AMERICAN ENTERPRISE.

No invention of the nineteenth century has worked a greater revolution in household economy or conferred more of a benefit on humanity than the sewing machine.

The first productions were crude and uncouth in the extreme, and it was reserved for American skill and ingenuity to bring forth a machine of any practical value.

In order to appreciate the great advancement which has taken place it is only necessary to compare one of the machines built during the infancy of the invention with one of the latest improved "Light-Running New Home."

All the really good points contained in other machines have been utilized in its construction. Many new improvements and devices have also been added, the result of which is a machine as nearly perfect as it is possible to make one.

For simplicity, durability, ease of management and capacity for work, the "Light-Running New Home" has no rival, and the happy possessor of one may rest assured that he or she has the very best the world affords.

THE WORLD OF AGRICULTURE.

The AGRICULTURAL WORLD, one of the best, if not the best, farm papers of its class, is making a great success of the plan inaugurated by its editor a few years ago.

In the case of Enoch G. Adams vs James & Charles Muckle, Benton Killen jumped into the case when an argument was made on the papers like a big-sized bull frog, but when Colonel Effinger replied he subsided into a very small tadpole.

As my book-keeper Mr. Giltner will soon leave St. Helens to be absent several weeks, I must ask all owing me on account to call and settle before April 5th.

All persons whose accounts were over-due January 1st, 1884 will save costs by making settlement by note or otherwise before April 12th, 1885.

We should never delay in securing them while we can; and to those of our readers who visit Portland, we would say, do not return without visiting the San Francisco Gallery, S. W. corner First and Morrison streets, and getting your photographs taken, you may not have another opportunity to secure a perfect likeness and a highly finished picture.

The case of Sorenson vs E. G. Adams is a myth, we don't see why that depends on the tapsy every court like a dish of stale mackerel. There was never any service on us yet. It is like the ghost of Banquo.

Received a call at our residence from Mrs. Emerson and her beautiful daughters. She says at Milton they have very interesting meetings, Sabbath School, and prayer meetings.

Change of venue to Hillsboro has been granted in the case of the State vs D. J. Clouinger. This will secure him a fair trial, something every American citizen is entitled to.

U. S. LAND OFFICE.

OREGON CITY, OREGON, April 21, 1885. E. C. Heston made Cash Entry No. 2038, April 16, 1883 of the S. W. 1/4 of Sec. 32, T. 6 N., R. 3 W., under the Act of June 3, 1878, alleging that the land is chiefly valuable for its timber, and unfit for cultivation; that the applicant is to purchase said land was not made for speculation, but for his own use and benefit, and that he had entered into no agreement, directly or indirectly, by which the title which he might acquire to said land from the Government might inure to any other person.

On January 22, 1884 Special Agent James A. McCormick, reported to the Hon. Commissioner of the U. S. General Land Office at Washington, D. C., that he had made a personal examination of said entry and found that the same was made for speculative purposes, the entryman being at the date of application a member of the Columbia Plume and Lumber Company of Portland, Oregon, which company obtained the testimony of its witnesses, John B. Malhar and Alexander M. Orally of Portland, Oregon; and that the land, although heavily timbered, does not belong to the class of lands subject to sale under said Act, because when cleared, lands of the same kind in the vicinity are productive and adapted to farming and dairying purposes.

The Hon. Commissioner of the General Land Office, has, therefore, instructed the Register and Receiver of this office, to order a hearing with a view to the final determination of the facts in the case. In accordance with said instructions, such hearing is ordered to be had at this office on Monday, July 6, 1885 at 10 o'clock A. M., and the said Clarence B. Heston and any and all persons in interest are hereby cited to appear at this office on said day at said time, and furnish testimony concerning said entry. And if the said Clarence B. Heston or any party in interest, shall fail to appear at this office at said time, said entry will be finally cancelled.
