Local items scarce.
Base ball is in high favor.
County officers sworn in Monday.
C)quet is the game at present.
Shingles for sale at G B Stiles'.
Several drinks in town this week.
The Dallas school has six weeks vacation.
J S Keys and others called during the week.
The rain Saturday and Sunday broke up the Camp-meeting.
J. W. Hobart, of Buena Vista, made a visit to Dallas last Saturday.
People scattered out in all directions this week to "celebrate."
Mr Newman while hunting last week shot at a bear, but failed to "ketch 'im."
The rain of last week has revived vegetation, and the hills and valleys have put on a brighter livery.
An adage says when a couple who are very much attached to each other commence eating onions, it is safe to calculate that they are engaged.
We understand that our Democratic nominees for legislative honors, who were defeated, propose to contest for their seats. It's no use, gentlemen, you cannot get them.
The new board have control of the Court House, and managed the probate business this week. The Judge acts as if he knew how it was himself, and the others take hold in good style.

At the close of the base ball game at Dixie, on the fourth, the Dixie club stood 63 and the Dallas boys 53. We understand another game to be played between the same clubs, at Dallas, next Saturday.
The vote for Congressman, in Polk county in 1870, was: Slater, 670; Wilson, 609; total 1,279. In 1872, it stood: Wilson, 698; Burnett, 572; total 1,270. Showing a falling off in the two years of 169 votes.

Mr. J. W. Hobart has kindly offered to act as agent for the KERMEXAS at Buena Vista. It will be found at his business shop and any business connected with this office transacted through him will be satisfactory.

The first quarter of the Dallas school closed last Wednesday. The exercises in the afternoon, consisting of dialogues, declamations, recitations, essays, etc., were creditable to the scholars and amusing to the spectators.
The ball at the Court House Thursday night was a *recherche* affair. Youth and beauty were represented in full numbers, and many with gowns telling on them forgot their age and were gay as the geyser. The supper was excellent and after that the "ball went out."
They danced all night, till broad daylight and some still danced in the morning.

As Judge Collins and Mr. N. L. Butler were returning from Salem last Tuesday, with a horse and buggy, as they were coming up the bank from the ferryboat at the Willamette, the harness broke, the buggy commenced running back and the harness to slip off from the horse. Mr. Butler seeing the danger of the buggy running into the river, jumped out at the back and stopped it. In so doing he exerted himself too much and strained his back and shoulders, so that they have been quite troublesome since.

We are informed that a little daughter of James Benfield, of La Ciede, a short time ago was attacked with diphtheria. Physicians were called and everything done for the little sufferer. The disease took hold so severely that her life was despaired of for many days. She is recovering now, but the disease has left traces that will last a lifetime. Her palate, tonsils, and other portions of her throat have been eaten away, and her voice forever gone.

Heard From. On last Friday, Jack Grant, commonly known as "The Guerrilla of Polk," whose name has been for many years a terror to the people of this vicinity, and is now a household word, being used at the present time, however, chiefly to frighten little children to sleep, arrived in town from Salt River, whither he had been sent by the people as commander of the crew defeated in the June election. His advent took the town by surprise; but fear was immediately dispelled from the heart of every citizen, when he informed them that he "came not to destroy," but to obtain a supply of victuals and ammunition to assist him and his band in surviving through the winter. He obtained his supplies at the store of Botter & Wortley, and quietly left town Saturday afternoon, much to the relief of the people. He has declared his intention not to return again until after (dread) is elected.—Guess he won't come again, very soon.

Henshaw, the man who froze his feet a few months since, is rapidly recovering both in mind and body. He feels very confident that in a few weeks he will be able to walk about.

Miss Scriber and Miss Watt, who have been employed as teachers in the Dallas School, for some time past, left on Thursday for homes in Salem. They, in common with Miss Sarah Shreve of this place, have merited and received the good will of this community for their efforts in advancing the pupils under their charge.

The celebration at Dixie was all that could have been anticipated. The day was delightful, the crowd large and in the best of humor. The music by the band was excellent, and the singing by the glee clubs—well, it just beat everything. The exercises were commenced with prayer by the Rev. Mr. Sears. Dr. Jeffries read the Declaration in good rhetorical style. Mr. Levi Leland, the "Hermit of Oregon City," was Orator of the Day, and for about two hours interested the audience in his own humorous story. After dinner the crowd came together again, and short speeches were made by Dr. Jeffries, Mr. Leland, and Prof. Rutan. Taken all in all it was a time to look back to with pleasure.

This Means Business

Murphy & Crasman Salem have a fine stock of Gentlemen's Dress Goods just received. They sell as low as the lowest.
Hobart Bros have on hand and for sale cheap, the best of work in the harness and saddle line.
All styles of wagons, hacks and buggies of the best workmanship and material at Teal & Co's.

Hall's Vegetable Sicilian Hair Renewer restores both the hair and its color, increases and thickens its growth.
During our interview, the American Consul at Bangkok, presented the King an elegant assortment of his medicines from Dr. J C Ayer, of Lowell, Mass., for the use of the Court. He explained to his majesty their origin from the great chemist and their uses. The Cherry Pectoral for coughs—the Saraparilla for eruptive diseases and the Ague Cure for the fevers that are so fatal in this hot country. The dangerous condition of a favorite wife in the palace with one of the disorders these medicines cure gave him special interest in these products of medical skill; indeed, these medical marvels interested him more in our country than all the other attentions we had shown him.—Letters from a lady in Siam.

Success Based upon Merit.

It is a subject of general remark, among both wholesale and retail druggists, that no medicine introduced to the American public has ever gained such a popularity or met with so large a sale in all parts of the land, in the same length of time, as has Dr. Parke's Golden Medical Discovery. This cannot depend upon its having been more largely advertised than any other medicine, as such is not the case. The correct explanation we think is found in the fact that this medicine produces the most wonderful and perfect cures of every bad case of bronchitis, throat and lung disease, is undoubtedly the most efficient remedy for all kinds of coughs that has ever been introduced to the public, and at the same time possesses the greatest of blood purifying and strengthening properties that medical science has been able to produce, thus rendering it a sovereign remedy, not only in the cure of consumption, Bronchitis, Hoarseness and Coughs, but also for all diseases of the liver and blood, such as scrofulous diseases, skin diseases, blotches, rough skin, prurples, black specks and discolorations. It has, therefore, a wide range of application and usefulness, and it not only gives the most perfect satisfaction to all who use it, but far exceeds the expectations of the most sanguine, thus eliciting the loudest praise, and making permanent living advertising mediums out of all who use it. For these reasons it is that there is not perhaps a druggist in all the whole continent of this continent, who tries to please his customers and supply their wants, that does not keep and sell large quantities of this most valuable medicine.

Wonderful Offer. We must confess to a surprise at receiving from Pittsburgh Pennsylvania a number of a beautiful, 16-page, illustrated paper—the only illustrated paper of any size and pretensions outside of New York. But this is not all. It sends free and postage-paid, to every new, yearly subscriber at only \$1 50, either two large and valuable 34x56 inch engraving, or, if preferred, a beautiful chrome in the sheet, (when sized, varnished, and "mounted" ready for framing, 25 cents extra) and a 24x30 engraving of different subjects, for every yearly subscription additional to one's own, or a \$10 Book with Sewing Machine—expressage paid by club-getter—for every club of 29 new subscribers sent with \$30. Or, this universally popular Monthly for the homes of the people, sent on trial, from June to January, (7 months) with a beautiful 24x39 engraving, free and post-paid with only one dollar.

Now, any reader can see, by application at our office, that this monthly is a mean, or shabby, by banging, but a pure, bright, attractive, and beautiful 16-page home paper, elegantly printed and of about the same size, and appearance as *Harper's Weekly*. It is now entering its second year, and is filled with a variety of choice, original, and selected reading matter with a Household and Children's department fully worth the price of the paper. Permanent and steady-going canvassers are everywhere wanted for it, on big commission. The tools are put in their hands, and a liberal price paid for using them. For agents' circular and "outfit," address *People's Monthly*, Pittsburg, Pa: Any live Agent, who closely follows instructions must clear from \$3 to \$10 per day. Send on your subscriptions at once, or keep this for reference.

LIST OF LETTERS REMAINING

In the Post Office at Dallas, July 1st 1872.
Brown, Miss Libbie Foster, Geo W
Boone, W W Harrington, Isaac
Cresswell, Fulton Weir, Miss Mary L
J. D. LEE, P. M.

BORN.
In Dallas, June 28th, to the wife of John Teal, a son.
In Lewisville, July 1st, to the wife of Frederick Lewis, a son.

Wilson's majority, 846.

News Summary.

Boston, June 30.—The Irish National Bank has arrived. A public reception will be given on Monday, by the Irish Societies.

New York June 30.—Subscriptions for the General Thomas monument amounts to \$1,246.

German emigrants can no longer be swindled by bogus money.

Hugh Howell Brown, one of the most popular Baptist preachers of Great Britain, visits this country in August.

There is a remarkable case of habeas corpus before the Supreme Court. J. M. Patterson, a well known pianist and musical composer, sues to gain possession of his eldest child, aged two years, now held by its mother, Adelaide L. L. Patterson, nee Magon. The father claims that his children were stolen away from him and so confined to the house that one of them died. The mother appears well enough disposed toward her husband, but is entirely under the influence of mischief making friends.

Washington June 30.—The Acting Assistant Secretary of the Treasury, has directed the Assistant Treasurer of New York to purchase a million of bonds on Wednesday, and purchase a million of gold on Thursday, through July. He has also called in a million and a half of the three per cent. loan certificates of August 1868.

San Francisco, July 1.—Henry Duxco, an Italian, interlocking between two of his countrymen who were having a fight in a city front saloon last night, had his cheek cut open from the ear to the chin.

Three deaths occurred this forenoon from small pox, and there are now 24 cases in the pest house, one of which is that of a patient who fell from his bed in a delirium and fractured his skull.

Rutland, June 30.—The night express on the Vermont Central, due at midnight, Saturday, broke through a culvert near Vergennes, totally destroying the New York coach and sleeping car. All but one person, a brakeman, escaped serious injuries.

Madrid, June 3.—The resignation of Valmasola, Captain General of Cuba, has been accepted. General Cabollas will temporarily succeed him. It is understood the post will be open for the present by the Minister of War.

Milwaukee, June 30.—Colonel Loom is Chief of the Artillery to General Rosecrank, now confined at the Soldiers' Home, is rapidly wasting away with softening of the brain.

Boston July 1.—To day was devoted mainly to Irish music and drew only twenty thousand persons. A fantasia from Faust by the French band was played, and Madame Pazraka Letuwer gave airs from the Magic Flute. Performances of the Irish band under Clemens were a popular feature. Irish musicians showed their skill under their accomplished leader, who had them in perfect training and kept them on the stage for over an hour. The enthusiasm was immense and overtopped that aroused by the avil chorus with its guns and strikers. The "Harp that once through Tara's Halls," was sung by the chorus and audience. The Grenadier band revived the enthusiasm by performing in fine style The Oberon overture, and on an encore gave several American favorite airs.

New York, July 1.—In the Stokes trial John Marshal, the valet of Fisk, testified that Fisk made his headquarters at Mansfield's, where the witness was employed to wait on Fisk. The witness left Mansfield's because he didn't like to wait on Stokes.
Officer McAdams testified that he arrested Stokes, whom Fisk recognized as his murderer.
Dr James R. Woods testified that he could account for the Colonel's death in no way but that the shock to his system caused it. There was peritonitis to his system, but not enough to cause death. William Tweed was with Fisk. The latter was very anxious to know whether he was going to die. I ordered his will made. Cannot say that he wandered in his mind. Death ensued soon after the wound.

Fort Madison, (Indiana) July 1.—At West Point Mrs. Dr. A. Walker, who parted from her husband sometime since; was murdered by her two sons, aged 12 and 16 years. During her husbands absence from home she took occasion to visit her children, when the boys stabbed her in the breast and throat and hid the body under the hay in the barn. They then telegraphed to their father that one of the children was sick and he must return immediately. They subsequently gave themselves up and reported that they committed the act in self defense.

Williamsport, (Pa) July 1.—The mill men who struck for ten hours met in Market Square this morning. Two thousand formed in procession and induced the men in other mills to join them.

For the very best photographs go to Bradley & Ruloffson's Gallery without STAIRS.—ASCEND IN THE ELEVATOR, 429 Montgomery street, San Francisco.

SPECIAL NOTICES.

WILLIAM DAVIDSON,
REAL ESTATE DEALER,

WADE, BROWN & CO.,
Salem, June 1, 1872.

CHOLERA.
HOW TO CURE IT.
At the commencement of the Diarrhoe, which always precedes an attack of the Cholera, take a teaspoonful of Pain Killer in sugar and water, (not if convenient,) and then bathe freely the stomach and bowels with the Pain Killer.

At the commencement of the Diarrhoe, which always precedes an attack of the Cholera, take a teaspoonful of Pain Killer in sugar and water, (not if convenient,) and then bathe freely the stomach and bowels with the Pain Killer. Should the diarrhoea or cramps continue repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.
The Pain Killer, as a remedy, has no equal. It cures Cholera, Summer Complaints, Dysentery, Dysentery, Asthma it cures in one night by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to old Sores, Scalds, and Sprains. For Sick Headache and Toothache don't fail to try it. In short, it is a PAIN KILLER.
Directions accompany each bottle.
The Pain Killer is sold by all dealers in Medicines.
Price, 25 cents, 50 cents and \$1 per bottle.

Midsummer Maladies.
The hot solar rays that ripen the harvests generate many distressing diseases. If the liver be at all predisposed to irregularities, this is the season in which bilious attacks may be anticipated. A weak stomach, too, is weakest in the summer months, and the loss of vitality through the pores by excessive perspiration is so great, that a wholesome tonic, combining also the properties of a diffusive stimulant and gentle exhilarant, is in many cases necessary to health, and under no circumstances should be dispensed with by the sickly and debilitated. Of all the preparations intended thus to refresh, sustain, and fortify the human frame, there is none that will compare with Hostetter's celebrated Stomach Bitters. They have been weighed in the balance of experience and not found wanting; have been recommended from the first as a great medical specific, not as a beverage, and in spite of interested opposition from innumerable quarters, stand after a twenty years trial, at the head of all proprietary medicines intended for the prevention of all ailments of the stomach, the liver, the bowels, and the nerves. In the unhealthy districts bordering the great rivers of California, Hostetter's Stomach Bitters may be classed as the standard one for every species of intestinal and constituent fever. The people who inhabit those districts, place the most implicit confidence in the preparation—a confidence that is increased every year by the results of its operation.
As Bitters, so called, of the most pernicious character, are springing up like fungi on every side, the public is hereby forewarned against the cheap shop brands. Ask for Hostetter's Bitters, see that the label etc., are correct, and remember that the genuine article is never sold in bulk, but in bottles only.

NEW ADVERTISEMENTS.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY or FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."
Sold by all Druggists, and Dealers in Medicines.
Price One Dollar.

Buckingham's Dye

FOR THE WHISKERS.
As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in one preparation; which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.
Manufactured by R. P. HALL & CO., NASHUA, N.H.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.
Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men, it has risen higher and higher in their estimation, until it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.
Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and die.
Singers and Public Speakers find great protection from it.
Asthma is always relieved and often wholly cured by it.
Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses. So generally are its virtues known, that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or misanthropic poisons.
As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it is nowise injurious any patient. The number and importance of its cures in the agricultural, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed. Untrusting persons, either resident in, or travelling through miasmatic localities, will be protected by taking the AGUE CURE.
For Liver Complaints, arising from toridity of the Liver, it is an excellent remedy, stimulating the Liver to healthy activity.
An excellent remedy, producing many truly remarkable cures, where other medicines had failed. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., and Analytical Chemists, Lowell, Mass., and sold all round the world.
PRICE, \$1.00 PER BOTTLE.

FLORENCE

Will sew everything needed in a family, from the heaviest to the lightest fabric.
IT DOES MORE WORK, MORE KINDS OF WORK, AND BETTER WORK, Than any other machine.
If there is a Florence Sewing Machine within one thousand miles of San Francisco not working well and giving entire satisfaction, if I am informed of it, it will be attended to without expense of any kind to the owner.
