated and proven that Dr Homespun is wrong in supposing this earth to be flat and stationray, and medical science is daily proving the fact that he is no less mistaken and behind the times in regard to the curability of Catarrh. In short it has been positively proven that this world *moves*, and that medical science *is progressive*—the opinion of Dr Homespun to the contrary notwithstanding. That Dr Sage's Catarrh Remedy will cure Catarrh, thousands who have used attest.

Then buy it, and use it, in doubt do not stand, You will find it in drug stores all over the land

CHOLERA.

HOW TO CURE IT.

At the commencement of the Diarihœ, which always precedes an attack of the Cholera, take a teaspoonful of Pain Killer in sugar and water, (not if convenient,) and then bathe freely the stomach and bowels with the Pain Killer clear. Should the diarrhœ or cramps continue repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain Killer, as a remedy, has no equal. In cases of Cholera, Summer Complaints, Dyspepsia, Dysentery, Asthma it cures in one night by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache don't fail to try it. In short, it is a PAIN KILLER.

Directions accompany each bottle,

The Pain Killer is sold by all dealers in Medicines.

Prices, 25 cents, 50 cents and $1 per bottle

A Pitiful Condition.

It is a sad thing to pass through life only half alive. Yet there are thousands whose habitual condition is one of langour and debility. They complain of no specific disease; they suffer no positive pain; but they have no relish for anything which affords mental or sensuous pleasure. In nine cases out of ten this state of lassitude and torpor arises from a morbid stomach. Indigestion destroys the energy of both mind and body. When the waste of nature is not supplied by a due and regular assimulation of the food, every organ is starved, and every function is interrupted.

Now, what does common sense suggest under these circumstances of depression? The system needs rousing and strengthening; not merely for an hour or two, to sink afterward into a more pitiliable condition than ever (as it assurdly would do if an ordinary alcoholic stimulant were resorted to,) but radically and permanently.

How is this desirable object to be accomplished? The answer to this question, founded on the unvarying experience of a quarter of a century, is easily given. Infuse new vigor into the digestive organs by a course of Hostetter's Stomach Bitters. Do not waste time by administering temporary remedies, but wake the system up by recuperating the fountain-head of physical strength and energy, the great organ upon which all the other organs depend for their nurture and support.

By the time that a dozen doses of the great vegetable tonic and invigorant have been taken the feeble frame of the dyspeptic will begin to feel its benign influence. Appetite will be created and with appetite the capacity to digest what it craves. Persevere until the cure is complete—until healthful blood, fit to be the material of flesh and muscle, bone and and nerve and brain, flows through the channels of circulation instead of the watery pabulum with which they have heretofore been in perfectly nourished

NEW ADVERTISEMENTS.

HALL'S VEGETABLE SICILIAN HAIR RENEWER.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Buckingham's Dye

It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this *Sarsaparilla* is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this *SARSAPARILLA: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears*, and other eruptions or visible forms of *Scrofulous* disease. Also in the more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and the various *Ulcerous* affections of the muscular and nervous systems.

Syphilis or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases*, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. *Rheumatism* and *Gout*, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also *Liver Complaints, Torpidity, Congestion* or *Inflammation* of the *Liver*, and *Jaundice*, when arising, as they often do, from the rankling poisons in the blood. This *SARSAPARILLA* is a great restorer for the strength and vigor of the system. Those who are *Languid* and *Listless, Despondent, Sleepless*, and troubled with *Nervous Apprehensions* or *Fears*, or any of the affections symptomatic of *Weakness*, will find immediate relief and convincing evidence of its restorative power upon trial.
