ST. CHARLES ARK., Aug. 23, 1883.

B. J. KENDALL & Co. GENTS:-I take pleasure in infoming you that I used nearlp all of the bottles of Kendall's Spavin Cure that you sent me from St. Louis, according to directions, and to my satisfaction (and I must say to my surprise) in about two weeks my mare was entirely well of her lameness caused by a bog spavin of over one year's standing and in three weeks time the swelling was all gone and the mare is now entirely well and can trot as glib as ever. I consider the bottle of Kendall's Spavin Cure worth to me $150 00 as the animal was worthless as she was on three legs and could scarcely get around on them and now she is the finest buggy animal in these parts and with the remainent of the bottle after curing the mare I have nearly cured a very severe corn on the ball of my big toe that has given me great pain for two or three years. I have only applied Kendall's Spavin Cure four times and the corn now is nearly out by the roots and without any pain. In short I think it is the best liniment that is in use. I have Kendall's Treatise on the Horse and his Diseases and I would not take any money for it if I could not get another. Hoping you great success I remain

Yours respectfully,
R. C. MARTIN.

Cured the pain in very short order.

Yours respectfully,
C. O. THIEBAND.

Lost.

A Remarkable Circumstance.

In 1875 a very peculiar man in kid gloves arrived at Columbia City. Every one pronounced him an oddity. Owing to the great amount of brush he became lost in the heart of the city. Nothing has been heard from him until of late, when he cut his way out, dressed rather shabbily, his clothes badly torn, and his pantaloons in his boots. After following up in his trail will be found

THE BARGAIN STORE,

which he has lately established where can be found as choice a selection of family groceries, dry-goods, hardware, and Yankee Notions, as can be found. at prices that for cheapness astonish all. Orders respectfully solicited.

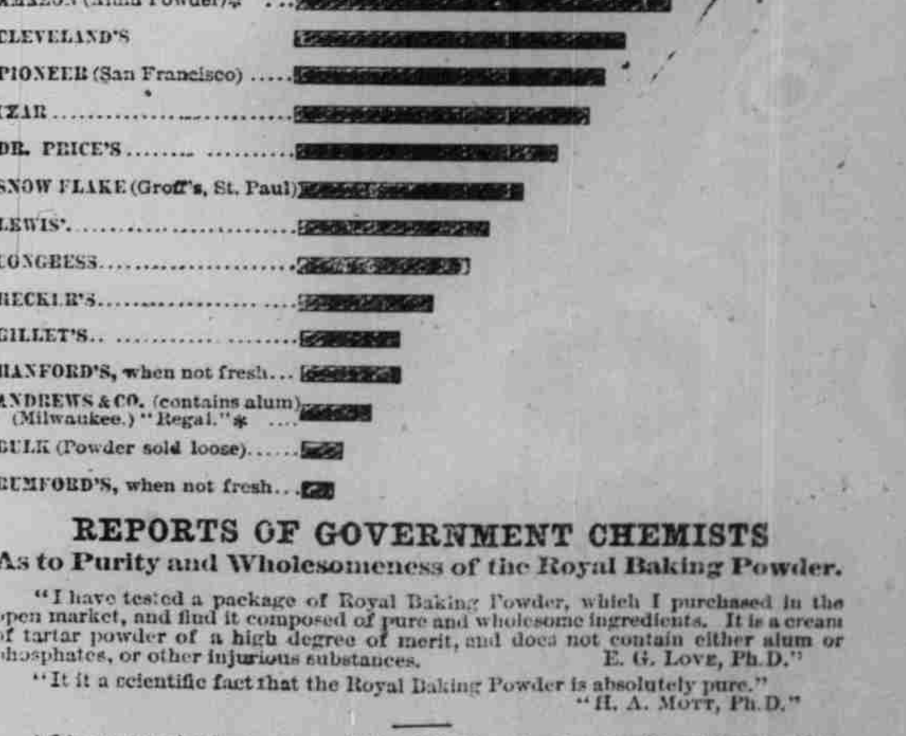
COMPARATIVE WORTH OF BAKING POWDERS.



REPORTS OF GOVERNMENT CHEMISTS

As to Purity and Wholesomeness of the Royal Baking Powder.

"I have tested a package of Royal Baking Powder, which I purchased in the open market, and find it composed of pure and wholesome ingredients. It is a cream of tartar powder of a high degree of merit, and does not contain either alum or phosphates, or other injurious substances. E. G. LOVE, Ph.D."

"It it a scientific fact that the Royal Baking Powder is absolutely pure." "H. A. MOTT, Ph.D."

"I have examined a package of Royal Baking Powder, purchased by myself in the market. I find it entirely free from alum, terra alba, or any other injurious substance. HENRY MORTON, Ph.D., President of Stevens Institute of Technology."

"I have analyzed a package of Royal Baking Powder. The materials of which it is composed are pure and wholesome. S. DANA HAYES, State Assayer, Mass."

The Royal Baking Powder received the highest award over all competitors at the Vienna World's Exposition, 1873; at the Centennial, Philadelphia, 1876; at the American Institute, and at State Fairs throughout the country.

No other article of human food has ever received such high, emphatic, and universal endorsement from eminent chemists, physicians, scientists, and Boards of Health all over the world.

NOTE.—The above DIAGRAM illustrates the comparative worth of various Baking Powders, as shown by Chemical Analysis and experiments made by Prof. Schedler. A one pound can of each powder was taken, the total leavening power or volume in each can calculated, the result being as indicated. This practical test for worth by Prof. Schedler only proves what every observant consumer of the Royal Baking Powder knows by practical experience, that, while it costs a few cents per pound more than ordinary kinds, it is far more economical, and, besides, affords the advantage of better work. A single trial of the Royal Baking Powder will convince any fair minded person of these facts.
