ANOTHER DEFEAT.

Buller Repulsed by the Boers at Tugela River.

London, Dec. 18.—The war office has received a dispatch announcing that General Buller has met with serious reverses, losing 11 guns. General Buller was attempting to cross the Tugela river. Finding it impossible to effect his object, he ordered a retirement in order to avoid greater losses. He left 11 guns behind.

The following is the text of General Buller's dispatch according to the reports: "Buller to Lansdowne: Chevely Camp, Dec. 18.—I regret to report a serious reverse. I moved in full strength from our camp near Chevely 4 o'clock on Monday morning. There are two fordable places in the Tugela river, and it was my intention to force a passage through at one of them. They are about two miles apart. My intention was to force the other with the brigade, supported by a central brigade. General Hart was to attack the left flank, and General Littleton was to take the center and to support either."

"The report I saw that General Hart would not be able to force a passage, and I directed him to withdraw. He had, however, attacked with great gallantry, and his leading battalion, the Comnaght rangers, I fear, suffered severely. The Comnaght I. G. Brooke was seriously wounded."

"We have abandoned 10 guns and lost by shell-fire one. I fear, very severely. I have lost 100 men, 100 wounded, 100 missing. The Fourteenth and Sixty-ninth field batteries also suffered severe losses."

"We have retired to our camp at Chevely."

SHOT WIFE AND SONS.

Jealous Man Then Sent Bullet Through His Own Head.

Tacoma, Dec. 18.—Adam Crist deliberately shot his wife fatally, killed his 5-year-old son, seriously wounded a second son, aged 5 years, and then ended the tragedy by putting a bullet through his own brain. Jealousy is the only motive assigned for the crime.

Crist is the proprietor of the Chicago house, and returned this morning from a six months' business trip to Spokane. He was at the hotel during the morning, and apparently in the best of health and spirits. About 2 o'clock in the afternoon he went to a Pacific avenue pawnbroker and purchased two revolvers. He stopped a few doors away at a drug store and bought 25 cents' worth of vitriol. He must have proceeded directly home, for the shooting occurred only a few moments later.

Crist was in the hotel kitchen on the second floor, when his wife was called to the head of the stairs to talk to a peddler. After the interval of a few moments she returned to the kitchen to ask her to come to the kitchen. Immediately afterward four shots were fired, all of which were found to have taken effect in her body. He then turned the revolver on the little boy and fired, and the bullet struck the child manning to crawl down the stairs and escape.

The woman staggered to the sidewalk and Crist went into the hall, where he caught the 8-year-old boy. There he fired, and the bullet struck the child in the forehead, and with the bodies of Crist must have held the lad close to him while he put a bullet through his heart. A 41-caliber bullet through his own head followed, and both bodies fell to the floor, still clasped in each other's arms.

Navy Is Badly in Need of Men.

Washington, Dec. 18.—The navy is 4,000 short of the legal maximum, and the recruiting officers are busy with recruiting officers. Secretary Long has called the attention of congress to this, and suggests that it might offer a decided incentive by extending to all officers enlisting in the navy the act of 1876, which provides for a bonus of \$45 in value. Under the present system, the men are kept in debt for months after enlistment by the purchase of the necessary outfit.

Vallejo, Cal., Dec. 18.—Sixty recruits from the United States ship "Albatross" have refused to sign articles of enlistment because, as they claim, the government charges them for the cost of their uniforms and clothes. The Hartford was Admiral Farragut's flagship at the battle of Mobile bay, in the civil war. During the past four years she has been fully restored, and is now being fitted out for a cruise to New York, where she will be used as a training ship. The men are badly needed in the service.

Eastern Buyers Contract for Wool.

Seattle, Dec. 18.—For two weeks past representatives of Eastern wool firms, principally from Boston, have been causing a great amount of trouble in the state in an effort to buy up next year's clip. In the Rainier reserve district, advances have been offered, at a full price when delivered next summer of from 17 to 20 cents per pound. The advance is offered by offering to buy in advance by the house represented for delivery next fall, and to make sure of a supply, all the crops possible are now being secured.

Dewey Invited to California.

San Francisco, Dec. 18.—An invitation, signed by Mayor Phelan and the grand officers of the Native Sons of the Golden West, has been sent to Admiral Dewey, requesting his presence in this city on admission day, September 9, 1900.

Gandy-makers in Baltimore to the number of 800 are organizing.

Eggs without shells are shipped from Russia to England.

Death Sentence Commuted.

Washington, Dec. 18.—Secretary Root has recommended commutation of the death sentence imposed by court-martial upon Corporal Damphoffer and two other soldiers of the Washington volunteer regiment, who were convicted of ravishing Filipino women. The commutation recommended is imprisonment for 30 years. In making this recommendation, Secretary Root states specifically that he is satisfied of the legality of the original sentence, although they had been called in question by military lawyers.

Fire in Nebraska Penitentiary.

Lincoln, Neb., Dec. 18.—Fire at the penitentiary this afternoon consumed the manufacturing building and caused loss to buildings and contents amounting to between \$75,000 and \$100,000. The principal part of the loss falls on the state, which owned the building and the machine shops, which were together valued at \$50,000, and were uninsured.

Calcutta, Dec. 18.—Distress in the famine-stricken districts is becoming more acute. About 2,350,000 people have received relief.

LOSING FAITH IN ENGLAND

Dutch of Cape Colony Are Rising.

SAVAGES ALSO DISSATISFIED

Baron Roberts Has Been Appointed to Supersede Buller in General Command of South African War.

Sterkfontein, Dec. 19.—As a result of the British reverses, the whole country northward is in rebellion. The natives there, as well as those in Basutoland, are said to be much disturbed and losing heart respecting the strength of the British.

Cape Town, Dec. 19.—Secret meetings of Boer sympathizers continue to be held in various parts of Cape Colony, and the attitude of the Dutch farmer is turbulent.

London, Dec. 19.—Shortly before midnight the following notice was posted at the war office: "The campaign in Natal, in the opinion of her majesty's government, is likely to require the presence and undivided attention of General Sir Buller, it has been decided to send Baron Roberts, of Kandahar and Waterford, as commander-in-chief of the South African, with Lord Kitchener as chief of staff."

FIVE KILLED IN A WRECK.

Crew of Freight Train on a Northern Pacific Branch.

Lewiston, Idaho, Dec. 19.—Piled up at the bottom of Kendrick hill on the Northern Pacific branch are two engines and 19 cars loaded with steel. In houses near by are the dead bodies of Engineers Arthur E. Bain and John A. Ogden, Fireman Earl Bradshaw and Charles A. Dodge, Spokane, and John Peterson, also of Spokane, fatally injured.

The train was an extra with a load of steel for the Northern Pacific extension. The rails were covered with ice and snow, and in descending the long grade leading into Kendrick the train got out of control of the trainmen and dashed madly down the steep grade, about 7 o'clock this evening. A mile and a half east of Kendrick four cars were derailed, and the train was torn up for a quarter of a mile. When the rest of the flying train struck the yards the engines and all the cars were derailed and completely wrecked, and the train there up for 200 yards.

Trailing trains had been sent from Spokane and Lewiston.

The Kendrick grade is one of the steepest in the Northwest. Control of the train was lost at the head of the grade, and the train started on their mad five-mile run in the dark. None of the fated crew have lived to tell the story of their awful sensations while being swept on to death.

STEAMER STRATTON LOST.

Takoa Boat Overturned by Ice and Sun Submerged.

Dawson City, N. W. T., Oct. 20.—The steamer W. S. Stratton left White Horse rapids October 18 with 40 passengers, nine of whom were women, and all the mail that had been accumulating there since the mail boats quit running—about two weeks. All went fairly until the 24th, when the mouth of Selwyn creek, 120 miles above the rapids, was reached. There heavy floating ice was encountered, and surrounded by it, the boat floated with the current. All would have been well had it not been in a narrow gorge the ice below jammed. When the boat struck that it was in a station there, and for this reason the Pacific was placed under the command of one officer. The extension of American sovereignty over some of the Samoan islands and the prospective establishment of a coaling station in the Galapagos group are indications of the South Pacific in the eyes of the officials.

Orders have been issued by the navy department directing that the battleship Massachusetts, as well as the Intrepid, be placed in commission at the League Island navy yard. The Massachusetts is now undergoing repairs at New York. It is proposed to keep a large crew on board each of these vessels and to maintain their present commanding officers. They will be kept in condition for immediate sea service. The men obtained from the battleships will be used for service on board the battleships Kearsage and Kentucky, when they are placed in commission early in the new year.

To Aid Strikers.

Detroit, Dec. 20.—A return to the former system of assessing all members of unions affiliated with the American Federation of Labor 1 cent per week for purposes of assisting strikers in case of necessity was decided upon by the federation convention this afternoon. The proposition was narrowly carried, receiving only two more votes than the rules required, viz., two-thirds of the delegates present. Most of the day was occupied by a discussion of grievances in executive session. The report of the committee on laws in favor of debarring from federation membership any members of the Knights of Labor who were associated in the development of the St. Lawrence canal system.

Fireman Church Dead.

Fremont, Cal., Dec. 20.—Fireman Church has died in this city from a complication of ailments, aged 78 years. He was a practicing attorney in Chicago before coming West, being associated with Lyman Trumbull. He came to Los Angeles in 1885, after which he remained in the city for four years. He was associated with the development of the St. Lawrence canal system.

Return of the Rio Janeiro.

San Francisco, Dec. 20.—The transport City of Rio de Janeiro arrived here last night with several officers on leave, and a number of sick and discharged soldiers. Patrick Cleary, of the Thirty-fifth infantry, died on the outward voyage, and five soldiers, invalided home, died on the way from Manila.

Washington, Dec. 20.—Brigadier-General Edgar S. Kellogg, recently promoted from colonel of the Sixth infantry, has been placed on the retired list.

AFFAIRS IN PUERTO RICO.

Elections Slowly Progressing—Much Interest in Congress.

San Juan, Puerto Rico, Dec. 20.—The elections in Puerto Rico are progressing slowly. The Republicans carried Ponce on December 11 by about 1,100 majority.

According to the census of 1897 there are over 45,000 people in the Ponce district, but of that number only 4,468 are eligible to vote, the right of suffrage being limited to taxpayers and professional men, about 4,460 of that number going to the polls. The Republicans say that San Juan will give them a tremendous majority, and that the election throughout the island will result in an overwhelming federal defeat.

The people are looking forward anxiously to the action of congress on the question of civil government. Many expect that Puerto Rico will be immediately given a system of self-government for the island, while others take a more conservative view of the subject. The Bulletin Mercantil, commenting on the subject says: "The form of civil government for Puerto Rico will undoubtedly be the one recommended by President McKinley in his annual message to congress. To believe that the speaker of the house, the appointee for which place is not known yet, the appointments will be distributed among the most capable Puerto Ricans and Americans."

YAQUIS ARE ACTIVE.

Moving Bands Capture Supplies Sent for Mexican Soldiers.

Austin, Tex., Dec. 20.—A special from Orist, state of Sonora, Mexico, states that the Mexican authorities are contemplating sending more troops into the Yaqui Indian country at once, as it is thought that the Yaquis will not be able to cope with the situation. General Torres now has some 5,000 men, but it will take at least that number, or possibly twice that number, owing to the geographical conditions surrounding the uprising which prevents successful military movements. The Indians are so scattered that unless some troops are sent to the front to engage the small roving bands, they will continue to depredate the country and harass the soldiers under General Torres until they wear them out. There are now about 1,500 Indians engaging the attention of the soldiers, while the remainder of the 5,000 braves who are on the war path have scattered into small, roving bands, for the purpose of pillaging. These roving bands of Indians are capturing supply trains sent out to the Mexican forces in the field. They have of late captured several trains containing provisions and ammunition.

CURRENCY BILL PASSED

The Vote of the House Was 190 to 150.

ELEVEN DEMOCRATS FOR IT

The Measure Had the Support of Every Republican Member of the House—Resolutions in the Senate.

Washington, Dec. 20.—The currency bill, which was debated all last week, was passed today by the house by a vote of 190 to 150. It had the united support of every Republican in the house, and of 11 Democrats—Clayton, Briggs, Ferguson, Levy, Twigg, Seaman, Underhill, and Wilcox of New York; McAleer, of Pennsylvania; Denny, of Maryland, and Thayer, of Massachusetts. All the other Democrats voted against the measure or were placed upon it, including John W. Aldrich, Smith, governor-elect of Maryland; Stallings, of Alabama, and General Joseph Wheeler, of Alabama. Stallings has not been present in the house this session on account of illness, and to believe that he would have voted in the negative. General Wheeler is serving in the Philippines.

When the speaker announced the result the Republicans cheered lustily. After the vote the speaker rather unexpectedly announced the committee selections, and the reading of the list was followed with intense eagerness by the members, whose opportunities for distinction depend largely upon their committee assignments.

The only incident in connection with the reading of the list was Bailey's interjection of the speaker as to whether General Wheeler's name had been placed upon it, concerning the way and means. Speaker Henderson responded in the negative.

Announcement of the death of the late Representative Bland, of Missouri, which occurred last summer, caused an early adjournment.

What the senate may accomplish in the way of legislation for the Philippines is a question which is not only problematical, but that the question will be thoroughly discussed is indicated by the number of resolutions appearing upon it being produced. In opposition to the retention by the United States of the Philippine islands, two resolutions were introduced today, one by Tillman, of South Carolina, and the other by Bacon, of Georgia. Each resolution proposes to yield the islands to a government to be established by the Philippine themselves.

Morgan, of Alabama, addressed the senate briefly upon the necessity of legislation to control trusts, and had his joint resolution again referred to the judiciary committee.

SOUTH PACIFIC STATION.

Latest Developments Make Its Establishment Improbable.

New York, Dec. 20.—A special to the Herald from Washington says: In view of the number of flag officers available for sea duty, there is reason to believe that a South Pacific station will be established as soon as conditions in the Philippines admit of the withdrawal of some of the ships now under Rear-Admiral Watson's command.

Importance of
