

Out in the Moonlight. We stood together—two—at the gate, Out in the moonlight, In the midnight hush, for the hour grew late, Out in the moonlight, Sweet it was yet bright as day, For street and garden, and flower and spray, In a flood of silvery radiance lay, Out in the moonlight!

Sunday Reading. There is no religion without worship; no worship without the Sabbath.—Count Montalembert.

"I can truly declare that to me the Sabbath has been invaluable."—William Willerforce.

"Give the world half of Sunday, and you will find religion has no hold upon the other."—Sir Walter Scott.

"A corruption of morals usually follows the profanation of the Sabbath."—Blackstone.

"The Sabbath, as a political institution, is of great value, independently of its claim to divine authority."—Adam Smith.

"Where there is no Christian Sabbath there is no Christian morality; and without this, free institutions cannot very long be sustained."—Justice McLean.

"The more faithfully I apply myself to the duties of the Lord's day, the more happy and successful is my business during the week."—Sir Matthew Holt.

"The longer I live, the more highly do I estimate the Christian Sabbath, and the more grateful do I feel towards those who impress its importance upon the community."—Daniel Webster.

"If Sunday had not been observed as a day of rest during the last three centuries, I have not the smallest doubt that we should have been at this moment a poorer and less civilized people than we are."—Lord McCaulay.

"In the general order issued November 13, 1862, President Lincoln commanded that Sunday labor in the Army and Navy be reduced to the measure of strict necessity. The discipline and character of the National forces should not suffer, nor the cause they defend be imperiled, by the profanation of the day or name of the Most High."

Facts and Fancies.

The first ark-tick explorers—Noah's bed-bugs. "Let the least be dear woman," as the man said when he wanted it all himself.

Appellation for drunkards—Victims of "misplaced benzine." Cincinnati astrological invention—Our Horoscopes, as drawn by the convention.

When persons are seasick, what do they most desire?—To feel sea-sure, of course. "Consequential Damages," is the name of a new farce just published in London.

A "bear" movement in the Arizona egg market has reduced the price of eggs to \$1.25 a dozen. Bergh proposes to build a carbonic acid gas slaughter house for the painless destruction of animals.

It is said of a certain United States Senator that he has a seat that will never fail him: It is self-comfort. Josh Billings says "You'd better not know so much, than to know so many things that ain't so."

Professors of Geology are debating the question, "Were there any bugs in the carboniferous beds?" A law of Pennsylvania makes the taking of money at the door of a theater on Sunday illegal, where it is invariably taken at the window.

A Memphis dwelling party were driven into a cemetery by a facetious hackman "so that they might be buried without unnecessary expense." "Madam, a good many people were disturbed by your baby last night at the concert." "Well, I do wonder that such people will go to concerts."

A Louisville baker scattered tartaric acid over his rhubarb pies to cure thieves. It was an effectual remedy. A neighboring family caught the tartar. A Westerner, speaking of the performance of the village choir, says that "it is like drift wood in the stream: it drags on the bars, but it don't amount to a dam."

It is curious to watch how Augustus, who is promulgating with Belinda, hurries her past the establishment upon which is perscared, "Strawberries—\$2 a pint." "In the absence of globes, how do you illustrate the shape of the earth to your scholars?" asked a committee to a school teacher. "I shows'm my head," was the reply.

In their zeal to exclude sectarianism from the public schools of San Francisco, the framers of a bill which has passed the Legislature have enacted that "religion shall neither be taught or practiced therein." A drunken Scotchman returning from a fair fell asleep by the roadside, when a pig began licking his mouth. Sawney roared: "Wha' kissing me now? Ye see what it is to be weel liked among the lasses."

A lady teacher in Iowa made a boy stand up and show how he kissed the big girls in the woodshed in hopes that he would shed tears and promise to do so no more. All the larger boys are now wishing that they went to that school.

A gentleman from Boston on a visit to his friends in the country, speaking of the times, observed that his wife had lately expended fifty dollars for a riding habit. His friend replied:—"Here in the country we don't allow our wives to get into such habits."

"We have a span of horses," said an economist the other day, "on our farm that support themselves without any cost." "Why, how is that?" exclaimed a listener. "Why, you see," remarked the questioner, "one is a saw-horse and the other a clothes-horse."

When Handel once undertook, in a crowded church, to play the dismissal on a fine organ, the whole congregation became so entranced with delight that not an individual stirred. At length the usual organist came impatiently forward, took his seat, saying in a tone of superiority, "You cannot dismiss a congregation. See how soon I can disperse them."

It is not uncommon for princes, and people of that irresponsible kind, to be married by proxy. But it was reserved for Republican Gotham to hit upon the extraordinary notion of putting into proxy, not the bridegroom, nor yet the bride, but of all the people in the world—the parson. The newspapers chronicle the happiness of a young couple joined in wedlock, as the notice ran, "by the Rev. S. H. Tyng, Jr., representing the Rev. S. H. Tyng, D. D."

A clever old lady, apparently just arrived on a train from the country, entered one of the refreshment rooms at the Springfield (Mass.) railroad station the other day, and said she had left her parcel on the settee. A general search was commenced and lasted for some time. Finally one of the waiters asked the old dame when she left it, to which she answered, after counting up on her fingers, "Well, it was just three years ago last Fourth of July." There was a general roar, much to the astonishment of the old lady, who went away with a very puzzled look upon her countenance.

NATIONAL BUSINESS COLLEGE, PORTLAND, OREGON. A MODEL COMMERCIAL COLLEGE!! THE EDUCATION FOR THE TIMES. The Importance of a Practical Education Was never more Apparent than Now!

IT IS UNIVERSALLY ACKNOWLEDGED that as we grow in prosperity we grow more practical, and that it is required of men that they educate themselves practically—adapt themselves in the best manner possible—to meet the demands of the times. When Agostinus, King of Sparta, was asked what things he thought most proper for boys to learn, he replied: "Those things which they should practice when they become men." "Deliver all things in number and weight, and put all in writing that thou givest out or receive in," is a precept of universal application; and there is a special necessity for its strict observance in all business transactions. Young men the future welfare of this Coast look to YOU! Are YOU prepared to meet the demands?

A COURSE OF INSTRUCTION to meet the DEMANDS OF THE AGE! The most thorough, and comprehensive COURSE OF BUSINESS TRAINING ever introduced by any COMMERCIAL BUSINESS COLLEGE, combining THEORY AND PRACTICE, by means of BANKS AND BUSINESS OFFICES.

The Great Medical Discovery! Dr. WALKER'S CALIFORNIA VINEGAR BITTERS, Hundreds of Thousands Bear testimony to their Wonderful Curative Effects. WHAT ARE THEY?

FOR FEMALES COMPLAINTS, whether in youth or old, these Bitters are the only safe and reliable remedy. They are a specific for all the ailments of the female system, such as Indigestion, Biliousness, Headache, Nervousness, &c. They are not a vile FANCY DRINK. Made of Four Tons, Whiskey, Proof Spirits and Refuse Liquors, doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcohol, Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia and Indigestion, Biliousness, Headache and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitrified Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, flatulency, Pain in the Stomach, Congestive Tightness of the Chest, Blisters, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the Regions of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unspeakable efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pasties, Boils, Carbuncles, Ring Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scabies, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the "Crusts" of Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your system will tell you when. Keep the blood pure and the health of the system will follow. PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectively destroyed and removed. For full directions, read carefully the circular accompanying each bottle. J. WALKER, Proprietor, E. H. McDONALD & Co., Druggists and Gen. Agents, San Francisco, Cal., and 23 and 24 Common Street, New York.
