E. G. ADAMS, Editor & Proprietor.

It is reported Fitzgerald is sick.

Mr. White changed the ways of our colt.

Muckle's mill commenced running on Thursday.

There will soon be some settlers here from Arkansas.

Hofsteater & Co.'s art gallery will be here on May 22d.

As we go to press the case of Conyers vs. Bryant is grinding away.

It is rumored the *Mist* will go to — Tillamook or some other seaport.

Marion E. Butler has removed his family to Cottonwood, Idaho county, I. T.

Since we have moved into our new office the *Flagg* of the *Mist* hangs at half mast.

There is soon to be a protracted meeting in Nehalem. Many will attend it from Milton.

The Hancock house is occupied by a family. The empty houses of St. Helen are filling up again.

Quite a crowd gathered about the wharf Thursday to witness the departure of the three prisoners for Salem.

There are some specimens of the alleged silver mines on the Nehalem on exhibition at the store of J. S. Davenport.

The jury were unable to agree upon a verdict in the case of J. T. McNulty vs. Muckle Bros., and were discharged by the court.

The court still continues in session, and will be unable to finish all the business it has on hand before its adjournment, which will be on Saturday.

In the suit of Stump vs. Joy, Stump won his case. In the suit of Poppleton vs. West, Poppleton won his case. We hear that it will be appealed to the Supreme Court.

We have received Prentice's "Musical Home Journal." It contains many fine pieces, both vocal and instrumental. It also has a notice of the new and popular book, "Organ Pearls."

THE COLUMBIAN has the finest rooms in St. Helens, and the most commodious. They are in the best business part of the town, adjacent to the wharves, convenient to the post office and all public buildings.

The Sabbath School at Bayview starts again for the season. Mr. J. Gill is Superintendent, Miss Mary Fullerton, Assistant Supt., Mr. William Copeland Secretary, Miss Dora Copeland, Treasurer, Miss Emma Fullerton, Librarian and Mrs. Frank Hoyt, Chorister.

In the case of the State of Oregon vs. Paxon, charged with larceny of tobacco and whisky from Oscar Hunter's store, the defendant was convicted, and sentenced to two years in the penitentiary. On receiving his sentence he remarked with a sneer: "That's a short time."

The past few days has been very fine for all kinds of crops. The wild strawberries are very plentiful the past few days. Hon. G. W. McBride tells of picking six quarts in one hour. Some of the berries were one inch in length. That would make some of our Eastern friends look wild.

We had quite a hard time last week in moving in our press and setting it up. Somehow it would not work well. We got sundry and other divers doctors, but did not succeed in getting the press to work glibly and smoothly till Mr. James Gill, of Warren, took the matter in hand. Mr. Gill is a practical machinist and can manufacture anything from a watch to a steam engine.

One of the principal cases that was to be tried at St. Helens during the recent term, was that of David A. Cloninger, who killed a young fellow named Frank Pierce at Scappoose a little more than a year ago. It has been, according to all accounts, transferred to Washington county. Cloninger was tried last June; the jury disagreed, and he was then released on furnishing bonds.

The printer's devil sends us the following for insertion; it was clipped, he says, from an old exchange of Michigan: There was a man, his name Emanuel. 'Twas not the one with "I" that saves from hell. A printer he and used to setting type; with eyes like knot-holes and a skin like tripe, His wife had lovely farm on Pappoose Bay, and in a year he fool'd it all away. Here the printer's devil dissolved in tears and became exhaled in mist.

THE WAY TO KILL A TOWN.

Horace Greely once said: "If you want to keep a town from thriving, don't erect any more dwellings than you can conveniently occupy yourself. If you should have an empty building, and should want to rent it, ask three times the value of it. Demand Shylock prices for every foot of ground that God has given you the stewardship over. Turn a cold shoulder to every mechanic and business man who seeks to make a home with you. Look at every new comer with a scowl. Run down your work men. Fail to advertise in or support your home paper. Wrap yourself with a coat of impervious selfishness. There is no better way to kill your town."

Cannerymen and fishermen at Astoria are deep in the midst of their annual troubles about rates. A new feature of the case this year is the war of the latter against fish traps and their endeavor to bind the former to take and can only fish caught in nets. The outlook for this season is so dull, and the last year's losses is yet so near that cannerymen do not seem disposed to push work and may yet contract for "trap fish" and leave the nets to dry throughout the entire season. At all events they seem ill disposed to agree to pay sixty cents per fish and bind themselves not to buy cheaper of other parties. The fishermen meet this indifference with a determination not to go out until their terms are agreed to, and the festive salmon takes his unimpeded way to the traps and fish-wheels of the upper river.

We have employed Mr. David R. Toy, late "ad" man of Palmer & Rey, type founders, Portland, to run the mechanical department of our office. We think he will give great satisfaction to our patrons.

The Walla Walla *Union* says: John H. Neary, of Brookside, Illinois, has arrived here, prospecting for a location for a colony, consisting of about forty persons, residents of that region, all of whom are well fixed in the matter of finances.

W. D. Tennant is the name of the emigrant occupying the Hancock house. He has a wife and four children. When they left Wisconsin it was very cold, and as they came through Dakota it was snowing.

THE enterprising publishers of DR. FOOT'S *Health Monthly* have, by the liberality of their premium offers, outdone all their previous generosity.

The list to select from includes useful articles, standard books and scientific literature, such as one usually expects to pay well for, but here they are thrown in with a year's subscription to the most popular and widely greeted *Health Monthly* at only fifty cents a year. Try it before you buy it by sending for a free sample copy and illustrated premium list to the Murray Hill Publishing Co., 129 E 28th St., N. Y. City.

The *Public Herald* is a Godsend. It goes after the frauds with a picked stick. Mr. Lum Smith makes the bogus advertisers gnash their teeth with rage while he pulls off their lying disguises, and shows them in all their naked deformity. He ought to be pensioned, for there was never a more gallant soldier against fraud and its perpetrators. They are *sniffen* and fly like affrighted wild asses of the desert when he approaches. His *Herald* costs 50 cents per annum, and is published at 706 Chestnut Street, Philadelphia, Penn.

The G. A. R. at Vancouver is making preparations for the proper observance of Memorial Day, Saturday, May 30th.

D. M. FERRY & Co., Seedsmen, Detroit, Mich., have sent us a copy of their Seed Annual for 1885. It is more beautiful and valuable than ever. The hints on the formation and management of gardens, as well as the cultural directions it contains have evidently been prepared by careful hands, and cannot fail to be of great service to all who garden, whether for profit or pleasure.

It is said that the press on which THE COLUMBIAN is printed is the same one used by Dr. W. L. Adams in publishing the *Argus* at Oregon City.

We have received the *Western World* published in Chicago. It is $1.00 per year and for one searching for land or a home it is just what you want. There is information from every part of the United States.

Mrs. Holman has two very elegant paintings by Captain Cleveland Rockwell. One is a tropical scene, the other a view on the Columbia river near Cathlamet.

We have received the *Lumber Trade Journal* also published in Chicago $1.00 a year, a monthly. This is the book for one who wants to be posted on the lumber business.

Potatoes are worth six cents a bushel at Cornelius, Washington county.

THE WORLD OF AGRICULTURE.

The AGRICULTURAL WORLD, one of the best, if not the best, farm papers of its class, is making a great success of the plan inaugurated by its editor a few years ago. This plan is nothing less than the giving of exhaustive articles by the best writers on agriculture in all the countries of the world. The articles from the different States and Territories of our own country are particularly entertaining and instructive. Judge Parrish's articles on "The Farmer's relation to Law" are alone worth the price of the paper. Judge Parrish, who is one of the ablest Judges and lecturers in the West, will soon leave for the South, with the view of supplying the paper with a series of articles on the agricultural features of that section. This journal also has a fine household department which makes it particularly attractive to lady readers. The price of the AGRICULTURAL WORLD (now in its tenth year) is only One Dollar per annum (26 numbers). In clubs of five, 80 cents each. Six months, 50 cents; three months, 40 cents. Sample copies, six cents. Two-cent postage stamps received on subscription.

Address **Agricultural World**
Grand Rapids, Mich.

Miss Helena Holman arrived from Salem on the cars Wednesday. She brought many fine souvenirs from appreciative friends, also a perfect love of a bonnet.

The April number of *Dorcas* is an admirable one. In addition to the usual number of patterns and directions for crochet and knitted articles, there is an article on "Tile Carving from Colorado Marble," which opens the way for a new industry for women. This magazine takes special pains to bring forward anything new, which may in any way help women to new and better means of self support.

Dorcas is a periodical which should be in the hands of every lady in the land who has any taste for art decoration or fancy-work. The illustrations are excellent, and the patterns selected with extreme good taste, and written in so plain and explicit a manner that a novice will find no trouble in following them. Newsdealers and Postmasters will take subscriptions or furnish sample copies. Subscription price, $1.00 per year. Send ten cents for sample copy

Address DORCAS,
872 Broadway, New York City.

The mother of Mrs. James Gill lives at Warren, Massachusetts, and is about to get back pay and pension for her husband's services, who was a soldier in the war of the rebellion. Mrs. Gill's maiden name was Preston.

Received *Illinois Agriculturist* published at Chicago Illinois, and *Chautauqua Farmer* published at Dunkirk, New York. Terms of each $1.00.

Mr. S. A. Miles has received an interesting letter from his niece in Missouri.

We have just received from the *Rural New Yorker* its Seed Distribution for 1885. There are seven different kinds, all of which have been tested on the *Rural's* Experiment Grounds. We have the *Rural's* word for it that one kind, the new Evergreen Bean, which was imported by it from France, cost $55 per bushel.

These seven kinds of seeds are sent free to every subscriber who applies, and in this way the *Rural* has introduced many of the most popular and valuable farm and garden seeds, potatoes, etc., in cultivation. Specimen copies explaining this distribution will be gladly sent to any of our readers who address the RURAL NEW-YORKER, 34 Park Row, N. Y.

They say Browse is very plenty around Milton.

The publishers of the *Floral Cabinet* supply to their subscribers each year premiums of a floral nature; and for 1885, they announce six different premiums from which subscribers may take their choice, embracing ten packets of Flower Seeds and some choice Bulbs, details of which may be had on application to the publishers at 22 Vesey St., New York. They will also send any of our readers a sample copy at half price (six cents), if this paper is mentioned.

Some sons of Dr. Giltner are prospecting for gold on the head waters of Lewis river.

Received *Ridley's Fashion Magazine*. Can buy ready-made clothing cheaper than you can buy the cloth and make them yourselves. Published by Edward Ridley & Sons, for 50 cents per year, at Grand, Allen & Orchard Streets, New York City.

L. A. Sherman and J. M. Edward were convicted of burglarizing Dan. Newcome's house on the Scappoose, and each sentenced to one year in the penitentiary.

J. S. Davenport will have COLUMBIANS for sale. There is a great demand. Price 10 cts. apiece.

COUNTERFEIT PRESENTMENTS

Of our beloved ones are always treasures. We should never delay in securing them while we can; and to those of our readers who visit Portland, we would say, do not return without visiting the **San Francisco Gallery**, S. W. corner First and Morrison streets, and getting your photographs taken, you may not have another opportunity to secure a perfect likeness and a highly finished pictures. Most centrally located.

We understand Dr. Moore has gone to Hillsboro to consummate a marriage with a well known and highly respected lady of that place, Miss Nettie Morgan. The doctor had on a regulation stove-pipe, and otherwise looked very bridegroomy. Some furniture is reported to have been dumped. We did not notice any crib or baby carriage, but they will come in time.

As my book-keeper Mr. Giltner will soon leave St. Helens to be absent several weeks, I must ask all owing me on account to call and settle before April 5th.

All persons whose accounts were over due January 1st, 1884 will save costs by making settlement by note or otherwise before April 12th, 1885.

G. W. McBRIDE.

The mind-cure is popular in Boston. Miss Louisa M. Alcott tried it lately for headache and writer's cramp. "But," she says, "when thirty treatments left the arm no better and the head much worse, I dared lose no time, and returned to the homeopathy and *massage* from which I had been lured by the hope of finding a short easy way to undo in a month the over-work of twenty years."
—*San Francisco Ingleside.*

Mr. J. C. Mason reports a lot of worms on a certain part of his place, who are eating up grass and green things in their path. The proprietors of the *Mist* should take warning and keep out of their road.

The Bayview Band of Hope has for Superintendent, Mrs. Gill; Assistant Supt. Miss Mary Fullerton; President Mrs. McNulty; Chaplain, Miss Mary Bacon; Secretary, Mrs. Frank Hoyt; Treasurer, Miss Emma Fullerton; Usher Miss S. E. Slavens.

Charley Muckle swore to one thing in answer to a complaint and another on the stand. Jim should have drilled him better.

Received a call at our residence from Mrs. Emerson and her beautiful daughters. She says at Milton they have very interesting meetings, Sabbath School, and prayer meetings.

We have received the *Farmer & Manufacturer*, published at Cleveland, Ohio. It is a monthly, only 50 cts. a year, and is a valuable contribution to home literature.

Mr. S. A. Miles has bought 36 head of yearlings and two-year olds of Mr. Fisk; among them are three Durham bulls.

Sheriff T. C. Watts has shown much ability in the cases of Sherman, Edward and Paxon. He is a first-class detective, and decidedly the best Sheriff in this judicial district.

Hon. G. W. McBride has just received for his parlor one of Prentice's elegant pianos.

Guy W. Cole has been admitted to practice in the Supreme Court of the State.

Court week fills the town with men, and the *Oriental* Hotel is doing a rushing business.

The revetment on the opposite side of the river is completed.

AMERICAN ENTERPRISE.

No invention of the nineteenth century has worked a greater revolution in household economy or conferred more of a benefit on humanity than the sewing machine.

The first productions were crude and uncouth in the extreme, and it was reserved for American skill and ingenuity to bring forth a machine of any practical value.

In order to appreciate the great advancement which has taken place it is only necessary to compare one of the machines built during the infancy of the invention with one of the latest improved "Light-Running New Home."

All the really good points contained in other machines have been utilized in its construction. Many new improvements and devices have also been added, the result of which is a machine as nearly perfect as it is possible to make one.

For simplicity, durability, ease of management and capacity for work, the "Light-Running New Home" has no rival, and the happy possessor of one may rest assured that he or she has the very best the world affords. SEE ADVERTISEMENT ON ANOTHER PAGE OF THIS PAPER.

Francis P. Finegan made Cash Entry No. 2042, Aug. 17, 1883 of the N. W. ¼ of Sec. 22, T. 6 N., R. 3 W. under the Act of June 3, 1878, alleging that the land is chiefly valuable for its timber, and unfit for cultivation; that the application to purchase said land was not made for speculation, but for his own use and benefit, and that he had entered into no agreement, directly or indirectly, by which the title which he might acquire to said land from the Government might inure to any other person.

On Jan'y 15, 1884 Special Agent James A. McCormick, reported to the Hon. Commissioner of the U. S. General Land Office at Washington, D. C., that: he had made a personal examination of said entry and found that the same was made for speculative purposes, the entryman having made it at the instance of one Dr. E. A. Jones of Portland, Oregon, who acted for the Columbia Flume and Lumber Company and obtained the testimony of the witnesses in proof, S. G. Caudle of St. Helens, and Nathan Nichols of Clatskanie, Oregon; and that the land, although heavily timbered, does not belong to the class of lands subject to sale under said Act, because when cleared, lands of the same kind in the vicinity are productive and adapted to farming and dairying purposes.

The Hon. Commissioner of the General Land Office has, therefore, instructed the Register and Receiver of this office, to order a hearing with a view to the final determination of the facts in the case. In accordance with said instructions, such hearing is ordered to be had at this office on Wednesday, July 8, 1885 at 10 o'clock A. M., and the said Francis P. Finegan or any party in interest, shall fail to appear at this office at said time, said entry will be finally cancelled.

Irwin H. Taffe made Cash Entry No. 2079, August 16, 1883 of the N. E. ¼ Sec. 28, Tp. 6 N. R. 3 W. W. M. under the Act of June 3, 1878, alleging that the land is chiefly valuable for its timber, and unfit for cultivation; that the application to purchase said land was not made for speculation, but for his own use and benefit, and that he had entered into no agreement, directly or indirectly, by which, the title which he might acquire to said land from the Government might inure to any other person.

On January 21, 1884, Special Agent, James A. McCormick, reported to the Hon. Commissioner of the U. S. General Land Office at Washington D. C., that: he had made a personal examination of said entry, and, and found that the same was made for speculative purposes, the entryman having become a member of the "Columbia Flume and Lumber Company," two days after his application to enter and before entry; and said Company having obtained the testimony of his witnesses, John B. Mahar, and Alexander M. Brady, of Portland, Oregon, and that the land, although heavily timbered, does not belong to the class of lands subject to sale under said act, because, when cleared, lands of the same kind in the vicinity are productive and adopted to farming and dairying purposes.

In said report it is stated that Taffe deeded the land to Joseph E. Smith, of Portland, Oregon, subsequent to entry, in pursuance of an agreement entered into between them prior to entry.

The Hon. Commissioner of the General Land Office, has, therefore, instructed the Register and Receiver of this office, to order a hearing with a view to the final determination of the facts in the case.
