**NOTICE.**  
The new postage law goes into effect on the first of July. We desire that all our exchanges should be sent to us regularly as before, no matter what the postage cost us.

For the very best photographs go to Bradley & Buloff's Gallery without STAIRS—ASCEND IN THE ELEVATOR, 129 Montgomery street, San Francisco.

Blackberries are getting ripe in this locality.

We noticed Prof. Francis of Salem in town last Monday.

The terminus is finally fixed at Tacoma, so it is said. There will be a great cry, and but little wool.

The last Red Rock Democrat comes to us jammed full of the Fourth of July. We are glad to know that our friends of the snowy mountains are still patriotic, and then having lived just a half century on last fourth, we enjoy seeing everybody celebrate the anniversary of our birth.

The Catalogue of the Willamette University is before us and makes a good showing. Rev. J. L. Parrish, President of the Board of Trustees. Fall term commences September 8, ending December 12. The University seems to be flourishing.

A fine mare of J. Emmons Esq., of this place has a colt from Lion Heart the Saffordfield Horse—that is thought by good judges will take the ribbons as the best colt for all work at the State Fair this fall, which said horse has returned from Eastern Oregon, and will remain at this place for the next year. He is in fine condition.

The third annual catalogue of Bishop Scott's Grammar and Divinity School was received by last mail. The Catalogue is a very neat printed pamphlet and effects credit upon Himes & Co. at whose office it was printed. The school is eminently a success. May it live long and prosper.

The farmers are very busy securing their hay, which they are turning out in quantities never before known or seen in Polk County, and it is selling from four to five dollars per ton. This county has never had such an abundance of grain and fruits of all kinds, the very earth seems to be groaning under its load; the weather excels even that of Italy at this season of the year, and everybody appears to be happy. What a lovely world this is.

**No Telling What Can Be Done**

The Bumble Bee for June is on our table, and is an evidence of the fact that "some things can be done as well as others." It is published by Thompson and Lambert, at Albion Illinois, at the low price of one dollar a year, and every subscriber receives free a beautiful oil chromo 13x17 inches, such as they would have to pay \$3 for in the picture stores. The articles with which it is filled are so well chosen that a person gets as much really good reading in a copy of the Bumble Bee as they do in one of many of the high priced magazines. We notice they have also one of the best club lists ever offered to the public, so that anyone who reads at all can afford to take it. Everyone should send stamp for sample copy. See advertisement in his paper.

Wood's Household Magazine for July is ahead of any previous number, and when we consider its usual standard excellence, this is rare praise indeed. It is household, not only in name but in character, and its table of contents shows a wonderful adaptation of articles to the individual members of the family circle. Sim's Little Girl, a temperance story by Mary Hartwell, Weather-tough Block, by Karl Kase, How the Vow was Kept, by H. V. Osborne, Lunatics at Large, by Rev. F. W. Holland, and the Declaration of Independence, by J. B. W. Kelley, D. D. are among the more noticeable articles. The Childrens Department is crowded full, and contains a poem, in baby-talk, which without doubt, will be very acceptable to the little ones. The price of the magazine is one dollar a year. Address

SALEM ADVERTISEMENTS.

**FOR RELIABLE FIRE INSURANCE.**  
APPLY TO THE OLD PHOENIX OF HARTFORD because

First, It has complied fully with the Oregon State Law.

Second, Its contracts in Oregon are backed under a re-insurance contract, by its own and the united assets of the Home Ins. Co. of New York and the North British and Mercantile Ins. Company of London, aggregating \$22,064,087 97 offering the best security of any Fire Insurance Company or Association in the world.

Third, It can carry large risks, as its policies are re-insured by the above mentioned Companies, so that the PHOENIX alone can carry the same line that all three companies would take separately.

Fourth, It requires but one set of proofs in case of loss; thus giving the security of three Companies without the trouble of dealing with separate Corporations.

On these solid merits, viz: Capacity to carry the largest risks, The simplest possible security, The simplest adjustment in case of loss, and The prompt and equitable payment of all just claims, The Phoenix Insurance Company solicits your patronage.
