WHAT IS CATARRH!

Catarrh is a muco-purulent discharge caused by the presence and development of the vegetable parasite ameds in the internal lining membrane of the nose. This parasite is only developed under favorable circumstances, and these are: Morbid state of the blood, as the blighted corpuscle of tubercle, the germ poison of syphilis, mercury, toxomea, from the retention of the effete matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces or back of throat, causing ulceration of the throat; up the custachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness; usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death.

Many attempts have been made to discover a cure for this distressing disease by the use of inhalents and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the nucous tissue

Some time since a well known physician of forty years standing, after much experimenting, succeeded in sliseovering the necessany combination of ingredients which WHAT IS CATARRH? Some time since a well known physician of forty years standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never fashs in absolutely and peymanently eradicating this horrible disease, whether standing for one year or forty years. Those who may be suffering from the above disease should, without delay, communicate with the managers, Messrs. A. H. Dixon & Son, 305 King Street West, Toronto, and get full particulars and treatise free by enclosing stamp.

I have bad a cancer on my face for many years. I have tried a great many remedies, but without relief. I almost gave up hope of ever being cured. Dr. Hardman, my son, recommended Swift's Specific, which I have taken with great results. My face is now well, and it is impossible for me to express my thanks in words for what this medicine has done for me.
