## LETTER PROM NEWPORT.

 Newporf, R. L., Aug. 26 ' 82 .The arrival of Precident Arthur and
his staff of Stal wart friends has brought his staff of Stalwart friends has brought
large deputations of visitors in frantic hope of tinding a relief from the thery
furnace atuosphere that has been raging
from Washington to Boston. Yet even Newport han not been altogether ireer
from the "hot wave". In some localities of the more sheltered stre ts, nota-
bly Thames Strent, and the queer, quaint lane like streets running up across the
avenue, the thernometer has been on a
dance sway up in the eighties and ninedance away up in the eighties and nine-
ties, almost an unprecedented thing in
this eity by the sea. But a dozen steps
or so a corner turned, and whiff, comes
a hint of the strong cool, salt wind,

tras the candidates for political honors discussed enthusiastically. So finely and adroitly is all this conducted that the
neophytes, ibefore they know it, are
drawn into the silken ring, mangetized into positions and declarations of opin-
fins that half an hour before very
likely they were not entirely conscious that they possessed. The women of A .

this is a good deal of a iibel. Birring this is a good deal of a ihbel. Burring mann, still more foolish, I have failed to
find any great aduiratiou extant afor titles. There is a certain curiosity
with regard to the possessor of long in herited names with the lons-inherited
prefix- a kud of rouantic interest, Which does not do any discredit to the
good sense or the intellect. But when
we hear that "Sir William" or "Sir Queen Victoria, and like intelligigence in
connection with high-sounding prefixes, have titles amongst
