THE PARTY OF THE FUTURE.

Columbus, November 15 .- A special meeting of Democrats and Liberal Republicans of Ohio was held to day. The Liberals, about forty in number, met separately, and adopting resolutions declaring in their opinion it was desirable that the consolidation of all friends, who, under circumstances of elements favoring the leading principles enunciated by the Cincinnati platform should be effected, and that until such consolidation is effected the Liberal organization should be maintained; that the next Liberal State Convention should declare squarely in favor of a tariff for revenue only. and invite all persons without regard to former political associations to unite with them; recommending that after the next State Convention the name Liberal Republican as a party name should be dropped, and that of the Liberal Party be adopted; asking all organizations which have thus far cooperated with the Liberal Republicans to abandon old party names with a view to perfect a union under the name of Liberals; that as a party they are opposed to all special legislation or special privileges, believing that the equal rights of all should be the guiding principles in all the ramifications of governmental affairs
