President Schurman was frank in telling your correspondent a day or so ago that he favored giving to the various tribes the largest possible measure of home rule at the earliest moment. He thought that the Indians could manage their local affairs, elect their municipal officers, establish courts and penal institutions, etc., but did not believe it possible to allow the natives to participate in the general government.

"How could they govern the islands, in view of the heterogeneity and multiplicity of the tribes?" he added.

MUST RECKON WITH SIBERIA.

American Wheatgrowers to Have Convention From a New Quarter.

New York, Sept. 18.—A special to the Herald from Washington says: Your correspondent is able to say on authority that the Schurman peace commission offers even inducements short of absolute self-government to Aguinaldo and his followers. Aguinaldo was promised as the price for the restoration of peace in the Tagalog tribe a bonus of more than \$5,000 a year while the Tagals remained peaceful. He was told that he could choose men from his own tribe for the minor municipal offices. The commission went so far as to promise Aguinaldo the moral support of the United States government, if such were needed, to make his leadership of the Tagals thoroughly secure.

With all these inducements, temptation is strong, but here Aguinaldo, as the recognized head of the insurgent movement, declined to yield. He insisted upon immediate self-government, and as his insistence was so firm as to make an agreement impossible, the American commissioners ceased negotiations.

OPENED FIRE ON THE WHITES.

Elimination of Long-Standing Troubles Between Union and Non-Union Miners—Militia Called Out.

Carverille, Ill., Sept. 19.—Carverille was the scene of a bloody riot between white and negro miners today. Six negroes were killed, and one other mortally wounded. Company C, Fourth regiment, Illinois National Guard, arrived here late this evening, and will endeavor to preserve order. Forty miners from the Heron mines left that place for this city this evening, armed with Krag-Jorgensen rifles determined to assist the white miners, should their services be required.

Trouble has been brewing ever since the militia was recalled by Governor Tanner last Monday, since which time the white miners have refused to allow the negro miners to come into town. Today 13 negroes marched into the town and opened fire on a crowd of whites. The whites returned the fire.

The negroes closely followed by the whites, scattered, some running up the main street, the remainder starting down the railroad track. Here the worst execution was done. After the fight was over, four dead bodies were picked up, and another man was mortally wounded. They were taken to the city hall, where the wounded man was given medical treatment, and his friends held over the dead ones. Later, near the Breckinridge mines, in another part of the city, two other dead bodies were found.

The killed are: Rev. O. T. Floyd, Huse Bradley, John Black, Henry Brannum. Two unidentified.

Mortally wounded: Sam Cummings.

The mayor has taken every precaution to prevent further trouble, and none will occur unless the negroes attack.

Superintendent Donnelly, of the Brush mines, where the negroes reside, reports that the negroes are worked up to a fever pitch, and while he is doing all in his power to hold them in check, he is afraid he cannot do so much longer, and that unless the militia appears shortly further trouble may be looked for.

Trouble has existed here, off and on, for over a year, but no fatalities occurred until June 30, when a passenger train on the Illinois Central railroad was fired into and one woman killed.

These negroes were on their way to the mine, having come from Pana. A short time afterward a pitched battle ensued between the union and nonunion miners during which time the dwellings occupied by union miners were burned. Several arrests were made, and the parties are in jail at Marion on the charge of murder, awaiting trial.

At present the resources of this region are undeveloped, and must remain so for some years, as the population is yet greatly scattered, being less than one inhabitant to each square mile. Immigration from Europe to Russia is setting in, however, and 4,000 persons entered the region last year.

Hawaiian Capitalists Out and Injured.

San Francisco, Sept. 18.—R. B. Banning, a Hawaiian capitalist, arrived from Honolulu on the steamship Australia last Tuesday and registered at the Occidental. Among his effects was a valise containing between \$30,000 and \$50,000 in bank notes, bonds and stocks, together with a number of other valuable documents. A few hours after his arrival he missed the valise.

An investigation has been made and it is thought it is on its way back to Honolulu.

Seattle, Sept. 18.—Among the many unfortunate prospectors that have re-
