REPORT ON INDEMNITIES

Has Been Completed by the Ministers' Committee at Pekin.

PEKIN, March 11.—The ministers' committee has completed its report, and the general principles to be adopted in cases of indemnities based upon laws in harmony with the Roman and English systems. This decision was not reached without considerable discussion, some believing that the claims of men of good reputation should be paid in full without further consideration. On the other hand, a case was mentioned where a man of high repute claims \$10,000 each for his own, his wife's and her daughter's nerves and \$20,000 for property destroyed, whereas it is known that the latter estimate is more than twice the value of all.

The negotiations, Mr. Rockhill says, are going on well and he sees no reason why they should not be completed in two months, with the exception of the commercial treaties, which will probably take a long time.

General Chaffee replied to the copy of General Yin Tschang's letter sent him by Count von Waldersee that he had given instructions to the American troops when any detachments were sent against robbers and Boxers to obtain to the fullest extent possible the assistance of Chinese officials in making arrests and punishing the guilty. Regarding indemnity for losses sustained by missionaries and native Christians, General Chaffee pointed out that his sentiments were well known to the American missionaries; that he was opposed to extortion in every form, and that he favored strict justice in every case, and that he would agree quickly to his excellency's proposition that the indemnities be settled by the diplomats.

Count von Waldersee will leave soon for Tsin Tau the trip possibly extending to Shanghai. He says he expects to return to Pekin temporarily. It is asserted that China has decided to delay her answer to Russia regarding the Manchurian convention for a fortnight.

The ministers of the powers have resolved to modify the legation plans so as to allow the five government boards to remain in the occupation of the Chinese.

RADICALS IN MAJORITY

Not a Bright Outlook for the Platt Amendment.

HAVANA, March 11.—The committee on relations of the Cuban constitutional convention, to which was referred the Platt amendment, is made up of three radicals—Silva, Villanueva and Guaberto Gomez—and two conservatives—Tamayo and Quesada. Tamayo, it is understood, is now in favor of accepting the amendment in its entirety. He intends taking a firm stand on this position, and will send a minority report to the convention, if necessary. His political influence and position are expected to have a good effect with the others. Senator Tamayo is chairman of the committee on foreign relations of the convention. The committee held a short secret session this afternoon and appointed Gomez secretary.

Political demonstrations have ceased, and there is absolute quietness throughout the island. The strike has been settled, the stevedores, lightermen and carmen returning to work this afternoon. A quantity of the dust he has forwarded to his brother, William F. Redding, of Newark. The latter sent it to the United States assay office in New York, and he has received a report from the government assayer that the dust proved to be 897 fine, and that it is worth in its crude state \$18.50 an ounce.

The claim that he was "Earl of Wargrave" was based on letters found among his effects, in which he was addressed as Cecil Sherbrooke Beaumont Howland, Earl of Wargrave.

PROPOSED BY COLOMBIA.

Scheme for the United States to Acquire the Panama Canal.

NEW YORK, March 12.—According to a special to the Herald, Senor Silva, the Colombian minister to the United States, has already informally submitted proposals to Secretary Hay for the acquisition of the Panama Canal by the United States. Silva has been invited to discuss terms further. Preliminary protocols were entered into some time ago with Costa Rica and Nicaragua, so that these two countries during the summer will probably be merely interested spectators of the moves which the United States, Great Britain and Colombia will make.

It is understood that these are the essential points which the Colombian government will urge: A lease for a term of years, so long as the United States may desire, not exceeding 200 years, of the territory between the Panama Canal is being constructed; in return for such lease Colombia is to receive either a percentage of the tax on tonnage passage through the canal, or a lump compensation; recognition of the rights of the French company, which will sell its concession with Colombia's consent to the United States.

IS CLOSE TO DEATH.

Li Hung Chang's Life Hangs by a Thread.

PEKIN, March 12.—Li Hung Chang is again seriously ill, and his physician says his life hangs by a thread.

Prince Ching and Earl Li seem to think that by spreading rumors of the court's unwillingness to return to Pekin, unless this or that thing is done, they can influence the deliberations of the ministers of the powers. As a matter of fact, according to reliable reports from Sian Fu, the Imperial personages are extremely uncomfortable at Sian Fu, where they live in the house of the governor, which is only a small structure. French missionaries who have just returned from Sian Fu believe that the empress dowager would bring the court back to Pekin on the first offer of the allies, having as a basis the removal of the troops, except the legation guards.

HARRISON IS WORSE.

Ex-President's Condition Now Regarded as Serious.

INDIANAPOLIS, Ind., March 12.—The condition of ex-President Harrison is serious. Dr. Jameson stated today that the upper part of General Harrison's left lung was inflamed. There is some danger of the congestion extending to the rest of the lung and to the right lung. Until 3 o'clock this afternoon, General Harrison was resting easy, but at that time he became slightly worse and Dr. Jameson was called. It was said that he was certain nothing was to be apprehended for the next 48 hours, but the age of the patient renders all calculations uncertain. At 8 o'clock this evening General Harrison was suffering some pain, but was resting comparatively easy.

Philippine Commission Leave for Lucena.

MANILA, March 12.—Judge Taft and his associates of the United States Philippine commission, accompanied by their wives and a number of prominent Filipinos, embarked today on the United States transport Sumner and sailed for Lucena, Province of Tayabas, Luzon, where they will organize the provincial government. At the time of their departure the pier was thronged with natives.

REBEL CAMP SURPRISED.

Thirty-one Filipinos Captured on Island of Talim.

MANILA, March 8.—Lieutenant West, with the gunboat Laguna de Bay, surprised an insurgent camp on the island of Talim, on Lake Bay, east of Manila, capturing 31 insurgents. Many small detachments in various localities are surrendering daily. It is reported that negotiations are in progress for the surrender of all insurgents on the island of Cebu.

A Threatening Note.

London, March 9.—The United States government has addressed a note to the Danish government almost threatening in tone, says the Copenhagen correspondent of the Daily Mail, "to the effect that it would not permit any transfer of the Danish West Indies to any foreign power, and that, in the event of Denmark refusing to sell, the United States will require that island and maritime neutrality shall be properly guarded and the United States sphere of influence be respected."

OFFERS TO TAGALS

Prisoners Will Be Released if Guns Surrendered.

ONE MAN FOR EACH WEAPON RETURNED

Carman Case Will Be Referred to Washington—General Trias May Be Induced to Give up the Fight.

Manila, March 9.—Additional inducements have been made to the insurgents to surrender their guns. General MacArthur has directed all department commanders to release one prisoner for every gun surrendered. An insurgent who surrenders his gun will be permitted to name the prisoner to be released, provided no exceptional circumstances require this man's detention, in which case another selection will be allowed.

The federalists report that as a result of the negotiations with the insurgent General Trias, who is in Southern Luzon, Trias probably will soon surrender.

The United States training-ship Buffalo has completed the exchange of crews with the warships at Cavite, and has sailed to exchange 700 men recently from the United States for members of the crews of several American warships at Hong Kong and Shanghai. Deported to Guam.

Washington, March 9.—General MacArthur has notified the war department by mail that in pursuance of authority obtained from the department under date of December 27 last, he has ordered the deportation of a number of persons "whose overt acts have clearly revealed them as in aid or in sympathy with the insurrection and the regular guerrilla warfare by which it is being maintained, and whose continued residence in the Philippine islands is, in every essential regard, inimical to the pacification thereof."

By direction of the commanding general the persons named were delivered to Major Henry B. Orwing, Thirty-seventh Infantry, on board a transport for deportation to Guam, where they will be held under surveillance or in actual custody as circumstances may require during the further progress of hostilities and until such time as normal peace conditions in the Philippines has resulted in a public declaration of the cessation of such hostilities.

Subsequently, another batch of insurgent sympathizers and agitators were deported to Guam on the United States steamship Solace, to be held under the same condition as the others. The party consisted of members of the Katipunan society.

NEW COMPANY FORMED.

Ultimate Object is to Operate Boats and Cars From Spokane to Portland.

NORTH YAKIMA, Wash., March 9.—The Upper River Transportation Company has been incorporated for the purpose of controlling a line of steamers on the Columbia river. The boats will make regular daily trips from Priest Rapids to The Dalles and carry the great wheat crop of Eastern Washington to market. The incorporators of the company are J. M. Russell, George C. Blakely and T. A. Hudson. In addition to operating on the Columbia, they will run a line of steamers to Lewiston, Idaho, on the Snake.

In connection with the navigation of the rivers a plan is under consideration to construct an electric railway through the counties of Douglas and Lincoln, in Eastern Washington, and connect with Spokane. The road will reach all of the wheat centers and be used for hauling wheat to Priest Rapids. There will be loaded on steel barges and hauled down the river to The Dalles. A portage railway will be used to haul the barges around the falls and into the Columbia below, when the boats will be towed to Portland and the Pacific coast points for shipment to the Oriental markets.

The steamer Billings, which has been lying on a rocky bar 20 feet above water a few miles below Pasco, is now being overhauled preparatory to launching for the upper river traffic. MUTINY ON ALBANY.

Sailors on American Cruiser Rebelled at Hong Kong.

TACOMA, Wash., March 12.—Advices brought by the steamship Goodwin state that 75 sailors mutinied on board the cruiser Albany at Hong Kong last month. The cause was lack of money and liberty. The refractory sailors were placed in irons and sent to Cavite for trial.

The Mohammedan rebellion in Kan Su has assumed such alarming proportions that the empress dowager has commanded General Feng Tze Sal to proceed northward from Canton with haste and undertake their subjugation.

The gunboats Ball and Sugrib, built at Hong Kong, for Siam, have been turned over to that government, with the object of arming them to fight the rebels at Canton. Fourteen brigands were executed February 14. Four other men are being starved to death in cages exposed to public view.

MILTON, Cal., March 13.—News has just been received here that Deputy Sheriff Holman, of Calaveras county, was shot and killed at Wallace, a small town near here, in a pitched battle with two highwaymen. One of the latter is reported seriously wounded.

EIGHT LIVES LOST.

Forty-Two Persons Were Injured and Several Are Missing.

CHICAGO, March 13.—By the explosion of a boiler in the Doramus laundry, 458 West Madison street, this morning, eight persons were instantly killed, 42 were injured, and several are missing. The cause of the explosion has not been determined with accuracy as yet, and it will probably require an official investigation to settle the matter.

Reports of the number of dead in the ruins run all the way from six to 20. It is known that 36 employees of the laundry had entered the place before the explosion occurred, but it is reported that the number of registered arrivals. Two or three were entering at the moment of the explosion, making the approximate total of 40 employees in and around the building.

It is reported that an officer of the boiler inspection department warned Mr. Doramus that the boiler was unsafe to use in its present condition. Laundry employes, however, declare that the boiler had not been inspected, and therefore not condemned.

The wreckage near the boiler and in the east part of the building at once took fire, and through the blinding clouds of dust and smoke and escaping steam could be seen struggling men and women, some of them half buried in wreckage, others feebly endeavoring to climb to some place of safety, while from various parts of the ruins came cries for help.

ENGLAND SAYS "NO"

Declines to Accept the Amended Canal Treaty.

GREAT BRITAIN'S REPLY IS RECEIVED

No Counter Proposal Made—If Negotiations Are Resumed It Must Be on This Side—The Text Withheld.

Washington, March 13.—The long expected answer from the British government to the state department's communication reciting the action of the senate upon the Hay-Pauncefote treaty was returned at noon today. Lord Pauncefote, the British ambassador, had already acquainted Secretary Hay with the fact that he had received a communication from his government on the subject and it had been in his possession for several days. Secretary Hay had acquired a general knowledge of the character of the British response. Lord Pauncefote came to the state department at noon by appointment. He brought the answer with him and read it to Secretary Hay. It was in the form of a memorandum from Lord Lansdowne, the British minister of foreign affairs, to Lord Pauncefote, and he left a copy of these instructions with Secretary Hay. At the conclusion of the conference, it was stated that the instructions to Lord Pauncef
