

In the Park.

Ah! sweet, in the summer evenings When the day's fierce heats are done, When the stripes and the carols of labor, Have flown with the sinking sun; Just to sit in the leafy shadow, With the darkness dropping down; Till the Night, like a queenly matron, Sit crowned with her starry crown.

Run Him Out.

The moral to the following, told by the sufferer, is too apparent to mention. Young ladies will hereafter run their brothers out when the gentlemen call: "I'm certain that I wished some body would spank the young rascal. We talked of hills, mountains, vales and waterfalls, when the boy spoke up and said: "Why, sister's got a trunk full of 'em up stairs; pap says they are made of horse hair."

This revelation struck terror into me and blushes into the cheek of my fair companion. It began to be very apparent to me that I must be very guarded in what I said, lest said boy might slip in his remarks at unguarded places. I turned my conversation to him and told him he ought to go home with me, and see what nice chickens we had in the country. Unluckily, I mentioned a yoke of calves my brother owned. The word calves ruined all. The little one looked up and said: "Sister's got a dozen of them, but she don't wear 'em only when she goes up town of windy days." "Leave the room you unmanly little wretch!" exclaimed Emily, "leave immediately."

SPANISH ELECTION.—It is announced from Spain that Cortes or National Congress has been dissolved and an election ordered for a new one; the election to be held on August 24th. The election was but a short time ago. It resulted in the choice of a decided majority of what we should here call "administration men," but the fact soon after came out, that the Government had interfered with the elections to an extent that left them little better than a farce—carrying them in numberless instances by the votes of soldiers and other drilled employees.

The coming election, under a new ministry and with the fact in regard to the other fresh in the public mind, will give the Government a new opportunity to manifest its disposition for a fair election; and if that is allowed, we shall doubtless have a new demonstration by the Republican party of Spain which will astonish outsiders. Republicanism is claimed to be strong enough in Spain to make a close contest for the possession of the Government, if allowed a fair vote. This election may show how far that claim is well founded.

We furnish the Republican and Democrat's Monthly for \$4 a year.

Facts and Fancies.

The close line.—"The End" lan-debtedness—Hotel bills. The largest ant.—Eleph-ant. A cowardly assault.—To beat a retreat. Spiritual sickness—Cholera-in-phantom.

To bring up early peas—Turn the chickens in the garden. A thing easily found.—Fault. Two things easily remembered.—The first cigar and the first sweetheart. When are women like sailor's? when they demand a smack. To make hens lay—Tie their legs together so they can't stand up. Unfamiliar quotation; A nose by any other name would smell as well. Prof. Fiddle is an Indian musician, and Capt. Fiddler is a Kentucky flatist.

A reflective reporter described a horse as "a splendid though sad vehicle." Why is a grave-digger like an incubator? Because he drows a drunkard's grave. Adam's nativity has at last been discovered. He was, according to Darwin, a germ-man. Platonic love, like all other tonics, is very exciting, and should be taken homoeopathically.

What is the easiest way for a bad rider to show himself off? To get on a spirited horse. Men and women differ. You may perhaps, convince a man but you must persuade a woman. How is it a storm looks heavy when it keeps lightning? and the darker it gets the more it lightens. When a boy has the fever and ague in Danbury Ct, they make him useful by setting him to shake carpets.

It has been found that in nearly every civilized country the tree that bears the most fruit for market is the apple-tree.

If you don't look carefully after the bits of your horse, you may one day be looking after the bits of your carriage.

What is the difference between a sofa and its fair occupants? About the difference between an ottoman and a knot of woman. Spotted tail having been persuaded that the English equivalent for his name is "Dolly Varden," he consented to be (ad) dressed accordingly.

A minister, not long ago, preached from the text, "Be ye therefore, steadfast," but the printer made him expound, "Be ye there for breakfast."

An editor says that the only reason he knows of why his house was not blown away the other day, during a severe gale, was because there was a heavy mortgage upon it. A golden rule for a young lady is to converse always with her female friends, as if a gentleman was of the party, and with young men as if their female companions were present. The Cedar Rapids folks complain that there is no sidewalk leading to the cemetery. The editor consolingly assures them that if they'll "wait for the wagon" they'll some day ride out.

This is in accordance with the fitness of things: A man named Baehns sells beer, and Mr. Ping is a tubercularist on Pennsylvania avenue. Mr. Stamp also is a clerk in a city postoffice. Romeo was a self-made elephant. He came to this country without a dollar in his pocket—but nothing in the world but an empty trunk—and, at the time of his death, he was worth \$10,000.

There is one thing about a hen that looks like wisdom, they don't kack, much until after they lay laid their egg. Sam phoeks are always a bragging and a kacking what they are going to do beforehand. A man at a camp-meeting boasted that he had been married twenty-five years, during which time he had never given his wife a cross word or look. He omitted to tell his hearers that he dated not do the one nor the other.

A traveler, on returning home to Washington a short time ago, brought a mummy with him, and it is alleged that a corner insisted on holding an inquest on the deceased, to ascertain the cause and circumstances of his death. A New York journal in speaking of the magic strains of a hand organ says: "When he played 'Old Dog Tray' we noticed eleven pups sitting in front of the machine on their haunches, brushing away the tears from their eyes with their fore paws."

James Malin, of the Muscatine Journal, has made a tour of Europe for three hundred dollars and ten cents, without a single dead-beat ticket. He thinks it cheaper on the whole than publishing a newspaper. The continental hotels should get out an injunction against this sort of thing. At the opening of a breach of promise case in Kentucky, the court asked the counsel for the plaintiff how long the trial would probably last. "I can't say exactly," replied the council, "but will mention as one item that I have three hundred and eighty-four love-letters, written by the defendant to my client to read."

The Great Medical Discovery!

Dr. WALKER'S CALIFORNIA VINEGAR BITTERS, Hundreds of Thousands Bear testimony to their Wonderful Curative Effects. WHAT ARE THEY?

THEY ARE NOT A VILE FANCY DRINK. Made of Pure Rum, Whiskey, Proof Spirits and Refine Liquors, distilled, aged and sweetened to please the taste, called "Tonic," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE a perfect Restorer and Invigorator of the system, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Disorders are caused by VITATED BLOOD, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION. Indigestion, Pain in the Shoulders, Coughs, Tightness of the Chest, Brimstone, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia.

To invigorate the Stomach and stimulate the torpid liver and bowels, which render them unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Itchings, Spots, Pimples, Pustules, Boils, Carbuncles, Ring Worms, Scald-head, Sore Eyes, Eczyma, Itch, Scabies, Inflammation of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in each case will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PINKETTES and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.
