At a recent Grange meeting, Mr. Joseph Yates related an incident the moral of which may reach many a home. He said a certain well-to-do farmer often complained en account of the amount of grain his wife fed to the chickens. The good matron uncomplainingly endured suggestions of her lord until she him a lesson. So she began to him a lesson. So she began to morning for a few months; and one morning for a few months; and one at Scattle and gave an account of morning spread the record before having been the victim of a rob

You have passed a half cen- and have your measure taken in morning spread the record before his eyes, with the assertion that in that brief time they had sold ever sixty dollars' worth of eggs. Then the good man said, "All right, wife; you can have all the grain your chickens can eat hereafter." The little record, which came like a revelation, totally settled the question.

You have passed a half century in this order with credit to yourself and honor to the frater inty; and you have started on a new half century, which you will he is certain in his opinion regarding the identity of the thief, he is helpless in the way of proof. Outo's friends in this city will sympathize with him in his misfortume.

You have passed a half century in this order with credit to yourself and honor to the frater inty; and you have started on a new half century, which you will hardly complete while here among men. But, my brother, I can assure you that your friends and the craft wish you God-speed,
