Weather warm. Amusements plenty. Soda water with a "streak" in it is very cooling. Go to Lee's for anything you want in their line.

"Strolling through the Fair" is Vivian's specialty. Mr. John L. Shotton has our thanks for a nice lot of string beans.

W. B. Carter, of the Corvallis Gazette, gave us a call on Thursday.

Rev. P. R. Barnett will preach the fourth Lord's Day at the Christian Church in Dallas. G. B. Stiles has made arrangements to have fresh vegetables every morning, and he will retail them cheap for cash.

Butler & Wortley are constantly receiving new goods. By giving them a call, you can see they obtain the best.

Hall's Vegetable Sicilian Hair Renewer the only reliable preparation for restoring grey hair to its original color.

The Overland Stars, at Salem, is selling goods at greatly reduced rates. The proprietors do not desire to run any goods over, and summer and fall goods can be bought cheap.

Reed, Mr. M. C. Russell, of Independence, offers \$15 reward for the recovery of two mares. Read his advertisement in another column, and start out and find them. Your money is ready when the animals are returned to him.

Base Ball Last Saturday the Dallas and Dixie clubs met in contest, which resulted in the defeat of the latter, the Dallas boys scoring 53. Dixie's 33. This was the second game. Laurels are now even, and another game will probably be played for champion.

A rupture has occurred in the Democratic party of this county since the Convention at Baltimore. All the defeated candidates for office, in that party espouse the "Chippaquack" justice. Clerk Holmes, Judge Myers, Daly and many other Red Rockers are opposed to him in any event, and claim that his election would be a national calamity.

Discharged. A man by the name of Mc Morrow was arrested and brought before Justice Dempsey, of La Ciete precinct, on Saturday on a charge of larceny preferred by Mr. "Kit" Zumwalt. After hearing the testimony the defendant was discharged, the Justice thinking the evidence insufficient to bind him over. Butler and Applegate for prosecution; Hayden, Myers and Daly for defense.

Our citizens have the coast and mountain fever muchly. The hot weather of the past few days has made our "hard working men" exceedingly languid. Even we have been invited to join a party consisting of Daly, Vineyard, and other citizens of this town, and Bro. Mulkey, of the Denton Democrat to hunt yefestive deer and romping trout, at the head of the Riercel. Boys, we can't go, but if you fetch us some fish we'll eat 'em.

A ray of Sunshine was suddenly shown across our sanctum, on Tuesday, and looking up we discovered the genial phiz of Prof. Robb of the McMinnville College. He reports the school as progressing, and is sanguine that it is now a permanent institution. Parties desiring to educate their children, can find no better school, and they may rest assured that the Prof. is a man who will do everything to make school life endurable to his scholars.

A sorrowful Scene. On last Sunday evening Mrs. Abigail Lee, consort of Wilson Lee, died at the residence of Mr. John Waymire, in this town, after a long and painful illness. On Monday, her funeral was preached by Rev. J. James, pastor of the M. E. Church. His text was taken from Job, 14th Chapter, 20th verse, and for an hour he spoke comfort to the relatives and mourning friends. After the sermon, the lid was removed from the coffin and a last farewell was taken of the dear one. The aged father and mother, their hair white with the frost of many winters, were among the last, and the scene was affecting in the extreme. The mother, after taking a long, silent gaze into the face of her child, suddenly exclaimed, "Lord, I am ready. I long to go where my daughter is. Hallelujah, praise God that the time will not be long." The affecting remarks of Rev. James, combined with those of the mother, made a lasting impression upon those present, and all were deeply overcome to tears. The remains were followed to the grave, by many friends, where the last sad rites were performed; and more forcibly than ever was the command of our Savior presented—"Be ye also ready." She is gone, and it can truly be said, "None knew her but to love her; none named her but to praise her."

Concert. Prof. Rutan and class gave a concert at the Court House, on Thursday evening. A large and appreciative audience were present and the performance was a decided success. The Prof. closed his term of singing school with this entertainment. During his labor here he advanced his scholars wonderfully, and now he leaves us for a time, knowing he has made many friends.

A Good Business. G W Carey, Agent for the Continental Life Insurance Company of New York, has, since the first of last June, taken out over \$60,000 of insurance in this county. The advantages of the Continental are such as recommend it to those desiring to insure. Its principal features being, joint life, loan of one third of premium without note or interest; policy holders are allowed to travel to any portion of the world without extra charge, etc., etc. Look out for Mr. Carey, for he will surely call on you. Post office address, Dallas.

Fire. About half past two yesterday afternoon an alarm of fire was given, and our citizens, buckets in hand, rushed to the burning building. It proved to be a cottage owned, and temporarily occupied by A. H. Whitely. The fire originated from a defective chimney and but for the timely arrival of plenty of water, in a few moments the house would have been a heap of ruins, as the fire was well under way. As it was, however, no great damage was done, twenty dollars probably covering the loss.

Shocking Accident. Last Tuesday afternoon Kings Valley was the scene of a terrible accident. The circumstances as we learn them are as follows: It appears that a Mr. Thomas was having his hay cut, using a mow for the purpose. After dinner the hands went to work. But a few lengths had been cut, when the driver was horror stricken by hearing a cry, and at the same time seeing little son of Mr. Thomas entangled in the sickle. He stopped the mow immediately, but too late to save the little fellow, who was terribly lacerated, one of his legs being severed completely off and his body otherwise injured. No blame can be attached to the driver, as he was not aware that the little fellow was in the field. It is thought the little one went out in the field while the men were at dinner, and fell asleep, and as the grass was very thick it was impossible to see him as he was lying on the ground. He only survived his injuries about half an hour. He was about five years of age.

MARRIED. At the residence of the bride's mother, in Dallas, Polk county, Oregon, July 17, 1872, by Rev. P. R. Barnett, W. P. Wilson, of Yamhill, to Miss Olie Barnett, of Polk Co.

DIED. July 14th, 1872, at the residence of John Waymire, in Dallas, Polk county, Oregon, Mrs. Abigail Lee, wife of W. P. Wilson, aged 47 years, 5 months and 17 days.

[Mrs. Lee was married while on her way to Oregon, June 4th, 1846, and settled on the Little Luckiamute, in this county, where she lived a consistent Christian, beloved by all who knew her. In early life she united with the M. E. Church. For some years she had been in feeble health, and her constitution gradually falling under the hand of disease of rather complicated character. Notwithstanding everything was done that could be by medical aid and kind friends to ease her stay, she fell asleep under general debility, to wake in the restoration of the just at the last day. Thus the Lord has called his own. Peace to her memory. She hath done what she could, and has left the evidence of her acceptance by her Master. May we all be likewise ready when the Master cometh.]

News Summary.

New York, July 15.—The Express calls the Stokes Case a farce and contempt for common sense. Hereafter murder is no crime. The trial has consummated in disagreement and final acquittal.

The Commercial blames the law which allows no intermediate verdict between murder in the first degree and manslaughter in the third degree.

The Post says we are nearing, if we have not already reached, the point where taking life is not consider murder except in cases of vulgar burglars who have trespassed on the rights of property and sacrificed life to reach it.

Terre Haute, July 15.—An unknown man threw himself on Indianapolis and St. Louis road, before the train. He was torn in pieces. He had apparently been waiting the approach of the train for some time.

Cleveland, July 15.—It is believed that McWilliams, whose clothes were found in a boat some weeks since, eloped to Europe with a young school teacher, after forging his father's name for a large amount.

Providence, July 15.—This afternoon express train from Boston was thrown off the track by running over a market wagon, killing the driver. Four coaches slid from the track and landed on a gravel bank. All the passengers escaped severe injuries.

Baltimore, July 15.—The Annual Festival of the Schutzen corps has commenced.

The Kaiser Franz guard arrived this evening. Nearly ten thousand persons attended the concert this evening.

New York, July 15.—The great race for the Saratoga cup takes place to-morrow. Harry Basset; in this city, \$169 to \$35.

Washington July 15.—The mission sent to Little Mound in behalf of the Sioux Indians, has been generally successful. About sixty lodges of Spotted Tail's people crossed North Platte, going south. Nearly all the lodges attempted to leave the Red Cloud agency but were turned back by the chiefs and soldiers. Red Cloud sent a letter to the Northern Sioux, saying that he will not go to war with the whites. The Sioux must listen and not go to war with the whites. The heart of the Great Father is good. Be friends to him, old people, and your children will not starve.

Pinia, Montana, July 15.—Felix R. Burnot and T. K. Cree, arrived yesterday, intending to visit the Blackfeet and Crows.

Cowan, Assistant Secretary of the Interior and Commander, N. J. Denny, left for Fort Benton, accompanied by Red Cloud and Red Dog.

Geneva, July 15.—This afternoon the Board of Arbitration convened at 2 o'clock and continued its sessions until evening. Members again agreed that absolute secrecy should be maintained as to their proceedings. Daily sittings will probably be determined on for the present. The first subject of discussion will be principles enunciated

London, July 15.—A Geneva special state that all members of the Board of Arbitration were present at the meeting to-day; also agents and counsels on either side with the exception of Everts, one of the counsel of the United States. Although the court sat with closed doors there is reason to know that the session was occupied from the beginning with the consideration of the basis on which the deliberation of the Board are to be conducted. At the sitting to-morrow a special plan for the future mode of proceedings will be discussed.

The Echo this evening devotes a leading article to Catacazy's statements. It says the Catacazy's pamphlet, which was offered to the United States for two hundred thousand pounds, has been published. It fully justifies our opinion that it was not worth the money. The ex-Minister is simply trying to justify himself. The Echo thinks Fish did well to bow Catacazy out of Washington. The pamphlet quotes a note addressed to him by Gortschaoff, in which the latter says he does not lose sight of the fact that we are notowers of discord, and that we carefully abstain from encouraging misunderstanding between England and America. Emperor wants peace.

Paris, July 15.—Gambetta, in his speech at Lafayette's Journee yesterday, praised the Republic as the embodiment of the principles of self-government, order and prosperity. He denounced the conservative party, and complicated theirs in high terms, declaring that his administration had been a great success.

REMINISCENCE OF PAPER-MAKING.—It is said that Wm. East, an English paper maker, once upon a time set him to work and went away on business. While the men were at dinner, Mrs. East accidentally let a blue bag fall into one of the vats of pulp. Alarmed at the occurrence, she determined to say nothing about it. Great was the surprise of the workmen when they saw the peculiar color of the paper, and great the anger of Mr. East when he found that a whole vat of pulp had been spoiled. After giving the paper warehouse room for four years, Mr. East sent it to his agent in London, to be sold "for what it would fetch." "For what it will fetch," said the agent, misunderstanding the meaning; "well, it certainly is a novelty, but he must not expect too much for it." So he sold it at a considerable advance upon the market price, and wrote to the mills for as much more as he could get. The surprise of Mr. East may be imagined. He hastened to tell his wife, who found courage to confess her share in the fortunate accident, and claimed a reward, which she received in the shape of a new cloak. Mr. East kept his secret, and for a short time supplied the market with the novel tint, until the demand far exceeded the supply, and other makers, discovering the means used, competed with him.

PURELY DISINTERESTED.—We wonder if Charles A. Dana, of the New York Sun is doing all he can against the reelection of Grant, purely from disinterested motives? For several months he had a pack of lies standing in his paper concerning Grant, and since he has had them proven to be false has taken them out of his sheet delectable, and now comes out on another line—that of a sneak, too cowardly to openly assault the President, and a little to mean to tell the truth. He was once refused a position by Grant, and he now resembles that mangy, lousy, lame, hairless, toothless, jaw cracked, hump-backed, snarling, yelping, ugly-looking, yellow dog, with a sore head, who couldn't get what he wanted to eat himself, and, therefore, wouldn't let the other dog gnaw a bone in his presence.

A dispatch from New York, under date of July 15th says:

About three thousand Alsatians and natives of Lorraine, headed by the Band Garde Lafayette, marched to the office of the French Consul to-day and signed allegiance to France.

The Star Spangled Banner waved over Richmond, and the glorious fourth of July was celebrated there this year or the first time in twelve years.

Advertisement for Cholera medicine. Features include: 1840 1870 CHOLERA. HOW TO CURE IT. At the commencement of the Diarrhoea, which always precedes an attack of the Cholera, take a teaspoonful of Pain Killer in sugar and water, (not if convenient), and then bathe freely the stomach and bowels with the Pain Killer clear. Should the diarrhea or cramps continue repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases two or more teaspoonfuls may be given at a dose.

The Pain Killer, as a remedy, has no equal. In cases of Cholera, Summer Complaints, Dyspepsia, Dysentery, Asthma it acts in one night by taking it internally, and bathing with it freely. Its action is like a magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache don't fail to try it. In short, it is a PAIN KILLER.

Directions accompany each bottle. The Pain Killer is sold by all dealers in Medicines. Price, 25 cents, 50 cent and \$1 per bottle.

Midsummer Maladies. The hot solar rays that ripen the harvests generate many distressing diseases. If the liver be at all predisposed to irregularities, this is the season in which bilious attacks may be anticipated. A weak stomach, too, is weakest in the summer months, and the loss of vitality through the pores by excessive perspiration is so great, that a wholesome tonic, combining also the properties of a digestive stimulant and gentle exhilarant, is in many cases necessary to health, and under no circumstances should be dispensed with by the sick and dilapidated. Of all the preparations intended thus to refresh, sustain, and fortify the human frame, there is none that will compare with Hostetter's Colic and Stomach Bitters. They have been weighed in the balance of experience and no found wanting; have been recommended from the first as a great medical specific, not as a beverage, and in spite of interested opposition from insupportable quarters, stand, after a twenty years trial, at the head of all proprietary medicines intended for the prevention of all ordinary complaints of the stomach, the liver, the bowels, and the nerves. In the unhealthy districts bordering the great rivers of California, Hostetter's Stomach Bitters may be classed as the standard one for every case of intermittent and remittent fever. The people who inhabit these districts, plus the most implicit confidence in the preparation—a confidence that is increased every year by the results of its operation.

As a bitter, so called, of the most pernicious character, are spring up like fungi on every side, the public is hereby forewarned against the cheap shop brands. Ask for Hostetter's Bitters, see that the label is correct, and remember that the genuine article is never sold in bulk, or in bottles only.

NEW ADVERTISEMENTS.

HALES VEGETABLE-SICILIAN HAIR RENEWER.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY or FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes." Sold by all Druggists, and Dealers in Medicines. Price One Dollar.

Buckingham's Dye FOR THE WHISKERS.

It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.

Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Scrofulous diseases, where the system is saturated with impurities, have been purified and cured by it. Scrofulous affections, aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses. Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfeeling tenant of the organs, undermines the constitution, and invites the attack of embolizing fatal diseases, without exciting a suspicion of its presence. Again, it is the cause of a host of other diseases, which are aggravated by its presence. It is the cause of the most violent eruptions on the face, and of the most distressing eruptions on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms are apparent. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this Sarsaparilla: It is a great remedy for the strength and vigor of the system. Those who are Lethargic and Liable, Dependent, Sleepless, and troubled with Nervous Affections, or Fevers, or any of the obnoxious symptoms of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.
