[Denver Opinion.] Last week we went up to the Coliseum at Minneapolis to hear Theodore Thomas' orchestra, the Wagner trio and Christine Nilsson. The Coliseum is a large rink just out of Minneapolis on the road between that city and St. Paul. It can seat 4,000 people comfortably, but the management like to wedge 4,500 people in there on a warm trickle out through the clapboards on the outside. On the closing afternoon, during the matinee performance, the building was struck by lightning and a hole knocked out of the Corinthian duplex that surmounts the oblique portcullis on the off side. fering in the world. Taken for a long time and in large doses, it dries up the gastric juices, impairs digestion, the stomach refuses food, and the patient declines in health and weight. Persons with Blood or Skin Discases should be sareful how they take these n ineral poisons, as in most instances the effect of them is to almost permanently impair the constitution. To take the place of these poisons we offer you a safe, sure, prompt, and permanent relief from your troubles. Swift's Specific is entirely a vegetable preparation, and it is easy to convince you of its merit.

I have cured permanently Blood Taint in the third generation by the use of Swift's Specific, after I had most signally failed with Mercury and Potash. F. A. TOOMER. M. D., Perry, Ga. A young man requests me to thank you for his cure of Blood Poison by the use of your Specific after all other treatment had failed. Jos. JACOBS, Druggists, Athens, Ga.
