Chicago, November 29.—A private dis-  
 patch from New York says Greeley is  
 dead.

New York, November 29.—The Ari-  
 bune issues the following Bulletin.

November 29—8 P. M.—Mr. Greeley  
 died very quietly and without pain at  
 ten minutes before seven this evening.  
 He was conscious and rational.

New York, November 29.—Horace  
 Greeley's life was insured for \$100,000  
 for the benefit of the Tribune associa-  
 tion. It is announced that the Chap-  
 pagna homestead of Greeley is to be  
 abandoned by the family and that the  
 property is to be auctioned off to mor-  
 row.

Salt Lake, November 29.—Communica-  
 tions with all the mining districts is  
 open and easy. There is but little  
 snow in Cottonwood. Operations are  
 brisk, and large quantities of ore are  
 coming in.

There is great indignation here in  
 regard to the diamond swindle.

City of Mexico, November 15.—  
 President Lerdo Tejada will be inau-  
 gured on the 1st of December.

Astonishment is manifested in polit-  
 ical circles at the late persistency of  
 the new President in retaining in high of-  
 fices the appointees of the late Presi-  
 dent Jurazc. The Cabinet officers are  
 said to have resigned, but a new Cab-  
 inet will not be appointed until after  
 the inauguration.

A committee of Congress proposes to  
 erect a monument to the memory of  
 Juarez and give his widow and chil-  
 dren a pension.

Lozado is reported dead, but the  
 news needs confirmation.

Serious troubles are reported at Te-  
 hauaque, where it is alleged that the  
 Indians who were unwilling to obey  
 Lozado were attacked by troops, and  
 that General Placido Vega was killed.

Paris, Dec. 1.—This evening the resig-  
 nation M Le Franc Minister of the  
 Interior, tendered. Yesterday morn-  
 ing, after the result of a debate in the  
 Assembly was declared and had been  
 accepted by the President, a Cabinet  
 meeting was held which lasted three  
 hours. All the Ministers have offered  
 their resignations, but up to the present  
 time Thiers has refused to accept them.  
 The President is much affected by the  
 last vote in the Assembly, and says the  
 only course left for him is to resign.  
 Nothing has yet been settled and the  
 situation is one of the very gravest.  
 Paris is uneasy, but the Monarchist  
 are firm and confident.

Madrid, Dec. 1.—On Friday the  
 insurgents approached the city of Mala-  
 ga and attacked the troops posted in  
 the suburbs, but were repulsed and  
 driven several miles with heavy loss.  
 A band of about a thousand attempted  
 to surprise the State forces at Anadri-  
 el, but failed and were driven off.  
 The Carlists were defeated in a fight  
 with the troops in the province of To-  
 le do and lost many killed, including two  
 leaders and twenty-three prisoners.  
 A body of insurgents calling themselves  
 Federalists were beating in Valencia.

The Senate has passed the Mort-  
 gage, Bank and Loan bills. The loan  
 provided for by the latter bill will prob-  
 ably be issued on the 15th instant.

Nashville, Nov. 30.—News of the  
 death of Horace Greeley excites univer-  
 sal regret. The Banner to-morrow will  
 say: "In view of the complication of  
 the present electoral college, by the  
 death of Horace Greeley, we propose  
 that the Southern States which gave  
 their electoral votes for the deceased,  
 cast their vote in the Electoral College  
 for Grant. It is graceful and under  
 the circumstances appropriate to ac-  
 quiesce in the overwhelming popular  
 verdict of the North. Let the South  
 itself have an opportunity to make the  
 vote for Grant unanimous in the  
 spirit of that cause of reconciliation  
 which Mr. Greeley was while living and  
 o the latest moments of his useful life,  
 heroic and eloquent exponent.

Gettysburg, Nov. 30.—The Gettys-  
 burg Memorial Association have  
 determined to erect a statue to Gen-  
 Meade, and a memorial column.

New York, December 4.—Rev. Henry  
 Ward Beecher's remarks at Greeley's  
 funeral were quite brief. He spoke of  
 the deceased as one who for thirty years  
 had filled the land with controversy;  
 as a man of war, yet dying with civic  
 honors, but as one whose memory shall  
 live forever in the annals of his country.  
 To-day all men forget the recent strife  
 and opinions, and honor him because  
 he was something more than a profes-  
 sional man; he was a man so good,  
 noble that he had few compeers.  
 For thirty years he built for himself no  
 outward monument nor state, but to-  
 day, between the oceans, there is not a  
 man who has not felt the effect of the  
 labors of Horace Greeley.

Philadelphia, December 4.—A general  
 meeting of the Centennial Commis-  
 sion was held to day. Commissioners  
 were present from all the States.  
 Little business was done.

**THE ILLUSTRATED PHRENOLOGICAL JOURNAL.**

VOLUME FIFTY-SIX, 1873.

The Science of Mind is the central point  
 around which revolves the whole circle of sci-  
 ences. It is the key to universal knowledge,  
 and SELF-KNOWLEDGE is the key to the Science  
 of Mind.

Phrenology is the demonstrable basis of  
 Mental Philosophy. It shows how the diverse  
 faculties of human character and capacity are  
 related to the laws of the universe; harmonizes  
 the human being with the Divine, and jus-  
 tifies the ways of God to man.

"Know Thyself."—Since the Grecian sage  
 inscribed these immortal words on the Temple  
 of Delphi, the world has struggled as never  
 before towards a solution of the problems of  
 human existence.

The Correlation of Faculties, now an estab-  
 lished fact, has furnished an enduring basis  
 for all the material sciences—Heat, Light,  
 Electricity, Magnetism, and Attraction within  
 the domain of law and order.

The Origin of Races, still so generally dis-  
 cussed by Ethnologists, is bringing light out  
 of the shadows of the past, and cannot fail to  
 interest the truth-seeker.

The Origin of Life, a still more intricate  
 problem, is attracting the minds of our  
 leading Physiologists. The results will be  
 given in this Journal.

Physiology and Psychology will be promi-  
 nent features; embracing the subjects of Soul,  
 Mind, Bodily Structures and Functions, Social  
 Relations, Education, Religious Creeds, Mar-  
 riage, Training of Children, Criminal Juris-  
 prudence, etc.

Physiognomy and Temperaments, Signs of  
 Character, Peculiarities of Organization,  
 Transmission of Mental and Bodily Qualities,  
 etc., given.

Self-Improvement—Vain are all the  
 teachings of science and marvels of art, unless  
 applied to perfecting ourselves and improving  
 our race. It is for this we "live, move, and  
 have our being," and to this result *THE PHRENOLOGICAL JOURNAL* will lead.

Happy Homes are the result of a normal  
 education and development, and a life accord-  
 ing to the laws of life. These are the sym-  
 bols of all that is good in the "life to come,"  
 and the Heaven on Earth.

The Phrenological Journal for 1873 will  
 keep pace with the march of events, and  
 while "holding fast to the good," will unrelent-  
 ingly lead the public mind in many things  
 new and true.

During the fever epidemic of last month

**NEW ADVERTISEMENTS****HALES VEGETABLE SICILIAN HAIR RENEWER.**

Every year increases the popularity  
 of this valuable Hair Preparation;  
 which is due to merit alone. We can  
 assure our old patrons that it is kept  
 fully up to its high standard; and it  
 is the only reliable and perfected pre-  
 paration for restoring GRAY OR FADING  
 HAIR to its youthful color, making it  
 soft, lustrous, and silken. The scalp,  
 by its use, becomes white and clean.  
 It removes all eruptions and dandruff,  
 and, by its tonic properties, prevents  
 the hair from falling out, as it stimu-  
 lates and nourishes the hair-glands.  
 By its use, the hair grows thicker and  
 stronger. In baldness, it restores the  
 capillary glands to their normal vigor,  
 and will create a new growth, except  
 in extreme old age. It is the most  
 economical HAIR DRESSING ever used  
 as it requires fewer applications, and  
 gives the hair a splendid, glossy ap-  
 pearance. A. A. Hayes, M.D., State  
 Assayer of Massachusetts, says, "The  
 constituents are pure, and carefully  
 selected for excellent quality; and I  
 consider it the BEST PREPARATION  
 for its intended purposes."

Sold by all Druggists, and Dealers in Medicines.  
 Price One Dollar.

 effectually accomplish this result. It  
 is easily applied, and produces a color  
 which will neither rub nor wash off.  
 Sold by all Druggists. Price Fifty  
 Cents.
