Prove an Exception to Dullness Shows in Other Lines. Bradstreet's review says: Exceptions to the quiet and even dullness shown by the many lines of trade and speculation are found in the active demand for woolen goods for next fall's delivery, and in the active call for dry goods on spring account. In the latter direction, prices show special strength, and the bulk of the business placed in woolens has been at an advance of 25 to 40 per cent. In

other lines, notable steadiness is shown in prices. Weather conditions through-

out the country part of the week have been against trade in seasonable goods, and there is very general complaint of large stocks of winter goods in the hands of this branch of trade. Another effect of the usually mild weather is because of an interview in which the that shown in the Northwestern lum-vice-consul had assailed Mason for the ber business. The lack of snow will probably insure a reduction on the cut Transvaal republic in its war with of last year, and this, combined with smaller stocks, points to at least a maintenance of present lumber quota-
