BOSTON MEDICAL INSTITUTE.

The Boston Medical Institute is to be permanently located in Portland, Oregon and San Francisco, Cal. Eight physicians have just arrived from the East and Europe belonging to this Institute, and have located in Multnomah Block, in Portland, Oregon, where they have spacious apartments elegantly furnished. These physicians are experts and specialists each in his particular line. F. Colfax, A. M. M. D. Chief of Staff, Dr. Houston, Chief Surgeon, Dr. Martin, Physician in Charge, Dr. McCuen, Electrician, Dr. A. B. Adams, Consulting Physician, and Chief of Massage Department.

A cannon was stolen from Cox's Head Fort on the Kennebeck River, and secretly put on board the ship of which Capt. Lemont was commander. It was not discovered till the ship was far out at sea. It was brought to St. Helen, Oregon, and mounted under the fir in front of the Court-House. It was loaded with powder, but John Cunningham placed a wooden plug in it, and when it went off, it burst to pieces and one large piece fell on the old Pacific mail-ship wharf John Eaton, a mere stripling, lifted the fragment to his knees, the only person who could lift it. This same John Eaton lives across the river, and has a rich claim in the Cœur d'Alene mines, also 160 acres of grazing land. He says the first salutation of a miner when he enters a neighbor's camp is "When did you have anything to eat." Some neighbors of his in the mines had had hard luck. Hungry and worn out they came to his camp to get a sack of flour. After they had all partaken of a sumptuous meal he loaned them a sack of flour. They went, and the next day they struck it rich, and the last big lift was in their lodge where he lifted a sack containing 225 lbs. of gold. They gave him two sacks for the one loaned.

The *Mercury* calls us Ezekiel Jerusalem. Ezekiel was a prophet; even his dead bones brought a corpse to life who probably smelt partly as bad as the Editors of the *Mercury* do. Jerusalem is a heavenly country and that is the disposition we have. The love-pats of Flagg with a little old cotton umbrella winded him so bad he had to pump in an extra amount of air into his vacuum, we don't mean his head but his lower down. Hence the *Mercury* man has an article for his paper, and feels happy. Sail on, ye *Mercury* men, happy as maggots in old cheese.

Mr. Ed Henrici has lately returned from the mines on Tiatsen river. He was at John Harris' while East of the mountains. John Harris has a fine place near The Dalles and 72 acres in grain. Joseph Harris is working in a saw-mill not afar off and Esq. Walker and wife are keeping the mess-house of said mill. Joseph is regarded as one of the best hands employed. Mr. Henrici killed while at Harris' an eagle measuring 9 feet 2 inches from tip to tip. This delighted Mr. Harris for the eagles had been getting away with his chickens.

There are so many potatoes in this country, it is a wonder that a starch factory has not been started here. Where so good a point as St. Helen? What this country needs is manufacturing. We import everything, and pay our money to the East for articles of which we have a better and bigger supply than they: this is just the lack of enterprise on the part of the people.

Bellinger has come back from Washington, and tells the Editor of the *Welcome* Cleveland talks of appointing the *Welcome* man Minister to China. We think it would be pleasing to the Chinese the Editor so much resembles a Chinaman. We should think Hayti the better place for him.

The Editor of the *Welcome* says *we* shall cease to enlighten Oregon soon but it is a comfort to think *he* will be left like a rotten salmon in the moonlight to shine and stink, and stink and shine.

We have received the *Western World* published in Chicago. It is $1.00 per year and for one searching for land or a home it is just what you want. There is information from every part of the United States.

We have received the *Lumber Trade Journal* also published in Chicago $1.00 a year, a monthly. This is the book for one who wants to be posted on the lumber business.

LOCAL NEWS.

As my book-keeper Mr. Giltner will soon leave St. Helens to be absent several weeks, I must ask all owing me on account to call and settle before April 5th.

All persons whose accounts were overdue January 1st, 1884 will save costs by making settlement by note or otherwise before April 12th, 1885.

G. W. McBRIDE.

It is reported the Mist intends to move to Tillamook County. We expect that would be a splended locality for a Newspaper. There is so much government land there the government patronage would be a big thing, and if the silver mines are developed a big population will soon be there, and a newspaper would strike a regular bonanza.

Among the stories current is one that a certain piece of rock from the Nehalem mines was forwarded to Portland to be assayed. The report sent back by the assayer was that there was nothing in it, and yet on the heels of this, the assayer sent down his son and another with $500 to purchase the mine from which it was dug.

A great accommodation to the people of St. Helens is the hack running from Blakesley's Oriental Hotel to the cars at Milton. The hack leaves in the morning at 10:10 a. m., connecting with the train for Tacoma, and in the afternoon at 2 o'clock, for the Portland train. The fare each way is 25 cents.

The Bayview Band of Hope has for Superintendent, Mrs. Gill; Assistant Supt. Miss Mary Fullerton; President Mrs. McNulty; Chaplain, Miss Mary Bacon; Secretary, Mrs. Frank Hoyt; Treasurer, Miss Emma Fullerton; Usher Miss S. E. Slavens.

Judge Pope has nearly recovered his hearing. He has been engaged for some time in writing his journal. He is very pleasantly situated in Portland, has a vegetable and flower garden of his own, and a son to look after him with the tenderest care.

We met this week Rev. Mr. Snepp in St. Helen. He is the Presiding Elder of the Willamette District of the United Brethren Church. His place of residence is La Center. He says he has 10 circuits and missions in his charge.

Mr. W. H. Copeland is soon to remove to Klamath County in southern Oregon. He has bought a stock ranch there of over 200 acres in the bench land by the side of a mountain. He will take with him a band of horses.

There is great excitement in Nehalem over the mines. The assayer says if they are as rich as the rock is he assayed purporting to come from there it is a wonder to him they have never been discovered before.

The change of schedule time on the R. R. will be a great convenience for people, as they can get in Portland at 12 30, and stay the next day till 1 P. M., giving them the best part of two days to trade in.

THE COLUMBIAN has the finest rooms in St. Helens, and the most commodious. They are in the best business part of the town, adjacent to the wharves, convenient to the post office and all public buildings.

We have received Prentice's "Musical Home Journal." It contains many fine pieces, both vocal and instrumental. It also has a notice of the new and popular book, "Organ Pearls."

Mr. W. Copeland has sold 20 acres of his land west of St. Helen to a man by the name of Murphy, a friend of Mr. Dolan. Mr. C. has 80 acres more for sale.

Judge F. A. Moore has been appointed Commissioner of deeds for Washington Territory by Governor Squire, and has obtained his seal ready for business.

A man by the name of Peacock has put in 17 acres of potatoes on the Jonathan Moore farm on Sauvie's Island and has a very fine crop in prospect.

As Mr Fisk was getting his horses on the cars for transit to Kansas City, many stampeded and he had at last accounts not been able to recover them all.

Mr. Charles Slocum and wife and Mrs. Charles Brown and daughter have gone back to visit their old home in Rhode Island.

G. W. McBride has discovered a rich ledge of gold-bearing quartz on the North Fork of the Scappoose.

Messrs. Campbell and Cooper have brought in some fine specimens of silver-bearing rock.

Hofsteater & Co. are here with their fine Art Gallery. Get your picture taken.

CORRESPONDENCE.

KALAMA, W. T. May 25th. 1885.

There was an entertainment given in the school-house by Miss O'Brien and her pupils in Dist. No. 9, Cowlitz Co on Sat. evening May 23rd. It was a very enjoyable affair, and surprised all who attended. It was far beyond the most pleasing anticipations. Miss O'Brien has taken great trouble after school hours, and whenever she had leisure in drilling her pupils on elocution, and training them for this entertainment. [She] is a good elocutionist and the reading by her pupils about the ages of 12 and 14 years does credit to her.

The little school house was crowded, although the public in general was not informed when it would be given. It was proposed simply to have these exercises for parents and friends of the pupils. But the appreciation by the audience will encourage such performances in the future.

The songs on the programme, led by Miss O'Brien were well received. Miss Annie Holmes and Mr. Andrew Carter, the oldest pupils, recited two dialogues to perfection. One was The Petulant Man in which Andrew was accused by the young lady, his guest, of being an ill-tempered old crank. This wounded his dignity of course, and he allowed that "No one but a meddlesome old maid would think of insulting a man in his own house." This piece requires a great deal of sarcasm along with pathos, which was very well rendered. The other dialogue was The Fortune Teller in which Lena Close took the part of friend to the Credulous Woman.

There were several pieces read by the pupils, and Miss Lizzie O'Brien of Portland read two by request. The silence which prevailed while she read A Mother's Love, proved well that she could deliver the heart-felt emotions and loving sentiments for the dearest parent to perfection. The other was a humorous selection, Morning Visits, which was if possible better received. She certainly is one of the best readers I have ever heard, and is remarkably intelligent for a girl of fourteen years. The program was as follows:

Song–The Brooklet, Class.
Recitation–Farmer Jno., Charlie Holmes.
Recitaton–Rhyme of The Rail, Clarence Carter.
Dialogue–The Petulent Man, Annie Holmes and Andrew Carter.
Childrens song–Hold the Right-hand Up.
Reading–Rienzi's Address to the Romans, Andrew Carter.
Song–Keep in the Middle of the Road, Class.
Reading–Capture of Major Andre, Charles Holmes.
Reading–My Hunt after The Baby, Annie Holmes.
Recitation–Mary Waits and Listens, Lena Close.
Solo–Winner In the End, Chas. Holmes.
Recitation–Learning to Smoke, Andrew Carter.
Recitation–Alone In the Dark, First Reader Class.
Song–Childhood's Joys, Class.
Parody on Mary's Little Lamb, Clarence Carter.
Dialogue–Fortune Teller, Annie Holmes, Andrew Carter, Lena Close.
Concert Recitation–The Sea.
Rec.–The Girl's Whisper, John Holmes.
Rec.–She gave me the writing, Francis Holmes.
Song–Paddy Duffy's Cart, Clarence Carter.
Song–Over the garden wall, Class.
Dialogue–Wealth and Fashion, Miss O'Brien and Mrs. Holmes.

This Program with Miss O'Brien's readings made a very interesting entertainment.

COUNTERFEIT PRESENTMENTS

We should never delay in securing them while we can; and to those of our readers who visit Portland, we would say, do not return without visiting the **San Francisco Gallery**, S. St. Helens School.

Summary for the month ending May 23, 1885:

Number registered 35
Average number belonging 33 2
" daily attendance 30 2
" daily absence 1 0
Number of cases tardiness 30

All the cases of tardiness occurred during the first six days, or an average of six per day. Since then, closing the door promptly at roll call has induced a more punctual attendance.

Pupils neither absent nor tardy: Cora Miles, Lucy Miles, Tena Gray and Robert George.

Above 90 in Deportment: Maud Decker and John Cooper.

Many pupils have made an honest endeavor to have a clear record but have failed by a few marks. We hope they may succeed this month.

Rule 35 of the School Laws authorizes teachers to require excuses from parents and guardians of pupils in all cases of absence or tardiness or of dismissal before the close of school, and no excuse shall be deemed valid except that of sickness or necessary employment.

To secure the greatest benefit of the school it is necessary that all pupils be in school every day. The absence of pupils hinders not only themselves but also many others; for, when they return, each lesson must be shown them and many explanations already given to the class must be repeated for their particular benefit, thus occupying time which might otherwise be used for advance work. It is very desirable in case of absence that the teacher know whether it be from necessity or from truancy, and I trust that all patrons of the school may see the usefulness of the above rule. I would cordially invite all who are in any way interested in our school to visit it fervently and observe our system and progress.

C. C. BROWER, Teacher.

Visitors to Portland

Should not forget to call at **Towne's San Francisco Gallery**, where may be seen photographs of all the leading men and women of Oregon and Washington Territory. Skillful operators always in attendance, and the most minute attention paid to pictures of children. Don't forget the location, S. W. Corner First and Morrison streets, upstairs. No trouble to show specimens to visitors. Street railroad pass the door every ten minutes, and this is the nearest gallery to the five principal hotels.

Irwin H. Taffe made Cash Entry No. 2079, August 16, 1883 of the N. E. ¼ Sec. 28, Tp. 6 N. R. 3 W. W. M. under the Act of June 3, 1878, alleging that the land is chiefly valuable for its timber, and unfit for cultivation; that the application to purchase said land was not made for speculation, but for his own use and benefit, and that he had entered into no agreement, directly or indirectly, by which, the title which he might acquire to said land from the Government might inure to any other person.

On January 21, 1884, Special Agent, James A. McCormick, reported to the Hon. Commissioner of the U. S. General Land Office at Washington D. C., that: he had made a personal examination of said entry, and, and found that the same was made for speculative purposes, the entryman having become a member of the "Columbia Flume and Lumber Company," two days after his application to enter and before entry; and said Company having obtained the testimony of his witnesses, John B. Mahar, and Alexander M. Brady, of Portland, Oregon, and that the land, although heavily timbered, does not belong to the class of lands subject to sale under said act, because, when cleared, lands of the same kind in the vicinity are productive and adapted to farming and dairying purposes.

In said report it is stated that Taffe deeded the land to Joseph E Smith, of Portland, Oregon, subsequent to entry, in pursuance of an agreement entered into between them prior to entry.
