FOR A FORTY FOOT CHANNEL

Engineer's Plans to Improve Mouth of the Columbia.

for Otis sailed from San Francisco JUSTIFIED BY SHIPPING TRADE

> Project Will Be Included in Any River and Harbor Bill Prepared in the Coming Session.

> Washington, Nov. 20.—The project and plans for deepening the channel at the mouth of the Columbia river to 40 feet have been received by the chief of ngineers, but will not be made public until sent to congress. This project will probably be included in any river and harbor bill that is prepared in the coming session. From statistics that have been submitted it is shown that over 1,000,000 tons of exports and imports, valued at \$20,000,000, have been carried by sea-going craft using the river between Portland and the sea during the past year, and it is the general belief that a waterway handling such an immense traffic is entitled to

> the fullest recognition. Joined Botha's Forces. London, Nov. 20 .- A dispatch from Lorenzo Marquez says: A Pretoria newspaper announced last Wednesday that 4,000 burghers had left General Joubert's forces around Ladysmith to join Commandant Botha's forces near Estcourt, with a view of assisting to

intercept the British advance to the relief of Ladysmith. General Meyer, the Free State commander, has asserted in the course o an interview, that he is convinced that the battle of Eland's Laagto will be the first and last Boer defeat of the

Boers Are Near Escourt. Estcourt, Nov. 20.-The Elmelo Boer forces have taken up a position near Ennersdale, a few miles north of here. They have eight seven-pounders and two French guns. Their strength is 2,000 men. They have looted Henderson's store. All is quiet and ready for the enemy if he attacks.

Firing on Ladysmith. Pretoria, Nov. 20 .- In the engage ment yesterday morning south of Ladysmith, the British advanced with 13 guns, attacking 30 burghers of the Transvaal. The big gun was fired on the troops, who retired at 3 o'clock to Akleg, near Ladysmith. The British loss is unknown. The Boers had one man killed and three wounded. In addition, they had 13 horses killed and seven horses wounded.

Manila, Nov. 20 .- General Mac-Arthur, with the Thirty-sixth infantry, a battalion of the Seventeenth infantry a troop of the Fourth cavalry, severa gatlings, and a detachment of the signal corps, has begun his northward advance from Tarlac, which will be continued to Bayombong, province of Neuva Vizcaya.

Sale of Mines and Smelter. Seattle, Nov. 20 .- It was reported

resterday that the Monte Cristo mines and the Everett smelter had been sold to a German syndicate for \$1,200,000. and that, as a condition of the sale the Rockefeller syndicate agreed to repair and operate the Everett & Monte Cristo railroad. This agreement, it is said, contained a provision that the tonnage charge on Monte Cristo ore should not exceed \$2 per ton. W. J. Rucker was supposed to have promote the deal while in New York lately The story is believed here, but canno

London, Nov. 8 .- The Times put lishes the following dispatch Pietermaritzburg, dated Wednesday November 15:

Estcourt is short of artillery. Th garrison may retire to the Moon river, southward, tonight, in case a strong force of Boers should advance. The enemy's intention is to keep back the British relieving column."

lying on the American side thereof be The black mulberry was dedicated to Minerva because of its slow growth.

Error Has Been Made and the Leo-Washington, Nov. 20.—"The shower of Leonids will not occur this season. The brilliant spectacle has been announced one year too soon." This announcement has just been made by Dr. L. J. See, one of the most advanced as-

tronomers in the government service. "Astronomical calculations have no erred as to the periodicity of the Leonids," said Dr. See, "but the generally accepted conclusion as to the time it takes the Leonids to pass the earth's orbit has been wrong. After the most careful observations made with the best instruments in the service of the government, and after the nost unerring calculations in strict conformity to astronomical laws, I am thoroughly convinced that the period of passage is two years, instead of one, as

retofore believed. "The Leonids have been within the earth's orbit for a year now, and will remain with us for another 12 months. The meteoric shower has not been as heavy this time as there was good sicentific reason for believing it woulbe. That is because we have not y struck the thick part of the trail. my calculations, this collision will occur in the middle of November, 1900. Then the resultant display of burning meteors will be as brilliant as the one observed by Humboldt in Venezuela in

"The present visitation is a counter part of that in 1863. At that time there were displays in two years, that of 1862 being about as feeble as the present has been, and that of the succeeding year being nearly as striking

as that recorded by Humboldt." ADULTERATION OF FOOD.

More Evidence Is Collected by Ser New York, Nov. 20 .- The United

States senate committee, represented by Senator Mason, of Illinois, today resumed its investigation into the adulteration of food prepared for market Dr. Edward H. Jenkins, an agricultural chemist, and vice-director of the Connecticut agricultural experiment station, declared that the general adulteration of food products had increased with business competition and the demand for cheap wares. In his five years' experience, Dr. Jenkins said he had found only one adulterant that was poisonous, and that was a coloring matter in a temperance drink. Coco shells, prune stones and like, he testified, sold as spices. None of these adulterants, except the one color, was hurtful to health, but all were frauds on the consumer. More than half the jellies examined were made of glucose and starch paste, colored with artificial coloring, flavored with artificial acid. The cheaper grades of coffee were found to contain a large proportion of Canada peas, pea pellets, wheat

middlings and chicory. Election Conspirators Arrested. Philadelphia, Nov. 20.-Samuel Salon, deputy coroner of this city; Joseph G. Rodgers, lieutenant of the capitol \$527.734,000 in the corresponding police, Washington, and Clarence Messer, employed in the copying division of the congressional library, have been held in \$1,800 bail for trial on the charge of conspiring to make fraudulent election returns in this city. The arrest of the three men was the outcome of testimony adduced at the hear-ing last week of several residents of

San Francisco, Nov. 20 .- The Examiner says: Collis P. Huntington is today in full control of three-fourths of Company and its allied corporation. the Pacific Improvement Company. With the help of banking syndicate and London, he has bought out the lief forces, heavy fighting is in store. Croker and Stanford interests, each amounting to about one-fourth of the stock. With his own fourth, that gives him three-fourths of the whole. The remaining one-fourth interest belongs to the Hopkins-Searles estate.

The Speyers hold in their possession the Croker and Stanford securities for the present, Huntington having an iron-

clad option for their final transfer to San Francisco, Nov. 20.—The schooner Rattler is now 38 days out from Kodiak, Alaska, and it is feared that she has gone down in one of the many storms that have recently swept plot he had apparently planned with the coast. The vessel left the Alaskan heard from since. Four days later the schooner Herman sailed from the same port and arrived here nearly three weeks ago, after a very rough passage. Prevented a Panic.

New York, Nov. 20.-Russell Sage is quoted today as saying to a newspaper interviewer who asked him what he thought of the United States treasury's offer to buy \$25,000,000 of "I believe Secretary Gage's action

has saved the financial world from a disastrous panic. No one who has been in touch with business enterprises during the past few months can fail to have realized the stringency of the money market. The sharps took advantage of the situation. They were making a rich harvest of it, but the government has stopped their game."

San Francisco, Nov. 20.—The cham ber of commerce of this city has adopted and sent to Secretary of State Hay the following resolution referring the Alaska boundary question: "We earnestly request that the ent boundary line as established maintained and that no territory now

The Year 1899 Breaks All Previous Records.

AMOUNT IS OVER TWO BILLIONS

Although a Great Reduction in Bread stuffs, It is More Than Offset by As tonishing Sales of Merchandise.

Washington, Nov. 21.-The foreign ommerce of the United States seems likely to make its highest record of the century in the closing year of that period. The October exports are larger than those of any preceding October, the total for the 10 months ending with October is greater than the total for the corresponding period in any preceding year, and it is apparent that for the first time in our history the foreign commerce of the year will exceed \$2,-000,000,000. For the 10 months ending with October, 1899, the figures of the treasury bureau of statistics show the total exports to be \$1,029,242,000, while in the corresponding months of last year they were \$987,879,000.

This remarkable increase in exportations is the more surprising because of the absence of the excessive demand abroad for our breadstuffs, which characterized the year 1898. In that year the short crops abroad and plentiful supplies of breadstuffs of all kinds in the United States resulted in an abnor mally large exportation of breadstuffs. so that the exportation of agricultural products in the present year naturally falls about \$35,000,000 below that of the corresponding period of last year. Yet the total exportations for the 10 months are, as already indicated, more than \$40,000,000 in excess of those of

last year. It is easy, however, to find the canse of this remarkable growth in our total exportations, which occurs in the face of the reduction of our exportation of breadstuffs. An examination of the detailed figures of the nine months of the year already accessible shows that the exports of manufactures in that period were \$50,000,000 in excess of those of the corresponding months of the preceding year, and \$65,000,000 greater than those of the same months of 1897, while the products of the mine were \$4,000,000 greater than those of the corresponding months of last year, and those of the forest \$6,-000,000 in excess of the corresponding months of the preceding year. Thus the year's exportation of agricultural productions will be quite up to the normal, while those of manufacture, mining and forestry will exceed those of

our history. Imports have increased more than exports, for they were unusually low in 1898, while exports were unusually high in that year. The total importa-tion in the 10 months ending with October, 1899, is \$658,875,000, against

months of last year. HEAVY FIGHT IS NEAR.

Large Force of Boers Reported to Moving South. London, Nov. 21 .- This morning' news gives little that alters the complexion of the situation. Since the fight of November 9 matters, so far as known, have been fairly quiet at Lady-Boers, badly informed as to the nature and extent of British preparations to advance to the relief of the town, may be hesitating regarding the next movement. The situation in Natal is very complicated, more especially if the reports be true that the great Tugela bridge has been destroyed. The success of the next move on either side

will depend more on strategy than on superior numbers. open. They can hold the railway with the force they have at Ennersdale, falling slightly back before the British advance and threatening it from Weenen; or, in the second place, they can advance from Weenen and try to carry and he attributes the improvement Estcourt; or, in the third place, they the influence of organized labor. Mr. can advance due south from Weenen the property of the Southern Pacific to Weston, cut the railway and blow up the bridge over the Mooi river. If it be true that there are 10,000 Boers, the effect of advanced labor legislation under Joubert and General Botha, headed by the Speyers, of New York marching south to meet the British re-

Chief Engineer's Approval. Washington, Nov. 21 .- The report of the engineers in favor of an improvement at the mouth of the Columbia river to secure 40 feet of water over the bar, will be sent to congress with the approval of the chief of engineers. The opinion of the engineers is that the proposed improvement is one of the most important to be presented to congress. It is expected that favorable action by ongress looking to the 40-foot channal will be followed immediately with another proposition for a channel of 30 feet from the mouth of the Columbia to Portland. Those who are familiar with the commerce of the river and conditions now existing say both these improvements should be made with the

The Burlington will build from Al-

liance. Neb., to Ogden. Ready to Occupy Dagupar Manila, Nov. 21 .- The American ocupation of the country between Manila and Dagupan is proceeding with a rush. General MacArthur is within General Wheaton or General Lawton

will probably occupy. Captain Leonhauser accomplished one of the best coups of the war. Reaching O'Donnell by a night march from Capas on November 16, he surprised the insurgent force, numbering 200, and captured all of them, with their guns, 10,000 rounds of ammuni tion and four tons of subsistence. One Filipino was killed, but there were no American casualties.

Rerlin, Nov. 21.-The Deutsche William gathered the officers around ing visit to England had no political character, declaring that despite the fact that his people desired him to postyielded up or granted to the Dominion pone the journey, he was bound by Boers were advancing on Estcourt.

Kaiser's Visit to Germany.

MARCH TO PRETORIA.

Plans of the British and Boer Gene Joubert Moving South. London, Nov. 22.-The reports o eavy fighting at Ladysmith last Wednesday have not been confirmed. On he contrary, the most reliable advices rom Estcourt indicate that there was othing more than a desultory cannonade. Probably the rumor of a serious ngagement grew out of the fact that

he Boers throw a few harmless shells late Tuesday night, leading to the supposition that an attack was imminent Nothing, however, happened Wednes day. Beyond the fact that the Boers are daily receiving fresh reinforcement and supplies, there is practically nothing new from the front. The Boer invasion of Cane Clony con

1,300 Boers at Colesburg, and news has reached East London that Ladygray, ear Aliwal North, has been deserted the British and now is in the hands f the enemy. From Delagoa bay come reports of he arrival of more German officers and

artillerymen, who have volunteered to erve with the Transvaal forces. The war office semiofficially asserts hat all news received from Africa has een published, with the exception of emands for the renewal of stores, war making rivers of the creeks and aterial and the like. naterial and the like.

tation is supposed to have been prac-tically abandoned, the American troops There is an unconfirmed rumor that nore troops have been ordered from India to the Cape. SMUGGLED PEARLS.

New York, Nov. 22 .- Ten thousand muggled pearls, of all sizes, some imi- have fought three engagements and are ation and some genuine gems, were taken to the custom-house today and reinforcements.
spread out in Collector Bidwell's office. It is believed omorrow they will be taken to the appraiser's stores, where the government experts will pass upon their value. LABOR CONDITIONS

Gompers, president of the American Federation of Labor, was the only witless before the industrial commission today. Speaking of the union label, Mr. Gompers said there are 37 different organizations now using the label, and that it is growing in popularity very rapidly. He defended the boycott as a legal and proper weapon for workingmen. In reply to a question, Mr. smith. It is not unlikely that the Gompers said that organized labor views trusts simply as their employers. There had been cases in which the or-ganizations had been benefited by combinations of capital. It is too early to decide whether men would be more steadily employed by the trusts than by other employers. He said that these combinations have more influence in securing legislation than has unorganized capital. He took a position against co-operative schemes, saying that experience has proved that laborers have secured no greater advantages under them than under the wage system. He has no fear of the future for organized labor. The condition labor today is better than ever before Gompers favors an amendment to the constitution fixing a maximum hours per day for labor. Speaking

> in different states he said there would be no backward step. Big Guns Placed in Position. Astoria, Nov. 22 .- The two big guns that recently arrived at Fort Stevens have been placed in position. As these guns weigh 300 tons each, it required

great care to move them. TThe common council of Hammon will petition the government to have the name of the postoffice of the place changed to New Astoria. Child Devoured by a Wild Beast.

Spokane, Wash., Nov. 22 .- The ones of Ruth Inman, the 3-year-old child lost in the Big Bend country four weeks ago, were found yesterday a few miles from Creston, where she disap peared. The indications are that wild animal had carried off and de-

youred the little one General Funston denies that the American soldiers robbed the churches

in the Philippines. Automobiles for Canada Toronto, Ontario, Nov. 21 .- The Na tional Cycle & Automobile Company completed organization here Saturday The corporation will have a capita five miles of Dagupan, which place stock of \$2,500,000, and will control in Canada the business and patents of the American Bicycle Company as well as

> some Canadian concerns. Vancouver, B. C., Nov. 22.-Today's train carried to Boston and New York was played strictly according to Rugby 75,000 pounds of halibut from the rules; but we believe the game is dannorthern fishing grounds.

Tacoma, Nov. 20 .- Guy Piper, member of the co-operative colony near this city, has mysteriously disappeared. He started out alone Saturday after noon to hunt bear, and was seen near Tage-Zeitung confirms the report al- the settlement. There is no trace of ready cabled that after swearing in a him since, though friends have been body of recruits recently, Emperor several days in a search. It is feared a bear killed him.

> Lorenzo Marquez, Nov. 18 .- The Standard and Diggers' News, of Johannesburg, Tuesday, published official advices confirming the report that 3,000 Boers were advancing on Estcourt.
>
> | Russia are to be arbitrated. Mr. Asser, a member of the council of state for the Nehterlands, is to be the arbitrator.

BRADSTREETS' REVIEW.

Seneral Trade Continues at a Maximum

Volume for the Year. Bradstreet's review of trade for the week says: General trade and industry continue at a maximum volume for this season of the year, while prices, as a whole, manifest a strength unap-

proached in recent years. Strength on values is still most notable among manufactured textiles, but cereals, hides and leather and the manufactures thereof have strengthened slightly. On the other hand, pork products and tin are slightly lower. The great majority of prices, however, remain firm at unchanged quotations. An active con-sumptive demand for wool is reported the north which, when the story is at leading markets, accompanied by a known, will prove to have been the fair export demand, and a further re-

duction in stocks. Cereals do not manifest any striking change this week, but the resisting power of the market is appraently greater, more moderate receipts of wheat at the West inducing some covare continuing their rapid sweep in to ering, and corn is sympathetically stronger. Another feature naturally attracting attention at this time of the year is the demand for but generally re-

ported small stocks of coal available, both East and West. Lumber displays continued strength. and advices are of an expected very heavy cut this winter, both in the

Northwest and at the South. Wheat, including flour, shipments for the week aggregated 4,540,007 bushels, against 4,750,842 bushels last week; 5,679,141 bushels in the corresponding week of 1898. Corn exports for the week aggregate 4,603,718 bushels against 4,581,447 bushels last week; 3,781,724 bushels in this week a year ago; 3,208,790 bushels in 1897; 2,975,-721 bushels in 1896, and 1,743,167 bushels in 1895.

Business failures in the United States number 189 for the week. PACIFIC COAST TRADE.
