Russian and Japanese Cavalry Were Expected to Encounter The m Several Days Ago.

Washington, August 28.-A dispatch received at the Japanese legation today from the foreign office of Japan, conveying the latest and most authentic information of the situation in and around Pekin. In a measure the advices were of a disquieting nature as they indicated that the Chinese had rallied their forces and were preparing for an attack upon the allies in Pekin. If it should prove that the allied forces were besieged in Pekin it would ac-count for the lack of advices from General Chaffee. As made public by Minister Takahira the dispatch from the Japanese foreign office at Tokio is as

"An official telegram, dated Pekin, August 18, was received at Tokio from General Yamaguchi, commander of the Japanese forces, to the following effect: 'The capital is now entirely cleared of the enemy. A cavalry regiment which had been sent to Wan Shau Shan (where the empress dowager's palace is located), reports that the imperial family, who had left Pekin August 14, started, after a short rest at Wan Shau Shan for the west, and were under the escort of General Maa and his troops, ponsisting of only about 500 horsemen and 20 carts. "Another telegraphic dispatch, dated Taku, August 23, states that as the Chinese troops and Boxers, who had gathered at Nan Yuen, were about to attack the foreign forces at Pekin, Ja panese and Russian cavalry were expected to encounter them on the 20th. The dispatch further states that Chinese infantry, 9,000 strong, with 15 guns, are advancing from Shan Tung

to make a rear attack on the allies." A copy of the dispatch was transmitted to Acting Secretary Adee, at the department of state and by him furnished to the president. While the news of a possible rear attack upon the comparatively small force of the allies was not received with surprise, generally, it was not regarded as serious, as the foreign forces are believed to be abundantly able to take care of themselves against any force of Chinese likely to be sent against them.

LOST IN A DESERT.

Three Men Found Parishing Because Lack of Water. El Paso, Texas, August 28 .- Three men, who had almost perished from thirst, have been found in the desert near the Coleran church, 60 miles north of El Paso. One of the men is Professor R. H. Cook, who recently came to this city from the East. The men left Almo Gordo, N. M., on bicycles, Thursday, bound for El Paso. They took the overland road through the Tularosa valley. On that route there is a desert of sand 70 miles wide. When the men had gone about 30 miles their bicycles broke down and they had to walk. One of the men reahed the Clorean church, but had to be treated for several hours before he could speak. He then told of his comrades. men with jugs of water tied on their saddles went back in search of the missing men. One was found 15 miles away exhausted and unconscious in the sand and was brought to the ranch. The other, Protessor Cook, was found 20 miles further away in spasms and would probably have died in an hour had be not received water. All the men are now in a critical condition. The names of the other two men were

not learned. Morocco Asked to Pay. Tangier, Morocco, August 28 .- A United States warship has arrived here to support the claim arising out of the marder last June of Marcus Essagin, a naturalized American citizen, who was the manager of a French firm. Essagin, while riding on horseback, jolted against the mule of a Morocco priest. A dispute ensued, during which Essgin, in self-defense, drew his revolver and fired, wounding a native. This was a signal for a general attack upon the American, who received dozens of knife wounds and whose body was burned, according to some ac

counts, before life was extinct. Cut by a Negro. St. Joseph, Mo., August 28 .- An unknown negro boy probably fatally siashed Angus Morrison, superintend ent of bridges for the Chicago Great Western railway, tonight, as he was hurringy to catch a train. Morrison's throat was cut, probably with a razor. Morrison can give no reason for the assault, unless it is because he accidentally brushed against the negro.

The empress dowager, the emperor and the Chinese court have fled to the province of Shen Si.

Attacked by Hoodlums.

St. Joseph, Mo., August 28.—Be-cause St. Joseph did not win both ball games today, a gang of hoodlums were augered and assaulted Umpire Dick Ebright for calling out a player at first base during the eighth inning. The police could not, or would not, prevent disgraceful scene. Ebright and the Denver players were pelted with mis-sles and fied to points of safety. Gen eral Olivier has been captured The text of Lord Roberts' dispatch shows that three of Olivier's sons also were captured in the attack which the Boers made from three sides on Win-burg. Lord Roberts adds that General Olivier was "the moving spirit among the Boers in the southeast portion of the

Orange Colony during the war." The following dispatch was received from Lord Roberts:

Littleton's division and two brigades of cavalry, all under Buller, operate southwest of Dalmanutha. French, with two brigades of cavalry, moved northwest of Belfast, driving the enemy to Lekenvly, on the Belfast Lydenburg road. As soon as French reached Lekenvly, Pole-Carew advanced from Belfast in support.

"The enemy in considerable strength opposed Bullers' and Pole-Carew's advance. He brought three long Toms and many other guns and pom-pome (quick-firing guns) into action. The firing, until dark, was hot and persistent. Buller hopes his casualties will not exceed 40. Pole-Carew has not determined stand. "Our casualties yesterday were wonderfully few, considering the heavy firing and the number of hours we were engaged. Bullet estimates his losses at two killed and 24 wounded. His troops had to bivouack where they stopped after the darkness fell, and accurate returns are as yet impossible. The casualties of the force operating north of Belfast were three killed and 34 wounded.'

First Prize Awarded Oregon and Washington Grain.

AT THE PARIS EXPOSITION

The Display Was Prepared by Colonel Judson and Sent by the O. E. & N. Company.

Through the efforts of the O. R. & N. Company a display of Washington and Oregon grain was made at the Paris exposition that took first prize, a gold medal. The wheat of the Columbia river basin in Washington and Oregon is thus declared to be the best in

the world. The exhibit was prepared under the direction of Col. R. C. Judson, industrial agent of the O. R. & N. The principle portion of the exhibit came from the company's experimental farm at Walla Walla. But large quantities of grains and grasses were obtained from several other places in the two

states. The exhibit consisted of 58 different varieties of wheat, and a few samples of oats and barley. "I was confident that they would prove world-beaters." remarked Mr. Judson. "I had exeryet reported. The Boers are making cised great care in the selection of the seed. The display was certainly a magnificent one, and we are more than pleased to learn that our opinion is

shared by those in authority at Paris." The grain went from Portland by express in a neatly framed and painted package.

A large box of grain in quart sacks was sent. The sacks were made of fine white cloth, tied with red, white and blue ribbons and the following printed inscription, in brilliant scarlet ink: 'Raised along the line of the Oregon Railroad & Navigation Company; headquarters, Portland, Or., U. S. A." In each package was a neatly printed card bearing the name of the grower, the variety of the grain, the yield per acre and his postoffice address. These samples are intended for distribution in the principal wheat centers of the United Kingdom, and it is left to the department of agriculture to see to the suc-

essful carrying out of this programme. Mr. Judson says his idea in accompanying these small packages by the mentioned data was to satisfy the several recipients, should they compare notes, that the samples were from several fields and not from one particularly favored section. The effect of this remarkable recognition of the resources of the Northwest will be far-reaching. The attention of the newspapers all over the world will not only be arrested, but a mighty factor in the direction glory, and at the same time rendered the section in which it operates a

service of great worth. All this recalls the fact that Hood river apples took first prize at the world's fair in Chicago, and Ashland peaches took first prize there also. Washington timber and minerals were leaders and that state took many first

Populist National Committee Accepted

Chicago, August 29 .- At a meeting of the People's party national committee today the declination of Charles A. Towne as the vice-presidential nominee for the party was accepted, and the name of Adlai E. Stevenson was put in his place. This result was obtained after a long debate, beginning at 2 P. M. and ending about 6:30 P. M. In the beginning there were three courses advocated by different members of the committee, viz,: to nominate a Populist, to leave the place vacant, or last-

ly, to indorse Mr. Stevenson. Senator Marion Butler, chairman of the committee, in a warm speech of some length, advocated leaving the place blank, contending that Bryan and Stevenson would receive more Populist votes than if a candidate for vicepresident was named. But one test vote was taken. A motion was made to indorse Mr. Stevenson. For this motion, Mr. Washburn, of Massachusetts, moved as a substitute that a Populist be placed upon the ticket. The substitute was lost on a call of the roll by a vote of 24 ayes to 71 noes. The original motion was then adopted by a viva-voice vote. There were 124 members of the committee present or pre-

presented by proxies. Vellowstone Park Fire Out.
