disease Malaria, attended also with Catarrh, which was rapidly growing upon him. He was so feeble at the session of our last 'Conference' that he thought a week or two previous he would not be whole a wretched one of the hotels yesterday to the clerk in charge.

"What kind of a package was it?" the public and private police, and whentoward them they read the handwriting on the wall and take a holiday. Perhaps the least self-satisfied countenances to be seen around our hotels and public resorts are the old gamblers who long had complete immunity, and to this day preserve a little hold on the police and "Well, we'll see," said the clerk, as he stepped to the safe and took there-from an envelope on the back of which minor benches or being clerks of the best thing the gambler can do to satisfy himself is to get out of the business altogether. The occasional funds of money he raises by his dangerous and outlawed trade hardly ever stay by him, and a good deal of it goes to the police and lawyers and other parasites who hold vice to be their natural banker and side patron. Our hotels are also often indifferent to the presence of the gam, bling community right among their guests, and it seems to me to be a poor

> A sufficient number of gamblers will devastate any territory on the globe. Long Island City, though it is the capital of a county and with the seat of justice, has been kept back notwithstanding long-witted men like Eliphalet Nott thought it had such admirable opportunities that a half a century ago or more they made investments there for the benefit of Union College and other trusts. The gamblers found it a convenient spot to halt between the rows of tracks and the city, and in a little while the whole city government became the creature of gamblers. Defalcations began, violence was not uncommon, and the tone of that suburb and in every old city their vestiges are to be seen; and the Elysian Fields in Hoboken seem never to have recovered from the gamblers' visitation there half a century ago. In truth, there can be no occupation so unworthy of a rightthinking man as to live by temptation 1879, was prostrated with Bright's Disease and advantage, refusing work, being in of the kidneys, and under the best treat-
