U. S. LAND OFFICE.

OREGON CITY, OREGON, April 21, 1885. E. C. Maston made Cash Entry No. 2028, Aug. 18, 1883 of the S. W. 1/4 of Sec. 20, T. 6 N., R. 3 W., under the Act of June 8, 1878, alleging that the land is chiefly valuable for its timber, and unfit for cultivation; that the application to purchase said land was made for speculation, but for his own use and benefit, and that he had entered into no agreement, directly or indirectly, by which the title which he might acquire to said land from the Government might inure to any other person.

On July 22, 1884 Special Agent James A. McCormick reported to the Hon. Commissioner of the U. S. General Land Office at Washington, D. C., that he had made a personal examination of said entry and found that the same was made in accordance with the Act of June 8, 1878, and that the instances of the Dr. E. A. Jones who was actively engaged in obtaining land for the Columbia Flume and Lumber Company and that the proceeds of the entry were used by the said Jones and Nathan Nichols of Clatskanie, Oregon, were obtained by said Jones; and that the land, although heavily timbered, does not belong to the class of lands subject to sale under said Act, because when cleared, lands of the same kind in the vicinity are productive and adapted to farming and dairying purposes.

The Hon. Commissioner of the General Land Office has, therefore, instructed the Register and Receiver of this office to order a hearing with a view to the final determination of the facts in the case. In accordance with said instructions, such hearing is ordered to be held at this office on Monday, July 6, 1885, at 10 o'clock A. M., and the said E. C. Maston or any party in interest, is hereby cited to appear at said office on said day at said time, and to be finally cancelled.
